Independent Auditor's Report

To the Board of Trustees
Denton Independent School District
Denton, Texas

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Denton Independent School District (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standard* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Denton Independent School District as of June 30, 2014, and the respective changes in financial position and cash flows and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis* on pages 7 through 14 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Denton Independent School District's basic financial statements. The combining and individual nonmajor fund financial statements and the required TEA schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, the required TEA schedules, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the required TEA schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2014 on our consideration of Denton Independent School District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Denton Independent School District's internal control over financial reporting and compliance.

**DENTON INDEPENDENT SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2014
(UNAUDITED)**

As management of Denton Independent School District, we offer readers of the District's financial statement this narrative overview and analysis of the financial activities of the District for the year ended June 30, 2014. Please read this narrative in conjunction with the independent auditors' report on page 5, and the District's Basic Financial Statements that begin on page 17.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of Denton Independent School District exceeded its liabilities at the close of the most recent fiscal year by \$38,198,340 (net position). Included in the total is \$39,403,654 of unrestricted net position that may be used to meet the District's ongoing obligations to citizens and creditors in accordance with the District's fund designation and fiscal policies.
- The District's total net position increased by \$2,941,052 during the fiscal year.
- As of the close of the current fiscal period, the District's governmental funds reported combined ending fund balances of \$327,758,486. Over 18% of this total amount (\$60,130,205) is unassigned and available for use within the District's commitments and policies.
- At the end of the current fiscal period, unassigned fund balance for the general fund was \$60,103,205 or 29.47% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 17 through 19). These provide information about the activities of the District as a whole and present a longer-term view of the District's property and debt obligations and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise.

Fund financial statements (starting on page 20) report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for tax levies and the appropriations budget. For proprietary activities, fund financial statements tell how goods or services of the District were sold to departments within the District or to external customers and how the sales revenues covered the expenses of the goods or services. The remaining statements, fiduciary statements, provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the District. The District has no component units for which it is financially accountable.

The notes to the financial statements (starting on page 33) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements.

The combining statements for nonmajor funds contain even more information about the District's individual funds. The section labeled Single Audit Section contains data used by monitoring or regulatory agencies for assurance that the District is using funds supplied in compliance with the terms of grants.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins on page 17. Its primary purpose is to show whether the financial position of the District is improving or deteriorating as a result of the year's activities. The Statement of Net Position includes all the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources at the end of the year while the Statement of Activities includes all revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting (the basis used by private sector companies).

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the district and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by TEA in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

These two statements report the District's net position and changes in them. The District's net position provides one measure of the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, we divide the District into two kinds of activities:

- Governmental activities—Most of the District's basic services are reported here, including the instruction, counseling, co-curricular activities, food services, transportation, maintenance, community services, and general administration. Property taxes, tuition, fees, and state and federal grants finance most of these activities.
- Business-type activities—The District charges a fee to “customers” to help it cover all or most of the cost of services it provides in the child nutrition program and in its athletic stadium concessions activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

The fund financial statements begin on page 20 and provide detailed information about the most significant funds—not the District as a whole. Laws and contracts require the District to establish some funds, such as grants received under the No Child Left Behind Act from the U.S. Department of Education. The District's administration establishes many other funds to help it control and manage money for particular purposes (like campus activities).

All of the funds of the District can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

- **Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*. The District maintains thirty-two governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, and capital projects fund, each of which are considered to be major funds. Data from the other twenty-nine governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report. The District adopts an annual appropriated budget for its general fund, debt service fund and food service fund. A budgetary comparison schedule has been provided to demonstrate compliance with these budgets. The basic governmental fund financial statements can be found on pages 20 through 25 of this report.
- **Proprietary funds.** The District reports the activities for which it charges users (whether outside customers or other units of the District) in proprietary funds using the same accounting methods employed in the Statement of Net Position and the Statement of Activities. In fact, the District's enterprise funds (one category of proprietary funds) are the business-type activities reported in the government-wide statements but containing more detail and additional information, such as cash flows. The internal service funds (the other category of proprietary funds) report activities that provide supplies and services for the District's other programs and activities—such as the District's self-insurance programs and the print shop.
- **Fiduciary funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The District is the trustee, or *fiduciary*, for these funds and is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position that can be found on page 32. These activities are excluded from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following analysis presents both current and prior year data and discuss significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental and business-type activities.

Net position of the District's governmental activities increased from \$31,650,462 to \$34,872,307. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was \$37,410,749 at June 30, 2014. This increase in governmental net position was the result of several factors. First, the District's revenues exceeded expenditures by \$25,158,554 (as adjusted for the effects of capital outlay and debt service payments.) However, the District recorded depreciation expense, which is a non-cash expense that reduces the carrying value of District assets, in the amount of \$22,736,810. Also, various adjustments totaling \$800,101 were posted to revenues and expenses to account for prepaid expenses, interest accruals and tax revenues earned during the period under the full accrual method of accounting.

In 2014, net position of our business-type activities decreased by \$280,793, or 7.7 percent. This decrease is relatively insignificant to the overall operations of the District, but it represents significant services to the community through the Child Nutrition program and the athletic stadium concession activities.

Special Items/Extraordinary Items	128,031	-	-	-	128,031	-
Net Position -- beginning of year	26,850,495	31,650,462	3,500,155	3,606,826	30,350,650	35,257,288
Net Position -- end of year	31,650,462	34,872,307	3,606,826	3,326,033	35,257,288	38,198,340

- The Board of Trustees maintained the maintenance and operation property tax rate of \$1.04 for the fiscal year 2013-2014. This is the maximum rate allowed by law without a rollback election. The debt service rate was set at \$0.49. The total tax rate necessary to fund the 2013-2014 budget was \$1.53.
- The District continues to experience an increase in property values over the prior year. The actual increase in certified and under review values for 2013 was \$459,701,851 or 5.03%.
- Several items contributed to the Salary Compensation Plan for 2013-2014 including the following:
 - Starting teacher salary of \$48,000
 - Paying a stipend of \$1,750 for a master's degree and an additional \$1,750 for a doctorate degree
 - General pay increases of \$1,200 for Teachers, Nurses and Librarians
 - Increases for support staff included:
 - revised pay structures – generally 2% of pay range mid-point
 - equity adjustments for continuing employees - at least .5% above the minimum of their pay range
 - Job experience equity

The cost of all governmental activities for the current fiscal period was \$269,571,595. However, as shown in the Statement of Activities on pages 18 and 19, the amount that our taxpayers ultimately financed for these activities through District taxes was only \$163,022,607 because some of the costs were paid by those who directly benefited from the programs (\$6,145,847) or by other governments and organizations that subsidized certain programs with grants and contributions (\$26,818,264) or by State equalization funding (\$75,113,566).

THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements, bond covenants, and segregation for particular purposes.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$327,758,486 an increase of \$174,674,289. Approximately 25 percent of this total amount (\$80,585,276) constitutes *committed, assigned and unassigned fund balance*, which is available for spending at the District's discretion. The remainder of fund balance is *nonspendable or restricted* to indicate that it is not available for new spending because it is already restricted to pay debt service (\$56,166,524), or for capital projects (\$190,484,770), or already spent on prepaid items (\$353,528), inventories (\$167,388) or endowment principal (\$1,000).

