

Cosmetology

WELCOME TO COSMETOLOGY!

Cosmetology is a two year program available to Jr.'s and Sr.'s enrolled in public schools.

Students must complete 1500 hours of training; 1000 clock hours of training in hair, skin, and nails. The other 500 hours are given to the students for passing and completing their high school state requirements for graduation.

Upon completion of the students 1500 hours, students will take a Texas State Board Exam and Graduate with a Cosmetology Operators License.

The Cosmetology Operators License will allow young adults to start a professional career straight out of high school. This will allow graduates to become productive young citizens, or support themselves through college.

Graduates can choose many different career paths with their license such as:

- Working in a salon or spa
- Owning a salon or spa
- Educator
- Cruise ship stylist
- Platform artist
- Salon manager
- Photo stylist

And many more exciting careers!!

Cosmetology is an exciting career in a multimillion dollar industry. Skills in this area range from head to toe.

- Cutting hair, coloring hair, permanent waving, etc.
- Facials, chemical peels, microderm-abrasion, makeup, body wraps, etc.
- Manicures and pedicures.

This is just a small example of the many exciting skills involved in cosmetology. Students work in a real salon atmosphere, working on manikins and the public. All work is assisted by a licensed instructor.

In the cosmetology industry you are required to learn:

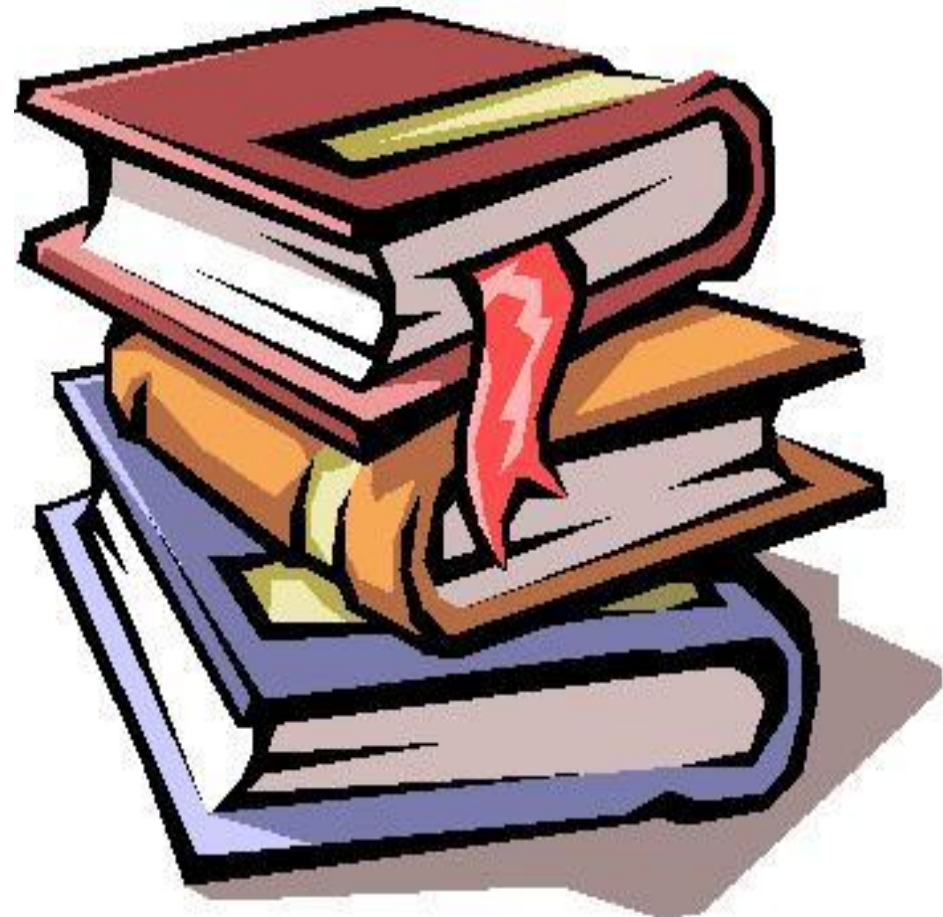

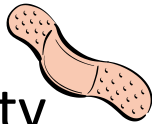

- Body anatomy
- Chemistry
- Physiology

- Human relations
- Communication

- Infection control
- First aid
- Electricity
- Salon business

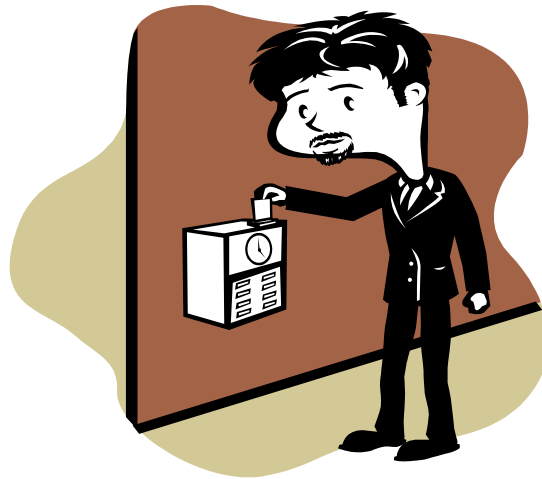

Cosmetology also has extra curricular activities including, attending beauty shows, speakers from product companies and salons, and competing in a national student leadership organization called SkillsUSA.

Competition involves cutting, styling, nails, facials, job interviews, speaking and other leadership contests.

Cosmetology is in high demand at the ATC. Students are selected by a point system. Due to the state clocking system it is critical that you have good attendance, complete and pass academic classes, and have no discipline referrals. Since you are training to be a professional; a positive attitude is essential to your success.

Now that you know a little about Cosmetology; come join us for an exciting learning experience. Or, visit our professional working salon!!!
