Denton, Texas

Annual

Performance

Report

Academic Excellence Indicator System Reports, 2010-2011

District and Campus Improvement Plans, 2011-2012

Denton Independent School District
Office of the Superintendent
1307 N. Locust St.
Denton, Texas 76201

We are pleased to present our school district's Annual Performance Report for the School year 2010-11.

The data in this report were furnished by the Texas Education Agency based on the statewide Public Education Information Management System (PEIMS) gathered from all Texas school districts. We have added some explanatory information to help you evaluate both the profile and the performance data. Also included in the report are each of our schools' Campus Improvement Plans for 2011-2012.

It should be emphasized that, although each individual campus is compared with *similar* schools throughout the state, schools are not ranked. In addition, please note that very few of our schools even overlap in terms of comparison groups. This tells us that each school in our district has not only a unique student population, but also unique instructional needs. The AEIS report, when used with each school's Campus Improvement Plan, will be a powerful tool for improvement.

As a public document, this report will be available electronically through the Denton ISD website (www.dentonisd.org). Additional electronic copies will be distributed to the public libraries and the Denton Chamber of Commerce, and copies will be available to citizens from the DISD Superintendent's Office.

Dr. Ray E. Braswell
Superintendent

Denton Independent School District

Annual Performance Report

Introduction

Glossary

for the

Academic Excellence Indicator System

2010-11 Report

Accountability Rating: This refers to the district and campus ratings assigned by the 2011 state accountability system. Districts and campuses are evaluated on performance on the TAKS, commended performance, completion rate, annual dropout rate, and English Language Learners (ELL) progress. Possible ratings are:

- *Exemplary;*
- *Recognized;*
- *Academically Acceptable;*
- *Academically Unacceptable;*
- *Not Rated: Other;* and
- *Not Rated: Data Integrity Issues*.

The above ratings apply to districts (including charter operators) and schools rated under the standard accountability procedures.

Additionally, alternative education accountability (AEA) ratings are issued to campuses and charters registered to be evaluated under AEA procedures. Possible AEA ratings are:

- *AEA: Academically Acceptable;*
- *AEA: Academically Unacceptable;* and
- *AEA: Not Rated – Other*.
- *AEA: Not Rated – Data Integrity Issues*.

For a more detailed explanation of the accountability system, see the *2011 Accountability Manual* available at

http://ritter.tea.state.tx.us/perfreport/account/2011/manual/

Accountability Subset: This refers to the group of non-mobile students whose performance on the TAKS, Commended Performance and the ELL Progress indicator (this includes the TELPAS reading assessment) is used in determining a school's and district's accountability rating. Specifically, the subsets have been calculated as follows:

Campus-level accountability subset: If a student was reported in membership at one campus on October 29, 2010, but moves to another campus before the test, that student's performance was removed from the accountability results for both campuses, whether the campuses were in the same district or different districts. Campuses were held accountable only for those students reported to be enrolled in the campus in the fall and tested in the same campus in the second semester.

District-level accountability subset: If a student was in one district on October 29, 2010, but then moved to another district before the test, that student's performance was taken out of the accountability subset for both districts. However, if the student moved from

campus to campus within the district, his or her performance was included in that district's results, even though it did not count for either campus. This means that district performance results do not match the sum of the campus performance results.

TAKS Participation, included in the AEIS report, shows what percent of a district's or school's test takers are mobile and are not included in the *Accountability Subset*. For additional information and examples of how the accountability subset is determined, see Chapter 2 of the *2011 Accountability Manual*. Also see *Mobile, TAKS Participation,* and *Appendix E*.

Adopted Tax Rate (calendar year 2010) *(District Profile only)***:** This is the locally adopted tax rate set for the 2010 calendar year. The total adopted rate is composed of a maintenance and operation rate (M&O) and a debt service rate (sometimes referred to as the Interest and Sinking fund rate). Rates are expressed per $100 of taxable value. Taxes based on this rate were to be paid by taxpayers in early 2011. The state value shown for the adopted tax rates is the simple average of all the district rates. *(Source: Texas Comptroller of Public Accounts, July 2011)*

Advanced Course/Dual Enrollment Completion: This indicator is based on a count of students who complete and receive credit for at least one advanced course in grades 9-12. Advanced courses include dual enrollment courses. Dual enrollment courses are those for which a student gets both high school and college credit. Deciding who gets credit for which college course is described in Texas Administrative Code §74.25 which states, in part:

> (b) To be eligible to enroll and be awarded credit toward state graduation requirements, a student must have the approval of the high school principal or other school official designated by the school district. The course for which credit is awarded must provide advanced academic instruction beyond, or in greater depth than, the essential knowledge and skills for the equivalent high school course.

Appendix C lists all courses identified as advanced, with the exception of courses designated only as dual enrollment. Dual enrollment courses are not shown, as the courses vary from campus to campus and could potentially include a large proportion of all high school courses.

Course completion information is reported by districts through the Public Education Information Management System (PEIMS) after the close of the school year. The values, expressed as a percent, are calculated as follows:

$$\frac{\text{number of students in grades 9-12 who received credit for at least one advanced or dual enrollment course in 2009-10}}{\text{number of students in grades 9-12 who completed at least one course in 2009-10}}$$

Schools and districts may qualify for *Gold Performance Acknowledgment* for advanced course/dual enrollment completion. For a more detailed explanation of *Gold Performance Acknowledgment,* see Chapter 5 of the *2011 Accountability Manual*.

Special education students are included in the results shown for the campus or district and the individual student groups. For purposes of comparison, course completion rates are also shown for the prior year (2008-09). For a list of advanced courses, see *Appendix C*. *(Source: PEIMS, June 2010, June 2009)*

Advanced Placement Examinations: See *AP/IB Results*.

All Funds: Financial information is broken down by fund type (general fund only and all funds). *All Funds* consists of four fundamental fund groups: General Fund (fund codes 101-199 and 420), Special Revenue Funds (fund codes 200/300/400), Debt Service Funds (fund code 599), and Capital Projects Funds (fund codes 601 and 699). It also includes the Enterprise Fund, and the National School Breakfast and Lunch Program (fund code 701). Within the general fund, fund code 420—Foundation School Program and Other State Aid—is used by charter operators only.

Note that all financial data shown by fund is *actual* data, not *budgeted*. Accordingly, the information is from the prior year (2009-10). For more information on fund codes, see *Appendix B*. *(Source: PEIMS, March 2011)*

Annual Dropout Rate: Three annual dropout rate indicators are shown:

(1) *Annual Dropout Rate (Gr 7-8)*. This includes only grades 7 and 8. This rate is used in determining a campus accountability rating under standard procedures (for campuses that have one or both of those grades) or the district's rating. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2009-10 school year}}{\text{number of grade 7 and 8 students who were in attendance at any time during the 2009-10 school year}}$$

(2) *Annual Dropout Rate (Gr 7-12)*. This includes grades 7 through 12. This rate is used in determining a campus or charter operator accountability rating under AEA procedures (for campuses or charters that have one or more of those grades). It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 through 12 during the 2009-10 school year}}{\text{number of grade 7-12 students who were in attendance at any time during the 2009-10 school year}}$$

(3) *Annual Dropout Rate (Gr 9-12)*. This includes grades 9 through 12. This measure shows the dropout rates for the high school grades. It is a report-only measure and is not used in determining accountability ratings. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9 through 12 during the 2009-10 school year}}{\text{number of grade 9-12 students who were in attendance at any time during the 2009-10 school year}}$$

All three annual rates appear on district, region, and state-level AEIS reports. Reports for secondary campuses evaluated under standard procedures show the grade 7-8 and grade 9-12 rates. Reports for secondary campuses evaluated under AEA procedures show the grade 7-8 and grade 7-12 rates.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effects of mobility by including in the denominator every student ever reported in attendance at the campus or district throughout the school year, regardless of length of stay. For a more complete description of dropout rates, see the *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10* reports, available at

http://www.tea.state.tx.us/index4.aspx?id=4080

See also *Dropout* and *Leaver Record*. *(Source: PEIMS, Oct. 2009, Oct. 2010 and June 2010)*

AP/IB Results: These refer to the results of the College Board's Advanced Placement (AP) examinations and the International Baccalaureate's (IB) Diploma Program examinations taken by Texas public school students. High school students may take one or more of these examinations, ideally upon completion of AP or IB courses, and may receive advanced placement or credit, or both, upon entering college. Generally, colleges will award credit or advanced placement for scores of 3, 4, or 5 on AP examinations and scores of 4, 5, 6, or 7 on IB examinations. Requirements vary by college and by subject tested.

Three values are calculated for this indicator:

(1) *Tested*. This shows the percent of students in grades 11 and 12 taking at least one AP or IB examination:

$$\frac{\text{number of } 11^{th} \text{ and } 12^{th} \text{ grade students taking at least one AP or IB examination}}{\text{number of non-special education } 11^{th} \text{ and } 12^{th} \text{ grade students}}$$

The denominator of equation (1) does not include 11^{th} and 12^{th} grade students served in special education; however, all students who took at least one AP or IB examination are included in the numerator. The performance of special education students is included in both the numerator and denominator of the other equations.

(2) *Examinees >= Criterion*. The percent of examinees with at least one AP or IB score at or above the criterion score (3 on AP or 4 on IB):

$$\frac{\text{number of } 11^{th} \text{ and } 12^{th} \text{ graders with at least one score at or above criterion}}{\text{number of } 11^{th} \text{ and } 12^{th} \text{ graders with at least one AP or IB examination}}$$

(3) *Scores >= Criterion*. This shows the percent of scores at or above the criterion score (3 on AP or 4 on IB):

$$\frac{\text{number of } 11^{th} \text{ and } 12^{th} \text{ grade AP \& IB examination scores at or above criterion}}{\text{number of } 11^{th} \text{ and } 12^{th} \text{ grade AP \& IB examination scores}}$$

Schools and districts may qualify for *Gold Performance Acknowledgment* for participation and performance on AP/IB results (measures (1) and (2) above). For a more detailed explanation of *Gold Performance Acknowledgment,* see the *2011 Accountability Manual*. See also *Criterion Score*. *(Sources: The College Board, Aug. 2010, Jan. 2010; The International Baccalaureate Organization, Aug. 2010, Aug. 2009; and PEIMS, Oct. 2010, Oct. 2009)*

ARD: This refers to the Admission, Review, and Dismissal committee that determines the individual education plan for every student served in special education. See also *Special Education* and *TAKS Participation*.

At-Risk: A student is identified as at risk of dropping out of school based on state-defined criteria (§TEC 29.081.) At-risk status is obtained from the PEIMS 110 records. The percent of at-risk students is calculated as the sum of the students coded as at risk of dropping out of school, divided by the total number of students in membership:

$$\frac{\text{number of students coded as at-risk}}{\text{total number of students}}$$

A column showing at-risk student performance is shown on the district, region, and state reports. While this column is not available on the campus-level reports, counts of at-risk students are shown in the *Profile* section of the campus reports (as well as the district, region, and state reports).

The statutory criteria for at-risk status include each student who is under 21 years of age and who:

1) was not advanced from one grade level to the next for one or more school years;
2) is in grades 7, 8, 9, 10, 11, or 12 and did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
3) did not perform satisfactorily on an assessment instrument administered to the student under TEC Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument;
4) is in prekindergarten, kindergarten or grades 1, 2, or 3 and did not perform satisfactorily on a readiness test or assessment instrument administered during the current school year;
5) is pregnant or is a parent;
6) has been placed in an alternative education program in accordance with §TEC 37.006 during the preceding or current school year;
7) has been expelled in accordance with §TEC 37.007 during the preceding or current school year;
8) is currently on parole, probation, deferred prosecution, or other conditional release;
9) was previously reported through the PEIMS to have dropped out of school;
10) is a student of limited English proficiency, as defined by §TEC 29.052;
11) is in the custody or care of the Department of Protective and Regulatory Services or has, during the current school year, been referred to the department by a school official, officer of the juvenile court, or law enforcement official;
12) is homeless, as defined by 42 U.S.C. Section 11302 and its subsequent amendments; or
13) resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

(Sources: PEIMS, Oct. 2010; Texas Education Code, 81st Texas Legislature)

Attendance Rate: Attendance rates reported in AEIS are based on student attendance for the entire school year. Only students in grades 1-12 are included in the calculations. Attendance is calculated as follows:

$$\frac{\text{total number of days students were present in 2009-10}}{\text{total number of days students were in membership in 2009-10}}$$

Schools and districts may qualify for *Gold Performance Acknowledgment* based on their attendance rate. For a more detailed explanation of *Gold Performance Acknowledgment,* see the *2011 Accountability Manual*. Attendance rates are shown for 2009-10 and 2008-09. *(Source: PEIMS, June 2010, June 2009)*

Auxiliary Staff *(District Profile only)***:** This shows the Full-Time Equivalent (FTE) count of staff reported without a role but with a PEIMS employment and payroll record. Counts of auxiliary staff are expressed as a percent of total staff. For auxiliary staff, the FTE is simply the value of the percent of day worked. *(Source: PEIMS, Oct. 2010)*

Average Actual Salaries *(regular duties only)***:** For each professional staff type, the total salary is divided by the total FTE count of staff who receives that salary. The total actual salary amount is pay for regular duties only and does not include supplemental payments for coaching, band and orchestra assignments, and club sponsorships. See *Appendix A* for lists of the PEIMS role IDs included in each category shown.

- *Teachers*. This includes teachers, special duty teachers, and substitute teachers. Substitute teachers are persons hired to replace a teacher who has quit, died, or been terminated; or, persons permanently hired on an as-needed basis.
- *Campus Administration*. This includes principals, assistant principals, and other administrators reported with a specific school ID.
- *Central Administration*. This includes superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators that are reported with a central office ID and not a specific school ID.
- *Professional Support*. This includes therapists, nurses, librarians, counselors, and other campus professional personnel.

A half-time employee with a reported actual salary of $30,000 has a full-time equivalent salary of $60,000. All average salaries are expressed in full-time equivalent form by dividing the sum of the actual salaries earned by the total FTE count. *(Source: PEIMS, Oct. 2010)*

Average Teacher Salary by Years of Experience *(regular duties only)***:** Total pay for teachers within each experience group is divided by the total teacher FTE for the group. The total actual salary amount is pay for regular duties only and does not include supplements. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. *(Source: PEIMS, Oct. 2010)*

Average Years Experience of Teachers: Weighted averages are obtained by multiplying each teacher's FTE count by years of experience. These amounts are summed for all teachers and divided by the total teacher FTE count, resulting in the averages shown. This

measure refers to the total number of (completed) years of professional experience for the individual in any district. *(Source: PEIMS, Oct. 2010)*

Average Years Experience of Teachers with District: Weighted averages are obtained by multiplying each teacher's FTE count by years of experience. These amounts are summed for all teachers and divided by the total teacher FTE count, resulting in the averages shown. This measure refers to tenure, *i.e.,* the number of years employed in the reporting district, whether or not there has been any interruption in service.

Bilingual Education/English as a Second Language Report *(District Performance only)***:** Changes to §TEC 39.051 passed during the 80th Legislative Session (2007) require districts to report performance for selected AEIS indicators disaggregated by bilingual and ESL instructional models. To accommodate this requirement *Section III* was added beginning with the 2008-09 AEIS reports. *Section III* of the AEIS reports shows the statutorily-required performance indicators disaggregated by twelve columns for students identified as LEP in the current school year.

Current LEP students receiving either Bilingual Education (BE) or English as a Second Language (ESL) program services are presented as a total as well as disaggregated by program instructional model within BE and ESL. Results are also shown for current LEP students who did not receive any BE/ESL services and for current LEP students receiving any services.

The indicators shown are: The TAKS 2011 accountability base indicator; the SSI indicators (measures 1 and 2 only), the Progress of Prior Year Failers (percent passing only) and the Progress of English Language Learners. Four columns shown in *Section III* are repeated from *Section I:* State, Region, District, and Total LEP.

Section III is included in district, region, and state AEIS reports. The information is not calculated or reported at the campus level. Two years of data are shown.

For more information on *Section III*, see the sample in *Appendix I*. See also *TAKS, Student Success Initiative, Progress of Prior Year TAKS Failers*, and *English Language Learners Progress Indicator*. For definitions of the BE/ESL instructional model types, see the *PEIMS Data Standards*.

Campus Group: Each campus is assigned to a unique comparison group of 40 other public schools (from anywhere in the state), that closely matches that campus on six characteristics. Comparison groups are provided so that schools can compare their performance to that of other schools with whom they are demographically similar. Comparison groups are also used for determining the Comparable Improvement *Gold Performance Acknowledgments*.

The demographic characteristics used to construct the campus comparison groups include those defined in statute as well as others found to be statistically related to performance. They are:

- the percent of African American students enrolled for 2010-11;
- the percent of Hispanic students enrolled for 2010-11;
- the percent of White students enrolled for 2010-11;

- the percent of economically disadvantaged students enrolled for 2010-11;
- the percent of limited English proficient (LEP) students enrolled for 2010-11; and
- the percent of mobile students as determined from 2009-10 cumulative attendance.

All schools are first grouped by type (elementary, middle, secondary, or multi-level). Then the group is determined on the basis of the most predominant features at the target school. For example, assume a high school has 40.5% African American, 20.9% Hispanic, 32.5% White, 35.6% economically disadvantaged, 11.2% limited English proficient, and 21.7% mobile students. Of these features, the most predominant (*i.e.,* the largest) is the percent of African American students, followed by the percent of economically disadvantaged students, the percent of White students, the percent of mobile students, the percent of Hispanic students, and finally, the percent of limited English proficient students. The following steps illustrate the group identification process:

Step 1: 100 secondary campuses having percentages closest to 40.5% African American are identified;

Step 2: 10 schools from the initial group of 100 are eliminated on the basis of being most distant from the value of 35.6% economically disadvantaged;

Step 3: 10 of the remaining 90 schools that are most distant from 32.5% White students are eliminated;

Step 4: 10 of the remaining 80 schools that are most distant from 21.7% mobile students are eliminated;

Step 5: 10 of the remaining 70 schools that are most distant from 20.9% Hispanic students are eliminated;

Step 6: 10 of the remaining 60 schools that are most distant from 11.2% limited English proficient students are eliminated; and

Step 7: 10 of the remaining 50 schools that are most distant from 20.9% Hispanic students and/or 32.5% White students are eliminated. (This last reduction step is based on the least predominant characteristics among the four student groups evaluated in the accountability system: African American, Hispanic, White, and economically disadvantaged.)

The final group size is 40 schools. This methodology creates a unique comparison group for every campus. Please note the following:

- With this methodology, the number of times a school appears as a member of other groups will vary.
- In cases where the campus has a missing mobility value, the district's average mobility is used as a proxy. This will happen for schools in their first year of operation.
- Schools rated under the Alternative Education Accountability (AEA) procedures do not have a campus group.
- Schools shown as *Not Rated: Other* do not have a campus group.
- Districts are not grouped.

In the *Performance* section of a campus AEIS report, the value given in the Campus Group column is the *median* of the values from the 40-school group for that campus. (The *median* is defined as that point in the distribution of values, above and below which one-half of the values fall.) In the *Profile* section of the report, the value given in the Campus Group column is the average value. If a report contains question marks (?) in the Campus Group column, this means there were too few schools in the comparison group (specifically, fewer than 25 schools) to have confidence in the *median* values. Such small numbers are considered too unstable to provide an adequate comparison group value.

See *Comparable Improvement* and *Vertical Scale Growth*.

Campus #: The campus number is the unique 9-digit identifying number assigned to every Texas public school. It consists of the county number (assigned alphabetically from 001 to 254), followed by the district number (9_ _ is used primarily for regular districts, 8_ _ for charter operators), and ending with the campus number (generally 00_ for high schools, 04_ for middle schools, and 1_ _ for elementary schools).

Class Size Averages by Grade and Subject: These values show the average class size for elementary classes (by grade) and for secondary classes (by subject) for selected subjects. But beginning with the 2010-11 PEIMS data collection, districts now report actual class sizes through the PEIMS 090 (Staff Responsibility) record. Each 090 record is now unique by campus ID, staff ID, service ID, and class ID number.

The methodology for averaging class size differs depending on whether the class is elementary or secondary due to differences in reporting practices for these two types of teacher schedules. For secondary classes, each unique combination of teacher and class time is counted as a class. Averages are determined by summing the number of students served (in a given subject at the campus) and dividing by the calculated count of classes.

For elementary classes, the number of records reported for each grade is considered. A teacher teaching all subjects to the same group of fourth graders all day will have only one record indicating the total number of fourth grade students served. However, an elementary teacher who teaches a single subject to five different sections of fourth graders each day will have five separate records reported, each with a unique count of students served. For example, one 4th grade science teacher teaches 5 science classes each day with: 18, 20, 19, 21, and 22 students in the different classes. That is a total of 100 students taught in 5 sections, 100 divided by 5 gives an average class size of 20 for that teacher.

The following rules apply to the average class sizes:

1) classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation;

2) subjects in the areas of English language arts, mathematics, science, social studies, foreign language, computer science, business education, career and technical, and self-contained are included in the calculation;

3) classes where the number of students served is reported to be zero are not included;

4) service codes with the "SR" prefix are not included;

5) teacher roles coded as “teacher” and/or “substitute teacher” are included;

6) only class settings coded as "regular class" are included in the calculation;

7) missing partial FTE counts are not included;

8) elementary classes where the number of students exceeds 100 are not included.

College Admissions Tests: See *SAT/ACT Results*.

College Readiness Indicators: These indicators are grouped together to help provide a picture of college preparedness at a given high school or for a specific district. They can be used by educators as they work to ensure that students are able to perform college-level course work at institutions of higher education.

The indicators include:

- Advanced Course/Dual Enrollment Completion;
- Recommended High School Program/Distinguished Achievement Program Graduates;
- AP/IB Results;
- Texas Success Initiative (TSI) Higher Education Readiness Component;
- SAT/ACT Results; and
- College-Ready Graduates.

College-Ready Graduates: To be considered college-ready as defined by this indicator, a graduate must have met or exceeded the college-ready criteria on the TAKS exit-level test, or the SAT test, or the ACT test. The criteria for each are:

Subject	Exit-level TAKS		SAT		ACT
ELA	>= 2200 scale score on ELA test AND a "3" or higher on essay	OR	>=500 on Critical Reading AND >=1070 Total	OR	>= 19 on English AND >= 23 Composite
Math	>= 2200 scale score on mathematics test	OR	>=500 on Math AND >=1070 Total	OR	>= 19 on Math AND >= 23 Composite

Three values are calculated for this indicator:

(1) *Eng Lang Arts*. This shows the percent of graduates who scored at or above the criterion score on the TAKS, SAT, or ACT English language arts tests.

$$\frac{\text{number of graduates who scored at or above the } \textit{College-Ready} \text{ criterion for ELA}}{\text{number of graduates (class of 2010) with ELA results to evaluate}}$$

(2) *Mathematics*. This shows the percent of graduates who scored at or above the criterion score on the TAKS, SAT, or ACT mathematics tests.

$$\frac{\text{number of graduates who scored at or above the } \textit{College-Ready} \text{ criterion for mathematics}}{\text{number of graduates (class of 2010) with mathematics results to evaluate}}$$

(3) *Both Subjects*. This shows the percent of graduates who scored at or above the criterion score on *both* the TAKS, SAT, or ACT ELA and mathematics tests.

$$\frac{\text{number of graduates who scored at or above the } \textit{College-Ready} \text{ criteria on } \textit{both} \text{ ELA \& mathematics}}{\text{number of graduates (class of 2010) with results in both subjects to evaluate}}$$

This indicator differs from the TSI – Higher Education Readiness Component, in several ways:

- it includes performance on the SAT and ACT;
- it is based on prior year graduates rather than current year 11th graders;
- it provides an overall measure of both subjects combined; and
- performance is tied to the campus and district where the student graduated, while the TSI indicator uses the campus and district where the TAKS tests were administered.

Performance on the exit-level TAKS includes performance on TAKS (Accommodated). Neither TAKS-Modified nor TAKS-Alternate performance is included in this indicator.

Schools and districts may qualify for *Gold Performance Acknowledgment* for performance on the College-Ready Graduates indicator (measure 3 above). For a more detailed explanation of *Gold Performance Acknowledgment,* see Chapter 5 of the *2011 Accountability Manual. (Sources: TEA Student Assessment Division, The College Board, Aug. 2010, Aug. 2011, ACT, Inc. Oct. 2010, Oct. 2009; and PEIMS, Oct. 2010, Oct. 2009)*

Commended Performance: See *TAKS Commended Performance*.

Community Services (2009-10) *(District Profile only)***:** Expenditures for activities or purposes other than regular public education. These are activities relating to the whole community, such as the operation of a school library, swimming pool, and playgrounds for the public (objects 6100-6400, function 61). Community Services expenditures are shown as a stand-alone amount and are not included in total operating expenditures.