The general fund is the primary operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$60,130,205, while the total fund balance was \$76,659,863. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to the total fund expenditures. Unassigned fund balance represents 29.48 percent of the total general fund expenditures, while the total fund balance represents 37.59 percent of that same amount.

The fund balance of the District's general fund increased by \$3,014,464 during the current fiscal year, compared to a \$3,782,110 decrease in the previous year. Key factors related to this change are as follows:

- A \$4,650,918 increase in property tax revenues combined with a \$2,481,280 increase in the state foundation and per capita funding contributed to a \$9,239,645 overall increase in total revenues. Expenditures increased \$11,153,110 or 5.78% with increases in most functional categories.
- \$1,929,047 of general fund monies were transferred to the capital projects fund to set aside for future capital replacement needs, compared to \$6,464,255 transferred in the previous year.

The debt service fund has a total fund balance of \$56,166,524, all of which is reserved for the payment of debt service. The net increase in fund balance during the period in the debt service fund was \$5,334,453, compared to a \$3,704,220 increase in the previous year. Tax revenues were \$2,217,096 higher than the previous year, but debt service expenditures were \$2,040,354 higher as well.

Other changes in fund balances should also be noted. The fund balance in the capital projects fund increased by \$166,264,830 due primarily to \$202,299,049 proceeds from the sale of bonds offset by \$36,534,229 spent on construction-related costs. Although these and other capital expenditures reduce available fund balances, they create new assets for the District as reported in the Statement of Net Position and discussed in Note 5 to the financial statements.

Over the course of the year, the Board of Trustees revised the District's budget several times. These budget amendments fall into three categories. The first category includes amendments and supplemental appropriations that were approved shortly after the beginning of the year and reflect the actual beginning balances (versus the amounts we estimated in June, 2013). The second category includes changes that the Board made during the year to reflect new information regarding revenue sources and expenditure needs. The principal amendment in this case was an increase in the anticipated amount of State funding to be received. The third category involves amendments moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs.

The District's General Fund balance of \$76,659,863 reported on page 20 differs from the General Fund's budgetary fund balance of \$63,439,997 reported in the budgetary comparison schedule on page 28. This is principally due to cost savings in all functional expenditure categories.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2014, the District had \$568,618,911 (net of accumulated depreciation) invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance. This amount represents a net increase of \$13,014,705, or 2.34 percent, above last year.

This fiscal year's major additions included:

Continuing construction costs on a new elementary school, paid for with proceeds of general obligation bonds issued in a prior year.	\$14,186,388
Land purchases	<u>7,331,736</u>
Totaling	<u>\$21,518,124</u>

More detailed information about the District's capital assets is presented in Note 5 to the financial statements.

Debt Administration

At year-end, the District had \$833,787,598 in bonds outstanding (including accreted interest on bonds) versus \$663,368,554 last year—an increase of 25.69 percent. New debt was incurred during the fiscal period through the issuance of three building bond series. The District's underlying rating for unlimited tax bonds is "AA" by S&P, and "AA-" by Fitch but is considered AAA as a result of guarantees of the Texas Permanent School Fund.

State statutes limit the amount of general obligation debt a governmental entity may issue to 10 percent of its total assessed valuation. The current debt limitation for the District is \$1,059,444,686, which is significantly in excess of the District's outstanding general obligation debt.

Other obligations include accrued vacation benefits and special termination benefits. More detailed information about the District's long-term liabilities is presented in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Board of Trustees of the Denton Independent School District adopted a total tax rate of \$1.54 per \$100 of assessed value for 2014-2015. The M & O tax rate will remain at \$1.04. The debt service tax rate will increase to \$0.50 for a total rate of \$1.54. The one-cent increase will allow the District to pay off existing debt prior to their scheduled maturity and provide a savings of more than \$5.91 million in interest costs. The District's certified values increased \$1,134,848,961 or 11.83% for 2014.

State funding for 2014-2015 is projected to be \$84,056,041 or 40.46% of the total budget compared to \$89,062,475 or 43.59% for 2013-2014.

The District has worked with TASB over the past two years to examine pay equity for employees and to determine if pay practices were internally fair and externally competitive. Several adjustments were implemented during the 2013-2014 school year. The 2014-2015 Salary Compensation Plan includes \$2,880,558 in the proposed budget. Details of the plan were recommended after the certified values were received in July 2014. Additionally, the new Teacher Retirement (TRS) contribution of 1.5% of certain salaries was included in the 2014-2015 budget as well as the additional staffing cost for the opening of Dorothy Adkins Elementary School.

The main focus for the 2014-2015 budget was the projected increase in student enrollment of 1.47% while maintaining current programs. Denton ISD will receive approximately \$5,006,434 less in state funding for 2014-2015 than in the prior year's adopted budget. Property tax collections are expected to increase by \$8,753,383. Projected growth in student enrollment provides additional revenue to cover the 2014-2015 budget.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for funds the District receives. If you have questions about this report or need additional financial information, contact the District's business office, at Denton Independent School District, 1307 North Locust, Denton, Texas 76201, (940) 369-0000.

DENTON INDEPENDENT SCHOOL DISTRICT
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED JUNE 30, 2014

Total Net Change in Fund Balances - Governmental Funds	\$ 174,674,289
Current year capital asset additions are expenditures in the fund financial statements, but they are shown as increases in capital assets in the government-wide financial statements. The net effect of reclassifying the current year capital asset additions is to increase net position.	35,861,122
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position in the government-wide financial statements.	(22,736,810)
Book value of capital assets retired during the year is not recorded in the fund financial statements but is shown as a reduction of capital assets in the government-wide financial statements.	(109,607)
Interest is accrued on outstanding debt in the government-wide financial statements, whereas in the fund financial statements interest expenditures are reported when due.	(549,106)
Revenues from property taxes are deferred in the fund financial statements until they are considered available to finance current expenditures, but such revenues are recognized when assessed, net of an allowance for uncollectable amounts, in the government-wide financial statements.	55,830
Current year amortization of the premium/discount on bonds payable is not recorded in the fund financial statements, but is shown as a reduction in long-term debt in the government-wide financial statements.	1,757,507
Current year interest accretion on capital appreciation bonds is not recognized in the fund financial statements, but is shown as an increase in long-term debt in the government-wide financial statements.	(3,305,410)
The net loss of internal service funds is not included in the fund financial statements but is reported with governmental activities in the government-wide financial statements.	(538,276)
Current year principal payments on bonds payable are expenditures in the fund financial statements, but are shown as reductions in long-term debt in the government-wide financial statements.	21,316,366
The premium on the current year issuances of bonds is recorded as an other resource in the fund financial statements, but is capitalized in the government-wide financial statements.	(13,973,367)
Current year net decreases in accrued vacation benefit obligations and special termination benefit obligations are shown as expenditures in the fund financial statements but are shown as reductions in long-term debt in the government-wide financial statements.	121,904

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Denton Independent School District's (the "District") combined financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (FAR). The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the District are described below.

A. REPORTING ENTITY

The Board of Trustees, a seven member group, has fiscal accountability over all activities related to public elementary and secondary education within the jurisdiction of the District. The board of trustees are elected by the public. The trustees as a body corporate have the exclusive power and duty to govern and oversee the management of the public schools of the district. All powers and duties not specifically delegated by statute to the Texas Education Agency (Agency) or to the State Board of Education are reserved for the trustees, and the Agency may not substitute its judgment for the lawful exercise of those powers and duties by the trustees. The District is not included in any other governmental "reporting entity" as defined in Section 2100, Codification of Governmental Accounting and Financial Reporting Standards.

