Dear Parents,

This afternoon at 3:15, one of the air conditioning units on the roof overheated, sending smoke and odor into the 5<sup>th</sup> grade wing. 911 responded immediately and discovered the source of the problem. DISD personnel were dispatched as well and will be making all necessary repairs this evening. After speaking with the fire chief, we were able to safely re-enter the building this afternoon. We want to send our appreciation to all the area municipalities who responded so quickly, along with district operations personnel.

If you have any questions, please do not hesitate to call me at home this evening (817-219-8041).

Thank you so much –

Karen Satterwhite