Note this item is reported as *actual* expenditures, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B. (Source: PEIMS, March 2011)*

Comparable Improvement *(Campus-level only)***:** Comparable Improvement (CI) is a measure that calculates how student performance on the TAKS mathematics and reading tests has changed (or grown) from one year to the next, and compares the change to that of the 40 schools that are demographically most similar to the target school. Since last year (2009-10) a vertical scale for reading and mathematics in grades 3-8 has been used to determine CI. Because vertical scales are not available for tests in the high school grades, CI can only be calculated on schools with grades 4, 5, 6, 7, and/or 8.

CI is calculated separately for reading and mathematics, based on individual student vertical scale growth (VSG) values. VSG is defined as a student's vertical scale score in Year 2 minus the student's vertical scale score in Year 1. An average VSG value for each campus is determined by summing the student-level VSG values to the campus level and dividing by the number of students. The campus average VSG value is rounded to a whole number. The average VSG values for the 40 member group are rank ordered. Schools in

the first quartile (*i.e.* top 10 schools of the 40 in their campus group), receive *Gold Performance Acknowledgment* for CI. Comparable Improvement reports are available at:

http://ritter.tea.state.tx.us/perfreport/ci/2011/index.html

Schools that receive a *Not Rated: Other* accountability rating and schools rated under the Alternative Education Accountability (AEA) procedures do not have a campus group and are not eligible for Comparable Improvement.

Although high schools do not have Comparable Improvement reports, they do have a Comparison Group. See Chapter 5 of the *2011 Accountability Manual* for an explanation of *Gold Performance Acknowledgments*. For an explanation of the Vertical Scale Growth, see *Appendix E* of the *2011 Accountability Manual*. See also *Campus Group, Vertical Scale Growth,* and *Appendix D*.

Completion Rate: This indicator shows the status of a group (cohort) of students after four years in high school (*4-Year Completion Rate*) or after five years in high school (*5-Year Extended Completion Rate*).

For the *4-Year Completion Rate,* the cohort consists of students who first attended ninth grade in 2006-07. They are followed through their expected graduation with the class of 2010.

For the *5-Year Extended Completion Rate,* the cohort consists of students who first attended ninth grade in 2005-06. They are followed for five years, to see if they graduated within a year after their expected graduation with the class of 2009.

Cohorts:

- A student who *transfers into the cohort* is one who, for example, moves into the cohort from another high school in Texas or from out of state.
- A student who *transfers out of the cohort* is one who, for example, moves to another public high school in Texas; note that these students are then *transferred into the cohort* of the receiving high school and district. There are also students who move out of the state or out of the country, or students who transfer to private schools or who are home-schooled. These types of transfers cannot be tracked, and students who leave for these reasons are not included in completion rate calculations.
- Students do not change cohorts even if they repeat a grade or skip a grade. If they begin with the 2006-07 ninth grade cohort, they remain with that cohort. This means, for example, that a student who started the ninth grade in 2006-07, but takes 5 years to graduate (*i.e.,* in May 2011) is still part of the class of 2010 cohort; they are not switched to the class of 2011 cohort. This student would be considered a continuing student, and counted as part of the *Continued HS* number for the class of 2010. This is true as well for the 5-year extended completion cohorts.

Other important information:

- Special Education students who graduate with an Individualized Education Program (IEP) are included as graduates.

- Beginning with the 2011 accountability cycle, the methodology for calculating completion rates has been expanded. The expanded methodology creates completion rates for campuses with grade 9 and either grade 11 or 12 in both year 1 (2006-07) and year 5 (2010-11); or, campuses with grade 12 in both year 1 and year 5. High schools that do not meet these requirements are not evaluated on this indicator in 2011.

There are four student outcomes used in computing each longitudinal rate:

4-Year Completion Rate

(1) *Graduated*. Based on the 2006-07 cohort, this shows the percent who received their high school diploma on time or earlier — by August 31, 2010. It is calculated as follows:

$$\frac{\text{number of students from the cohort who received a high school diploma by August 31, 2010}}{\text{number of students in the 2006-07 cohort*}}$$

(2) *Received GED*. Based on the 2006-07 cohort, this shows the percentage who received a General Educational Development certificate by August 31, 2010. It is calculated as follows:

$$\frac{\text{number of students from the cohort who received a GED by August 31, 2010}}{\text{number of students in the 2006-07 cohort*}}$$

(3) *Continued High School*. Based on the 2006-07 cohort, this shows the percentage still enrolled as students in the fall of the 2010-11 school year. It is calculated as follows:

$$\frac{\text{number of students from the cohort who were enrolled for the 2010-11 school year}}{\text{number of students in the 2006-07 cohort*}}$$

(4) *Dropped Out (4-yr)*. Based on the 2006-07 cohort, this shows the percentage who dropped out and did not return by the fall of the 2010-11 school year. It is calculated as follows:

$$\frac{\text{number of students from the cohort who dropped out before the fall of the 2010-11 school year}}{\text{number of students in the 2006-07 cohort*}}$$

5-Year Extended Completion Rate

(1) *Graduated*. Based on the 2005-06 cohort, this shows the percent who received their high school diploma by August 31, 2010. It is calculated as follows:

$$\frac{\text{number of students from the cohort who received a high school diploma by August 31, 2010}}{\text{number of students in the 2005-06 cohort*}}$$

(2) *Received GED*. Based on the 2005-06 cohort, this shows the percentage who received a GED certificate by August 31, 2010. It is calculated as follows:

$$\frac{\text{number of students from the cohort who received a GED by August 31, 2010}}{\text{number of students in the 2005-06 cohort*}}$$

(3) *Continued High School*. Based on the 2005-06 cohort, this shows the percentage still enrolled as students in the fall of the 2010-11 school year. It is calculated as follows:

$$\frac{\text{number of students from the cohort who were enrolled for the 2010-11 school year}}{\text{number of students in the 2005-06 cohort*}}$$

(4) *Dropped Out (5-yr)*. Based on the 2005-06 cohort, this shows the percentage who dropped out and did not return by the fall of the 2010-11 school year. It is calculated as follows:

$$\frac{\text{number of students from the cohort who dropped out before the fall of the 2010-11 school year}}{\text{number of students in the 2005-06 cohort*}}$$

* The cohort in the denominator of the formulas shown above includes those students who graduated, continued in school, received a GED, or dropped out. It does not include data errors or leavers with the leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, or 87.

The four outcomes for each rate sum to 100% (some totals may not equal exactly 100% due to rounding).

In addition to the detailed breakdown of the 4-year and 5-year longitudinal rates, the 2010-11 AEIS reports show the two completion rates that are used as accountability indicators, Completion Rate I and Completion Rate II. On the campus reports only the completion rate that is evaluated for state accountability ratings is shown. For campuses rated under AEA procedures, Completion Rate II is shown; for campuses rated under standard procedures, Completion Rate I is shown.

(1) *Completion Rate II (Graduates, Continuers, and GED)*. This 4-year rate sums together the percent of students in the 2006-07 cohort who received their high school diplomas by August 31, 2010, those who received GEDs by August 31, 2010, and those who were still enrolled as high school students for the 2010-11 school year. This rate is used for determining the alternative education accountability ratings.

(2) *Completion Rate I (Graduates and Continuers)*. This 4-year rate sums together the percent of students in the 2006-07 cohort who received their high school diplomas by August 31, 2010 and those who were still enrolled as high school students for the 2010-11 school year. This rate is used for determining the standard accountability ratings.

Completion rates for districts serving Texas Youth Commission or Texas Juvenile Probation Commission facilities do not include students from the facilities unless the students have been attributed to regular campuses in the district of service through *campus of accountability* procedures.

For further information on these rates, see the report *Secondary School Completion and Dropouts in Texas Public Schools, 2009-10. (Sources: PEIMS, Oct. 2010, June 2010, Oct. 2009, June 2009, Oct. 2008, June 2008, Oct. 2007, June 2007, Oct. 2006, June 2006, Oct. 2005, June 2005, June 2004, June 2003, June 2002, June 2001, and General Educational Development Information File)*

Criterion Score: This refers to the scores on the SAT and ACT college admissions tests, the AP and IB tests, and the College-Ready Graduates indicator. For the college admissions tests, the criterion scores are at least 24 on the ACT (composite) and at least 1110 on the

SAT (critical reading and mathematics combined). For AP and IB tests, the criterion scores are at least 3 on AP tests, and at least 4 on IB tests. For College-Ready Graduates criterion scores, see College-Ready Graduates.

Please note that each college and university establishes its own score criteria for admitting or granting advanced placement or credit to individual students. See also *SAT/ACT Results* and *AP/IB Results*.

Data Quality *(District Profile only)***:** The AEIS reports show the percent of errors a district made in two key data submissions: 1) the PID Error rate in PEIMS Student Data, and 2) the percent of Underreported Students in PEIMS Student Leaver Data.

(1) *PID Error Rate*. The Person Identification Database (PID) system ensures that each time information is collected for a student the identifying information matches other data collections for that student. This allows student data to be linked, such as enrollment records, which are collected in October, to attendance records, which are collected in June; or data to be matched across years. It also helps maintain student confidentiality by assigning an ID that does not divulge the student's identifying information.

During the data submission process each district has the ability to run PID Discrepancy Reports that show any PID errors found. The district then has time to correct the errors before its submission is finalized. While the PID error rate has declined significantly over the years, any amount of error has a detrimental effect on the calculation of longitudinal measures such as the 4-year dropout rate and the high school completion rate. The AEIS reports show the PID error rate in PEIMS Student Data, collected in Submission 1 *(October 2010)*.

The rate is calculated as follows:

$$\frac{\text{number of student PID errors found in PEIMS submission 1 (fall 2010)}}{\text{number of student records in PEIMS submission 1 (fall 2010)}}$$

(2) *Percent of Underreported Students*. Underreported students are 7^{th}-12^{th} graders who were enrolled at any time the prior year and who were not accounted for through district records or TEA processing in the current year. A district is required to submit a leaver record for any student served in grades 7-12 the previous year, unless the student received a GED certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas public school district, or returned to the district by the end of the school start window (for 2010-11 the end of the school-start window was September 24, 2010). For students who attended in 2009-10, there were 14 possible leaver reasons, including: graduated, died, or dropped out. (For a more complete definition of leavers, see *Leaver Records*.)

The rate is calculated as follows:

$$\frac{\text{number of underreported students}}{\text{number of grade 7-12 students who were served in the district in the 2009-10 school year}}$$

Under the accountability rating system, there are rating consequences for districts that exceed certain thresholds for this measure. For 2011, in order to receive a rating of

Exemplary or *Recognized,* a district's percent and number of underreported students could not exceed 3.0% or 150, respectively.

Distinguished Achievement Program: See *RHSP/DAP Graduates*.

Dropout: A dropout is a student who is enrolled in public school in Grades 7-12, does not return to public school the following fall, is not expelled, and does not: graduate, receive a GED, continue school outside the public school system, begin college, or die.

Dropout counts are obtained from PEIMS records. Based on the attendance and enrollment records of all districts, the records of Texas graduates for the last several years, and GED certificate records, TEA identifies students for whom districts do not need to submit leaver records. School districts must account for all other students through the submission of leaver reasons. The leaver record provides 14 possible reasons for leaving school in 2009-10, including one which indicates the student is a dropout (reason code 98). For more information, see *Annual Dropout Rate. (Source: PEIMS, Oct. 2010)*

Dropout Rate: See *Annual Dropout Rate*.

Economically Disadvantaged: The percent of economically disadvantaged students is calculated as the sum of the students coded as eligible for free or reduced-price lunch or eligible for other public assistance, divided by the total number of students:

$$\frac{\text{number of students coded as eligible for free or reduced-price lunch or other public assistance}}{\text{total number of students}}$$

See also *Campus Group* and *Total Students*. *(Source: PEIMS, Oct. 2010, Oct. 2009; and TEA Student Assessment Division*)

Educational Aides: Educational aides are staff who are reported with a role of 033 (Educational Aide), 036 (Certified Interpreter), or 037 (Non-Certified Interpreter). These aides are referred to as paraprofessional staff. The FTE counts of educational aides are expressed as a percent of the total staff FTE. *(Source: PEIMS, Oct. 2010)*

English Language Learners Progress Indicator: The ELL Progress Indicator evaluates the progress of English language learners in becoming proficient readers of English, based on their performance on either the TAKS reading test or the reading component of Texas English Language Proficiency Assessment System (TELPAS). This is a new indicator in the accountability system.

It is calculated as follows:

$$\frac{\text{All current or monitored LEP students in grades 3-11 who met the TAKS reading/ELA standard or met the criteria on the TELPAS reading component}}{\text{All current or monitored LEP students in grades 3-11 who took the TAKS reading/ELA test or the TELPAS reading component}}$$

Other information:

- *Grades tested*. Although the TELPAS is administered to students in grades K-12, only those tested in grades 3 through 11 are included in the calculation
- *Tests included*. Results from the English-version reading TAKS (including TAKS (Accommodated) and TAKS-M) and the TELPAS are included in the calculation.

TAKS-Alt results are not included, even if the TAKS-Alt students also take the reading component of TELPAS.

- *Years in U.S. Schools*. Only students in at least their second year in U.S. schools are included.

See *Appendix H* for more information on the methodology for this indicator, including specifics about the TELPAS criteria used, the accountability subset rules, and other details. Also see the *ELL Frequently Asked Question* document at:

http://ritter.tea.state.tx.us/perfreport/ell_faq.html

For information regarding the appropriate testing of LEP students, refer to the *District and Campus Coordinator Manual,* available at

http://www.tea.state.tx.us/student.assessment/manuals/dccm/

(Source: TEA Student Assessment Division)

Enrollment: See *Total Students*.

Equity Transfers (2009-10) *(District Profile only)***:** The amount "excluded from revenues" is the expenditures reported by districts for reducing their property wealth to the required equalized wealth level (function 91). The amount "excluded from expenditures" is the expenditures reported by districts for the cost of reducing their property wealth to the required equalized wealth level (function 91).

Note this item is reported as *actual* expenditures, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B*. *(Source: PEIMS, March 2011)*

Ethnic Distribution: For the 2010-11 AEIS reports, the new federal definitions for the collection of ethnicity and race are used. Students and staff are now reported as African American, Hispanic, White, American Indian, Asian, Pacific Islander, and Two or More Races. In the *Profile* section, both counts and percentages of the total number of students and staff in each of these categories are shown.

For some performance measures—TAKS (Accountability Indicator), Attendance, Annual Dropout Rate, Advanced Course/Dual Enrollment, RHSP/DAP Graduates, AP/IB, ACT/SAT, and College-Ready Graduates—the groups of Asian, Pacific Islander, and Two or More Races have no data available for the prior school year since the former definitions were in use that year. Missing information is noted as "n/a" for *Not Available*. The Completion Rate and TAKS Exit-level measures show "n/a" for both current and prior years for these groups because these measures use the former definitions for both years.

(Source: PEIMS, Oct. 2010, Oct. 2009; The College Board; ACT Inc.; The International Baccalaureate Organization; and TEA Student Assessment Division)

FTE: Full-Time Equivalent.

Fund Balance Information *(District Profile only)***:** The amount of undesignated, unreserved fund balance that existed at the end of the 2009-10 school year is reported for each district.

The unreserved fund balance is not legally restricted and has two components: designated and undesignated. The designated component requires local board action to earmark the balance for bona fide purposes that will be fulfilled within a reasonable period of time. The undesignated component is available to finance monthly operating expenditures.

The amount reported in the AEIS report is the undesignated component, calculated as the difference between the total unreserved fund balance and the designated unreserved fund balance. This balance amount is expressed as a percent of the total budgeted expenditures (for the general fund) for the current year (2010-11) as specified in statute.

A district can have a negative, undesignated, unreserved fund balance when the district's reserved fund balance is greater than the district's total fund balance.

Note that while other finance items are now reported as actual, fund balance information is still expressed as a percent of total *budgeted* expenditures for the current year as required in statute. *(Source: Financial Audit Report, Jan. 2011)*

General Fund: This is a governmental fund used for operations of on-going organizations and activities. The amounts reported in this fund classification are reported separately from *All Funds*. General fund reporting includes fund codes 101-199, 266 and 420. Fund 420, Foundation School Program and Other State Aid, is included in the general fund for charter schools only. Fund 266, State Fiscal Stabilization Fund (beginning fiscal year 2008/2009), is also included in the general fund and is federally funded by the American Recovery and Reinvestment Act of 2009.

Note that all financial data shown by fund is *actual* data, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B*. *(Source: PEIMS, March 2011)*

Gold Performance Acknowledgment: The *Gold Performance Acknowledgment* (GPA) system acknowledges districts and campuses for high performance on indicators other than those used to determine accountability ratings. Charter operators and alternative education campuses (AECs) evaluated under alternative education accountability (AEA) procedures are also eligible to earn GPAs. Acknowledgment is awarded for high performance on:

- Advanced Course/Dual Enrollment Completion
- AP/IB Examination Results
- Attendance Rate
- College-Ready Graduates
- Commended Performance on TAKS: Reading/English Language Arts
- Commended Performance on TAKS: Mathematics
- Commended Performance on TAKS: Writing
- Commended Performance on TAKS: Science
- Commended Performance on TAKS: Social Studies
- Comparable Improvement: Reading *(campus only)**

- Comparable Improvement: Mathematics *(campus only)**
- Recommended High School Program/Distinguished Achievement Program
- SAT/ACT Results (College Admissions Tests)
- TSI – Higher Education Readiness Component: English Language Arts
- TSI – Higher Education Readiness Component: Mathematics

* Comparable Improvement GPA is not applicable for campuses evaluated under AEA procedures.

Schools and districts receive one of three possible categories for each indicator. *Acknowledged* signifies they met the *Gold Performance* standard for the indicator; *Does Not Qualify* signifies that they were evaluated but did not meet the standard for the indicator or that the school or district was *Academically Unacceptable* or *AEA: Academically Unacceptable; Not Applicable* signifies there were no data to be evaluated for the indicator, usually due to the grades served by the district or campus. Schools or districts labeled *Not Rated* are not evaluated for *Gold Performance Acknowledgment* and are noted as *Not Applicable*.

Any GPAs earned by a district or campus are listed on the cover page of the AEIS reports, following the Accountability Rating. Refer to Chapters 5 and 13 in the *2011 Accountability Manual* for detailed information on the standards for *Gold Performance Acknowledgment*.

See also *Advanced Course/Dual Enrollment Completion, AP/IB Results, Attendance Rate, College-Ready Graduates, Comparable Improvement, RHSP/DAP Graduates, SAT/ACT Results, Texas Success Initiative,* and *TAKS*.

Graduates (Class of 2010): Shown in the *Profile* section, this is the total number of graduates (including summer graduates) for the 2009-10 school year, as reported by districts in the fall of 2010. The value includes 12th graders who graduated as well as graduates from other grades. Students in special education who graduate are included in the totals, and are also reported as a separate group. Special education graduates are students who graduated with a special education graduation type code or who received special education services their entire senior year (as determined by attendance data). Counts of students graduating under the recommended high school or distinguished achievement programs are also shown.

Students graduating with the class of 2010 could be coded with one of the following graduation types:

- Minimum High School Program
- Recommended High School Program
- Distinguished Achievement Program
- Special Education student completing an individualized education program (IEP)

Counts of graduates are calculated slightly differently for three graduation-related indicators on the *Performance* section of the AEIS report:

- SAT/ACT results do not indicate whether the examinee is served in special education; therefore, there is no way to know if a student taking the SAT or ACT is served in special education. However, because relatively fewer students served in special education take college admissions tests, only non-special education graduates are included in the denominator.
- The *RHSP/DAP* (Recommended High School Program/Distinguished Achievement Program) indicator as well as the *College-Ready Graduates* indicator include all graduates, special education and non-special education, in both the numerator and denominator.

See also *College-Ready Graduates, Completion Rate,* and *RHSP/DAP Graduates*. *(Source: PEIMS, Oct. 2010)*

Instructional Expenditure Ratio (2009-10) *(District Profile only)***:** This measure, required by TEC 44.0071, indicates the percentage of the district's total actual expenditures for the 2009-10 fiscal year that were used to fund direct instructional activities. The instructional expenditure ratio is a district-level only measure, and is calculated as follows:

$$\frac{\text{expenditures reported in function codes 11, 12, 13, 31 and object codes 6112 through 6499}}{\text{expenditures reported in function codes 11-52, 92,and 95 and object codes 6112 through 6499}}$$

Contact the School Financial Audits Division at (512) 463-9095 for further details on this measure. See *Appendix B* for function and expenditure code labels. *(Source: PEIMS, March 2011)*

Instructional Staff Percent *(District Profile only)***:** This measure, required by TEC 44.0071, indicates the percentage of the district's full-time equivalent employees whose job function was to directly provide classroom instruction to students during the 2010-11 school year. The instructional staff percent is a district-level-only measure, and is calculated as follows:

$$\frac{\text{total number of hours district staff reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the School Financial Audits Division at (512) 463-9095 for further details about this measure. *(Source: PEIMS, Oct. 2010)*

International Baccalaureate (IB): See *AP/IB Results*.

Leaver Record: In determining the status of prior year 7th through 12th grade students who are no longer enrolled at a Texas public school, TEA reviews attendance and enrollment records of all districts, the records of Texas graduates for the last several years, and GED certificate records. Districts, for their part, are required to submit a leaver code for all other students. This group of "leavers" includes students such as those who graduated, enrolled in school in another state, returned to their home country, died, or dropped out. This information is sent to TEA in Submission 1 of the annual PEIMS data collection.

See *Data Quality*. *(Source: PEIMS, Oct. 2010; Secondary School Completion and Dropouts in Texas Public Schools, 2009-10, Texas Education Agency)*

Limited English Proficient (LEP): These are students identified as limited English proficient by the Language Proficiency Assessment Committee (LPAC) according to criteria established in the Texas Administrative Code. Not all students identified as LEP receive bilingual or English as a second language instruction, although most do. In the *Profile* section of the reports, the percent of LEP students is calculated by dividing the number of LEP students by the total number of students in the school or district.

The LEP column in the *Performance* section shows the performance of students identified as LEP in the current year only; students who are no longer considered limited English proficient are not included in this column.

Section III of the district, region, and state reports shows the performance of LEP students in greater detail. See *Bilingual Education/English as a Second Language Report* and *Appendix I*. See also *Campus Group* and *TAKS Participation*. *(Source: PEIMS, Oct. 2010)*

Met Standard: See *TAKS Met 2011 Standard*.

Mobile: This measure, which is part of the *TAKS Participation* section of the AEIS, indicates the percent of student test results not included in the accountability system because the students move to a different school or district between the fall and spring.

Note that this measure is different from *Mobility,* which is defined below. See also *Accountability Subset*.

Mobility *(Campus Profile only)***:** A student is considered to be mobile if he or she has been in membership at the school for less than 83% of the school year (*i.e.*, has missed six or more weeks at a particular school).

$$\frac{\text{number of mobile students in 2009-10}}{\text{number of students who were in membership at any time during the 2009-10 school year}}$$

This rate is calculated at the campus level. The mobility rate shown in the *Profile* section of campus reports under the "district" column is based on the count of mobile students identified at the campus level. That is, the district mobility rate reflects school-to-school mobility, within the same district or from outside the district. See also *Campus Group*. *(Source: PEIMS, June 2010)*

n/a: This indicates that data are not available or are not applicable.

Number of Students per Teacher: This shows the total number of students divided by the total teacher FTE count. *(Source: PEIMS, Oct. 2010)*

Paired Schools: For accountability purposes, schools that reported enrollment but did not have grades in which the state-mandated test was given (*e.g.* K-2 schools), are paired with schools with which they have a "feeder" relationship to determine accountability ratings. For example, assuming Travis Primary (K-2) feeds students into Navarro Elementary (3-5), the district would pair these two schools for accountability purposes. This means that the TAKS performance of Navarro Elementary is also used for rating Travis Primary and is reported on the AEIS report for Travis Primary. See Chapter 6 in the *2011 Accountability Manual*.

PBM Special Education Monitoring Results Status: This label appears on the cover of AEIS reports for districts with a special education monitoring status. For an explanation of each label, see *Appendix G*.

Performance of Mobile Students *(State Performance only)***:** This additional report shows the aggregate state-level performance of students who were excluded from the district accountability subset due to mobility across districts between October and the time of testing. It is calculated for each TAKS subject as:

$$\frac{\text{number of mobile students who passed each test}}{\text{number of mobile students tested}}$$

These results are shown at http://ritter.tea.state.tx.us/perfreport/aeis/2011/state.html. Scroll down to *Performance of Mobile Students* (past the TAKS indicators) and click on the link.

The report shows performance by subject summed across all grades tested. For purposes of comparison, *Performance of Mobile Students* is shown for 2011 and 2010. Both years use the new definitions for race and ethnicity.