The District's basis financial statements include the accounts of all District operations. The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in their own name)
- the District holds the corporate powers of the organization
- the District appoints a voting majority of the organization's board
- the District is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the District
- there is fiscal dependency by the organization on the District

Based on the aforementioned criteria, Denton Independent School District has no component units.

B. BASIS OF PRESENTATION

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity, within the governmental and business-type activities columns, has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

Fund Financial Statements:

The District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The District has presented the following major governmental funds:

1. **General Fund** - This fund is established to account for resources financing the fundamental operations of the District, in partnership with the community, in enabling and motivating students to reach their full potential. All revenues and expenditures not required to be accounted for in other funds are included here. This is a budgeted fund and any fund balances are considered resources available for current operations. Fund balances may be appropriated by the Board of Trustees to implement its responsibilities.
2. **Debt Service Fund** - This fund is established to account for payment of principal and interest on long-term general obligation debt and other long-term debts for which a tax has been dedicated. This is a budgeted fund. Any unused sinking fund balances are transferred to the General Fund after all of the related debt obligations have been met.
3. **Capital Projects Fund** - This fund is established to account for proceeds, from the sale of bonds and other resources to be used for Board authorized acquisition, construction, or renovation, as well as, furnishings and equipping of major capital facilities. Upon completion of a project, any unused bond proceeds are transferred to the Debt Service Fund and are used to retire related bond principal.

Additionally, the District reports the following fund types:

1. **Special Revenue Funds** - These funds are established to account for federally financed or expenditures legally restricted for specified purposes. In many special revenue funds, any unused balances are returned to the grantor at the close of specified project periods. For funds in this fund type, project accounting is employed to maintain integrity for the various sources of funds.
2. **Enterprise Fund** - The District utilizes enterprise funds to account for the Districts' activities for which outside users are charged a fee roughly equal to the cost of providing the goods or services of those activities. The District uses this fund to account for its food service operations and for its athletic stadium concessions, because these programs are self-supporting and do not require subsidies from the general fund.
3. **Internal Service Funds** - The District utilizes Internal Service Funds to account for revenues and expenses related to services provided to parties inside the District on a cost reimbursement basis. These funds facilitate distribution of support costs to the users of support services. The District has internal service funds for its health and workers compensation self-insurance plans, its print shop and iPad insurance.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

4. **Permanent Fund** - The District utilizes a permanent fund to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes to support the District's programs. The District uses this fund to account for the Lewis Price Memorial Fund, the earnings on which are to be used for playground equipment.
5. **Agency Funds** - These custodial funds are used to account for activities of student groups and other organizational activities requiring clearing accounts. Financial resources for the Agency funds are recorded as assets and liabilities; therefore, these funds do not include revenues and expenditures and have no fund equity. If any unused resources are declared surplus by the student groups, they are transferred to the General Fund with a recommendation to the Board for an appropriate utilization through a budgeted program.

The enterprise funds and internal service funds are proprietary fund types. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Under GASB Statement No. 20, "Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting", all proprietary funds will continue to follow Financial Accounting Standards Board (FASB) standards issued on or before November 30, 1989. However, from that date forward, proprietary funds will have the option of either 1) choosing not to apply future FASB standards (including amendments or earlier pronouncements), or 2) continuing to follow new FASB pronouncements (unless they conflict with GASB guidance). The District has chosen not to apply future FASB standards.

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers property taxes as available if they are collected within 60 days after year-end. A 90 day availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

The revenue susceptible to accrual are property taxes, charges for services, interest income and intergovernmental revenues. All other Governmental Fund Type revenues are recognized when received.

Revenues from state and federal grants are recognized as earned when the related program expenditures are incurred. Funds received but unearned are reflected as unearned revenues, and funds expended but not yet received are shown as receivables.

Revenue from investments, including governmental external investment pool, is based upon fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. Most investments are reported at amortized cost when the investments have remaining maturities of one year or less at time of purchase. External investment pools are permitted to report short-term debt investments at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer, or other factors. For that purpose, a pool's short-term investments are those with remaining maturities of up to ninety days.

In accordance with the FAR, the District has adopted and installed an accounting system which exceeds the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure presented in the Accounting Code Section of the FAR.

D. BUDGETARY CONTROL

Formal budgetary accounting is employed for all required Governmental Fund Types, as outlined in TEA's FAR module, and is presented on the modified accrual basis of accounting consistent with generally accepted accounting principles. The budget is prepared and controlled at the function level within each organization to which responsibility for controlling operations is assigned.

The official school budget is prepared for adoption for required Governmental Fund Types prior to June 20 of the preceding fiscal year for the subsequent fiscal year beginning July 1. The budget is formally adopted by the Board of Trustees at a public meeting held at least ten days after public notice has been given. The budget is prepared by fund, function, object, and organization. The budget is controlled at the organizational level by the appropriate department head or campus principal within Board allocations. Therefore, organizations may transfer appropriations as necessary without the approval of the board unless the intent is to cross fund, function or increase the overall budget allocations. Control of appropriations by the Board of Trustees is maintained within Fund Groups at the function code level and revenue object code level.

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, the Debt Service Fund and the Child Nutrition Fund. The special revenue funds and the Capital Projects Fund adopt project-length budgets which do not correspond to the District's fiscal year. Each annual budget is presented on the modified accrual basis of accounting which is consistent with generally accepted accounting principles. The budget is amended throughout the year by the Board of Trustees. Such amendments are reflected in the official minutes of the Board.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

	June 30, 2014 <u>Fund Balance</u>
Appropriated Budget Funds	\$ -0-
Nonappropriated Budget Funds	<u>1,038,867</u>
All Special Revenue Funds	<u>\$1,038,867</u>

E. ENCUMBRANCE ACCOUNTING

The District employs encumbrance accounting, whereby encumbrances for goods or purchased services are documented by purchase orders and contracts. An encumbrance represents a commitment of Board appropriation related to unperformed contracts for goods and services. The issuance of a purchase order or the signing of a contract creates an encumbrance but does not represent an expenditure for the period, only a commitment to expend resources. Appropriations lapse at June 30 and encumbrances outstanding at that time are either canceled or appropriately provided for in the subsequent year's budget. At June 30, 2014 the District had the following encumbrances as significant commitments for which resources had not already been restricted, committed or assigned.

General Fund	\$ 28,157
Capital Projects Fund	5,948,927
Child Nutrition Fund	<u>164,458</u>
Total	<u>\$6,141,542</u>

F. PREPAID ITEMS

Prepaid balances are for payments made by the District in the current fiscal year to provide services occurring in the subsequent fiscal year, and the amount of prepayments has been recognized as nonspendable fund balance to signify that a portion of fund balance is not available for other subsequent expenditures.

G. INVENTORIES

The consumption method is used to account for inventories of food products, school supplies and athletic equipment. Under this method, these items are carried in an inventory account of the respective fund at cost, using the first-in, first-out method of accounting and are subsequently charged to expenditures when consumed. In the General Fund, reported inventories are offset by a fund balance reserve indicating that they are unavailable as current expendable financial resources.

H. INTERFUND RECEIVABLES AND PAYABLES

Short-term amounts owed between funds are classified as "Due to/from other funds". Interfund loans are classified as "Advances to/from other funds" and are offset by a fund balance reserve account. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances" and "internal advances".

