Student Signature _____

Parent Signature _____

7th graders are required to take **English, Reading/EXPO, Math, Texas History, Science, Advisory, and ½ to 1 credit of PE, athletics, or tennis.** The student and parent must sign and return the **ENHANCED CONTRACT** with the course request sheet to be placed in Enhanced English, Enhanced Science, and/or Enhanced History. A teacher signature is recommended but NOT required. Advanced Math may be an option if screening results support placement. The screening will take place later in the school year. Contact your child's math teacher for more information.

****Athletics** will be available to 7th graders who wish to participate in competitive volleyball, football, basketball, and/or track/cross country. It will be part of the school day and **will fulfill the P.E. requirement.** **Early morning practice is required and transportation is the responsibility of the parent/guardian.** **Athletes must maintain state-required academic eligibility at all times to participate.** A physical exam is required at least once during middle school. **Athletics is a YEARLONG commitment.** When a student is not participating in a team sport he/she will be placed in off-season activities to prepare for the next school year.

Elective Courses for 7th Grade

SPANISH I-7 emphasizes listening, speaking, reading, and writing Spanish for everyday communication. Students learn basic grammar and vocabulary and study the culture of Hispanic countries. Homework, class discussions, reading, and oral practice improve pronunciation and comprehension. This course is the first half of the high school Spanish I course. Students will be required to complete the second half in the eighth grade to obtain high school **elective** credit for graduation. **Students are still required to complete 2-3 additional years of Spanish to graduate from High School.**

* **BAND 7** will be made up of students who have successfully completed beginner band class or one year of private instruction and play at an intermediate level. 7th graders will be in either Symphonic or Concert band, according to their abilities. Band students will be required to participate in various extracurricular activities throughout the year, including UIL competition, pep rallies, sporting events, and concerts. If you are new to the Harpool Band, please contact Mr. Stone at 940-369-1782 or Mrs. Brannock at 940-369-1783 for placement into the appropriate band. **

* **ORCHESTRA 7** is made up of students who have successfully completed 6th grade orchestra or 1 year of private instruction and play at an intermediate level. 7th graders will be in WAM Orchestra (non varsity) or CD Orchestra (varsity) according to their abilities. Orchestra students are required to participate in various extra-curricular activities throughout the year such as UIL contests. If you are new to Harpool Orchestra, please contact Mrs. Wiest at 940-369-1786 for placement into the appropriate orchestra. **

* **CHOIR 7** is made up of students divided into one of three choirs based on gender and musical proficiency. Previous enrollment in choir is preferred but not required. Students enrolled in the course will develop their singing, listening, sight-reading, and music theory skills. Choirs travel to UIL annually, as well as compete in local and regional choral competitions. Enrollment requires attendance at extra-curricular activities, including concerts and various community events. **

THEATRE ARTS 7 is an introduction to dramatic performance. Students will explore all areas of theatre arts including basic stage movement, voice, pantomime, improvisation, choral reading, script writing, performance, and technical theatre.

ART 7 will teach and/or improve artistic skills through drawing, painting, clay, sculpture, printmaking, and much more. This course will emphasize the understanding and appreciation of self and others through art culture, history, and heritage.

GATEWAY TO TECHNOLOGY 7 this course will address the interest of middle school students while incorporating national standards in mathematics, science, and technology. The program will show students how technology is used in engineering to solve everyday problems.

CAREER PORTAL - CONSTRUCTION 7 is an introductory course that provides an overview of construction careers and provides a working lab to complete a small building project working with tools. Students will learn basic safety use of equipment.

HOSPITALITY & TOURISM is a high school course that will provide a hands-on action lab targeting 8 sections of industry. It involves all aspects of the travel, leisure, foods, and lodging industries. Students can earn .5 credit towards high school graduation with a passing grade.

TOUCH SYSTEMS DATA ENTRY 7 will assist students in the mastery of techniques, speed, accuracy, and communication skills. Word processing will be introduced. Students compose and produce a variety of personal, educational, and professional documents. This high school course prepares the student for advanced computer level courses and earns .5 credit toward high school graduation with a passing grade.

PRINCIPLES OF INFORMATION TECHNOLOGY is a high school course that allows the student to expand computer/software skill and knowledge and learn about careers in the Information Management field. Students may earn .5 credit toward high school graduation based on passing grade.

* **Waivers are available to pay expenses of uniforms and instruments for students who qualify.**

****Students must maintain grade eligibility in order to participate in extracurricular or UIL activities.**