This indicator is not available at the region, district, or campus level. See also *Mobile*. *(Source: TEA Student Assessment Division)*

Professional Staff: This is a full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and, on the district profile, central administrators. Staff are grouped according to the PEIMS roles reported. Each type of professional staff is shown as a percentage of the total staff FTE. See also *Appendix A*. *(Source: PEIMS, Oct. 2010)*

Progress of Prior Year TAKS Failers: This indicator provides two measures that show the progress of students who failed the reading/ELA portion or the mathematics portion of the TAKS in the prior year.

(1) *Percent of Failers Passing TAKS (Sum of Grades 4 – 11)*. Of the students who failed the TAKS, including TAKS (Accommodated) and TAKS-Modified, in the prior year, this measure shows the percent that passed the corresponding assessment in the current year.

For 2011, the reported values for reading/ELA and mathematics are calculated as:

$$\frac{\text{number of matched students who failed in 2010 but passed in 2011}}{\text{number of matched students who failed in 2010}}$$

(2) *Average Vertical Scale Growth (VSG) (Sum of Grades 4 – 8)*. For students who failed the TAKS in the prior year, this measure shows their average growth (or change) between the prior year and current year, based on the average *Vertical Scale Growth*.

For 2011, the reported values for reading/ELA and mathematics are calculated as:

$$\frac{\text{sum of individual student VSG values for students who failed in 2010}}{\text{total number of students with VSG values who failed in 2010}}$$

For 2011, students included in these measures are those who:

- took the spring 2011 TAKS reading/ELA and/or mathematics tests in grades 4-11. Progress is not calculated for grade 3 test takers since that is their first TAKS test;
- are part of the 2011 Accountability Subset;
- can be matched to the spring 2010 TAKS administration—anywhere in the state—to find their prior year score for reading/ELA and/or mathematics;
- failed the 2010 TAKS administration of reading/ELA and/or mathematics.

Reports for both these measures *by grade* are available for each district and campus on the internet, within the AEIS report that appears on the Division of Performance Reporting's website. To view these reports, access the HTML version of a campus or district report from the AEIS site (http://ritter.tea.state.tx.us/perfreport/aeis/2011/). The link below *Progress of Prior Year TAKS Failers* produces a separate report that provides the progress of prior year failers by grade. This indicator is also available in *Section III* of the reports. See also *Vertical Scale Growth* in this *Glossary*. For a more complete explanation of the *Vertical Scale Growth,* see *Appendix E* in the *2011 Accountability Manual*. *(Source: TEA Student Assessment Division)*

Note: During the reprocessing of 2010 TAKS data—which was done to conform to test versions and ethnicities for 2011—an error was noted in the 2010 Progress of Prior Year TAKS Failer analyses that were reported on the 2009-10 AEIS reports. This was specifically related to the inappropriate use of vertical scale adjustments due to changes in the vertical scale between 2009 and 2010. With the release of the 2010-11 AEIS, all 2010 Progress of Prior Year TAKS Failer datasets have been recreated, including the median data and the download datasets associated with this indicator. Further, the 2009-10 AEIS reports which were published in December 2010 have been updated to reflect the changed data for this indicator.

Recommended High School Program: See *RHSP/DAP Graduates*.

Retention Rates by Grade: The retention rate, reported in the *Profile* section, shows the percent of students in Texas public schools who enrolled in the fall of 2010-11 in the same grade as their grade in the last reported six-week period of the prior year (2009-10). It is calculated as follows:

$$\frac{\text{total students not advanced to the next grade}}{\text{total students advanced to the next grade + total students not advanced to the next grade}}$$

Special education retention rates are calculated and reported separately from the rates of non-special education students because local retention practices differ greatly between these two populations of students.

The AEIS report only shows retention rates for grades K-8. Retention rates for all grades can be found in *Grade-Level Retention in Texas Public Schools, 2009-10,* available from TEA. *(Source: PEIMS, Oct. 2010, June 2010)*

RHSP/DAP Graduates: This indicator shows the percent of graduates who were reported as having satisfied the course requirements for the Texas State Board of Education Recommended High School Program or Distinguished Achievement Program. It is calculated as follows:

$$\frac{\text{number of graduates reported with graduation codes for } \textit{Recommended High School Program} \text{ or } \textit{Distinguished Achievement Program}}{\text{number of graduates}}$$

RHSP graduates are students with type codes of 15, 19, 22, 25 or 28; DAP graduates are students with type codes of 17, 20, 23, 26 or 29. See the *PEIMS Data Standards* for more information.

Schools and districts may qualify for *Gold Performance Acknowledgment* based on their RHSP/DAP rate. For a more detailed explanation of *Gold Performance Acknowledgment,* see the *2011 Accountability Manual*. See also *Graduates*. *(Source: PEIMS, Oct. 2010, Oct. 2009)*

SAT/ACT Results: These include the College Board's SAT and ACT, Inc.'s ACT Assessment. Both testing companies annually provide the agency with testing information on the most recent test participation and performance of graduating seniors from all Texas public schools. Only one record is sent per student. If a student takes an ACT or SAT test more than once, the agency receives the record for the most recent examination taken.

Three values are calculated for this indicator:

(1) *Tested*. This shows the percent of graduates who took either college admissions test:

$$\frac{\text{number of graduates who took either the SAT or the ACT}}{\text{number of non-special education graduates}}$$

Note that "graduates" in the denominator of equation (1) does not include special education graduates; however, special education graduates who took either the SAT or ACT are included in the numerator. The performance of special education students is included in both the numerator and denominator of the other equations. (See *Graduates*.)

(2) *At/Above Criterion*. This shows the percent of examinees who scored at or above the criterion score on either test (1110 on the SAT critical reading and mathematics sections combined, or 24 on the ACT composite):

$$\frac{\text{number of examinees who scored at or above criterion}}{\text{number of examinees}}$$

(3) *Average Score*. This shows the average score for the SAT critical reading and mathematics combined and the average score for the ACT composite, calculated as follows:

$$\frac{\text{total score (mathematics plus critical reading) for all students who took the SAT}}{\text{number of students who took the SAT}}$$

and

$$\frac{\text{total composite score for all students who took the ACT}}{\text{number of students who took the ACT}}$$

Despite the addition of the *writing* portion of the SAT, the criterion score continues to be based on mathematics and critical reading only.

Schools and districts may qualify for *Gold Performance Acknowledgment* based on their SAT/ACT performance and participation. For a more detailed explanation of *Gold Performance Acknowledgment,* see the *2011 Accountability Manual*. See also *Criterion Score. (Sources: The College Board, Aug. 2010, Jan. 2010; ACT, Inc. (ACT) Oct. 2010, Oct. 2009; and PEIMS, Oct. 2010, Oct. 2009)*

School Type: For purposes of creating the Campus Groups, schools are placed into one of four classifications based on the lowest and highest grades in which students are enrolled at the school (*i.e.* in membership): *elementary, middle* (including junior high school), *secondary,* and both *elementary/secondary* (K-12). Generally speaking, elementary schools are PK-5 or PK-6, middle schools are 6-8, and secondary schools are 9-12. Schools with grade spans that do not exactly match these are grouped with the school type most similar to their grade span. For exact details on the low and high grade combinations included with each type see the "2011 School Types Chart" at:

http://ritter.tea.state.tx.us/perfreport/account/2011/schtype_chart.html

Section III: Bilingual Education/English as a Second Language Report *(district only):* See *Bilingual Education/English as a Second Language Report*.

Special Education: This refers to the population served by programs for students with disabilities. Assessment decisions for students in special education programs are made by their Admission, Review, and Dismissal (ARD) committee. The ARD committee is made up of the parent(s) or guardian, teacher, administrator, and other concerned parties. In the 2010-11 school year, a student in special education may have been administered the TAKS, TAKS (Accommodated), TAKS-Modified, or TAKS-Alternate. Results from all these assessments are included in the TAKS performance shown on the AEIS reports. Campus and district-level performance results of the TAKS-Modified and TAKS-Alternate assessments are also shown separately on the AEIS reports.

Other indicators that include the performance of students in special education are: advanced course/dual enrollment completion, attendance rate, annual dropout rates, college-ready graduates, completion rates, RHSP/DAP, TAKS exit-level cumulative pass rate, and the Texas Success Initiative. Information that would allow the separation of performance of students in special education on college admissions tests and on Advanced Placement and International Baccalaureate examinations is not available. Note that in the *Profile* section of the report, retention rates are shown separately for special education and non-special education students. See *TAKS Special Education Assessments* and *TAKS Participation. (Source: PEIMS, Oct. 2010, Oct. 2009, and TEA Student Assessment Division)*

Special Education Compliance Status: See *PBM Special Education Monitoring Results Status*.

Staff Exclusions: These are counts of individuals who serve public school students, but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services. *Shared Services Arrangement (SSA) Staff* work in schools located in districts other than their employing district, or their assigned organization (in PEIMS) shows a code of 751, indicating that

they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid. *Contracted Instructional Staff (District and Campus Profiles)* refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. *(Source: PEIMS, Oct. 2010)*

Standardized Local Tax Base (comptroller valuation) *(District Profile only)***:** The Comptroller conducts a study each year that uniformly evaluates the property values within school district boundaries. Locally assessed values may vary from the Comptroller's study values. The values certified by the Comptroller's Property Tax Division (Comptroller Valuation) are standardized in that they are deemed to be comparable across the state. Note that the values shown are final for tax year 2010. This is not the property value used for school funding calculations.

- *Value (after exemptions)*. This refers to the market value of all property in a district, minus certain exemptions and deductions. The value after exemptions reflects deductions for the state-mandated homestead exemptions, the disabled veterans' exemptions, the school tax ceiling for homeowners over age 65 or disabled, and other state-mandated exemptions.
- *Value per Pupil*. This refers to school district property value, or Standardized Local Tax Base, divided by the total number of students. This per pupil figure is one definition of "wealth." Note that the values shown are final for tax year 2010. At the state level, the per pupil amount is created by dividing by the total number of students in districts with property value. Some districts do not have property value; their students are not included.
- *Value by Category*. This shows aggregates of individual property tax categories expressed as a percent of the Comptroller's property value *before* the exemptions are applied. Thus, the sum of the category values will exceed the value used for per pupil calculations. Note that the values shown are final for tax year 2010.
  - Business –
    - real property: commercial and industrial;
    - real and tangible personal property: utilities; and
    - personal property: commercial and industrial.
  - Residential – real property: single-family, residential; multifamily, residential; and inventory.
  - Land – real property: vacant lots and tracts; acreage at market value, and farm and ranch improvements; acreage at productivity value.
  - Oil and Gas – real property: oil, gas, and other minerals.
  - Other – tangible personal property: other; and intangible personal property.

(Source: Texas Comptroller of Public Accounts, July 2011)

Student Enrollment by Program: Students are identified as served in programs and/or courses for Special Education, Career and Technical Education, Bilingual/ESL Education, or Gifted and Talented Education. The percentages do not sum to 100, as a student may be enrolled in more than one of these programs. *(Source: PEIMS, Oct. 2010)*

Student Success Initiative (SSI): For the 2010-11 school year, students in 5th grade needed to pass both the reading and mathematics portions of the TAKS in order to be promoted to 6th grade, and students in 8th grade needed to pass both the reading and mathematics portions of the TAKS in order to be promoted to 9th grade. Students were given three opportunities to pass each required test. In addition to promotion based on passing the test, some students were promoted based on the recommendation of their grade placement committee (GPC). The committee members needed to agree that the student was likely to perform on grade level after receiving accelerated instruction. The AEIS report shows four measures for each SSI grade and subject:

(1) *Students Requiring Accelerated Instruction*. For each subject and grade, this shows the percent of students who did not pass the first administration of the TAKS. Students who did not pass the test during the first administration must be provided accelerated instruction in preparation for the second administration:

$$\frac{\text{number of eligible students who did not meet the standard in the first administration}}{\text{number of eligible students in the first administration}}$$

The number of eligible students is calculated from the test answer documents and includes all students who were tested, students who should have been tested but were absent, and students who were not tested for other reasons. Students who were absent during the first administration or were not tested for other reasons are included in the counts of students requiring accelerated instruction.

(2) *TAKS Cumulative Met Standard*. For each subject and grade, this shows the cumulative (and unduplicated) percent of students who took and passed the tests in the first and second administrations combined:

$$\frac{\text{number of students who passed the test in either of the first two administrations}}{\text{cumulative number of students who took the test in either of the first two administrations}}$$

The values shown for this measure are the ones used in determining state accountability ratings. In most cases, this value does not match the TAKS performance shown by grade in the first few pages of this AEIS report. The "by grade" results are based on the first administration of each test only.

(3) *TAKS Failers Promoted by Grade Placement Committee (GPC)*. This shows the percent of students who failed all attempts to pass, but were promoted to the next grade by their GPC:

$$\frac{\text{number of students promoted by their GPC}}{\text{cumulative number of students who failed all administrations}}$$

(4) *TAKS Met Standard (Failed in Previous Year)*. This presents two calculations for students who failed in 2010.

For those who were promoted, the first measure shows the percentage that passed the TAKS in 2011. Using grade 5 reading as an example, the calculation is as follows:

$$\frac{\text{number of students promoted by their GPC who passed grade 6 TAKS reading in 2011}}{\text{number of students who were promoted by their GPC and took grade 6 TAKS reading}}$$

For those who were retained, the second measure shows the percentage that passed the TAKS in 2011. Using grade 5 reading as an example, the calculation is as follows:

$$\frac{\text{number of students retained who passed grade 5 TAKS reading in 2011}}{\text{number of students retained and took grade 5 TAKS reading in 2011}}$$

The values include results from both the English and Spanish versions of the TAKS for grade 5. All measures also include results for the TAKS-M and TAKS-Alt assessments.

Note that the highest grade served in many elementary schools is grade 5. In these cases, only the performance of 5th graders who were retained will be reported. The performance of the students promoted to 6th grade will appear in the middle school report.

Some schools and districts may not have any prior year failers. In these cases, no information is printed for this measure.

This indicator is also shown in *Section III* of the reports. For more information, see TEA's Student Assessment Division SSI site at

http://ritter.tea.state.tx.us/student.assessment/resources/ssi/index.html

(Source: TEA Student Assessment Division)

Students by Grade: Percentages are calculated by dividing the number of students in each grade by the total number of students. *(Source: PEIMS, Oct. 2010)*

Students with Disciplinary Placements: Counts and percents of students placed in alternative education programs under Chapter 37 of the *Texas Education Code* (Discipline; Law and Order) are shown (for the 2009-10 school year) in the AEIS reports. Disciplinary placement counts are obtained from PEIMS records. Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2010-11, the following 19 reason codes on the PEIMS 425 record are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Source: PEIMS, June 2010)*

TAKS (Texas Assessment of Knowledge and Skills): The Texas Assessment of Knowledge and Skills (TAKS) is a comprehensive testing program for public school students in grades 3–11. The TAKS is designed to measure to what extent a student has

learned, understood, and is able to apply the concepts and skills expected at each tested grade level.

The grades and subjects shown on the AEIS reports are:

- Grade 3 – reading and mathematics
- Grade 4 – reading, mathematics, and writing
- Grade 5 – reading (first administration only), mathematics (first administration only), and science
- Grade 6 – reading and mathematics
- Grade 7 – reading, mathematics, and writing
- Grade 8 – reading (first administration only), mathematics (first administration only), science, and social studies
- Grade 9 – reading and mathematics
- Grade 10 – English language arts, mathematics, science, and social studies
- Grade 11 – English language arts, mathematics, science, and social studies. These assessments are known as the exit-level tests; students are required to pass them in order to qualify for graduation from high school.

Each TAKS test is linked directly to the Texas Essential Knowledge and Skills (TEKS) curriculum. The TEKS is the state-mandated curriculum for Texas public school students. For more information on TEKS, see the *Texas Essential Knowledge and Skills* website at

http://www.tea.state.tx.us/index2.aspx?id=6148

Note also:

Spanish TAKS. All TAKS tests in grades 3 through 5 are available in either English or Spanish. The AEIS reports show performance on these separately by grade, but combined when performance is summed across grades.

Students with Disabilities. Students with disabilities may take the TAKS (Accommodated), TAKS-Modified (TAKS-M), or the TAKS-Alternate (TAKS-Alt) tests; or they may take the regular TAKS. For 2011, the performance on all tests is included in all TAKS measures shown on the AEIS reports, for both 2011 and 2010.

Race and Ethnicity. The definitions used in determining race and ethnic categories were modified in the 2009-10 school year. That year, for the 2010 TAKS administration, race and ethnic information was collected using both the new and the former definitions. The AEIS reports for that year showed all TAKS results using only the former definition. Beginning with the 2011 TAKS administration, only the new definition was available. For the 2010-11 AEIS reports, all TAKS indicators use the new definition for both current year (2011) and prior year (2010). One exception, the accountability indicator, is noted below.

For 2010-11, the AEIS report shows the percent passing TAKS in several ways:

- *TAKS Met 2011 Standard, By Grade*. The first indicator shown on the report is percent passing TAKS by grade for each subject area and for all tests taken. Please note the following:
  - *Student Success Initiative*. Only performance from the first administration of grade 5 and 8 reading and mathematics is shown by grade. Results that include the second administration can be found on the AEIS reports under *Student Success Initiative: TAKS Cumulative Met Standard*.
  - *TAKS (Accommodated), TAKS–M, TAKS–Alt*. Performance on all TAKS tests is included for all subjects and grades.
  - *Race and Ethnicity*. Performance is disaggregated according to the new definitions for race and ethnicity for both current year (2011) and prior year (2010).
  - *Test Administrations Included*. The results shown are for the first administration in the spring for grades 3-10. Students in grade 11 usually take the exit-level test for the first time in the spring semester of their junior year. However, under certain circumstances they may take the test for the first time in the previous October. The performance of these early testers is included in the results shown on the AEIS if they took and passed all four tests.
  - *All Tests Taken*. As described above, the number of tests given varies by grade. This means that the number of tests included in "All Tests Taken" varies by grade.
- *Sum of All Grades Tested*. Several indicators are shown which sum TAKS results (by subject) across grades.
  - *TAKS Met 2011 Standard (Sum of All Grades Tested)*. This is the accountability indicator used for rating campuses and districts evaluated under standard procedures. Note:
    - Performance for 2011 is disaggregated according to the new definitions for race and ethnicity, but for prior year (2010), it is disaggregated according to the former definitions. For this reason, "N/A" is shown for those racial categories that did not exist within the former definitions.
    - Performance includes the cumulative passing rate from the first and second administrations for grades 5 and 8 reading and mathematics;
    - Performance includes the TAKS (Accommodated), TAKS–M, and TAKS–Alt assessments for all grades and subjects; and
    - Performance includes all TAKS Spanish versions;

    This indicator is also shown in *Section III* of the reports.
  - *TAKS Commended Performance (Sum of All Grades Tested)*. This measure shows the percent of those students who met the higher "Commended" standard for each subject. See *TAKS Commended* for more information. Note:
    - Performance is disaggregated according to the new definitions for race and ethnicity for both current year (2011) and prior year (2010).
    - Performance includes the cumulative passing rate from the first and second administrations for grades 5 and 8 reading and mathematics;
    - Performance includes the TAKS (Accommodated), TAKS–M, and TAKS–Alt assessments for all grades and subjects; and
    - Performance includes all TAKS Spanish versions;
  - *TAKS-M Met 2011 Standard (Sum of All Grades Tested)*. This measure shows the percent of those students who met the TAKS passing standard on the TAKS-

Modified assessment. Performance is disaggregated according to the new definitions for race and ethnicity for both current year (2011) and prior year (2010).

- *TAKS-Alt Met 2011 Standard (Sum of All Grades Tested)*. This measure shows the percent of those students who met the TAKS passing standard on the TAKS-Alternate assessment. Performance is disaggregated according to the new definitions for race and ethnicity for both current year (2011) and prior year (2010).

Other important information:

- *Sum of all grades tested*. This refers to the grades tested at the particular school. For example, the percent passing reading in an elementary school with a grade span of K-5 is calculated as follows:

$$\frac{\text{number of students who passed the reading test in grades 3, 4, \& 5}}{\text{number of students who took the reading test in grades 3, 4, \& 5}}$$

- *Rounding of Met Standard Percent*. TAKS performance on the AEIS is rounded to whole numbers. For example, 59.877% is rounded to 60%; 79.4999% is rounded to 79%; and 89.5% is rounded to 90%.

- *Masking for Very High and Very Low Performance*. Since 2004, more stringent masking rules have applied to results for the TAKS. In cases where performance is at or near 100%, the value is shown as ">99%." In cases where performance is at or near 0%, the value is shown as "<1%." It is necessary to mask data that potentially reveals the performance of every student in order to be in compliance with the federal *Family Educational Rights and Privacy Act* (FERPA). For more information about the masking rules employed on the AEIS reports, see the "Explanation of AEIS Masking Rules" at:

  http://ritter.tea.state.tx.us/perfreport/aeis/2011/masking.html

- *Accountability Subset*. Only test takers who were enrolled on the last Friday in the previous October are included in the calculations shown on the AEIS reports. This is referred to as the "October subset" or the *Accountability Subset*. For the district, a student who moved into the district after October 29, 2010 would not have his performance included at the district level. At the campus level, a student who changed to a different campus within the same district after October 29, 2010 would not have his performance included at that school, though it would be included at the district level. See *Accountability Subset* for more information.

- *All Tests Taken*. Although *All Tests Taken* is not a measure evaluated for accountability ratings purposes, it is shown on the AEIS report, both "by grade" and "summed across grades." This value shows the percent of students who passed every test they took. For example, a group of 100 students tested in reading and mathematics at the 3rd grade might have the following results: 90 students passed reading and 80 students passed mathematics. However, only 75 of those students passed BOTH reading and mathematics. For this reason, while the percent passing reading would be 90%, and the percent passing mathematics would be 80%, the percent passing *All Tests Taken* would be only 75%, not an average of 80% and 90%. *All Tests Taken* is always equal to or less than the percent of students who passed any of the individual subject areas. The

more tests taken and considered for this measure, the more likely the *All Tests Taken* value will be lower than any of the individual subject areas.

See also *Appendix F* and *TAKS Participation*. *(Source: TEA Student Assessment Division)*

TAKS (Accommodated): This is the same as the general TAKS assessment with certain format accommodations, such as larger font and fewer items per page. It also contains no embedded field-test items. It is administered in all grades and subjects and is included in every TAKS measure shown on the AEIS.

TAKS-Alternate (TAKS-Alt): This assessment is based on alternate academic standards and is designed for students with significant cognitive disabilities. Performance on TAKS-Alt is shown separately in *TAKS-Alt Met 2011 Standard,* summed across grades and subjects. Unless otherwise noted, for other TAKS measures shown on the AEIS, performance on the TAKS-Alt tests is included. Note that prior year performance (2010) for all relevant TAKS measures has been recomputed to include TAKS-Alt performance. *(Source: TEA Student Assessment Division)*

TAKS Commended Performance: This measure refers to the highest performance level on the TAKS, as set by the State Board of Education. Students who achieve Commended Performance have shown a thorough understanding of the knowledge and skills at their grade level. The indicator includes performance on TAKS (Accommodated), TAKS-M, and TAKS-Alt tests.

For 2011, Commended Performance in reading and mathematics is evaluated as a new base indicator in the state accountability rating system. For a more detailed explanation of how this indicator is used in determining accountability ratings, see Chapter 2 of the *2011 Accountability Manual*.

Schools and districts may also qualify for *Gold Performance Acknowledgment* based on their Commended Performance on reading/ELA, writing, mathematics, social studies, and science. For a more detailed explanation of *Gold Performance Acknowledgment*, see Chapter 5 of the *2011 Accountability Manual*.

TAKS Exit-level Cumulative Pass Rate *(District Performance only)***:** The TAKS cumulative pass rate shows the percent of students who first took the TAKS exit-level test in spring 2010, and eventually passed all TAKS tests taken (in the same district) by spring 2011. (Students who failed the first time had four additional opportunities to retake test(s) before their graduation date.) This measure is intended to show the relative success of districts in their efforts to help all their students pass the exit-level TAKS, which is a requirement for graduation from Texas public schools. Performance on the TAKS (Accommodated) is included; performance on the TAKS-M and TAKS-Alt test is not included.

Test takers included in the *TAKS Exit-level Cumulative Pass Rate* for the class of 2011:

- Any student who took the TAKS or TAKS (Accommodated) for the first time in spring 2010.
- All special education students who took any TAKS or TAKS (Accommodated) test.

- All above students, whether or not they were in the *Accountability Subset* in spring 2010.