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

I. CAPITAL ASSETS

Capital assets, which includes property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant and equipment.

Assets capitalized have an original cost of \$5,000 or more and over one-year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	20-40 Years
Furniture and Equipment	5-10 Years

J. COMPENSATED ABSENCES

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the District does not have a policy to pay any amounts when employees separate from service with the District. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

K. CASH EQUIVALENTS

For purposes of the statement of cash flows, investments are considered to be cash equivalents if they are highly liquid with maturity within one year or less.

L. NET POSITION

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciations, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

M. LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the year incurred.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal 2014, the district purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

O. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. ADOPTION OF NEW ACCOUNTING STANDARDS

The District implemented GASB Statement Numbers 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and 65, *Items Previously Reported as Assets and Liabilities* in fiscal year 2013 . These two statements:

- Defined transactions that result in the consumption of net assets in one period that are applicable to a future period as “deferred outflows of resources.”
- Defined transactions that result in the acquisition of net assets in one period that are applicable to a future period as “deferred inflows of resources.”
- Defined the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources as “net position.”
- Required certain items previously reported as assets and liabilities that meet the definition of deferred outflows or inflows of resources to be retroactively reclassified in the Statements of Net Position and Balance Sheets, if practical, for all prior periods presented.

The effects of these two changes in accounting principle on the District’s financial statements are

- Governmental fund financial statements
 - Record property taxes uncollected within 60 days of the fiscal year-end, and therefore unavailable, as deferred inflows of resources in the governmental fund financial statements.
- Government-wide financial statements
 - Record bond issuance costs to expense of the period in which they are incurred.
 - For refunded debt, record the difference between the reacquisition price and the net carrying amount of the refunded debt as a deferred resource outflow or inflow, as appropriate, and amortize the balance as a component of interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE 3. FUND BALANCE

The District has implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" which provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent.

Fund Balance Classification: The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The District has classified prepaid items and inventories as being nonspendable as these items are not expected to be converted to cash and has classified the Lewis Price Memorial Fund principal as being nonspendable as these funds are contractually required to remain intact.
- Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the District's bonded debt and are restricted through debt covenants. Capital projects fund resources are to be used for future construction and renovation projects and are restricted through bond orders and constitutional law.
- Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the District's Board of Trustees. The Board of Trustees establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This can also be done through adoption and amendment of the budget. These amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Board of Trustees have committed resources as of June 30, 2014 for campus activities.
- Assigned: This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Trustees or through the Board of Trustees delegating this responsibility to other individuals in the District. Under the District's adopted policy, the Board of Trustees may assign amounts for specific purposes but it has also delegated authority to assign fund balance to the Superintendent and the Assistant Superintendent of Administrative Services. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The District has assigned fund balance of the General Fund as of June 30, 2014 for several purposes as detailed below.
- Unassigned: This classification includes all amounts not included in other spendable classifications, including the residual fund balance for the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

During the current fiscal period, the Board of Trustees adopted a fund balance policy that expresses an intent to maintain a level of assigned and unassigned fund balance in the general fund equal to 25 percent of the fund's operating expenditures.

The details of the fund balances are included in the Governmental Funds Balance Sheet (pages 20 and 21) and are described below:

General Fund

The General Fund has unassigned fund balance of \$60,130,205 at June 30, 2014. Deferred expenditures (prepaid items) of \$353,528 and inventories of \$167,388 are considered nonspendable fund balance. The District has assigned general fund fund balance resources for the following purposes as of June 30, 2014:

2014-2015 deficit budget	\$ 4,697,211
Extended School Day program	1,902,923
Non-bond new campus startup	251,544
Staffing phase-in for new campuses	1,500,000
Per pupil campus allotment	1,380,087
Local grant funds	570,373
Career and Technology program	378,334
Bilingual program	11,379
Secondary curriculum	167,236
Fine Arts program	54,953
Major maintenance projects	3,751,017
Technology	1,295,897
Other equipment	<u>47,788</u>
	<u>\$16,008,742</u>

Other Major Funds

The Debt Service Fund has restricted funds of \$56,166,524 at June 30, 2014 consisting primarily of property tax collections that are restricted for debt service payments on bonded debt. The Capital Projects Fund has restricted funds of \$190,484,770 at June 30, 2014 consisting primarily of unspent bond funds and \$3,394,261 of non-bond funds assigned for future capital replacement projects.

Other Funds

The fund balance of \$1,038,867 of the Campus Activity Fund (a special revenue fund) is shown as committed due to Board policy committing those funds to campus activities. The Lewis Trust Memorial Fund permanent endowment fund principal of \$1,000 is shown as nonspendable at June 30, 2014, while the accumulated unspent earnings of \$13,201 are shown as assigned fund balance.

NOTE 4. DEPOSITS AND INVESTMENTS

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

1. Cash Deposits:

At June 30, 2014, the carrying amount of the District's deposits checking accounts and interest-bearing savings accounts was \$8,929,961 and the bank balance was \$10,163,427. The District's cash deposits at June 30, 2014 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

2. Investments:

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the District to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the District to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the District to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the District has adopted a deposit and investment policy. That policy addresses the following risks:

- a. Custodial Credit Risk – Deposits: In the case of deposits, this is the risk that, in the event of a bank failure, the District's deposits may not be returned to it. As of June 30, 2014, the District's cash balances totaled \$10,163,427. This entire amount was either secured by a letter of credit held by the District's financial institution's agent in the District's name or covered by FDIC insurance. Thus, the District's deposits are not exposed to custodial credit risk.
- b. Custodial Credit Risk - Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2014, the District held all of its investments in three public funds investment pools (TexPool, Lone Star and TexStar). Investments in external investment pools are considered unclassified as to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form.
- c. Credit Risk - This is the risk that an issuer or other counterparty to an investment will be unable to fulfill its obligations. The rating of securities by nationally recognized rating agencies is designed to give an indication of credit risk. The credit quality rating for TexPool and TexStar at year-end was AAAM (Standard & Poor's), and the credit quality rating for Lone Star was AA Af (Standard & Poor's).
- d. Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than one year from the time of purchase. The weighted average maturity for the TexPool, TexStar, and Lone Star investments is less than 60 days.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

- e. Foreign Currency Risk - This is the risk that exchange rates will adversely affect the fair value of an investment. At June 30, 2014, the District was not exposed to foreign currency risk.
- f. Concentration of Credit Risk - This is the risk of loss attributed to the magnitude of the District's investment in a single issuer (i.e., lack of diversification). Concentration risk is defined as positions of 5 percent or more in the securities of a single issuer. Investment pools are excluded from the 5 percent disclosure requirement.

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

The District's investments at June 30, 2014, are shown below:

<u>Name</u>	<u>Carrying Amount</u>	<u>Fair Value</u>
TexPool	\$140,317,828	\$140,317,828
TexStar	121,569,833	121,569,833
Lone Star	<u>77,059,792</u>	<u>77,059,792</u>
Total	<u>\$338,947,453</u>	<u>\$338,947,453</u>

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE 6. LONG-TERM DEBT

Long-term debt includes par bonds, capital appreciation (deep discount) serial bonds, compensated absences, interest rate swap agreements, and special termination benefits. All long-term debt represents transactions in the District's governmental activities. No long-term debt exists in the District's business-type activities.