Test takers NOT included in the *TAKS Exit-level Cumulative Pass Rate:*

- Students who first took the exit-level test in District A, did not pass all sections and then moved to District B and retested. These students are taken out of both the numerator and denominator, whether or not they eventually passed all tests taken.
- Students who moved out of state, left the country, or died before passing all tests taken. These students are in the denominator but not the numerator. They cannot be removed because they are not specifically identified in the data.
- Students who dropped out of school before passing all tests taken are in the denominator but not the numerator.
- Students who moved into the state after the spring of 2010 are not included, even if they took the TAKS and graduated with the class of 2011.
- Performance for 2011 and 2010 is disaggregated according to the former definitions for race and ethnicity. For this reason, "N/A" is shown for those racial categories that did not exist within the former definitions.

(Source: TEA Student Assessment Division)

TAKS Met 2011 Standard: This refers to the current TAKS scale score students must achieve in order to pass the test. For grades and subjects on the horizontal scale, a scale score of 2100 or higher is passing. For grades and subjects on the vertical scale, the scale scores required to pass vary. For the actual number of test questions (raw score) required to pass each assessment, see *Appendix F*. The student passing standard is set by the State Board of Education.

TAKS-Modified (TAKS-M): This alternate assessment is based on modified academic achievement standards and is designed for students served by special education who meet certain participation requirements. TAKS-M results are available on the 2010-11 AEIS reports by subject, summed across grades in *TAKS-M Met 2011 Standard*. The percent meeting the standard is calculated as:

$$\frac{\text{number of students who passed TAKS-M [}\textit{subject}\text{] test in grades 3-11}}{\text{number of students who took the TAKS-M [}\textit{subject}\text{] test in grades 3-11}}$$

Unless otherwise noted, for other TAKS measures shown on the AEIS, performance on the TAKS-M tests is included. Note that prior year performance (2010) for all relevant TAKS measures has been recomputed to include TAKS-M performance. *(Source: TEA Student Assessment Division)*

TAKS Participation: This indicator presents the percent of students tested and not tested on each state assessment, as well as the percent of students included and excluded in determining accountability ratings. For 2011, results from the TAKS, TAKS (Accommodated), TAKS-M and TAKS-Alt tests were used in determining accountability ratings.

Test results were excluded from the accountability system if a student was not enrolled in the same district or campus by the last Friday in the previous October (shown as *Mobile*).

Other students are not tested. Reasons for not testing are as follows:

- *Absent*. Students may have been absent during every test administration.
- *LEP Exempt*. Students may have received a LEP (Limited English Proficient) exemption for every test and taken only the Texas English Language Proficiency Assessment System (TELPAS) test.
- *Other*. Tests may not be scored due to illness during testing or other test administration irregularities.

The percentages of students participating and not participating in testing are based as much as possible on the *total number of students enrolled* at the time of testing. Districts are required to submit a TAKS answer document for every student enrolled in grades 3 through 11. The methodology used to create *TAKS Participation* eliminates, as much as possible, duplicate counts of students resulting from multiple answer documents. *Appendix E* provides a description for each component of *TAKS Participation*. *(Source: TEA Student Assessment Division)*

TAKS Progress *(AEA Campus and AEA Charter Operator Performance only)***:** This measure is used in determining accountability ratings under alternative education accountability (AEA) procedures. TAKS Progress is based on *tests* taken. Students who take multiple TAKS tests are included multiple times (for every TAKS test taken). Students who take multiple TAKS exit-level retests are included only when the passing standard is met. This indicator sums performance results across grades 3 through 12 and across all subjects. It is calculated as follows:

$$\frac{\text{number of TAKS tests that meet the standard } \textit{and} \text{ number of TAKS exit-level retests that meet the standard}}{\text{number of TAKS tests taken } \textit{and} \text{ number of TAKS exit-level retests that meet the standard}}$$

This measure is only shown on the AEIS reports for campuses and charter operators evaluated under the AEA procedures in 2011. Prior year results are provided regardless of whether the campus or charter operator was evaluated under AEA procedures in the prior year.

- *AEA Campus*. On reports for registered alternative education campuses, the value shown for the *Campus Group* column is a dash (–); the value for the *District* column is an asterisk (*) unless the campus is run by an AEA charter operator. The *State* column shows aggregates of the AEA campuses only.
- *AEA Charter Operator*. On reports for AEA charter operators, the value shown for the *State* and *Region* columns show aggregates of the AEA campuses only.

For more information on this measure, see Chapter 10 in the *2011 Accountability Manual*.

TAKS Special Education Assessments: For students receiving special education services, the ARD committee determines which TAKS assessment is appropriate for each student based on his/her individual needs. TAKS, the general assessment option that includes

TAKS (Accommodated) for students receiving special education services, is administered to the majority of students in Texas. For students who cannot be appropriately assessed with TAKS and/or TAKS (Accommodated), the TAKS–M and TAKS–Alt are the alternate assessments available to those who meet specific participation requirements.

See *TAKS (Accommodated)*, *TAKS-Alt*, and *TAKS-M*. For more information on these assessments, see the Student Assessment Division website, at

http://www.tea.state.tx.us/index3.aspx?id=3534

Teachers by Ethnicity and Sex: These are counts of teacher FTEs by the major ethnic groups and by sex. Counts are also expressed as a percent of the total teacher FTEs. Beginning this year, the ethnic groups are based on the new federal definitions of race and ethnicity which allow for separation of the Asian and Pacific Islander races and for the new grouping of Two or More Races. *(Source: PEIMS, Oct. 2010)*

Teachers by Highest Degree Held *(District Profile only)***:** This shows the distribution of degrees attained by teachers in the district. The FTE counts of teachers with no degree, bachelor's, master's, and doctorate degrees are expressed as a percent of the total teacher FTEs. *(Source: PEIMS, Oct. 2010)*

Teachers by Program *(population served)***:** Teacher FTE counts are categorized by the type of student populations served. Regular education, special education, compensatory education, career and technical education, bilingual/ESL education, gifted and talented education, and miscellaneous other populations served are shown. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percent of total teacher FTEs. *(Source: PEIMS, Oct. 2010)*

Teachers by Years of Experience *(District Profile only)***:** This is the FTE count of teachers with years of professional experience that fall into the ranges shown. Experience in these categories is the total years of experience for the individual, not years of experience in the reporting district or campus. Teacher counts within each range of experience are expressed as a percent of total teacher FTEs. A beginning teacher is a teacher reported with zero years of experience. *(Source: PEIMS, Oct. 2010)*

Texas Growth Index (TGI): The Texas Growth Index was not used in determining the 2011 Accountability ratings, and is not included in any measure on the 2010-11 AEIS reports.

Texas Projection Measure (TPM): The Texas Projection Measure was not used in determining the 2011 Accountability ratings, and is not included in any measure in the 2010-11 AEIS reports.

Texas Success Initiative (TSI) – Higher Education Readiness Component: The Texas Success Initiative (TSI) is a program designed to improve student success in college. It requires students to be assessed in reading, writing and mathematics skills prior to enrolling in college, and to be advised based on the results of that assessment.

The AEIS reports show the percent of students who were exempted from taking a test for the Texas Success Initiative because they had a high enough score on their exit-level TAKS tests for mathematics and English language arts, as set by the Texas Higher Education Coordinating Board (THECB). The qualifying scores are scale scores of 2200 on their TAKS mathematics and English language arts with a written composition score of

3 or higher on the writing component. This indicator shows the percent of students who achieved this level of proficiency by subject (English language arts and mathematics) for 2011 and 2010. Note also:

- This indicator is subject to accountability subset rules.
- Performance is disaggregated according to the new definitions for race and ethnicity for both current year (2011) and prior year (2010).
- TAKS-M and TAKS-Alt performance is not included. THECB's standard of college readiness on the exit-level TAKS does not apply to these alternate assessments because students are not required to pass the TAKS-M or TAKS-Alt in order to graduate.

Schools and districts evaluated for GPA under standard accountability procedures may qualify for *Gold Performance Acknowledgment* for performance on TSI. For a more detailed explanation of *Gold Performance Acknowledgment,* see Chapter 5 of the *2011 Accountability Manual*. *(Source: Division of Student Assessment)*

Total Expenditures by Object (2009-10) *(District Profile only)***:** Total actual expenditures are grouped by object of expense. Total actual expenditures for groups of object categories are expressed as a percentage of total expenditures. The values in the Per Student column show actual expenditure object categories divided by the total number of 2009-10 students in membership. Note that the number shown is not the amount actually spent on each and every student, but rather a per-student average of the total. Object codes appear in parentheses.

- *Payroll Costs* – These are the gross salaries or wages and benefit costs for all employees (6100).
- *Other Operating Costs* – These include: services rendered to school districts by firms, individuals and other organizations; supplies and materials including fuel for vehicles; other reading materials (not including the cost of state-adopted textbooks); food service supplies; and other expenses necessary for the operation of the school district (6200-6400).
- *Debt Service* – This includes all expenditures for debt service, including the retirement of debt and bond principal, and all interest expenses (6500).
- *Capital Outlay* – These are expenditures for fixed assets, such as land, buildings, and equipment (6600).

Note this item is reported as *actual* expenditures, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B*. *(Source: PEIMS, March 2011)*

Total Operating Expenditures by Function (2009-10): Actual total operating expenditures are grouped by function of expense. Actual operating expenditures for groups of function categories are expressed as a percent of actual total operating expenditures. The values in the Per Student column show actual operating expenditures by function divided by the total number of 2009-10 students in membership. Per student operating expenditures are shown for total operating expenditures and for various groupings of operating categories.

Note that the number shown is not the amount actually spent on each and every student, but rather a per-student average of the total.

When comparing averages for school-level expenditures note that the state and district averages include all types of schools. For example, a high school's per student expenditure may not be comparable to the state average because the state value includes elementary and middle schools, which typically have lower per student expenditures than high schools. Other variables that may affect comparisons are the experience level of teachers and administrators, the types of instructional programs offered, and the student characteristics. Function codes appear in parentheses.

- *Instruction* – These are all activities dealing directly with the interaction between teachers and students, including instruction aided with computers (11), and expenditures to provide resources for Juvenile Justice Alternative Education Programs (95).
- *Instructional-Related Services* – These are expenditures for educational resources and media, such as resource centers and libraries (12), and curriculum development and instructional staff development (13).
- *Instructional Leadership* – This includes managing, directing, supervising, and providing leadership for staff who provide instructional services (21).
- *School Leadership* – This includes directing and managing a school (23).
- *Support Services - Student* – These include guidance, counseling, and evaluation services (31), social work services (32), and health services (33).
- *Student Transportation (District Profile only)* – This includes transporting students to and from school (34).
- *Food Services* – These include food service operation, including cost of food and labor (35).
- *Cocurricular Activities* – These include school-sponsored activities during or after the school day that are not essential to the delivery of instructional services (36).
- *Central Administration (District Profile only)* – This includes managing or governing the school district as an overall entity (41), costs associated with the purchase or sale of attendance credits either from the state or from other school district(s) (92), and—for Charter Schools only—fund raising (81).
- *Plant Maintenance and Operations* – This includes keeping the physical plant and grounds in effective working condition (51).
- *Security and Monitoring Services* – These include keeping student and staff surroundings safe (52).
- *Data Processing Services* – These include data processing services, whether in-house or contracted (53).
- *Other Campus Costs (Campus Profile only)* – This combines functions 35, 36, 51, 52, 53 above.

Note this item is reported as *actual* expenditures, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B*. *(Source: PEIMS, March 2011)*

Total Operating Expenditures by Program (2009-10): Actual total operating expenditures are grouped by program of expense. Actual operating expenditures for groups of program categories are expressed as a percent of actual total operating expenditures. The values in the *Per Student* column show actual total operating expenditures divided by the total number of 2009-10 students in membership. Per student operating expenditures are shown for total operating expenditures by program for various groupings of operating categories. Note that the number shown is not the amount actually spent on each and every student; it is a per-student average of the total. Program codes appear in parentheses. The sum of operating expenditures by program area is less than total operating expenditures by function because a significant portion of expenditures have no program area designated and are reported as "99" meaning "undistributed." These are not included in any of the program categories shown or in the total operating expenditure amount by program. Also, functions included differ between the two breakdowns (by program versus by function).

- *Regular Education* – This is the cost to provide the basic services for education/instruction to students not served in special education (11).
- *Gifted & Talented Education* – This is the cost to assess students for program placement and provide instructional services beyond the basic educational program, designed to meet the needs of students in gifted and talented programs (21).
- *Career & Technical Education* – This is the cost to evaluate, place and provide educational and/or other services to prepare students for gainful employment, advanced technical training or homemaking. This may include apprenticeship and job training activities (22).
- *Special Education* – This is the cost incurred to evaluate, place and provide educational and/or other services to students with disabilities who have Individual Educational Plans (IEP) approved by Admission, Review and Dismissal (ARD) committees. These plans are based on students' abilities and/or learning needs (23).
- *Accelerated Education* – This is the cost of providing additional instructional services for students deemed at risk of dropping out of school (24, 30).
- *Bilingual/ESL Education* – This is the cost of evaluating, placing and providing educational and/or other services to English language learners, with the goal of making them proficient in the English language, in primary language literacy, and in composition and academic language related to required courses (25).
- *Other* – This is the cost of providing services to students who are separated from the regular classroom and sent to either a nondisciplinary or a disciplinary alternative education program (26, 28, 29).
- *High School Allotment* – This accounts for the $275 per high school student allotment that assists districts in:
  - preparing underachieving students to enter institutions of higher education;
  - encouraging students to pursue advanced academic opportunities;

- providing opportunities for students to take academically rigorous courses;
- aligning secondary and postsecondary curriculum and expectations;
- supporting other promising high school completion and success initiatives in grades 6-12 approved by the commissioner of education (31).

- *Athletics/Related Activities* – This is the cost of providing competitive athletic activities, including coaching costs as well as costs for sponsors of drill team, cheerleaders, pep squad, and other organized activities that support athletics, excluding band (91).

Note this item is reported as *actual* operating expenditures by program, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See *Appendix B* for details. *(Source: PEIMS, March 2011)*

Total Revenues by Source (2009-10) *(District Profile only)***:** Actual total revenues are grouped by revenue source. Actual revenues for groups of object categories are expressed as a percent of total revenue. The values in the Per Student column show actual total revenues divided by the total number of students in membership during the 2009-10 school year. Per-student revenues are shown for total revenues by source for various groupings of revenue categories. Note that the number shown is not the amount actually received for each and every student, but rather a per-student average of the total.

The amounts appearing as revenue in any of the categories shown are the amounts that were reported by districts for the general fund and all funds. Object codes appear in parentheses.

- *Local Tax* – This is district income from local real and personal property taxes (objects 5710-5719, less function 91 expenditures).
- *Other Local and Intermediate* – This includes revenue for services to other districts, tuition and fees from students, transfers from within the state, revenue from cocurricular and enterprising activities, revenues from intermediate sources (county), and all other local sources (objects 5720-5769).
- *State* – This includes per capita and foundation program entitlements, revenue from other state-funded programs, revenue from other state agencies, and Teacher Retirement System benefits paid by the State of Texas on behalf of employees in the district (object 5800 series). Note that state revenue also includes the State Fiscal Stabilization Fund (SFSF). The SFSF amount is the revenue received by the Foundation School Program that was distributed according to the Federal American Recovery and Reinvestment Act of 2009. The SFSF amount received by the district is shown in a footnote at the end of the district report. A similar footnote is also shown on the region and state reports (federal revenue-fund 266 used with object code 5929).
- *Federal* – This includes revenue received by the district directly from the federal government or distributed by the TEA or other state entities for programs such as career and technical education, programs for educationally disadvantaged children *(Education Consolidation and Improvement Act, and Elementary and Secondary Education Act),* food service programs, and other federal programs (object 5900 series).

Note this item is reported as *actual* revenues, not *budgeted*. Accordingly, the information is from the prior year (2009-10). See also *Appendix B*. *(Source: PEIMS, March 2011)*

Total Staff: Total staff includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. Minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). Beginning this year, staff race and ethnicities are based on the new federal definitions. The minority staff FTE count is expressed as a percent of the total staff FTE. *(Source: PEIMS, Oct. 2010)*

Total Students: This is the total number of public school students who were reported in membership on October 29, 2010, at any grade, from early childhood education through grade 12. Membership is a slightly different number from enrollment, because it does not include those students who are served in the district for less than two hours per day. For example, the count of *Total Students* excludes students who attend a nonpublic school but receive some services, such as speech therapy—for less than two hours per day—from their local public school district. *(Source: PEIMS, Oct. 2010)*

TSI: See *Texas Success Initiative*.

Turnover Rate for Teachers *(District Profile only)***:** This percent shows the total FTE count of teachers from the fall of 2009-10 who were subsequently not employed in the district in the fall of 2010-11, divided by the total teacher FTE count for the fall of 2009-10. Social security numbers for teachers employed in the district in the fall of 2009-10 were checked to verify their employment status in the same district in the fall of 2010-11. Staff who remained employed in the district but not as teachers were also counted toward teacher turnover. *(Source: PEIMS, Oct. 2010, Oct. 2009)*

Value by Category: See *Standardized Local Tax Base* (comptroller valuation).

Vertical Scale Growth (VSG): This measure shows growth on TAKS reading and mathematics for grades 3-8. It is used in determining Comparable Improvement (CI).

An average VSG value for each campus is determined by aggregating the student-level VSG values to the campus level and dividing by the number of students. Included in the measure are students who:

- took the spring 2011 TAKS reading and/or mathematics tests, in grades 4 – 8.
- are part of the 2011 *Accountability Subset* (see *Chapter 2* of the *2011 Accountability Manual*);
- can be matched to the spring 2010 TAKS administration—anywhere in the state—to find their prior year performance for reading, and/or mathematics; and,
- have been promoted to one higher grade than in 2010.

Calculating average VSG:

$$\text{average VSG (reading)} = \frac{\text{sum of individual student VSG values for reading}}{\text{total number of students with VSG in reading}}$$

$$\text{average VSG (mathematics)} = \frac{\text{sum of individual student VSG values for mathematics}}{\text{total number of students with VSG in mathematics}}$$

Once the average VSG is determined, it is listed with the other 40 average VSGs of the school's comparison group. The schools are arranged from highest to lowest average VSG. If the target school falls in the top quartile and all other eligibility criteria are met, it is awarded a GPA for CI. This is calculated separately by subject. Comparable Improvement reports are available at:

http://ritter.tea.state.tx.us/perfreport/ci/2011/index.html

Because VSG is only available for grades 3-8, only schools that have students tested in grades 4-8 can have a CI report. VSG calculations begin with grade 4 because students must prior year results (grade 3) in order to show growth.

For a more detailed explanation of VSG, see *Appendix E* of the *2011 Accountability Manual*.

Who to Call

Information about the calculation of all Academic Excellence Indicator System (AEIS) data elements is provided in this *Glossary*. Information on the calculation of state accountability ratings is available in the *2011 Accountability Manual*. If, after reading these documents, you have questions about the calculation of AEIS indicators or accountability ratings, contact **Performance Reporting at (512) 463-9704.**

Questions related to programs and policies for the following subjects should be directed to the contacts listed below. All telephone numbers are in the (512) area code unless otherwise noted.

Subject	Contact	Number
Accountability Ratings (methodology)	Performance Reporting	463-9704

*** Indicates the line item appears on the Campus Profile only.

**** At the campus level, only functions 11-13, 21, 23, 31 – 33, and 95 are included in expenditures by program area.

§ Excludes Intergovernmental Charges (function 90 series) except functions 92 & 95.

† Function 91represent tuition transfers for grades not offered, not "Equity Transfers."

†† Function 91 represent the expenditure amount reported for the cost of reducing property wealth to the required equalized wealth level and payments to charter schools, respectively.

††† The 6400 object codes include: 6629, 6631, 6639, 6649, and 6659 which is only applicable to charter schools excluding open enrollment college and university charters. Note that these object codes are not included in the 6600 code series.

@ State revenue includes State Fiscal Stabilization Funds (fund code 266 with object code 5929), distributed under the Federal American Recovery and Reinvestment Act.

See the *Financial Resource Guide* (at http://www.tea.state.tx.us/index4.aspx?id=1222) for explanations of the fund, function, object, and program codes.

Note: All Values are based on students matched from 2011 to 2010. An Asterisk indicates less than five students tested.

(1) Number of Matched Students: Those students at each campus whose TAKS results can be found in both current **and** prior years.

(2) 2010 Average Scale Score: The sum of prior year vertical scale scores of matched students, divided by the number of matched students.

(3) 2011 Average Scale Score: The sum of current year vertical scale scores of matched students, divided by the number of matched students.

(4) 2010 Failer Average Vertical Scale Growth: The average VSG for those matched students who failed the TAKS in the prior year. *For information only, not used for accountability.*

(5) 2011 Average VSG: The sum of the differences between the current and prior year vertical scale scores of matched students, divided by the number of matched students.

(6) 2011 Quartile: The average VSG values in column 5 are sorted from highest to lowest for the 40 campuses in the comparison group. Then four quartiles (Q1, Q2, Q3, & Q4) are assigned. Quartiles may have fewer than or more than 10 campuses, depending on the values. Campuses in Q1 have shown the greatest improvement in TAKS performance, relative to the other schools in the group.

This listing is in campus ID order.

Any school with fewer than ten matched students does not have a VSG value calculated, and is, therefore, not included in the quartile distribution. In these cases, a dash (–) will be shown.

2010-11 TAKS Participation

This section shows TAKS, TAKS (Accommodated), TAKS-M and/or TAKS-Alt participation rates for all students in grades 3-11.

Tested: The percent of students who took one or more tests on any TAKS assessment.

Not Tested: The percent of students (in the grades tested) who did not take any test.

Absent: The percent of students who were absent for every test.

Other: The percent of students whose answer documents were coded with a combination of the "Not Tested" categories, or whose testing was disrupted by illness or other similar events.

LEP Exempt: The percent of students who received a limited English proficiency (LEP) exemption on every test.

Total Count: This represents the number of students who were in school during the spring 2011 TAKS administration and is roughly equivalent to enrollment in the grades tested. The official "enrollment" numbers in grades 3-11 will not match exactly the number of students tested because enrollment is counted in the fall and students are tested in the spring.

The **Tested** section is shown two ways:

By Test Version

TAKS (1 or more): This shows the percent of students who were tested on the TAKS only or in combination with TAKS (Accommodated), TAKS-M or TAKS-Alt.

Not on TAKS: This shows the percent of students who were tested on one or more TAKS (Accommodated), TAKS-M, or TAKS-Alt test only.

By Acct Status

Acct System: This shows the percent of students whose performance on the TAKS, TAKS (Accommodated), TAKS-M, or TAKS-Alt was used to determine a school's and district's accountability rating. The performance reported in the 2010-11 AEIS reports is based on this subset of non-mobile students.

Non-Acct System: The percent of students in the grades tested with tests results that are not used in the accountability system for one of the following reasons:

- **Mobile:** This includes students who enrolled in the district or campus after late October (the fall PEIMS submission date).
- **Non-Acct Test:** This includes students who tested entirely in TAKS-Alt, with an alternative assessment code of '1' or '4,' for all tests administered.

A sum of the percents shown may not equal exactly 100 due to rounding and/or missing information.

TAKS Raw Scores for Spring 2011 Tests

Spring 2011 TAKS Reading (English) Performance Standards

		Standard	Total Points Possible	Number Correct	Percent Correct
Reading (English)	**Grade 3**	Met Standard	36	22	61%
		Commended Performance		33	92%
	Grade 4	Met Standard	40	27	68%
		Commended Performance		37	93%
	Grade 5[1]	Met Standard	42	30	71%
		Commended Performance		39	93%
	Grade 6	Met Standard	42	30	71%
		Commended Performance		39	93%
	Grade 7	Met Standard	48	31	65%
		Commended Performance		44	92%
	Grade 8[1]	Met Standard	48	35	73%
		Commended Performance		45	94%
	Grade 9	Met Standard	42	27	64%
		Commended Performance		37	88%

Spring 2011 TAKS Reading (Spanish) Performance Standards

		Standard	Total Points Possible	Number Correct	Percent Correct
Reading (Spanish)	**Grade 3**	Met Standard	36	21	58%
		Commended Performance		32	89%
	Grade 4	Met Standard	40	26	65%
		Commended Performance		36	90%
	Grade 5[1]	Met Standard	42	27	64%
		Commended Performance		37	88%

Spring 2011 TAKS English Language Arts Performance Standards[2]

		Standard	Total Points Possible	Number Correct	Percent Correct
English Language Arts	**Grade 10**	Met Standard	73	43	59%
		Commended Performance		64	88%
	Grade 11	Met Standard	73	42	58%
		Commended Performance		63	86%

The numbers and percents shown on this table are based on the first administration of the spring 2011 TAKS and TAKS (Accommodated) tests. It should not be used to anticipate the exact number and percent correct required to achieve *Met Standard* or *Commended Performance* levels on future test administrations. This is because the numbers may differ slightly from those shown above to ensure that equivalent standards are maintained for each TAKS administration.

Spring 2011 TAKS Mathematics (English) Performance Standards

Mathematics (English)		Standard	Total Points Possible	Number Correct	Percent Correct
	Grade 3	Met Standard	40	26	65%
		Commended Performance		37	93%
	Grade 4	Met Standard	42	27	64%
		Commended Performance		39	93%
	Grade 5[1]	Met Standard	44	28	64%
		Commended Performance		40	91%
	Grade 6	Met Standard	46	28	61%
		Commended Performance		42	91%
	Grade 7	Met Standard	48	27	56%
		Commended Performance		43	90%
	Grade 8[1]	Met Standard	50	29	58%
		Commended Performance		45	90%
	Grade 9	Met Standard	52	28	54%
		Commended Performance		44	85%
	Grade 10	Met Standard	56	32	57%
		Commended Performance		50	89%
	Grade 11	Met Standard	60	31	52%
		Commended Performance		53	88%

Spring 2011 TAKS Mathematics (Spanish) Performance Standards

Mathematics (Spanish)		Standard	Total Points Possible	Number Correct	Percent Correct
	Grade 3	Met Standard	40	28	70%
		Commended Performance		37	93%
	Grade 4	Met Standard	42	30	71%
		Commended Performance		38	90%
	Grade 5[1]	Met Standard	44	32	73%
		Commended Performance		40	91%

Spring 2011 TAKS Writing (Spanish) Performance Standards[3]

Writing (Spanish)		Standard	Total Points Possible	Number Correct	Percent Correct
	Grade 4	Met Standard	32	15	47%
		Commended Performance		26	81%

The numbers and percents shown on this table are based on the first administration of the spring 2011 TAKS and TAKS (Accommodated) tests. It should not be used to anticipate the exact number and percent correct required to achieve *Met Standard* or *Commended Performance* levels on future test administrations. This is because the numbers may differ slightly from those shown above to ensure that equivalent standards are maintained for each TAKS administration.

Spring 2011 TAKS Writing (English) Performance Standards[3]

		Standard	Total Points Possible	Number Correct	Percent Correct
Writing (English)	**Grade 4**	Met Standard	32	17	53%
		Commended Performance		28	88%
	Grade 7	Met Standard	44	22	50%
		Commended Performance		38	86%

Spring 2011 TAKS Social Studies Performance Standards

		Standard	Total Points Possible	Number Correct	Percent Correct
Social Studies	**Grade 8**	Met Standard	48	21	44%
		Commended Performance		40	83%
	Grade 10	Met Standard	50	25	50%
		Commended Performance		43	86%
	Grade 11	Met Standard	55	24	44%
		Commended Performance		47	85%

Spring 2011 TAKS Science (English) Performance Standards

		Standard	Total Points Possible	Number Correct	Percent Correct
Science (English)	**Grade 5**	Met Standard	40	30	75%
		Commended Performance		37	93%
	Grade 8	Met Standard	50	33	66%
		Commended Performance		44	88%
	Grade 10	Met Standard	55	33	60%
		Commended Performance		49	89%
	Grade 11	Met Standard	55	29	53%
		Commended Performance		49	89%

Spring 2011 TAKS Science (Spanish) Performance Standards

		Standard	Total Points Possible	Number Correct	Percent Correct
Science (Spanish)	**Grade 5**	Met Standard	40	31	78%
		Commended Performance		37	93%

---

[1] First administration TAKS and TAKS (Accommodated) standards.

[2] An essay rating of 2 or higher is required for Met Standard on the English Language Arts tests.

[3] An essay rating of 2 or higher is required for Met Standard and an essay rating of 3 or higher is required for *Commended Performance* on the grades 4 and 7 writing tests.

The numbers and percents shown on this table are based on the first administration of the spring 2011 TAKS and TAKS (Accommodated) tests. It should not be used to anticipate the exact number and percent correct required to achieve *Met Standard* or *Commended Performance* levels on future test administrations. This is because the numbers may differ slightly from those shown above to ensure that equivalent standards are maintained for each TAKS administration.

PBM Special Education Monitoring Results Status

The system of special education monitoring is aligned with other PBM activities through the use of graduated interventions based on indicators of school district and charter school performance and program effectiveness. These indicators are part of the Performance-Based Monitoring Analysis System (PBMAS). Overall results on the PBMAS indicators, as well as instances of low performance on individual PBMAS indicators, are taken into account in determining required levels of intervention. The individual indicators address issues related to student participation in, and performance on, assessment instruments; graduation and dropout rates; over-identification of students for special education programs; disproportionate student representation based on race or ethnicity or on limited English proficiency; and disciplinary actions. District and charter special education data are reviewed regularly as are complaints filed with TEA about special education services. For further information or questions about this status, please contact the Program Monitoring and Interventions Division at (512) 463-5226. The "as of date" for the statuses reported in the 2010-11 AEIS report is October 2011.

The definitions of each program status category are:

- *Local Interventions Implemented*. The LEA completed a local review process by a specified date as required in Stage 1A Intervention and retained materials and templates at the LEA.
- *Completed: Routine Follow-up*. The LEA data and documentation met TEA requirements for completion of process. TEA will monitor implementation of the CIP.
- *Completed: Noncompliance Follow-up*. The LEA data and documentation met TEA requirements for completion of process. TEA will monitor implementation of the CIP and systemic correction of areas of noncompliance identified by the review.
- *Pending CIP Resubmission*. TEA review determined that one or more areas of the CIP did not meet minimum TEA requirements, and revision was necessary.
- *Pending TEA On-Site Action*. TEA review determined that: appropriate implementation of TEA monitoring processes, including submission of accurate data, appropriate implementation of intervention requirements, and/or appropriate implementation of the CIP, could not be verified through LEA documentation; imminent program performance and/or effectiveness concerns exist; and/or ongoing noncompliance for more than one year is identified, resulting in an on-site review to determine additional TEA intervention.
- *TEA On-Site Action Completed: Routine Follow-up*. TEA has completed an on-site review of the LEA program. As a result, the LEA has implemented and/or revised a CIP. TEA will monitor implementation of the CIP.
- *TEA On-Site Action Completed: Noncompliance Follow-up*. TEA has completed an on-site review of the LEA program. As a result, the LEA has implemented and/or revised a CIP that includes actions to address noncompliance with program requirements. TEA will monitor implementation of the CIP and systemic correction of areas of noncompliance identified by the review.
- *Year After TEA On-Site Action: Routine Follow-up*. TEA completed an on-site review of the LEA program in the prior year. As a result, the LEA implemented and/or revised a CIP that continued throughout the subsequent year. TEA continues to monitor implementation of the CIP.
- *Year After TEA On-Site Action: Noncompliance Follow-up*. TEA completed an on-site review of the LEA program during the prior year. As a result the LEA implemented and/or revised a CIP

that included actions to address noncompliance with program requirements, and the CIP continued throughout the subsequent year. TEA continues to monitor implementation of the CIP and systemic correction of areas of noncompliance identified by the review.

- *Year After TEA On-Site Action: Pending Report*. TEA has completed an on-site review of the LEA program. The on-site review report of findings is pending.
- *Year After TEA On-Site Action: Pending CIP Submission*. TEA has completed an on-site review of the LEA program. The LEA is developing a CIP that includes actions to address noncompliance with program requirements.
- *TEA On-Site Action Completed: Oversight/Sanction/Intervention*. TEA has completed an on-site review of the LEA program. As a result: ongoing noncompliance for longer than one year was identified/confirmed; appropriate implementation of the TEA monitoring process, including submission of accurate data and appropriate implementation of intervention requirements, could not be verified; and/or CIP implementation was not proceeding as appropriate for the LEA. TEA oversight, sanctions, and interventions were implemented as a result.
- *Pending Random Data Verification*. Regardless of whether a stage of intervention initially was assigned, an LEA may be subject to random selection for data review to ensure the integrity of monitoring system data and appropriate implementation of the program.
- *Pending Random Process Verification*. Regardless of review results or stage of intervention, an LEA may be subject to random selection for process review to ensure the integrity of the implementation of the monitoring system, including data reporting and accuracy of findings.
- *Oversight/Sanction/Intervention*. TEA oversight, sanctions, and interventions were implemented under the following circumstances: (a) the second CIP submission of an LEA at Stage 1, Stage 2, or Stage 3 Intervention was not adequate; (b) the CIP of an LEA at Stage 4 Intervention was not adequately developed after an on-site review; (c) ongoing noncompliance for longer than one year was identified; (d) CIP implementation was not proceeding as appropriate for any LEA; (e) the LEA previously was assigned on-site interventions and remained under escalated oversight during the period of transition after removal of those interventions; or (f) TEA could not verify appropriate implementation of TEA monitoring processes, including submission of accurate data, appropriate implementation of intervention requirements, and/or appropriate implementation of a CIP.
- *On-Site Intervention Assigned*. TEA has assigned a technical assistance team, special purpose monitor, conservator, or management team to oversee correction of noncompliance and/or implementation of program and monitoring requirements.
- *LEA Closure*. The LEA was closed as a result of TEA sanctions.
- *Proposed Charter Non-Renewal*. The charter school has been notified of TEA's intent not to renew the charter.
- *Charter Operations Suspended*. The operations of the charter school were suspended by the Commissioner of Education or by the governing board of the charter school.
- *In Review*. TEA had not completed initial review of the information submitted by the LEA.

No status is shown for LEAs not selected for PBM intervention for special education program areas.

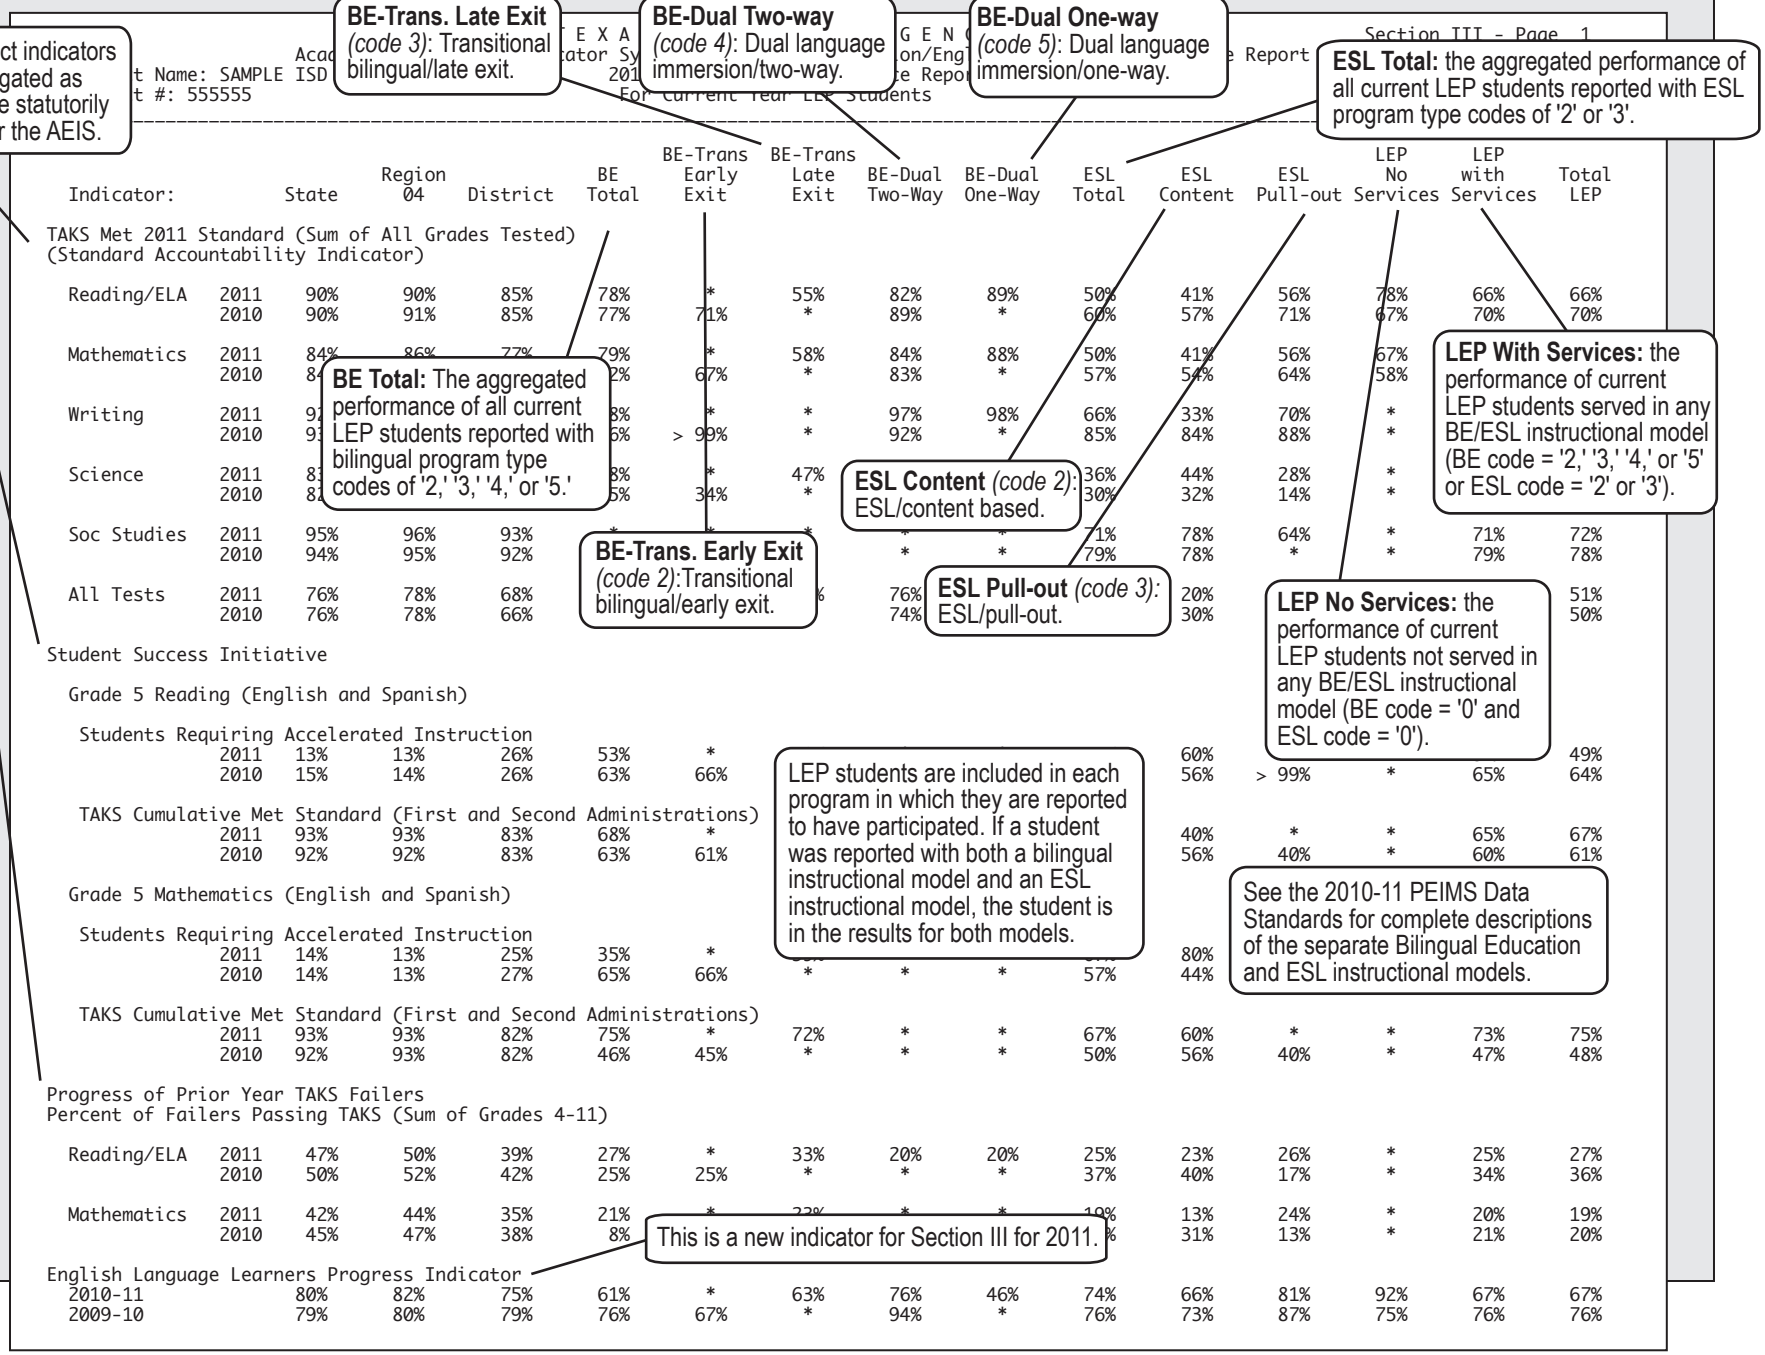
Detailed Summary of English Language Learners Progress Measure

Indicator Components	Details	
Assessments	TAKS, TAKS (Accommodated), TAKS-M, & TELPAS	
Subjects, Grades, Test Language	Reading/ELA in grades 3-11 in English *(TAKS/TAKS (Accommodated)/TAKS-M)* Reading component in grades 3-11 (*TELPAS*) If a student takes any combination of these tests, the best result is evaluated. If a student takes a Spanish version of TAKS and also takes TELPAS, only the TELPAS result is evaluated.	
Students	Current and monitored* LEP students enrolled in at least their second year in U.S. schools and tested in at least one of the assessments listed above (and not tested on any TAKS-Alt assessments). For the assessments and LEP students specified, the performance of students served in special education is included. **A monitored LEP student is a student in his/her first or second year after exit from LEP status, as coded on their TAKS answer document.*	
Student Success Initiative	Grades 5 & 8 – includes first and second administration results (TAKS, TAKS (Accommodated), & TAKS-M)	
Years of Data *(Test Administration Used)*	TELPAS progress – 2011 and 2010 TELPAS met standard – 2011 TAKS/TAKS(Accommodated)/TAKS-M met standard – 2011	
Accountability Subset	The district indicator includes test results for students who were enrolled in the district in the fall and tested in the same district in the spring. The campus indicator includes students who were enrolled on the campus in the fall and tested in the same campus in the spring.	
Texas Projection Measure (TPM)	The TPM is not available for determining 2011 ratings.	
Progress Criteria	1) *Met Standard* on the TAKS/TAKS(Accommodated)/TAKS-M test, or 2) Met TELPAS criteria. (TELPAS criteria vary depending on years in U.S. schools and whether first time or previous TELPAS tester. *See TELPAS Criteria, below.*)	
TELPAS Criteria **	*1st time tester*	*Previous tester*
1st Year in U.S. Schools	Not Evaluated	Not Evaluated
2nd Year in U.S. Schools	*Intermediate* or higher	At least one level higher than the previous year or *Advanced* or higher
3rd Year in U.S. Schools	*Advanced* or higher	*Advanced* or higher
4 or more years in U.S. Schools	*Advanced High*	*Advanced High*
Monitored LEP students first or second year after exit from LEP status	N/A (Only TAKS evaluated.)	N/A (Only TAKS evaluated.)

** If years in U.S. schools is blank on the answer document, the student must achieve Advanced or higher to meet the TELPAS criteria.

For more information on the ELL Progress Indicator, see the *Frequently Asked Questions* at http://www.tea.state.tx.us/perfreport/resources/index.html

Bilingual Education/English as a Second Language Report



These select indicators —disaggregated as shown—are statutorily required for the AEIS.

BE-Trans. Late Exit *(code 3)*: Transitional bilingual/late exit.

BE-Dual Two-way *(code 4)*: Dual language immersion/two-way.

BE-Dual One-way *(code 5)*: Dual language immersion/one-way.

ESL Total: the aggregated performance of all current LEP students reported with ESL program type codes of '2' or '3'.

BE Total: The aggregated performance of all current LEP students reported with bilingual program type codes of '2,' '3,' '4,' or '5.'

LEP With Services: the performance of current LEP students served in any BE/ESL instructional model (BE code = '2,' '3,' '4,' or '5' or ESL code = '2' or '3').

ESL Content *(code 2)*: ESL/content based.

BE-Trans. Early Exit *(code 2)*:Transitional bilingual/early exit.

ESL Pull-out *(code 3)*: ESL/pull-out.

LEP No Services: the performance of current LEP students not served in any BE/ESL instructional model (BE code = '0' and ESL code = '0').

LEP students are included in each program in which they are reported to have participated. If a student was reported with both a bilingual instructional model and an ESL instructional model, the student is in the results for both models.

See the 2010-11 PEIMS Data Standards for complete descriptions of the separate Bilingual Education and ESL instructional models.

This is a new indicator for Section III for 2011.

Glosario
del
Sistema de Índices de Excelencia Académica
Reporte 2010-11

ACCOUNTABILITY RATING – Clasificación escolar.- Esto se refiere a las clasificaciones *(ratings)* asignadas a los distritos escolares y las escuelas públicas del estado de Texas a través del sistema de responsabilidad educativa *(accountability system)* del 2011. El progreso académico de los distritos escolares y las escuelas públicas se evalúa anualmente por medio de su desempeño en la prueba TAKS, el desempeño sobresaliente, la tasa de finalización *(completion rate)*, el índice de deserción escolar y el progreso de los estudiantes que están aprendiendo inglés (ELL). Los posibles niveles de clasificación son:

- *Exemplary* – Ejemplar;
- *Recognized* – Reconocida;
- *Academically Acceptable* – Académicamente Aceptable;
- *Academically Unacceptable* – Académicamente No Aceptable;
- *Not* Rated: *Other* – No clasificada: Otra; y
- *Not Rated: Data Integrity Issues* – No clasificada: problemas de integridad de datos

Las clasificaciones mencionadas aplican a los distritos (incluyendo a operadores de las escuelas charter) y escuelas clasificadas bajo los protocolos del sistema de responsabilidad educativa *(standard accountability procedures)*.

Adicionalmente, se han expedido clasificaciones correspondientes al sistema de responsabilidad de educación alternativa (AEA, *alternative education accountability*) a escuelas regulares y charter que han sido registradas para ser evaluadas bajo los procesos de AEA. Las clasificaciones posibles son las siguientes:

- *AEA: Academically Acceptable* – AEA: Académicamente Aceptable;
- *AEA: Academically Unacceptable* – AEA: Académicamente No Aceptable; y
- *AEA: Not Rated – Other* – AEA: No clasificada-Otro
- *AEA: Not rated – Data Integrity Issues* – AEA: No clasificada – Asuntos de integridad de la información

Para mayor información del sistema de responsabilidad educativa vea El Manual del Sistema de Responsabilidad Educativa del 2010 *(2010 Accountability Manual)* que se encuentra en

http://ritter.tea.state.tx.us/perfreport/account/2011/manual/

ACCOUNTABILITY SUBSET – Subgrupo de responsabilidad educativa.- Este índice se refiere al grupo de estudiantes que se mantiene fijo en las escuelas cuyo progreso en la prueba TAKS, su progreso sobresaliente y el índice de progreso de los ELL se utiliza para determinar la clasificación de una escuela o de un distrito. Los subgrupos han sido calculados de la siguiente manera:

Campus -level accountability subset- Subgrupo de responsabilidad educativa a nivel del plantel escolar.- Si un estudiante estuvo en una escuela el 29 de octubre de 2010 pero se cambió a otra escuela antes de la prueba, los resultados del desempeño de tal estudiante fueron excluidos del subgrupo de responsabilidad educativa para ambas escuelas, ya sea que éstas estaban en el mismo o en diferentes distritos. Las escuelas son responsables solamente por los estudiantes reportados como inscritos en el otoño y examinados en el mismo plantel escolar en el segundo semestre.

District -level accountability subset.- *Subgrupo de responsabilidad educativa a nivel del distrito escolar*.- Si un estudiante estuvo en un distrito el 29 de octubre de 2010, pero se cambió a otro distrito antes de la prueba, los resultados del desempeño de este estudiante fueron excluidos del subgrupo de responsabilidad educativa para ambos distritos. Sin embargo, si el estudiante se cambió de escuela dentro del mismo distrito, los resultados de su desempeño se incluyeron en los resultados de tal distrito, aun cuando éste no cuenta para ninguna de las dos escuelas. Esto significa que los resultados del progreso académico del distrito no son necesariamente equivalentes a la suma de los resultados para las escuelas.

El reporte de la participación en las pruebas TAKS incluido en el reporte AEIS, muestra el porcentaje de estudiantes examinados de una escuela o un distrito que se cambiaron de un lugar a otro y que no se incluyeron en el subgrupo de responsabilidad educativa *(accountability subset)*. Para información adicional y ejemplos de cómo se determina el subgrupo de responsabilidad educativa *(accountability subset)* vea el capítulo 2 del Manual del Sistema de Responsabilidad Educativa 2011 *(2011 Accountability Manual); también vea Mobile* (Movilidad), *TAKS Participation (*Participación en TAKS) y el apéndice E.