The District has entered into a continuing disclosure undertaking to provide Annual Reports and Material Event Notices to the State Information Depository of Texas (SID), which is the Municipal Advisory Council. This information is required under SEC Rule 15c2-12 to enable investors to analyze the financial condition and operations of the District.

The following is a summary of the changes in the District's Long-term Debt for the year ended June 30, 2014:

Description	Interest Rate Payable	Amount Original Issue	Amounts Outstanding 7/1/13	Additions	Refunded/Retired	Amounts Outstanding 6/30/14	Due Within One Year
Bonded Indebtedness:							
1998 Bldg/Refunding	4.20-5.50%	28,900,000	\$ 1,080,000	\$ -	\$ 1,080,000	\$ -	\$ -
2001 Bldg/Refunding	3.64-4.40%	60,920,000	18,430,000	-	-	18,430,000	-
2002 Bldg/Ref CAB	3.58-5.88%	69,195,675	11,013,719	-	3,368,341	7,645,378	3,166,105
2004 Bldg/Refunding	2.58-5.00%	84,070,000	4,490,000	-	2,020,000	2,470,000	2,120,000
2005A Building	Variable	46,500,000	46,500,000	-	-	46,500,000	-
2005B Bldg/Refunding	3.00-5.00%	13,315,000	7,755,000	-	2,460,000	5,295,000	2,585,000

The 2002, 2005, 2006 and 2012 bond series include outstanding capital appreciation bonds in the principal amount of \$74,702,283. The bonds mature variously beginning in 2014 through 2031. Interest accrues on these bonds each February 15 and August 15, even though the interest is not paid until maturity. The accrued interest of \$43,680,315 is accounted for in the Statement of Net Position as Accrued Interest Payable-Capital Appreciation Bonds.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

General Obligation Bonds are direct obligations issued on a pledge of the general taxing power for the payment of the debt obligations of the District. General Obligation Bonds require the District to compute, at the time taxes are levied, the rate of tax required to provide (in each year bonds are outstanding) a fund to pay interest and principal at maturity. The District is in compliance with this requirement.

There are a number of limitations and restrictions contained in the various general obligation bonds indentures. The District is in compliance with all significant limitations and restrictions at June 30, 2014.

Interest Rate Swap Agreements

2005 Swap Agreements

As a means to reduce its borrowing cost in comparison to the issuance of traditional fixed rate bonds at the time of issuance, on January 27, 2005 the District entered into an interest rate swap transaction pursuant to agreements (the "2005 Swap Agreements") with Bear Stearns Financial Products Inc. ("BSFP") and UBS AG ("UBS"), each in an original notional amount of \$23,250,000, in order to synthetically fix the interest obligation on the District's \$46,500,000 Variable Rate Unlimited Tax School Building Bonds, Series 2005-A (the "Series 2005-A Bonds"). Subsequent to entering into the 2005 Swap Agreements, JPMorgan Chase & Co. purchased and merged with BSFP and as result JPMorgan Chase Bank, N.A. ("JPMCB") has been substituted for BSFP as a swap counterparty for the 2005 Swap Agreements.

Under the 2005 Swap Agreements, the District is obligated to make payments to JPMCB and UBS calculated on a notional amount that is equal to the scheduled outstanding principal amount of the Series 2005-A Bonds at a fixed rate of 3.42% per annum and JPMCB and UBS are each obligated to make floating rate payments to the District calculated on a notional amount that is equal to the scheduled outstanding principal amount of the Series 2005-A Bonds at a rate equal to 67% of the one-month London Interbank Offered Rate (LIBOR) for U.S. deposits. The Series 2005-A Bonds and the 2005 Swap Agreements have a stated final maturity date of August 1, 2035.

As of June 30, 2014, the debt service requirements of the Series 2005-A Bonds were as follows. As interest rates change in the future, the differences between the floating rates payable to the District under the 2005 Swap Agreements and the actual interest rates payable by the District on the Series 2005-A Bonds will vary.

Year Ended			Total
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Requirements</u>

Note: Interest was calculated at a rate, representing the sum of: (a) the actual fixed payment swap rate of 3.420% pursuant to the 2005 Swap Agreements; (b) the estimated cost of the liquidity facility for the Series 2005-A Bonds (0.550%); (c) the estimated cost of remarketing the Series 2005-A Bonds (0.050%); and (d) 0.350% per year to offset the potential differences between the floating rates payable to the District under the 2005 Swap Agreements and the actual interest rates payable by the District on the Series 2005-A Bonds.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

2006 Swap Agreement

As a means to reduce its borrowing cost in comparison to the issuance of traditional fixed rate bonds at the time of issuance, on June 29, 2006 the District entered into an interest rate swap transaction pursuant to an agreement (the "2006 Swap Agreement") with Bear Stearns Financial Products Inc. ("BSFP"), in an original notional amount of \$30,000,000, in order to synthetically fix the interest obligation on the District's \$30,000,000 Variable Rate Unlimited Tax School Building Bonds, Series 2006-B (the "Series 2006-B Bonds"). Subsequent to entering into the 2006 Swap Agreement, JPMorgan Chase & Co. purchased and merged with BSFP and as a result JPMorgan Chase Bank, N.A. ("JPMCB") has been substituted for BSFP as swap counterparty for the 2006 Swap Agreement.

Under the 2006 Swap Agreement, the District is obligated to make payments to JPMCB calculated on a notional amount equal to the scheduled outstanding principal amount of the Series 2006-B Bonds at a fixed rate of 4.077% per annum, and JPMCB is obligated to make floating rate payments to the District calculated on a notional amount this is equal to the scheduled outstanding principal amount of the Series 2006-B Bonds at a rate equal to equal to 62.5% of the 10-year constant maturity swap rate (a reported market fixed rate at which 10-year interest rate swaps for a one-month U.S. dollar LIBOR rate are entered into from time to time). The Series 2006-B Bonds and the 2006 Swap Agreement have a stated final maturity date of August 1, 2035.

As of June 30, 2014, the debt service requirements of the Series 2006-B Bonds were as follows. As interest rates change in the future, the differences between the floating rates payable to the District under the 2006 Swap Agreement and the actual interest rates payable by the District on the Series 2006-B Bonds will vary.

Year Ended	Total		
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Requirements</u>
2015	\$ -	\$ 1,571,100	\$ 1,571,100
2016	-	1,571,100	1,571,100
2017	-	1,571,100	1,571,100
2018	-	1,571,100	1,571,100
2019	-	1,571,100	1,571,100
2020-2024	860,000	7,832,980	8,692,980
2025-2029	5,210,000	6,971,233	12,181,233
2030-2034	6,410,000	5,455,383	11,865,383
2035-2036	<u>17,520,000</u>	<u>926,949</u>	<u>18,446,949</u>
Totals	<u>\$ 30,000,000</u>	<u>\$ 29,042,045</u>	<u>\$ 59,042,045</u>

Note: Interest was calculated at a rate, representing the sum of: (a) the actual fixed payment swap rate of 4.077% pursuant to the 2006 Swap Agreement; (b) the estimated cost of the liquidity facility for the Series 2006-B Bonds (0.250%); (c) the estimated cost of remarketing the Series 2006-B Bonds (0.060%); and (d) 0.700% per year to offset the potential differences between the floating rates payable to the District under the 2006 Swap Agreement and the actual interest rates payable by the District on the Series 2006-B Bonds.