ADOPTED TAX RATE (CALENDAR YEAR 2010) – Tasa de impuestos adoptada (año calendario 2010) *(Índices del Distrito solamente)***.-** Esta es la tasa de impuestos localmente adoptada para el año escolar 2010. La tasa total de impuestos adoptada (total adopted rate) está compuesta de la tasa de operación y mantenimiento *(maintenance and operation rate – M&O)* y la tasa de pagos de deuda de servicios *(debt service rate)* (ésta a veces se conoce como los fondos para los intereses y de ahorro para futuras deudas – *Interest and Sinking fund rate)*. Estas cifras son expresadas por cada $100 dólares de valor gravable. Los impuestos basados en dicha tasa debieron ser pagados por los contribuyentes a principios del año 2011. El valor estatal reportado para la tasa de impuestos adoptada *(adopted tax rates)* es simplemente el promedio de todas las tasas de los distritos escolares. *(Fuente: Contralor de Finanzas Públicas del Estado de Texas (Texas Comptroller of Public Accounts), julio del 2011)*

ADVANCED COURSES /DUAL ENROLLMENT COMPLETION – Cursos avanzados /Finalización de cursos de registro dual.- Esta tasa está basada en el número de estudiantes quienes completan y reciben crédito para por lo menos un curso académico avanzado entre el 9º y el 12º grado. Los cursos avanzados incluyen cursos bajo registro dual *(dual enrollment)*. Los cursos de registro dual son aquellos por los cuales un estudiante obtiene créditos de preparatoria y universitarios. La descripción de quién recibe crédito por cual curso universitario se encuentra bajo el Código Administrativo de Texas §74.25:

> (b) Para ser considerado elegible para inscribirse y recibir crédito para los requisitos estatales de graduación, un estudiante debe de obtener el consentimiento del director de su preparatoria o de otros oficiales designados por el distrito escolar. El curso por el cual un estudiante recibe crédito debe proveer instrucción académica avanzada superior, o de mayor profundidad en el conocimiento o destrezas ofrecidos por el curso equivalente de preparatoria.

El *apéndice C* provee una lista de todos los cursos avanzados. Este no contiene los cursos que son exclusivamente de registro dual ya que estos cursos son distintos de escuela a escuela y podrían incluir una gran mayoría de todos los cursos de preparatoria.

Cuando los estudiantes finalizan estos cursos, esta información se reporta al PEIMS (Sistema Informático de la Educación Pública/*Public Education Information Management System)* luego del cierre del año escolar. El cálculo de estos valores se expresa en porcentajes y se realiza de la siguiente manera:

$$\frac{\text{número de estudiantes del } 9^{\underline{o}} \text{ al } 12^{\underline{o}} \text{ grado con créditos en por lo menos un curso avanzado o curso de registro dual en 2009-10}}{\text{número de estudiantes del } 9^{\underline{o}} \text{ al } 12^{\underline{o}} \text{ grado quienes completaron al menos un curso en 2009-10}}$$

Las escuelas y los distritos escolares pueden calificar para el Reconocimiento Dorado del Progreso Académico *(Gold Performance Acknowledgment)* debido a las tasas que muestran los cursos avanzados o duales completados. Para más detalles sobre el Reconocimiento Dorado del Progreso Académico vea el capítulo 5 del Manual del Sistema de Responsabilidad Educativa del 2011 *(2011 Accountability Manual).*

Los estudiantes en educación especial están incluidos en los resultados tanto para las escuelas como los distritos y los grupos individuales de estudiantes. Con el propósito de facilitar su comparación, hemos incluido las tasas de finalización de cursos avanzados *(Advanced course completion rates)* para el año anterior 2008-09. Vea también el apéndice C – Lista de Cursos Avanzados*. (Fuente: PEIMS, junio de 2010, junio de 2009)*

ADVANCED PLACEMENT EXAMINATIONS – Exámenes de colocación avanzada.- Vea *AP/IB Results* (Resultados del AP/IB).

ALL FUNDS – Todos los fondos.- La información financiera se muestra de acuerdo con el tipo de fondo *(fund type)* (solo para *todos los fondos* y los *fondos generales—general fund only, all funds)*. Todos los fondos *(All Funds)* consisten de cuatro grupos fundamentales de fondos: Fondo General *(General Fund)* (código 101-199 y 420), Fondos Especiales del Ingreso *(Special Revenue Funds)* (códigos 200/300/400), Fondo de Servicio de Deuda *(Debt Service Funds)* (código 599) y Fondo Principal para Proyectos *(Capital Projects Funds)* (códigos 601 y 699). Este también incluye el Fondo de Empresa *(Enterprise Fund)*, el Fondo para el Desayuno y el Almuerzo Escolar *(National School Breakfast and Lunch Program)* (código 701). Dentro de los fondos generales *(general funds),* el código 420—El Programa para asignar fondos a las escuelas *(Foundation School Program)* y Otra Ayuda Estatal *(Other State Aid)*—se utiliza solamente por las escuelas charter.

Note que estos datos financieros reportados por cada fondo son datos *reales actuales* y no *presupuestados (actual expenditures not budgeted).* La información es del año previo (2009-10). Vea también el apéndice B. *(Fuente: PEIMS, marzo del 2011)*

ANNUAL DROPOUT RATE – Tasa anual de deserción escolar.- Se muestran tres indicadores para la tasa de deserción escolar:

(1) *Annual Dropout Rate (Gr 7-8)-Tasa anual de deserción (solamente 7º y 8º grado)*.- Esta tasa se utiliza para determinar la clasificación de responsabilidad escolar de la escuela bajo los procedimientos regulares (las escuelas que tienen uno o los dos grados) o la clasificación del distrito. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en } 7^{o} \text{ y } 8^{o} \text{ grado quienes desertaron durante el año escolar 2009-10}}{\text{número de estudiantes en } 7^{o} \text{ y } 8^{o} \text{ grado que asistieron a la escuela durante cualquier periodo del año escolar 2009-10}}$$

(2) *Annual Dropout Rate (Gr 7-12) - Tasa anual de deserción (7º y 12º grado)*.- Esta tasa es utilizada para determinar la clasificación de una escuela o un operador charter bajo los procedimientos del sistema de educación alternativa *(AEA alternative education accountability)* para escuelas regulares o charter que tienen uno o más de estos grados. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en } 7^{o} - 12^{o} \text{ grado que desertaron durante el año escolar 2009-10}}{\text{número de estudiantes en } 7^{o} - 12^{o} \text{ grado que asistieron a la escuela durante cualquier periodo del año escolar 2009-10}}$$

(3) *Annual Dropout Rate (Gr 9-12)-Tasa anual de deserción (9º y 12º grado)*.- Esta medida muestra la tasa de deserción escolar para los grados de preparatoria. Solamente es un dato con el propósito de proveer información. No se utiliza para efectos de determinar la clasificación de responsabilidad escolar. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en } 9^{o} - 12^{o} \text{ grado que desertaron durante el año escolar 2009-10}}{\text{número de estudiantes en } 9^{o} - 12^{o} \text{ grado que asistieron a la escuela durante cualquier periodo del año escolar 2009-10}}$$

Las tres tasas anuales aparecen en los reportes del AEIS a nivel del distrito, la región y el estado. Los reportes para las escuelas preparatorias evaluadas bajo los procedimientos estándares muestran las tasas para los grados 7º y 8º y los grados 9º – 12º. Los reportes para las escuelas preparatorias evaluadas bajo los procedimientos de AEA muestran las tasas para los grados 7º y 8º y los grados 7º - 12º.

Note que en todos los cálculos de las tres tasas anuales de deserción anual se utiliza una participación acumulativa en el denominador. Este método de cálculo del índice de deserción escolar neutraliza los efectos de la movilidad estudiantil al incluir en el denominador a cada estudiante que estuvo presente en algún momento en la escuela o distrito durante el año escolar, sin importar cuánto tiempo estuvo presente. Para una descripción más detallada de las tasas de deserción escolar, vea el reporte de Finalización y Deserción Escolar en las Escuelas Públicas Secundarias (Preparatorias) de Texas 2009-2010 (*Secondary School Completion and Dropouts in Texas Public Schools, 2009-10 reports)* disponible en

http://www.tea.state.tx.us/index4.aspx?id=4080

Vea también *Dropouts* (Deserción Escolar) y *Leaver Record* (Registro de Provisión). *(Fuente: PEIMS, octubre 2009, octubre 2010 y junio 2010)*

AP/IB RESULTS – Resultados del AP/IB.- Estos son los resultados de los Exámenes de Colocación Avanzada (AP) de La Mesa Directiva Universitaria *(College Board Advanced Placement (AP) examinations)* y el Examen del Programa para alcanzar un diploma del Bachillerato Internacional *(IB)* para los estudiantes de escuelas públicas de Texas quienes los tomaron durante un dado año escolar. Los estudiantes de preparatoria pueden tomar uno o más de estos exámenes, idealmente al finalizar los cursos AP o IB y pueden ser elegibles para recibir cursos avanzados o créditos universitarios *(college)* o ambos cuando los estudiantes

sean aceptados en un colegio o universidad. En general, los colegios y las universidades darán crédito o les brindaran cursos avanzados a los estudiantes que sacaron 3, 4 ó 5 en exámenes de AP y a los que sacaron 4, 5, 6 ó 7 en los exámenes del IB. Los requisitos varían por universidad y por materia en la que fueron examinados.

Tres valores se calculan para este indicador:

(1) *Tested- Examinados*.- Este es el porcentaje de estudiantes en 11º y 12º grado quienes tomaron al menos un examen AP o IB:

$$\frac{\text{número de estudiantes en 11º y 12º grado quienes tomaron al menos un examen AP o IB}}{\text{número de estudiantes no participantes de educación especial en 11º y 12º grado}}$$

El denominador de la ecuación (1) no incluye estudiantes en el 11º y 12º grado quienes están bajo programas de educación especial; sin embargo, todos los estudiantes quienes han tomado por lo menos una vez un examen AP o el IB están incluidos en el numerador. El desempeño de los estudiantes de educación especial se incluye en el numerador y el denominador de las otras ecuaciones.

2) *Examinees >= Criterion-Examinados >= calificación criterio*.- Porcentaje de los examinados que por lo menos lograron un resultado en AP o IB con la puntuación requerida mínima o más alta (3 en AP o 4 en IB):

$$\frac{\text{número de estudiantes en 11º y 12º grado con 3 o más en el AP o 4 o más en el IB}}{\text{número total de examinados AP o IB en 11º y 12º grado}}$$

(3) *Scores >= Criterion - calificaciones >= calificación criterio*.-Muestra el porcentaje de estudiantes con calificaciones iguales o superiores a la calificación criterio. (3 en el AP y 4 en el IB):

$$\frac{\text{número de calificaciones iguales o superiores a la calificación criterio en AP e IB en 11º y 12º grado}}{\text{número total de calificaciones en AP e IB en 11º y 12º grado}}$$

Tanto escuelas como distritos escolares pueden calificar para el Reconocimiento Dorado de Progreso Académico *(Gold Performance Acknowledgment)* por la participación y desempeño en los resultados en AP/IB (medidas (1) y (2) antedichas). Para más detalles sobre el Reconocimiento Dorado del Progreso Académico vea el Manual del Sistema de Responsabilidad Educativa del 2011 *(2011 Accountability Manual)*. Vea *Criterion Score* (Calificación Criterio). (*Fuente: College Board – La Mesa Directiva Universitaria, agosto 2010, enero 2010; La organización del Bachillerato Internacional agosto 2010, agosto 2009; y PEIMS, octubre 2010 y octubre 2009)*

ARD – Comité ARD.- Se refiere al Comité ARD —*Admission, Review, and Dismissal (ARD)*, el cual está encargado de determinar el plan educativo de cada estudiante en educación especial. Vea *Special Education* (Educación Especial) y *TAKS Participation Report* (Reporte de la Participación en la prueba TAKS).

AT-RISK – A riesgo de desertar sus estudios.- Un estudiante se considera estar "a riesgo" de dejar la escuela *(at risk of dropping out of school)* basado en el criterio o la definición estatal (§TEC 29.081). Este estatus de riesgo se obtiene del récord del PEIMS 110. El porcentaje de

estudiantes a riesgo se calcula como la suma de estudiantes clasificados como a riesgo de dejar la escuela *(at risk)*, dividido por el número total de estudiantes inscritos *(in membership)*:

$$\frac{\text{número de estudiantes clasificados “a riesgo” } \textit{(at-risk)}}{\text{número total de estudiantes}}$$

La columna que muestra el desempeño académico de estos estudiantes se presenta en los reportes del estado, distrito y región. Aunque esta columna no está disponible en los reportes a nivel del plantel escolar, los números de estos estudiantes se reportan en la sección perfil *(profile section)* a nivel de escuela (también para los niveles de distritos, región y estado).

Los criterios establecidos por ley para recibir el estatus de estudiante ‘a riesgo’ incluyen todos los estudiantes menores de 21 años de edad y quienes:

1) no han avanzado de un grado al siguiente durante uno o más años escolares;
2) están en 7º, 8º, 9º, 10º, 11º ó 12º grados y no mantuvieron un promedio equivalente a 70 en una escala de 100 en dos o más materias en el currículo fundamental *(foundation currículum)* durante un semestre en el año escolar actual o previo o no están manteniendo tal promedio en dos o más materias en el currículo fundamental durante el semestre actual;
3) no se desempeñaron satisfactoriamente en el examen *(assessment instrument)* administrado a los estudiantes bajo el código TEC Subcapítulo B, Capítulo 39 y que en el año escolar previo o en el actual no se desempeñaron en tal examen (o en otro examen apropiado) a un nivel igual de por lo menos 110 por ciento del nivel de desempeño satisfactorio en tal examen;
4) están en pre-kindergarten, kindergarten o en el 1º, 2º ó 3er grado y no se desempeñaron satisfactoriamente en el examen preparativo *(readiness test or assessment instrument)* administrado durante el año escolar actual;
5) están embarazadas o son padres/madres de familia;
6) han sido colocados en un programa de educación alternativa de acuerdo con el código §TEC 37.006 durante el año escolar previo o actual;
7) han sido expulsados de acuerdo con el código §TEC 37.007 durante el año escolar previo o actual;
8) están actualmente en libertad condicional, período de prueba, procesamiento jurídico deferido *(deferred prosecution)* o cualquier otra forma de libertad *(release)* condicional;
9) fueron previamente reportados en el PEIMS como que dejaron sus estudios y desertaron la escuela;
10) son estudiantes con dominio limitado del inglés *(limited English proficiency)* de acuerdo con la definición del código educativo §TEC 29.052;
11) están bajo la custodia o el cuidado del Departamento de Protección y Servicios Regulatorios *(Department of Protective and Regulatory Services)* o han (durante el año escolar actual) sido referidos a dicho departamento por un oficial de la escuela, un oficial

de la corte o tribunal de menores *(juvenile)* o un oficial de la ley *(law enforcement official)*;

12) no tienen hogar *(homeless)* de acuerdo con la definición del código 42 U.S.C. Sección 11302 y subsecuentes modificaciones *(amendments)*; o

13) residieron durante el año escolar previo o durante el actual en una institución residencial *(placement facility)* del distrito, incluyendo una institución de detención, una institución para el tratamiento por abuso de sustancias *(abuse treatment facility)*, un refugio de emergencia *(emergency shelter)*, hospital psiquiátrico, casa de rehabilitación "halfway" *(half-way house)* o casa de amparo de grupos *(foster group home)*.

(Fuentes: PEIMS, octubre de 2010; Código Educativo, 81ª Legislatura Estatal de Texas)

ATTENDANCE RATE – TASA de asistencia.- La tasa de asistencia reportada en el AEIS está basada en la asistencia estudiantil del año entero. Solamente se incluyen en estos cálculos los estudiantes en los grados del 1 al 12. La asistencia se calcula de la siguiente manera:

$$\frac{\text{número total de días en que los estudiantes estuvieron presentes en 2009-10}}{\text{número total de días en que los estudiantes participaron } \textit{(membership)} \text{ en el programa en 2009-10}}$$

Tanto las escuelas como los distritos escolares pueden calificar para el Reconocimiento Dorado del Progreso Académico *(Gold Performance Acknowledgment)* debido a las tasas de asistencia. Para más detalles sobre el Reconocimiento Dorado del Progreso Académico o el Manual del Sistema de Responsabilidad Educativa del 2011 *(2011 Accountability Manual)*. Las tasas de asistencia se incluyen para los años 2009-10 y 2008-09. *(Fuente: PEIMS, junio de 2010 y junio 2009)*

AUXILIARY STAFF – Personal auxiliar.- (solamente en el Perfil del distrito)**.-** Muestra el número de personal que trabaja el equivalente a tiempo completo (FTE) cuyo papel no está especificado, pero PEIMS contiene este récord y aparece en la nómina. El número del personal auxiliar se refiere al porcentaje del personal total. Para el personal auxiliar, el FTE simplemente es el porcentaje trabajado del día de trabajo. *(Fuente: PEIMS, octubre de 2010)*

AVERAGE ACTUAL SALARIES *(regular duties only)* – **Promedio de salarios reales** *(deberes regulares solamente)*.- Para cada categoría de personal profesional, se divide el salario total entre el número de personal FTE que lo recibe. El salario real total se refiere únicamente al percibido por los deberes regulares y no incluye pagos suplementarios por ser entrenador, director de banda u orquesta o líder de algún club. Vea apéndice A para la lista de las clasificaciones y sus códigos que el PEIMS incluye en cada una de las siguientes categorías.

- *Maestros.* Incluye maestros, maestros con deberes especiales y maestros substitutos. Los maestros substitutos son personas que se contratan para remplazar a un maestro que ha renunciado, muerto o se ha despedido; o personas contratadas permanentemente según la necesidad.
- *Administración de la escuela*. Incluye directores, asistentes de director y otros administradores reportados con un ID específico de la escuela.
- *Administración a nivel central*. Incluye superintendentes, presidentes, oficiales ejecutivos, oficiales administrativos, gerentes, directores atléticos y otros administradores que se reportan con un ID de la oficina central y no de una escuela específica.

- *Profesionales de apoyo*. Incluye terapistas, enfermeras, bibliotecarias, consejeros y otro personal profesional de la escuela.

Un empleado a tiempo parcial con un salario de $30,000 tiene el equivalente de un salario a tiempo completo de $60,000. Todos los promedios de salarios se expresan como su equivalente a tiempo completo dividiendo la suma de los salarios actuales ganados por el total del equivalente de los salarios a tiempo completo. *(Fuente: PEIMS, octubre de 2010)*

AVERAGE TEACHER SALARY BY YEARS OF EXPERIENCE *(regular duties only)* – **Salario promedio de maestros según sus años de experiencia** (deberes regulares solamente)**.-** El salario de cada grupo de maestros por años de experiencia se divide entre el número de maestros FTE del grupo en cuestión. El salario real total (salario base) se refiere al pago por las tareas regulares y no incluye suplementos salariales. A los maestros que también tienen otros roles además de los de enseñar, solamente se le incluye en los cálculos del salario promedio de maestro la porción de tiempo y pago dedicado a las responsabilidades del salón de clases. *(Fuente: PEIMS, octubre de 2010)*

AVERAGE YEARS EXPERIENCE OF TEACHERS – Promedio de años de experiencia de los maestros.- Estos promedios *(weighted averages)* se obtienen multiplicando el FTE correspondiente a cada maestro por sus años de experiencia. La suma de dichas cantidades correspondientes a todos los maestros se divide por el número total FTE de los mismos, resultando en estos promedios. El promedio de años de experiencia es el número total de años (completos) de experiencia profesional de cada individuo en un distrito. *(Fuente: PEIMS, octubre de 2010)*

AVERAGE YEARS EXPERIENCE OF TEACHERS WITH DISTRICT – Promedio de años de experiencia de los maestros en el distrito.- Estos promedios *(weighted averages)* se obtienen multiplicando el FTE correspondiente a cada maestro por sus años de experiencia. La suma de dichas cantidades correspondientes a todos los maestros se divide por el número total de los maestros FTE, resultando en estos promedios. Esta tasa se refiere al nombramiento *(tenure) o sea* al número total de años completos que lleva empleado en el distrito en cuestión, ya sea que sus años de servicio hayan sido interrumpidos o no.

BILINGUAL EDUCATION/ENGLISH AS A SECOND LANGUAGE REPORT *(District Performance only)*: **– Reporte de la educación bilingüe/Inglés como segundo idioma.** *(Desempeño del Distrito solamente)*- Durante la 80ª sesión legislativa (2007) se hicieron cambios al §TEC 39.051 que requieren a los distritos reportar desempeño en algunos indicadores seleccionados del AEIS segregados de acuerdo con los modelos de instrucción bilingüe y de ESL. Para acomodar este requisito, se añadió la sección III de los reportes AEIS, la cual muestra los indicadores de este desempeño requerido según estatuto segregado en doce columnas para los estudiantes identificados como LEP (limitaciones lingüísticas) en el año escolar actual.

Los estudiantes que en este momento están recibiendo servicios de programas de educación bilingüe (BE) o de inglés como segundo idioma (ESL) se presentan tanto como un total como segregados por modelo del programa de instrucción dentro de BE o ESL. También aparecen los resultados para los estudiantes que actualmente están clasificados LEP, pero que no reciben servicios de BE o de ESL y para los estudiantes LEP quienes reciben algún tipo de servicio.

Los indicadores que se muestran son: base del índice de responsabilidad para TAKS 2011; los índices SSI (medidas 1 y 2 solamente) y el *Progress of Prior Year Failers* (progreso de los que reprobaron el año anterior), solamente el porcentaje de los que pasaron y el progreso de los estudiantes que están aprendiendo inglés (ELL). La sección III tiene cuatro columnas que se repiten de la sección I: estado, región, distrito y total LEP.

La sección III se incluyó en los reportes AEIS del distrito, la región y el estado. La información ni se calcula ni se reporta a nivel de la escuela. Se muestran datos de dos años.

Para más información sobre la Sección III, vea el ejemplo en el apéndice I. Vea también *TAKS, Student Sucess Initiative* (Iniciativa para el Éxito Estudiantil) y el *Progress of Prior Year TAKS Failers (*Progreso de los estudiantes que reprobaron TAKS el año anterior) y el índice de progreso de los estudiantes que están aprendiendo inglés (ELL). Para las definiciones de los tipos de modelos de instrucción BE y de ESL, vea *PEIMS Data Standards*.

CAMPUS GROUP – Grupo de escuelas.- Cada escuela (o plantel escolar) tiene su propio grupo consistente de otras 40 escuelas (en cualquier lugar del estado) similares con respecto a seis características demográficas. Estos grupos de comparación de escuelas son provistos para que se pueda comparar el desempeño de esta escuela a otras escuelas con las que son semejantes demográficamente. Estos grupos de comparación *(comparison group)* se utilizan para determinar el Mejoramiento Comparable *(Comparable Improvement)* del Reconocimiento Dorado del Progreso Académico *(Gold Performance Acknowledgment)*.

Las variables demográficas utilizadas para construir los grupos de escuela de comparación incluyen aquellos definidos bajo estatuto así como otros que son estadísticamente relevantes al progreso académico. Estos son:

- el porcentaje de alumnos de origen afro-americano inscritos en 2010-11;
- el porcentaje de alumnos de origen hispano inscritos en 2010-11;
- el porcentaje de alumnos de origen anglo-europeo inscritos en 2010-11;
- el porcentaje de alumnos con desventaja económica inscritos en 2010-11;
- el porcentaje de alumnos con dominio limitado del inglés (LEP) inscritos en 2010-11; y
- el porcentaje de movilidad en el estudiantado *(mobile students)* determinado por la tasa de asistencia acumulativa de 2009-10.

Primeramente, las escuelas se agrupan por tipo (primaria, secundaria, preparatoria o de niveles múltiples). Luego, se determina la membresía del grupo basándose en las características predominantes de la escuela objetivo (*target school*). Por ejemplo asuma que la escuela tiene 40.5% de estudiantes afro-americanos, 20.9% de hispanos, 32.5% de anglo-europeos, 35.6% con desventaja económica, 11.2% con dominio limitado en el inglés y 21.7% de movilidad en el estudiantado. De estas características, la más sobresaliente (la cifra más numerosa) es el porcentaje de estudiantes de origen afro-americano; la siguiente es el porcentaje de estudiantes con desventaja económica, le sigue el porcentaje de estudiantes anglos, luego el porcentaje de movilidad en el estudiantado, luego el porcentaje de estudiantes hispanos, y finalmente, los estudiantes con dominio limitado en el inglés. Los siguientes pasos ilustran el proceso de identificación de los grupos de escuelas para comparar:

1er paso: Se identifican 100 planteles de preparatoria que tienen 40.5% de estudiantes afro-americanos;

2º paso: Se eliminan 10 escuelas del grupo inicial de 100 basándose en el hecho de que son las 10 escuelas cuyos valores son los más distantes a 35.6% de estudiantes con desventaja económica;

3er paso: Se eliminan 10 de las 90 escuelas sobrantes basándose en el hecho de que son las 10 escuelas cuyos valores son los más distantes a 32.5% de estudiantes anglo-europeos;

4º paso: Se eliminan 10 de las 80 escuelas sobrantes basándose en el hecho de que son las 10 escuelas cuyos valores son los más distantes a 21.7% de estudiantes con alta movilidad;

5º paso: Se eliminan 10 de las 70 escuelas sobrantes basándose en el hecho de que son las 10 escuelas cuyos valores son los más distantes a 20.9 % de hispanos;

6º paso: Se eliminan 10 de las 60 escuelas sobrantes basándose en el hecho de que son las 10 escuelas cuyos valores son los más distantes a 11.2% de estudiantes con dominio limitado en el inglés;

7º paso: Se eliminan 10 de las 50 escuelas sobrantes cuyos valores son los más distantes a 20.9% de hispanos y/o 32.5% de origen anglo-europeo; (Esta última reducción está basada en las características menos predominantes entre los cuatro grupos de estudiantes evaluados en el sistema de responsabilidad educativa *(accountability system):* afro-americanos, hispanos, anglo-europeos y estudiantes con desventaja económica).

El tamaño final del grupo es de 40 escuelas. Esta metodología crea un grupo de comparación único para cada escuela. Por favor note lo siguiente:

- Con esta metodología, las veces que una escuela aparece como miembro de diferentes grupos de escuelas varía.
- En casos en los que a cierta escuela le faltan datos con respecto a la movilidad en el estudiantado, la movilidad del distrito se utiliza como base de aproximación. Esto le sucede a escuelas durante su primer año de operación.
- Las escuelas que se clasifican bajo los procedimientos del Sistema de responsabilidad de educación alternativa (AEA) no tiene un grupo de escuelas.
- Las escuelas que se muestran como No clasificadas: otro (*Not Rated: Other)*, no tienen un grupo de escuelas.
- Los distritos no se agrupan.

En la sección de Progreso Académico *(Performance Section)* del reporte AEIS, el valor dado en la columna de Grupo de Escuelas (*Campus Group)* es el resultado medio *(median)* de los valores de este grupo de 40 escuelas para dicha escuela. (Este "punto medio" se encuentra a la mitad de la distribución total de resultados; es decir, en ambos lados de este punto o resultado medio, hallará la mitad de valores más altos y valores más bajos). En la sección de *Perfil* del reporte, el valor dado en la columna de Grupo de Escuelas es el *promedio (mean)*. Si un reporte presenta un signo de interrogación (?) en la columna Grupo de Escuelas, esto quiere decir que hubo muy pocas escuelas en el grupo de comparación (específicamente menos de 25

escuelas) como para tener seguridad estadística en los valores del resultado medio *(median)*. Tales cifras se consideran inestables como para proveer un valor preciso para comparar escuelas.

Vea el Mejoramiento Comparable (*Comparable Improvement)* y la Escala vertical de crecimiento (*Vertical Scale Growth*).

CAMPUS # – Número del plantel escolar.- Este número es una secuencia de 9 dígitos únicos que identifican al plantel que ha sido asignado a cada escuela pública del estado de Texas. Consiste de un número del condado (asignado alfabéticamente empezando con el 001 hasta el 254), seguido por el número del distrito (9_ _ se usa para distritos regulares, 8_ _ para los operadores charter) y la secuencia termina con el número del plantel (generalmente 00_ para preparatorias, 04_ para secundarias *(middle schools)* y 1_ _ para escuelas primarias).

CLASS SIZE AVERAGES BY GRADE AND SUBJECT – Tamaños promedio de la clase por grado y materia.-: Estos valores muestran el tamaño promedio para las clases de escuela primaria (por grado) y para las clases de escuela preparatoria (por materia) para algunas materias. Los distritos no reportan los tamaños promedio de las clases reales, pero comenzando con la recopilación de datos del PEIMS del 2010-11, los distritos ahora reportan los tamaños actuales de las clases a través del récord PEIMS 090 (Staff Responsability-Responsabilidad del personal). Ahora, cada record 090 es único para la escuela, personal, servicio y clase de acuerdo con el número de identificación de cada uno.

La metodología para determinar el tamaño promedio de una clase difiere dependiendo de si la clase es de primaria o de secundaria debido a las diferencias en la manera en que se reportan los dos tipos de horarios de los maestros. Para las clases de secundaria, cada combinación única de maestro y hora de la clase es contada como una clase. Los promedios se determinan al sumar el número de estudiantes (en una dada materia en la escuela) y se divide por el total calculado de las clases.

Para las clases de primaria, se considera el número de récords reportados para cada grado. Un maestro enseñando todas las materias al mismo grupo de estudiantes en el cuarto grado todo el día tendrá solo un récord indicando el número total de estudiantes en el cuarto grado. Sin embargo, un maestro de primaria quien enseña una sola materia a cinco secciones diferentes de cuarto grado cada día, tendrá cinco récords reportados por separado, cada uno con el número total individual de estudiantes quienes reciben estos servicios. Por ejemplo, un maestro de ciencias de 4º grado enseña 5 clases de ciencias cada día con 18, 20, 19, 21 y 22 estudiantes en cada una de esas clases. Esto es un total de 100 estudiantes que recibieron enseñanza en 5 secciones, 100 dividido entre 5 resulta que ese maestro tiene una clase promedio de 20 estudiantes.

Las siguientes reglas aplican al promedio de los tamaños de las clases:

1) las clases identificadas como que reciben servicio regular, compensatorio/de recuperación, dotados y talentosos, educación vocacional y tecnológica y estudiantes de honor están incluidas en los cálculos;

2) las materias en las áreas de artes del lenguaje de inglés, matemáticas, ciencias, estudios sociales, idiomas, ciencias de computación, educación comercial, educación vocacional y tecnológica, y las ofrecidas en clases de salón contenido *(self- contained)* están incluidas en los cálculos;

3) clases donde el número de estudiantes que reciben los servicios aparece reportado como cero no están incluidas;

4) códigos de servicios con el prefijo "SR" no están incluidos;

5) roles de maestros codificados como "maestro" y/o "maestro substituto" están incluidos.

6) solamente las clases codificadas como "clase regular" están incluidas en los cálculos;

7) conteos parciales FTE que faltan no están incluidos;

8) clases de primaria donde el número de estudiantes excede 100 no están incluidas.

COLLEGE ADMISSIONS TESTS – Pruebas de admisión a universidades.- Vea *SAT/ACT Results* (Resultados del SAT/ACT).

COLLEGE READINESS INDICATORS – Indicadores de preparación para universidad.- Estos índices se agrupan para dar una idea del nivel de preparación para universidad *(college preparedness)* que se ofrece en una preparatoria o para un distrito específico. Estos indicadores pueden ser usados por educadores en su esfuerzo para asegurar que los estudiantes sean capaces de desempeñarse en los cursos universitarios en instituciones de educación superior.

Los índices incluyen:

- *Advanced Course/Dual Enrollment Completion* —Finalización de cursos avanzados y de Registro dual;
- *Recommended High School Program/Distinguished Achievement Program Graduates*— Programa recomendado de preparatoria/Programa de logros distinguidos;
- *AP/IB Examination Results*—Resultados de los exámenes AP/IB;
- *Texas Success Initiative (TSI) Higher Education Readiness Component* –Iniciativa de Éxito para Texas–Componente de la preparación para la educación superior;
- *SAT/ACT Results*—Resultados de los exámenes de admisión universitaria SAT/ACT; y
- *College-Ready Graduates* – (graduados preparados para la universidad)

COLLEGE-READY GRADUATES – Graduados preparados para la universidad.-Para estar considerado como preparado para universidad según está definido por este indicador, el graduado debe cumplir con los criterios de preparación en la prueba del último nivel de TAKS (TAKS exit-level test) o el examen SAT o el ACT. Los criterios para cada uno es:

Materia	TAKS – último nivel		SAT		ACT
Artes del lenguaje en inglés	>= 2200 calificación a escala en la prueba de inglés Y un "3" o más en el ensayo	O	>= 500 en la sección de lectura crítica Y >= 1070 en total	O	>= 19 en inglés Y >= 23 compuesta
Matemáticas	>= 2200 calificación a escala en la prueba de matemáticas	O	>= 500 en la sección de matemáticas Y >= 1070 en total	O	>= 19 en matemáticas Y >= 23 compuesta

Se calculan tres valores en este indicador:

(1) *Eng Lang Arts- Artes del lenguaje en inglés.*- Este muestra el porcentaje de graduados que lograron la puntuación mínima aceptable o más en TAKS, SAT o ACT en la sección de artes del lenguaje en inglés.

$$\frac{\text{número de graduados que lograron la puntuación mínima aceptable o más alta de acuerdo con los criterios de los requisitos de preparación universitaria para inglés}}{\text{número de graduados (clase del 2010) con resultados para ser evaluados en inglés}}$$

(2) *Mathematics – Matemáticas.*- Este muestra el porcentaje de graduados que lograron la puntuación mínima aceptable o más en TAKS, SAT o ACT en la sección de matemática.

$$\frac{\text{número de graduados que lograron la puntuación mínima aceptable o más alta de acuerdo con los criterios de los requisitos de preparación universitaria para matemáticas}}{\text{número de graduados (clase del 2010) con resultados para ser evaluados en matemáticas}}$$

(3) *Both subjects – Ambas materias.*- Este muestra el porcentaje de graduados que lograron la puntuación mínima aceptable o más en TAKS, SAT o ACT en la sección de artes del lenguaje en inglés y matemáticas.

$$\frac{\text{número de graduados que lograron la puntuación mínima aceptable o más alta en de acuerdo con los criterios de los requisitos de preparación universitaria en la sección de inglés y de matemáticas}}{\text{número de graduados (clase del 2010) con resultados para ser evaluados en inglés y matemáticas}}$$

Este indicador difiere del TSI, Componente de la preparación para educación universitaria, en varias maneras:

- Incluye desempeño en SAT y ACT;
- Se basa en los graduados del año anterior en lugar de los que están ese año en el grado 11;
- Provee una medida general para las dos materias combinadas; y
- El desempeño está ligado a la escuela y al distrito donde se graduó el estudiante, mientras que el indicador TSI usa la escuela y el distrito donde se administraron las pruebas TAKS.

El desempeño en TAKS del último nivel incluye el desempeño en TAKS (con acomodos). En este indicador no se incluye el desempeño en el TAKS – Modificado ni en TAKS-Alternativa.

Las escuelas y los distritos escolares pueden calificar para el Reconocimiento Dorado de Progreso Académico *(Gold Performance Acknowledgement)* en el indicador de graduados preparados para la universidad (medida 3 de las anteriores), vea el capítulo 5 del Manual de Responsabilidad Educativa 2011 *(2011 Accountability Manual. (Fuentes: TEA Student Assessment Division, The College Board, agosto 2010, agosto 2011, ACT, Inc. octubre 2010, octubre 2009; y PEIMS, octubre 2010, octubre 2009).*

COMMENDED PERFORMANCE – Desempeño sobresaliente.- Vea *TAKS Commended Performance.*

COMMUNITY SERVICES (2009-10) – Servicios comunitarios (2009-10) *(solamente en el Perfil del distrito).*- Estos son los gastos para actividades que no son parte de educación pública regular. Estas actividades están relacionadas con toda la comunidad, como la operación de la biblioteca escolar, la alberca y parques públicos (objetos 6100-6400, función 61). Los gastos en servicios comunitarios se muestran como una cantidad por sí misma y no se incluye en los gastos operaciones totales.

Note que esta cantidad es reportada como gastos *actuales* y no *presupuestados (actual expenditures, not budgeted)*. Esta información es del año previo (2009-10). Vea también el apéndice B. *(Fuente: PEIMS, marzo del 2011)*

COMPARABLE IMPROVEMENT *(Campus –level only)* **– Mejoramiento comparable** *(a nivel de escuela solamente)***.-** El mejoramiento comparable *(Comparable Improvement, CI)* es una medida que calcula cuánto ha cambiado (o aumentado) el desempeño de un estudiante en la prueba TAKS de matemáticas y de lectura de un año al siguiente y compara este cambio con el de las 40 escuelas que son demográficamente más similares a la escuela objetivo *(target school)*. Desde el año pasado (2009-10) se ha estado usando una escala vertical para lectura y matemáticas en los grados del 3 al 8. Ya que no hay escalas verticales para las pruebas en los grados de secundaria, solo se puede calcular el CI en las escuelas con grados 4, 5, 6, 7 y/o 8.

El CI se calcula separadamente para lectura y para matemáticas, basándose en los valores de la escala vertical de crecimiento (VSG) (*Vertical Scale Growth)* del estudiante individual. La VSG se define como el porcentaje del estudiante en la escala vertical en el año 2 menos el porcentaje del estudiante en la escala vertical del año 1. Un valor promedio de la VSG para cada escuela se determina totalizando los valores de la VSG a nivel del estudiante con el nivel de escuela y dividiendo entre el número de estudiantes. El valor promedio de la VGS de la escuela se redondea a un número entero. Los valores promedios de la VSG de las 40 escuelas miembros del grupo se ordenan por valores *(rank ordered)*. Las escuelas que caen bajo el primer cuartil *(first quartile)* (por ejemplo: las 10 escuelas con promedios más altos del grupo de 40 escuelas) reciben el Reconocimiento Dorado por su progreso académico *(Gold Performance Acknowledgment)* por su mejoramiento comparable CI. Los reportes del mejoramiento comparable (CI) están disponibles en:

http://ritter.tea.state.tx.us/perfreport/ci/2011/index.html

Las escuelas que reciben una clasificación en el sistema de responsabilidad de *No rated: Other (No clasificada: Otra)* y las escuelas clasificadas bajo los procedimientos del sistema de responsabilidad de educación alternativa (AEA, *alternative education accountability*) no tienen un grupo de escuelas y no son elegibles para el Mejoramiento comparable (*Comparable Improvement)*.

Aunque las escuelas preparatorias no tienen reportes de mejoramiento comparable, sí tienen un grupo de comparación. Para una explicación más detallada sobre el Reconocimiento Dorado *(Gold Performance Acknowledgments)* vaya al *capítulo 5* del Manual de Responsabilidad Educativa 2011 *(2011 Accountability Manual);* para una explicación de la Escala vertical de crecimiento, vea el apéndice E de dicho manual. Vea también *Campus Group (*Grupo de escuelas) y *Vertical Scale Growth (*Escala vertical de crecimiento) y el apéndice D.

COMPLETION RATE – Tasa de finalización.- Este indicador muestra el estatus de una generación *(cohort)* de estudiantes después de cuatro años en la preparatoria (tasa de finalización en 4 años/*4-Year Completion Rate*) o después de cinco años en la preparatoria (tasa de finalización extendida a 5 años/5-*Year Extended Completion Rate*).

Para la "tasa de finalización en 4 años", la generación consiste en estudiantes que asistieron por primera vez al noveno grado durante 2006-07. Se les da seguimiento esperando que su graduación sea con la clase de 2010.

Para la tasa de "finalización extendida a 5 años", la generación consiste en estudiantes que asistieron por primera vez al noveno grado en 2005-06. Se les da seguimiento durante 5 años para ver si se graduaron dentro de un año a partir de la expectativa de graduación que fue con la clase de 2009.

Generaciones:

- Un estudiante que se ha "transferido a esta generación", o sea a este grupo es, por ejemplo, uno que se transfirió al mismo de otra preparatoria dentro del estado de Texas o de otro estado.
- Un estudiante que se ha "transferido fuera" de este grupo es, por ejemplo, uno que se transfirió a otra preparatoria dentro del estado de Texas; note que estos estudiantes se "transfieren dentro" del grupo de la preparatoria o el distrito que los recibió. También hay estudiantes que se mudan a otro estado o fuera del país o estudiantes que se cambian a escuelas privadas o quienes son educados en casa. No es posible llevar a cabo el seguimiento de este tipo de traslados y por tanto estos son eliminados.
- Los estudiantes no cambian de generación aun cuando repiten o se saltan un año escolar. Si comienzan con la generación 2006-07 del noveno grado, estos permanecen en esta generación. Esto quiere decir, por ejemplo, que el estudiante que empezó con el grupo de noveno grado de 2006-07 y se tarda 5 años en graduarse (por ejemplo: mayo 2011) éste permanece en la generación de 2010 y no son integrados al grupo de la generación de la clase de 2011. Este estudiante todavía se considera como un estudiante de continuación y se cuenta como parte del número de *Continued HS* para la clase del 2010. Esto es cierto también para las generaciones con un periodo extendido de finalización de 5 años.

Otra información importante:

- Los estudiantes de Educación Especial que se graduaron con un Programa Educativo Individualizado *(Individualized Education Program (IEP))* son incluidos como estudiantes graduados.
- Comenzando en el ciclo de responsabilidad del 2011, la metodología para calcular la tasa de finalización se expandió. Esta metodología crea una tasa de finalización para las escuelas con grado 9 y ya sea grado 11 o 12 tanto en el año 1 (2006-07) como en el año 5 (2010-11); o las escuelas con grados 12 tanto en el año 1 como en el año 5. Las escuelas preparatorias que no cumplen con este requisito no son evaluadas en este indicador en el 2011.

Hay cuatro resultados posibles para los estudiantes que se usan en los cómputos de cada índice longitudinal:

Tasa de finalización en 4 años

(1) *Graduated- Porcentaje de graduados.*-Basada en el grupo de la generación del 2006-07, esta tasa muestra el porcentaje de los que recibieron su diploma (de preparatoria o bachillerato) —a tiempo o antes —para el 31 de agosto de 2010. Se calcula de la siguiente manera:

$$\frac{\text{número de graduados de este grupo quienes recibieron su diploma de escuela preparatoria al 31 de agosto de 2010}}{\text{número de estudiantes en el grupo de 2006-07*}}$$

(2) *Received GED- Recibieron el GED.*-Basada en el grupo del 2006-07, esta tasa muestra el porcentaje de los que recibieron un certificado GED *(General Educational Development)* en o antes del 31 de agosto de 2010. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en el grupo que recibieron el GED al 31 de agosto de 2010}}{\text{número de estudiantes en el grupo de 2006-07*}}$$

(3) *Continued High School- Continuaron la preparatoria.*- Basada en el grupo del 2006-07 esta tasa muestra el porcentaje de los estudiantes inscritos en el año escolar de 2010-11. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en el grupo inscritos en el año escolar de 2010-11}}{\text{número de estudiantes en el grupo de 2006-07*}}$$

(4) *Dropped Out (4-yr)- Deserción escolar (4 años).*-Basada en la generación o cohorte de 2006-07, esta tasa muestra el porcentaje de los estudiantes desertores que no retornaron para el otoño del año escolar de 2010-11. Esta tasa se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en el grupo quienes desertaron antes del otoño del 2010-11}}{\text{número de estudiantes en el grupo de 2006-07 *}}$$

Tasa de finalización extendida a 5 años

(1) *Graduated- Porcentaje de graduados.*-Basada en el grupo de la generación del 2005-06, esta tasa muestra el porcentaje de los que recibieron su diploma (de preparatoria o bachillerato) en o antes del 31 de agosto de 2010. Se calcula de la siguiente manera:

$$\frac{\text{número de graduados de este grupo quienes recibieron su diploma de escuela preparatoria al 31 de agosto de 2010}}{\text{número de estudiantes en el grupo de 2005-06*}}$$

(2) *Received GED- Recibieron el GED.*-Basada en el grupo del 2005-06, esta tasa muestra el porcentaje de los que recibieron un certificado GED *(General Educational Development)* en o antes del 31 de agosto de 2010. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en el grupo que recibieron el GED al 31 de agosto de 2010}}{\text{número de estudiantes en el grupo de 2005-06*}}$$

(3) *Continued High School- Continuaron la preparatoria.*- Basada en el grupo del 2005-06 esta tasa muestra el porcentaje de los estudiantes inscritos en el año escolar de 2010-11. Se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes en el grupo inscritos en el año escolar de 2010-11}}{\text{número de estudiantes en el grupo de 2005-06*}}$$

(4) *Dropped Out (5-yr)- Deserción escolar (5 años).*-Basada en la generación o cohorte de 2005-06, esta tasa muestra el porcentaje de los estudiantes desertores que no retornaron para el otoño del año escolar de 2010-11. Esta tasa se calcula de la siguiente manera:

número de estudiantes en el grupo quienes desertaron antes del otoño del 2010-11

número de estudiantes en el grupo de 2005-06 *

* La generación o grupo en el denominador de las fórmulas mencionadas incluye los estudiantes graduados, permanecieron en la escuela, recibieron el GED, o dejaron/desertaron sus estudios. Este no incluye errores en los datos o desertores *(leavers)* con las razones representadas por los códigos 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86 u 87.

La suma total de los cuatro indicadores para cada clasificación es 100% (debido a que estas cifras son redondeadas unas sumas de porcentajes no van a equivaler al 100%).

En adición, al desglose detallado de los índices longitudinales de los 4 años y de los 5 años, los reportes del AEIS 2010-11 muestran las dos tasas de finalización que se usan como indicadores del sistema de responsabilidad, Tasa de Finalización I y Tasa de Finalización II. En los reportes de las escuelas solo se muestra la tasa de finalización que se usa para determinar los índices de responsabilidad estatal. Las escuelas clasificadas usando los procedimientos AEA, se muestra la Tasa de Finalización II. Para las escuelas clasificadas usando los procedimientos estándares, se muestra la Tasa de Finalización I.

(1) *Completion Rate II (Graduates, Continuers, and GED)-Tasa de finalización II (Graduados, estudiantes de continuación y GED).*- Esta tasa de los 4 años suma juntos el porcentaje de estudiantes de la generación 2006-07 quienes recibieron su diploma de preparatoria al 31 de agosto de 2010, los que recibieron certificados GED para el 31 de agosto de 2010 y aquellos quienes todavía permanecían inscritos como estudiantes de preparatoria para el año escolar 2010-11. Esta tasa se utiliza para determinar los índices de responsabilidad en educación alternativa.

(2) *Completion Rate I (Graduates and Continuers)-Tasa de finalización I (Graduados, estudiantes de continuación).*-Esta tasa suma juntos el porcentaje de estudiantes de la generación 2006-07 quienes recibieron su diploma al 31 de de agosto de 2010 y aquellos quienes permanecieron inscritos como estudiantes de preparatoria para el año escolar 2010-11. Esta tasa se utiliza para determinar los índices de responsabilidad educativa.

Las tasas de finalización para los distritos que sirven a instituciones de la Comisión para la Juventud de Texas *(Texas Youth Commission)* no incluye a los estudiantes de dichas instituciones a menos que los estudiantes han sido atribuidos a una escuela regular bajo los procedimientos de responsabilidad educativa de dicha escuela *(campus accountability procedures)*.

Si desea más información sobre estas tasas, vea *Report on Secondary School Completion and Dropouts in Texas Public Schools 2009-10* (Reporte de finalización de la secundaria y deserción escolar 2009-10). *(Fuentes: PEIMS, octubre 2010, junio 2010, octubre 2009, junio 2009, octubre 2008, junio 2008, octubre 2007, junio 2007, octubre 2006, junio 2006, octubre 2005, junio 2005, junio 2004, junio 2003, junio 2002, junio 2001 y el Archivo de Información del GED (General Educational Development Information File))*

CRITERION SCORE – Calificación criterio.- Se refiere a los exámenes de admisión a la universidad (SAT y ACT), exámenes de colocación avanzada (AP) y los de bachillerato internacional (IB). Para los exámenes de admisión se necesitan 24 puntos en el examen ACT

(compuesto) y 1110 puntos en el SAT (combinación de lectura crítica y matemáticas). Para exámenes AP e IB, las calificaciones criterio son 3 en el AP y por lo menos 4 en el IB. Vea *College-Ready Graduates* (Graduados preparados para universidad) para las puntuaciones mínimas requeridas para establecer que se está preparado para universidad.

Por favor esté consciente de que cada universidad o colegio establece sus propias calificaciones criterio para admitir o permitir colocación avanzada o crédito a los estudiantes individualmente. Vea *SAT/ACT Results* y *AP/IB Results* (Resultados del SAT/ACT y AP/IB).

DATA QUALITY *(District Profile Only)* **– Control de calidad de datos** *(solamente en el Perfil del distrito)*.- El reporte del sistema AEIS muestra el porcentaje de errores que un distrito escolar comete en el reportaje de dos datos claves: 1) la tasa de error PID *(PID Error Rate – Person Identification Database) en los datos estudiantiles del PEIMS* y 2) el porcentaje de sub-reportaje del estudiantado en los datos de egresados en el PEIMS *(Underreported Students in PEIMS Student Leaver Data)*.