Other Information Common To Both The 2005 And 2006 Swap Agreements

Arrangements made in respect of the 2005 Swap Agreements and 2006 Swap Agreement (collectively, the "Swap Agreements") do not alter the District's obligation to pay principal of and interest on the Series 2005-A Bonds and Series 2006-B Bonds. The Swap Agreements do not provide a source of security or other credit for the Series 2005-A Bonds and Series 2006-B Bonds. The District's obligations under the Swap Agreements are secured by a levy of an annual ad valorem tax on parity with the District's obligation to pay principal and interest on the Series 2005-A Bonds and Series 2006-B Bonds.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

As of June 30, 2014, the District was not exposed to credit risk with JPMCB and UBS on the 2005 Swap Agreements as such agreements had a negative fair value of \$8,280,392. The District was not exposed to credit risk with JPMCB on the 2006 Swap Agreement as such agreement had a negative fair value of \$6,870,181. Collectively, as of June 30, 2014, the Swap Agreements had a net negative fair value of \$15,150,573.

As of June 30, 2014, JPMCB was rated "Aa1," "AA-" and "AA-" by Moody's Investors Service ("Moody's"), Standard & Poor's ("S&P") and Fitch Ratings ("Fitch"), respectively, while UBS was rated "Aa3," "A+" and "A+" by Moody's, S&P and Fitch, respectively.

The Swap Agreements are subject to mandatory redemption in the event of default or as follows:

2005 and 2006 Swap Agreement with JPMCB: If the ratings assigned to the District's unenhanced long-term debt obligations are withdrawn or reduced to "BBB" by S&P, "BBB" by Fitch or "Ba1" by Moody's (if Moody's, S&P and Fitch assign ratings to the District's unenhanced long-term debt obligations) or "BBB+" by S&P or Fitch (if Moody's does not assign ratings to the District's unenhanced long-term debt obligations), or if the ratings assigned to JPMCB's unenhanced long-term debt obligations are withdrawn or reduced to "BBB" by S&P or "Baa2" by Moody's.

2005 Swap Agreement with UBS: If the ratings assigned to either the District's or UBS's unenhanced long-term debt obligations are withdrawn or reduced to "BBB+" by S&P or "BBB+" by Fitch.

The Swap Agreements are also subject to optional termination by the District at any time over the term of the Swap Agreements at the then prevailing market value. JPMCB and UBS do not have the elective right to optionally terminate the Swap Agreements.

NOTE 7. DEBT SERVICE REQUIREMENTS - BONDS

Debt service requirements to maturity are as follows (excluding maturities on the 2005-A issue and 2006-B issue, which are reflected in Note 6 above):

Year Ended <u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Requirements</u>
2015	\$ 24,824,304	\$ 25,802,320	\$ 50,626,624

2018	21,233,645	29,165,672	50,399,317
2019	22,790,279	25,496,995	48,287,274
2020-2024	116,033,031	135,798,670	251,831,701
2025-2029	112,644,660	136,266,580	248,911,240
2030-2034	147,632,369	101,005,456	248,637,825
2035-2039	120,515,000	35,870,825	156,385,825
2040-2044	90,440,000	12,076,600	102,516,600
2045	<u>15,850,000</u>	<u>317,000</u>	<u>16,167,000</u>
	<u>\$713,607,283</u>	<u>\$558,542,464</u>	<u>\$1,272,149,747</u>

NOTE 8. DEFEASED BONDS OUTSTANDING

In prior years, the District issued refunding bonds to defease certain outstanding bonds for the purpose of consolidation and to achieve debt service savings. The District has placed the proceeds from the refunding issues in irrevocable escrow accounts with a trust agent to ensure payment of debt service on the refunded bonds.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the District's financial statements. Although defeased, the refunded debt from those earlier issues will not be actually retired until the call dates have come due or until maturity if they are not callable issues. On June 30, 2014, \$103,100,000 of bonds outstanding are considered defeased.

NOTE 9. SPECIAL TERMINATION BENEFITS

During the year ended August 31, 1997, the District adopted a Voluntary Exit Program for the purpose of rewarding eligible employees with compensation upon their voluntary leave from employment with the District, without regard to having reached the retirement provisions of the Teacher Retirement System of Texas.

From 1997 through 2001, any employee with a minimum of 25 years experience, at least 15 years of which had been with the District and at least the immediately preceding 5 years, was eligible to receive upon voluntary leave from employment a percentage of the employee's base salary, ranging from 50% to 100%, payable annually over a four-year period. During the year ended August 31, 2000, the District approved guidelines to phase out the program.

From 1999 through 2013, 118 employees elected participation in the program. The District's liability for these special termination benefits is considered a long-term liability and is recorded in the Statement of Net Position at the present value at June 30, 2014 of all future periodic payments to be made to the 7 former employees currently in the program.

A summary of the future payments that the District is obligated to make under this program is as follows:

Year Ended	Total
<u>June 30</u>	<u>Payments</u>
2015	\$ 42,528
2016	38,544
2017	12,140
2018	<u>6,121</u>
Total	<u>\$ 99,333</u>
Present Value	<u>\$ 97,548</u>

NOTE 10. ACCUMULATED UNPAID VACATION AND SICK LEAVE BENEFITS

On resignation, retirement or death of certain employees, the District pays any accrued, unused vacation leave in a lump cash payment to such employee or his/her estate. The District's liability is considered a long-term liability and is recorded in the Statement of Net Position as a long-term debt payable.

A summary of changes in the accumulated vacation leave liability is as follows:

Balance, July 1, 2013	\$1,208,313
Additions -- New Entrants and Salary Increments	182,495
Deductions -- Payments to Participants	<u>(218,926)</u>
Balance, June 30, 2014	<u>\$1,170,982</u>

On retirement of an employee, the District pays to the employee lump cash payment equal to one-tenth of the employee's annual salary, if the employee has accumulated a minimum amount of unused sick leave. It is impractical to estimate the amount of future liability because of uncertainty of the number of such employees who will remain with the District until retirement. Accordingly, no liability has been recorded in the accompanying financial statements. The District's policy is to recognize the cost of compensated absences when actually paid to employees.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE 11. PROPERTY TAXES

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code which established an appraisal district and an appraisal review board in each county in the State of Texas. Denton Central Appraisal District (DCAD) is responsible for the appraisal of property for all taxing units in Denton County, including the District. Under the terms of a contract for appraisal services, the District paid DCAD \$1,217,561 in fiscal year 2014 for appraising property.

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 on the assessed (appraised) value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll upon which the levy for the 2013-14 fiscal year was based was \$10,594,446,862. Taxes are delinquent if not paid by June 30. Delinquent taxes are subject to both penalty and interest charges plus 15 % delinquent collection fees for attorney costs.

The tax rates assessed for the year ended June 30, 2014, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$1.04 and \$0.49 per \$100 valuation, respectively, for a total of \$1.53 per \$ 100 valuation.

Current tax collections for the year ended June 30, 2014 were 99.00% of the year-end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible taxes within the General and Debt Service Funds are based on historical experience in collecting taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of June 30, 2014, property taxes receivable, net of estimated uncollectible taxes, totaled \$2,042,394 and \$890,350 for the General and Debt Service Funds, respectively.

Property taxes are recorded as receivables and deferred inflows of resources at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible in time to be a resource for payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with Generally Accepted Accounting Principles have been recognized as revenue.

NOTE 12. PENSION PLAN OBLIGATIONS

Plan Description - The District contributes to the Teacher Retirement System of Texas (the System), a public employee retirement system. It is a cost-sharing, multiple-employer defined benefit pension plan with one exception; all risks and costs are not shared by the District, but are the liability of the State of Texas. The System provides service retirement and disability retirement benefits, and death benefits to plan members and beneficiaries. The System operates under the authority of provisions contained primarily in Texas Government code, Title 8, Public Retirement Systems, Subtitle C, Teacher Retirement System of Texas, which is subject to amendment by the Texas Legislature. The System's annual financial report and other required disclosure information are available by writing the Teacher Retirement System of Texas, 1000 Red River, Austin, Texas 78701-2698 or by calling (800) 233-8778.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

Funding Policy - Under provisions in State law, plan members are required to contribute 6.4% of their annual covered salary and the State of Texas contributes an amount equal to 6.8% of the District's covered payroll for fiscal year 2014 (6.4% in fiscal year 2013 and 6.0% in fiscal year 2012). In certain instances the District is required to make all or a portion of the state's 6.8% contribution. Contribution requirements are not actuarially determined but are legally established each biennium pursuant to the following state funding policy: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution of not less than 6.0% and not more than 10.0% of the aggregate annual compensation of all members of the system during that fiscal year; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. The District's employees' contributions to the System for the years ending June 30, 2012, 2013, and 2014 were \$9,112,417, \$9,445,155 and \$10,035,911, respectively, equal to the required contributions for each year. Other contributions made from federal and private grants and from the District for salaries above the statutory minimum for the years ending June 30, 2012, 2013, and 2014 were \$2,160,002, \$2,447,811 and \$2,736,841, respectively, equal to the required contributions for each year. The amounts contributed by the State, for the years ended June 30, 2012, 2013, and 2014 were \$7,061,497, \$7,048,116 and \$7,316,046, respectively, and are reflected in the financial statements in the General Fund by respective function, in accordance with Governmental Accounting Standards Board Statement No. 24.

NOTE 13. SCHOOL DISTRICT RETIREE HEALTH PLAN

Plan Description. Denton Independent School District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees authority to establish and amend the basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us, by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling 1-800-223-8778.

Funding Policy. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.0% and 0.65% of public school payroll, respectively, with school districts contributing a percentage of payroll set at 0.55% for fiscal years 2014, 2013 and 2012. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. For the years ended June 30, 2014, 2013, and 2012, the State's contributions to the TRS-Care were \$1,003,591, \$540,787, and \$1,024,239, respectively, the active member contributions were \$652,334, \$351,610, and \$665,755, respectively, and the school district's contribution were \$551,975, \$297,515, and \$563,331, respectively, which equaled the required contributions each year.

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. These on-behalf payments are recognized as equal revenues and expenditures/expenses by the District. For the year ended June 30, 2014, the contribution made on behalf of the District was \$436,380.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

NOTE 14. INTERFUND BALANCES AND TRANSFERS

Interfund balances at June 30, 2014, were as follows:

<u>Fund</u>	<u>Advances to Other Funds</u>	<u>Advances from Other Funds</u>
General Fund:		
Special Revenue Fund	\$ 108,790	\$ -
Enterprise Fund	-	1,975
Special Revenue Fund:		
General Fund	-	108,790
Enterprise Fund:		
General Fund	<u>1,975</u>	<u>-</u>
TOTAL	<u>\$ 110,765</u>	<u>\$ 110,765</u>

Interfunds transfers for the year ended June 30, 2014 consisted of the following individual amounts:

<u>Fund</u>	<u>Transfers to Other Funds</u>	<u>Transfers from Other Funds</u>
General Fund:		
Capital Projects Fund	\$1,929,047	\$ -
Internal Service Fund	-	1,246,000
Internal Service Fund:		
General Fund	1,246,000	-
Capital Projects Fund:		
General Fund	<u>-</u>	<u>1,929,047</u>
TOTAL	<u>\$3,175,047</u>	<u>\$3,175,047</u>

The purpose of the \$1,929,047 transfer was to transfer local funds from the general fund to the capital projects fund to set them aside for future capital replacements needs. The purpose of the \$1,246,000 transfers was to transfer excess funds from the workers compensation and health insurance trust internal service funds to the general fund.

NOTE 15. HEALTH CARE

During the year ended June 30, 2014, employees of Denton Independent School District were covered by a health insurance plan (the Plan). The District contributed \$235 per month per employee to the Plan and employees, at their option, authorized payroll withholdings to pay any additional contribution and contributions for dependents. All contributions were paid to a fully insured plan.

Total Business-type Activities	<u>\$ 64,748</u>	<u>\$ 44,717</u>	<u>\$ -</u>	<u>\$1,171,713</u>	<u>\$ 1,281,178</u>

NOTE 17. SELF-INSURED WORKERS' COMPENSATION

The District has also established a self-funding Workers' Compensation program. Texas Association of School Boards (TASB) through an actuarial review of the self-insurance program, projected an estimated outstanding loss of \$1,171,713 as of June 30, 2014. Claims administration is provided by TASB.

The accrued liability for Workers' Compensation self-insurance of \$1,171,713 includes incurred but not reported claims. This liability reported in the fund at June 30, 2014, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is a probable that a liability has been incurred as of the date of the financial statements, and the amount of loss can be reasonably estimated. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing the liability does not result necessarily in an exact amount. The liability booked was the present value of the estimate of the actuary. Aggregate stop-loss coverage for 2014 was \$500,000.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

Changes in the workers' compensation claims liability amounts in fiscal 2013 and 2014 are represented below:

	<u>Year Ended June 30, 2013</u>	<u>Year Ended June 30, 2014</u>
Unpaid claims, beginning of year	\$1,930,091	\$1,667,157
Incurred claims (including IBNR'S)	163,331	17,617
Claim payments	<u>426,265</u>	<u>513,061</u>
Unpaid claims, end of fiscal year	<u>\$1,667,157</u>	<u>\$1,171,713</u>

NOTE 18. DUE FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of June 30, 2014, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

<u>Fund</u>	<u>State Grants & Entitlements</u>	<u>Federal Grants</u>	<u>Local Governments</u>	<u>Total</u>
General	\$11,669,366	\$ 84,623	\$ 24,403	\$11,778,392
Capital Projects	-	-	5,424	5,424
Special Revenue	<u>155,892</u>	<u>2,943,704</u>	<u>-</u>	<u>3,099,596</u>
Total	<u>\$11,825,258</u>	<u>\$3,028,327</u>	<u>\$ 29,827</u>	<u>\$14,883,412</u>

NOTE 19. CONTINGENT LIABILITIES

The Tax Reform Act of 1986 imposed regulations on tax-exempt bond issues. Governmental bonds issued after August 31, 1986 are subject to the rebate provisions of the Tax Reform Act of 1986. The rebate applies to earnings from bond issue proceeds investments which exceed bond issue stated interest rates. The exact amount of liability, if any, is not known until as long as five years from the bond issuance date. At June 30, 2014, the estimated rebate liability on outstanding bond series was \$51,615.

NOTE 20. LITIGATION AND CONTINGENCIES

The District is a party to various legal actions none of which is believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

Minimum foundation funding received from the Agency is based primarily upon information concerning average daily attendance at the District's schools which is compiled by the District and supplied to the Agency. Federal funding for Food Services under child nutrition programs is based primarily upon the number and type of meals served and on user charges as reported to the USDA. Federal and state funding received related to various grant programs are based upon periodic reports detailing reimbursable expenditures made in compliance with program guidelines to the grantor agencies.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

The programs are governed by various statutory rules and regulations of the grantors. Amounts received and receivable under these various funding programs are subject to periodic audit and adjustment by the funding agencies. To the extent, if any, that the District has not complied with all the rules and regulations with respect to performance, financial or otherwise, adjustment to or return of funding monies may be required. In the opinion of the District's administration, there are no significant contingent liabilities relating to matters of compliance and, accordingly, no provision has been made in the accompanying financial statements for such contingencies.

The Denton Central Appraisal District is a defendant in various lawsuits involving the property values assigned to property located within the District's boundaries on which the District assesses property taxes. The District could be required to refund property taxes paid on values which were greater than the ultimate final assessed valuation assigned by the court. Such lawsuits could continue several years into the future.

NOTE 21. REVENUES FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Special Revenue Fund	Debt Service Fund	Capital Projects Fund	Total
Property Taxes	\$110,309,044	\$ -	\$51,954,519	\$ -	\$162,263,563
Investment Income	46,268	-	16,478	20,422	83,168
Penalties, interest and other tax related income	536,949	-	171,337	-	708,286
Co-curricular student activities	492,828	1,504,339	-	-	1,997,167
Tuition and fees	2,436,920	771,412	-	-	3,208,332
Gifts and bequests	1,322,103	285,077	-	-	1,607,180
Facilities rentals	184,496	-	-	-	184,496
Insurance recovery	15,810	-	-	-	15,810
Other	285,197	10,578	-	-	295,775
Total	<u>\$115,629,615</u>	<u>\$2,571,406</u>	<u>\$52,142,334</u>	<u>\$ 20,422</u>	<u>\$170,363,777</u>

NOTE 22. UNEARNED REVENUE

Unearned revenue at year-end consisted of the following:

	Special Revenue Fund	Enterprise Fund	Total
Lunchroom receipts	\$ -	\$127,604	\$ 127,604
Food Commodities	-	217,873	217,873
State Textbook Fund	136,459	-	136,459
Summer Feeding Program	2,095	-	2,095
Summer School LEP	40,544	-	40,544
Read to Succeed	732	-	732
Advanced Placement Incentives	87,314	-	87,314
Deaf Ed Mgrnt Board	169,757	-	169,757
	<u>\$436,901</u>	<u>\$345,477</u>	<u>\$782,378</u>

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2014

NOTE 23. COMMITMENTS UNDER LEASES

Commitments under operating (noncapitalized) lease agreements for equipment provide for minimum future rental payments as of June 30, 2014, as follows:

Year Ending <u>June 30,</u>	
2015	\$ 325,076
2016	295,568
2017	295,568
2018	<u>98,523</u>
Total Minimum Rentals	<u>\$1,014,735</u>
Rental Expenditures in Fiscal Year 2014	<u>\$ 242,225</u>

NOTE 24. GENERAL FUND FEDERAL SOURCE REVENUES

<u>Program or Source</u>	<u>CFDA Number</u>	<u>Amount</u>	<u>Total Grant or Entitlement</u>
General Fund:			
Medicaid Reimbursement	N/A	\$2,773,984	\$2,773,984
Junior ROTC	12.000	200,284	200,284
Indirect Costs	N/A	637,367	637,367
i3 Grant	84.411	10,603	10,603
Federal Excise Tax Rebate	N/A	<u>98,299</u>	<u>98,299</u>
Total for General Fund		<u>\$3,720,537</u>	<u>\$3,720,537</u>

NOTE 25. EXCESS OF EXPENDITURES OVER APPROPRIATIONS BY FUNCTION

The Texas Education Agency requires the budgets for the Governmental fund types to be filed with the Texas Education Agency. The budget should not be exceeded in any functional category under TEA requirements. Expenditures exceeded appropriations in no functional category for the year ended June 30, 2014.

NOTE 26. SHARED SERVICE ARRANGEMENTS

The District is the fiscal agent for a Shared Services Arrangement (“SSA”) which provides a regional day school for the deaf to various member districts. All services are provided by the fiscal agent. The member districts and the State provide the funds to the fiscal agent. According to guidance provided in TEA’s Resource Guide, the District has accounted for the fiscal agent’s activities of the SSA in Special Revenue Funds No. 315, 316, 317, 340, 435 and 446 and such activities have been accounted for using Model 3 in the SSA section of the Resource Guide.

In a manner similar to that described above, the District is also the fiscal agent for an adult education SSA accounted for in Special Revenue Fund No. 309, a vocational education SSA accounted for in Special Revenue Fund No. 331, and a TANF SSA accounted for in Special Revenue Fund No. 312.

DENTON INDEPENDENT SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2014

The District participates in a shared services arrangement for juvenile justice alternative education services with ten other school districts. Although the District contributes to the shared services arrangement based on its participation, the District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant resources nor fiscal exigencies that would give rise to a future additional benefit or burden to Denton ISD. The fiscal agent manager is responsible for all financial activities of the shared services arrangement. During the year ended June 30, 2014, the District contributed \$3,827 to the fiscal agent as its share of the costs of the joint venture.

NOTE 27. SUBSEQUENT EVENT

Management has reviewed events subsequent to June 30, 2014 through November 11, 2014, which is the date the financial statements were available to be issued. No subsequent events were identified that were required to be recorded or disclosed in the financial statements.

This page left blank intentionally.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Denton Independent School District
Denton, Texas 76201

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Denton Independent School District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise Denton Independent School District's basic financial statements, and have issued our report dated November 11, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Trustees
Denton Independent School District
Denton, Texas 76201

Report on Compliance for Each Major Federal Program

We have audited Denton Independent School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Denton Independent School District's major federal programs for the year ended June 30, 2014. Denton Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of finding and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Denton Independent School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Denton Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Denton Independent School District's compliance.

Opinion on Each Major Federal Program

In our opinion, Denton Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Denton Independent School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Denton Independent School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Denton Independent School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

DENTON INDEPENDENT SCHOOL DISTRICT
 NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
 YEAR ENDED JUNE 30, 2014

1. The District uses the fund types specified in Texas Education Agency's Financial Accountability System Resource Guide. Special Revenue Funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Generally, unused balances are returned to the grantor at the close of specified project periods.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund which is a Governmental Fund type. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current position.

The modified accrual basis of accounting is used for the Governmental Fund types and Agency Funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unamortized interest on Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as deferred revenues until earned.

3. The District participates in numerous state and Federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collectability of any related receivable at June 30, 2014, may be impaired. In the opinion of the District, there are not significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions has been recorded in the accompanying combined financial statements for such contingencies.
4. The period of availability for federal grant funds for the purposes of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions in OMB Circular A-133 Compliance Supplement.
5. During the current year, the District received the following funds which are not included in the Schedule of Expenditures of Federal Awards.

Total Expenditures of Federal Awards	\$15,234,126
Indirect Costs	637,367
Federal Excise Tax Rebate	98,299
Medicaid Reimbursement	<u>2,773,984</u>
 Federal Revenues per Financial Statements	 <u>\$18,743,776</u>