(1) *PID Error Rate- la tasa de error PID.*-El banco de datos para la Identificación de Personas *(PID)* es un sistema que asegura que cada vez que se recopilan los datos para cada estudiante (datos que lo/la identifican), que esta información actualmente corresponda con otra información reportada para dicho/a estudiante en otros bancos informáticos. Esto permite vincular *(linking)* con otros datos para dicho estudiante como los que se encuentran en su récord de inscripciones *(enrollment),* que se reporta en octubre, a la información en el récord de asistencia para dicho/a estudiante *(attendance)*, que se reporta en junio; o datos que se comparan a través de varios años. Esto también asegura que esta información mantenga un alto nivel de privacidad ya que se asigna un número único *(ID number)* que previene divulgar los datos que identifican a dicho(a) estudiante.

Cada distrito escolar recibe un reporte durante el proceso de reportaje *(submission process)* en el cual se indican los errores en el PID. El distrito escolar tiene un periodo para corregir estos errores antes de finalizar su reporte. Mientras que la tasa de error en el PID ha disminuido significativamente durante los años recientes, cualquier error tiene un efecto desfavorable en cálculos de medidas longitudinales como la tasa de deserción escolar de 4 años o la tasa de finalización de la preparatoria *(high school completion rate)*. El reporte AEIS muestra la tasa de errores en el PID del PEIMS, Suministro 1 (octubre 2010) *(Submission 1)*.

Esta tasa se calcula de la siguiente manera:

$$\frac{\text{número de errores PID por estudiante encontrados en PEIMS, suministro 1 (otoño 2010)}}{\text{número de récords de estudiantes en PEIMS suministro 1 (otoño 2010)}}$$

(2) *Percent of Underreported Students-Porcentaje de estudiantes sub-reportados.*-El sub-reportaje de estudiantes: entre 7^{o} – 12^{o} grado quienes fueron inscritos durante el año previo y los cuales no han sido tomados en cuenta por el distrito o TEA durante el presente año. A los distritos se les requiere someter un récord de egresado para cualquier estudiante que recibió servicios en los grados del 7 al 12 durante el año anterior, a menos que este recibió un certificado de GED en o antes del 31 de agosto, se graduó anteriormente de una escuela pública en Texas, se transfirió a otro distrito escolar en

Texas o regresó al distrito a tiempo, (para el 2010-11 el último día para la ventana que establece el comienzo del año escolar fue el 24 de septiembre de 2010). Para los estudiantes que asistieron durante el 2009-10, había 14 posibles razones para egresar incluyendo: graduación, muerte o deserción escolar. (Si desea una definición más completa de éstos, vea *Leaver Records* (Registro o Récord de egreso de estudios).

Esta tasa de calcula de la siguiente manera:

$$\frac{\text{número de estudiantes sub-reportados}}{\text{número de estudiantes en los grados del 7 al 12 que recibieron servicios en el distrito durante el año escolar de 2009-10}}$$

En el sistema de responsabilidad educativa, hay repercusiones en la clasificación para los distritos que exceden ciertos márgenes en esta tasa. En el 2011, para que se recibiera una clasificación de *Exemplary or Recognized (*ejemplar o reconocido), el porcentaje del distrito y el número de estudiantes sub' reportados no podía exceder el 3.0% o 150, respectivamente.

DISTINGUISHED ACHIEVEMENT PROGRAM – Programa de logros distinguidos.- Vea *RHSP/DAP Graduates* (Programa recomendado de preparatoria/Graduados del programa de logros distinguidos).

DROPOUT – DESERTOR ESCOLAR.- Un desertor escolar es un estudiante que estaba matriculado en los grados del 7 al 12 el año anterior, pero que no regresa el otoño del siguiente año a su escuela, que no fue expuldado y que no se graduó, no recibió su GED, no se volvió a inscribir en otra escuela pública en Texas, no continuó su educación fuera del sistema público o que no comenzó estudios universitarios o murió.

Las tasas de deserción escolar se obtienen de los registros del PEIMS. TEA identifica los estudiantes para los cuales los distritos no tienen que someter récords de egresados basándose en los récords de asistencia y matrícula de todos los distritos, los récords de los que se han graduado en los últimos años y los récords de los certificados de GED. Los distritos escolares deben informar sobre el resto de los estudiantes al someter las razones por haber egresado. El registro de egresados provee 14 causas posibles por las que un estudiante deja la escuela en el 2009-10, incluyendo una que indica que el estudiante es un desertor escolar (razón-código 98). Para más información vea el *Annual Dropout Rate* (Índice anual de deserción escolar). *(Fuente: PEIMS, octubre 2010)*

DROPOUT RATE – Índice de deserción escolar.- Vea *Annual Dropout Rate* (Índice anual de deserción escolar).

ECONOMICALLY DISADVANTAGED – Estudiantes con desventaja económica.- El porcentaje de alumnos con desventaja económica se calcula sumando los estudiantes con derecho a recibir almuerzos gratuitos o a un precio reducido *(free or reduced-price lunch)* u otro tipo de asistencia pública y dividiendo dicha cantidad por el número total de estudiantes en la escuela:

$$\frac{\text{número de estudiantes elegibles para recibir almuerzos gratuitos o a precio reducido u otra asistencia pública}}{\text{número total de estudiantes en la escuela}}$$

Vea *Campus Groups* (Grupos de escuelas) y *Total Students* (Número total de estudiantes). *(Fuente: PEIMS, octubre 2010, octubre 2009; y la División de Evaluación Estudiantil de la Agencia de Educación de Texas (TEA Student Assessment Division))*

EDUCATIONAL AIDES – Ayudantes educativo.- Son personas cuyo papel se describe mediante el código 033 (Ayudante educativo) *(Educational Aide)*, 036 (Intérprete certificado) *(Certified Interpreter) y* 037 (Intérprete no certificado) *(Non-Certified Interpreter)*. A estos ayudantes se les conoce también como personal para-profesional. La cifra de FTE del personal de ayudantes educativos está reportada como un porcentaje del total de empleados de tiempo completo *(FTE)*. *(Fuente: PEIMS, octubre 2010)*

ENGLISH LANGUAGE LEARNERS PROGRESS INDICATOR – Índice del progreso de los estudiantes que están aprendiendo inglés.- El índice de progreso de los ELL evalúa el progreso de los estudiantes que están aprendiendo inglés en relación a dominar el idioma inglés basado en su desempeño ya sea en la prueba TAKS de lectura o el componente de lectura del Sistema de evaluación del domino del idioma en Texas (TELPAS). Este es un nuevo índice en el sistema de responsabilidad.

Se calcula de la siguiente manera:

Todos los estudiantes que están actualmente clasificados como LEP en los grados del 3 al 11 o a los que se les está dando seguimiento los cuales cumplieron con el estándar de lectura/ELA en TAKS o cumplieron con el requisito del componente de lectura del TELPAS

Todos los estudiantes que están actualmente clasificados como LEP en los grados del 3 al 11 o a los que se les está dando seguimiento los cuales tomaron la prueba TAKS de lectura/ELA o el componente de lectura del TELPAS

Otra información:

- *Grades tested.* Grados evaluados-. Aunque el TELPAS se administra a los estudiantes de Kinder a 12, solamente se incluyen en el cálculo aquéllos que se evaluaron en los grados del 3 al 11.

  Tests included. Pruebas incluidas-. Se incluyen en los cálculos los resultados de en la versión en inglés de la prueba de lectura de TAKS (incluyendo TAKS con acomodos y TAKS-M) y de TELPAS. Aunque los estudiantes de TAKS-Alt también toman el componente de lectura de TELPAS, los resultados de TAKS-Alt no se incluyen en los cálculos.

- *Years in U.S. Schools.* Años en las escuelas de E.E. U.U. -.Se incluyen solamente estudiantes que están por lo menos en su segundo año en escuelas en E.E. U.U.

Vea el apéndice H para más información sobre la metodología para este indicador, incluyendo detalles específicos sobre los criterios usados para TELPAS, las reglas para los sub grupos en el sistema de responsabilidad y otros detalles. También vea el documento de las *ELL Frecuently Asked Questions (Preguntas más frecuentes sobre ELL)* en:

http://ritter.tea.state.tx.us/perfreport/ell_faq.html

Para información relacionada a las evaluaciones apropiadas para los estudiantes LEP, refiérase al *District and Campus Coordinator Manual* (Manual del distrito y coordinador de la escuela) el cual está disponible en:

http://www.tea.state.tx.us/student.assessment/manuals/dccm/

(Fuente: TEA Student Assessment Division - Departamento de la evaluación estudiantil de la Agencia de Educación de Texas-)

ENROLLMENT – Inscripciones.- Vea *Total Students* (Número total de estudiantes).

EQUITY TRANSFERS (2009-10) – Transferencias financieras del saldo (2009-10) *(solamente en el Perfil del distrito.-* La cantidad, "excluida de los ingresos" *(excluded from revenues)*, son los gastos reportados por los distritos para reducir el valor gravable de propiedad *(property wealth)* al nivel requerido del valor del saldo *(required equalized wealth level)* (función 91). La cantidad "excluida de los gastos"*(excluded from expenditures)*, son los gastos reportados por el distrito del costo de reducir el valor de propiedad *(property wealth)* al nivel requerido del valor del saldo *(required equalized wealth level)* (función 91).

Note que esta cifra es reportada como gastos *actuales* y no *presupuestados.* Es por eso que a información es del año previo (2009-10). Vea también el apéndice B. *(Fuente: PEIMS, marzo 2011)*

ETHNIC DISTRIBUTION – Distribución étnica.- Para los reportes AEIS del 2010-11, se usaron las nuevas definiciones federales para la colección de origen étnico y raza. Cada estudiante y personal se reporta ahora clasificado como afro-americano, hispano, anglo-europeo, indio nativo norteamericano, asiático o de las islas del Pacífico y dos o más razas. En la sección del perfil se reportan de manera de porcentaje y como el número total de estudiantes y personal bajo cada una de estas categorías.

En algunas medidas de desempeño — TAKS (índice de responsabilidad), asistencia, tasa anual de deserción escolar, inscripción en cursos avanzados o de registro dual, graduados del programa RHSP/DAP, AP/IB, ACT/SAT y graduados preparados para la universidad – los grupos asiático o de las islas del Pacífico y dos o más orígenes no tienen datos disponibles para el año escolar anterior porque ese año se usaron las definiciones anteriores. Cuando falta información se utiliza "n/a" para *No disponible*. En el renglón de las medidas de la tasa de finalización y de TAKS del último nivel aparece "n/a" tanto para el año corriente y el anterior para estos grupos porque en ambos años estas medidas se basaron en las definiciones anteriores.

(Fuente: PEIMS, octubre 2010, octubre 2009; La Mesa Directiva Universitaria (The College Board); ACT Inc.; La Organización Internacional del Bachillerato (The International Baccalaureate Organization Educational Testing Service); y la División de Evaluación Estudiantes (TEA Student Assessment Division))

FTE.- Equivalente a tiempo completo

FUND BALANCE INFORMATION – Información sobre el saldo del fondo *(solamente en el Perfil del distrito)***.-** Esta es la cantidad no designada y no reservada por el distrito de superávit disponible en sus fondos al final del año escolar 2009-10.

El saldo no reservado *(unreserved fund)* no está restringido legalmente y tiene dos componentes: designados y no designados. El componente designado requiere acción de la mesa directiva local *(local board action)* para poder reservar los fondos para propósitos fidedignos (*bona fide)* dentro de un periodo razonable. El componente no designado está disponible por medio de las operaciones financieras mensuales.

La cifra reportada en el reporte AEIS es el componente no designado y está calculada como la diferencia entre el saldo total no reservado y el saldo designado no reservado. Este saldo se expresa como el porcentaje total del presupuesto de gastos (para los fondos generales) para el año presente (2010-11), así como se especifica en los estatutos.

Un distrito puede tener un saldo negativo no designado *(negative undesignated)*, o no reservado *(unreserved)* cuando el saldo reservado del distrito es mayor que el saldo total de los fondos del distrito *(district's total fund balance)*.

Note que mientras otros aspectos financieros son reportes *actuales*, la información del saldo de los fondos se expresa como un porcentaje del total de los gastos *presupuestados* para el año tal y como se requiere en los estatutos. *(Fuente: Informe de Auditoría Financiera (Financial Audit Report), enero 2011)*

GENERAL FUND – Fondos generales.- Este es un fondo gubernamental utilizado para la operación de actividades y organizaciones continuas. Las cantidades reportadas bajo esta clasificación de los fondos se ha reportado aparte de Todos los fondos *(All Funds)*. Los fondos generales incluyen los códigos 101-199, 266 y el 420. El fondo 420 del Programa para asignar fondos a las escuelas y Otra Ayuda del Estado *(Foundation School Program and Other State Aid)* solamente ha sido incluido bajo los fondos generales para las escuelas charter. El fondo 266, fondo estatal de estabilización fiscal *(State Fiscal Stabilization Fund)*, comenzando el año fiscal 2008/2009, se incluye también en el fondo general. Estos fondos provienen de la Ley de Reinversión y Recuperación de Estados Unidos de 2009 (*American Recovery and Reinvestment Act of 2009)*.

Note que toda la información financiera son datos *actuales*, no *presupuestados*. La información es del año previo (2009-10). Vea también el apéndice B. *(Fuente: PEIMS, marzo 2011)*

GOLD PERFORMANCE ACKNOWLEDGMENT – Reconocimiento Dorado del Progreso Académico (GPA).- Este sistema reconoce los distritos y escuelas por su alto desempeño en indicadores adicionales a los que se usan para determinar las clasificaciones para el sistema de responsabilidad. Las escuelas charters y las escuelas de educación alternativa (AEC) que se evalúan con los procedimientos bajo el sistema de responsabilidad de educación alternativa (AEA) pueden calificar para el Reconocimiento Dorado. El reconocimiento se puede otorgar por alto desempeño en cualquiera de los siguientes indicadores:

- *Advanced Course/Dual Enrollment Completion* —Finalización de cursos avanzados y de los cursos de registro dual
- *AP/IB Examination Results*—Resultados de los exámenes AP/IB
- *Attendance Rate*—Tasa de asistencia
- *College-Ready Graduates* - Graduados preparados para la Universidad
- *Commended Performance on TAKS: Reading/English Language Arts*—Progreso sobresaliente en la prueba TAKS de lectura/Artes del lenguaje en inglés
- *Commended Performance on TAKS: Mathematics*—Progreso sobresaliente en la prueba TAKS de matemáticas

- *Commended Performance on TAKS: Writing*— Progreso sobresaliente en la prueba TAKS de escritura
- *Commended Performance on TAKS: Science*—Progreso sobresaliente en la prueba TAKS de ciencias naturales
- *Commended Performance on TAKS: Social Studies*—Progreso sobresaliente en la prueba TAKS de ciencias sociales
- *Comparable Improvement: Reading* —Mejoramiento comparable en lectura *(a nivel de escuela solamente)*
- *Comparable Improvement:Mathematics*—Mejoramiento comparable en matemáticas *(a nivel de escuela solamente)*
- *Recommended High School Program/Distinguished Achievement Program*—Programa recomendado de preparatoria/Programa de logros distinguidos
- *SAT/ACT Results (College Admissions Tests*)—Resultados de los exámenes de admisión universitaria SAT/ACT
- *TSI – Higher Education Readiness Component: English Language Arts*—TSI Iniciativa de Éxito para Texas—Componente de la preparación para la educación superior: artes del lenguaje en inglés
- *TSI – Higher Education Readiness Component: Mathematics*— TSI Iniciativa de Éxito para Texas—Componente de la preparación para la educación superior: matemáticas

* Las escuelas que son evaluadas bajo los procedimientos de AEA no son elegibles para Mejoramiento Comparable para el Reconocimiento Dorado *(Comparable Improvement GPA).*

Las escuelas y los distritos escolares reciben una de las tres categorías posibles para cada indicador. RECONOCIDA *(Acknowledged)* significa que llenaron los requisitos del Reconocimiento Dorado por el Progreso Académico para el estándar del índice; NO CALIFICA *(Does Not Qualify)* significa que fueron evaluados pero no llenaron los requisitos del susodicho estándar del índice o que el distrito fue calificado como ACADÉMICAMENTE NO ACEPTABLE *(Academically Unacceptable);* NO ES PERTINENTE *(Not Applicable)* significa que no hay suficientes datos para evaluar estos indicadores, usualmente esto es debido a los grados en operación en el distrito o la escuela. Las escuelas clasificadas como NO CALIFICADAS, no son evaluadas para el Reconocimiento Dorado del Progreso Académico y por lo tanto SON clasificadas como NO ES PERTINENTE *(not applicable).*

Si una escuela o distrito ganó cualquier reconocimiento dorado del progreso lo verá listado en la portada del reporte AEIS, seguido por la clasificación del sistema de responsabilidad. Vea los capítulos 5 y 13 del Manual de Responsabilidad Educativa 2011 *(2011 Accountability Manual)* para más detalles en los estándares o criterios para el *Reconocimiento Dorado de Progreso Académico.*

Vea también *Advanced Course/Dual Enrollment Completion,* Cursos avanzados/finalización de cursos de registro dual; *AP/IB Results,* Resultados del AP/IB*; Attendance Rate,* Tasa de asistencia; *College-Ready Graduates,* Graduados preparados para la universidad, *Comparable Improvement.* Mejoramiento comparable; *RHSP/DAP Graduates,* Graduados programa

distinguido RHSP/DAP; *SAT/ACT Results, Resultados del SAT/ACT; Texas Success Initiative (TSI)* –TSI Iniciativa de Éxito para Texas y *TAKS.*

GRADUATES (CLASS OF 2010) – Graduados (Generación/Clase del 2010).- Estos datos que se muestran en la sección del perfil, se refieren al número total de estudiantes reportados como graduados en el otoño del año escolar de 2009-10 (incluyendo los que se graduaron durante el verano) reportados en el otoño del 2010. La cifra incluye los estudiantes quienes se graduaron del 12º grado y graduados de otros grados. Los estudiantes en clases de Educación Especial se incluyen bajo este total y también se reportan como un grupo aparte. Los estudiantes de Educación Especial graduados son estudiantes que se gradúan con un tipo de código indicando graduación de Educación Especial o quienes recibieron servicios de educación especial durante todo se ultimo año de preparatoria (determinado por su asistencia). Esta cifra también incluye a los graduados bajo los programas recomendados de preparatoria *(recommended high school)* o los de logros distinguidos *(distinguished achievement)*.

Los estudiantes graduados con la generación/clase de 2010 pueden hallarse bajo una de las siguientes categorías:

- Programa Mínimo de Preparatoria *(Minimum High School Program)*
- Programa Recomendado de Preparatoria *(Recommended High School Program)*
- Programa de Logros Distinguidos *(Distinguished Achievement Program)*
- Estudiante de Educación Especial el cual finalizó un Programa educativo individualizado (PEI) *(Special Education student completing an individualized education program (IEP))*

El número de graduados se calcula de manera un poco distinta en tres índices en la sección del progreso académico del reporte AEIS:

- Los resultados de admisiones a universidades no indican si el estudiante quien tomó el examen utiliza los servicios de educación especial; por lo tanto, no hay manera de saber si el estudiante que toma el SAT o ACT está en educación especial. Sin embargo, dado que relativamente pocos estudiantes que están en educación especial toman los exámenes de admisión universitaria, solamente hemos incluido estudiantes en educación regular *(non-special education)* en el denominador.
- El índice del programa recomendado de preparatoria y de logros distinguidos *(RHSP/DAP)* incluye a todos los que se graduaron, tanto en educación especial como en la regular en el denominador y el numerador.

Vea *Completion Rate* (Tasas de Finalización) y *RHSP/DAP Graduates* (Graduados del Programa RHSP/DAP). *(Fuente: PEIMS, octubre 2010)*

INSTRUCTIONAL EXPENDITURE RATIO (2009-10) *(District Profile only)* – **Tasa de gastos de instrucción (2009-10)** (*solamente en el Perfil del distrito*)**.-** Esta es una nueva medida requerida por el TEC 44.0071, e indica el porcentaje del total actual de los gastos del distrito para el año fiscal 2009-10 que fueron utilizados para pagar actividades de instrucción directa *(direct instructional activities)*. La tasa de gastos de instrucción es únicamente una medida a nivel del distrito y es calculada de la siguiente manera:

$$\frac{\text{gastos reportados en los códigos de funciones 11, 12, 13, 31 y códigos de objetos 6112 al 6499}}{\text{gastos reportados en los códigos de funciones 11-52, 92 y 95 y códigos de objetos 6112 al 6499}}$$

Si quiere más detalles llame a la División de Auditorías Financieras *(School Financial Audits Division)* al (512) 463-9095. Vea el apéndice B. *(Fuente: PEIMS, marzo 2011)*

INSTRUCTIONAL STAFF PERCENT *(District Profile only)* – **Tasa de gastos en el personal de instrucción** *(solamente en el Perfil del distrito)***.-** Esta es una nueva medida requerida por el TEC 44.0071, e indica el porcentaje del total actual de los gastos del distrito en los empleados de tiempo completo (FTE) cuya descripción de sus funciones de trabajo fue la de proveer instrucción directa en el salón de clases a estudiantes durante el año escolar 2010-11. El porcentaje de gastos en el personal de instrucción es una medida a nivel de distrito y se calcula de la siguiente manera:

$$\frac{\text{número de horas reportadas como gastos bajo códigos de objetos 6112, 6119 y 6129 y códigos de funciones 11, 12, 13 y 31}}{\text{número total de horas trabajadas reportadas por todos los empleados del distrito}}$$

Si quiere más detalles llame a la División de Auditorías Financieras *(School Financial Audits Division)* al (512) 463-9095. Vea el apéndice A. *(Fuente: PEIMS, octubre 2010)*

INTERNATIONAL BACCALAUREATE (IB) – Bachillerato Internacional (IB).- Vea *AP/IB Results* (Resultados del AP/IB).

LEAVER RECORD – Récord o registro de egreso de estudios.- Para determinar el estatus de los estudiantes 7º y el 12º grado que ya no están inscritos en alguna escuela pública de Texas, TEA revisa los récords de egresados de los récords de asistencia y matrícula de todos los distritos, los récords de los que se han graduado en los últimos años y los récords de los certificados de GED. Los distritos escolares deben informar sobre el resto de los estudiantes al someter las razones por haber egresado. Este grupo de "egresados" *(leavers)* incluyen estudiantes que se graduaron, que se inscribieron en una escuela en otro estado, regresaron a su país de origen, murieron o son desertores escolares. Esta información se manda a la agencia de educación durante el periodo de Suministro 1 del reportaje anual de datos para el registro del PEIMS.

Vea *Data Quality (Control de la calidad de datos)*. (Fuente: *PEIM,* octubre 2010; *Secondary School Completion and Dropouts in Texas Public Schools, (*Finalización y Desertores de Escuela Preparatoria en Escuelas Públicas de Texas), 2009-10, *Texas Education Agency)*

LIMITED ENGLISH PROFICIENT (LEP) – Dominio limitado del inglés.- Se refiere estudiantes identificados con dominio limitado del inglés por el Comité de evaluación del dominio del idioma (LPAC) de acuerdo con el criterio en el Código Administrativo de Texas. No todos los estudiantes designados como LEP estarán en programas de educación bilingüe o de enseñanza del inglés como segunda lengua *(ESL)*, aunque este sea el caso para la mayoría. En la sección del *Perfil* del reporte, el porcentaje se calcula dividiendo el número de estudiantes LEP por el número total de estudiantes en la escuela o el distrito.

La columna para los valores LEP en la sección de *Progreso (Performance)* muestra el desempeño de estudiantes identificados como LEP solamente en el año actual; los estudiantes que ya no se consideran LEP, no se incluyen en esta columna.

La sección III en los reportes del distrito, la región y el estado muestra en mayor detalle el desempeño de los estudiantes LEP. Vea *Bilingual Education/English as a Second Language Report (Reporte de Educación bilingüe/Inglés como segundo idioma) y el apéndice I.* También vea *Campus Groups* (Grupos de escuelas) y *TAKS Participation* (Participación en la prueba TAKS). *(Fuente: PEIMS, octubre 2010)*

MET STANDARD – Estándar/criterio cumplido.- Vea *TAKS Met 2011 Standard (Estándar 2011 de TAKS)*.

MOBILE – Móvil.- Esta medida, que es parte de la sección de participación en *TAKS* indica el porcentaje de resultados de exámenes de estudiantes que no se han incluido en el sistema de responsabilidad educativa *(accountability system)* debido a que tales estudiantes se trasladaron entre el otoño y la primavera a una escuela o a un distrito distinto.

Note que esta definición es diferente a la que se usa para determinar Movilidad en el estudiantado *(student Mobility)* y que se da a continuación. También vea Vea *Accountability Subset* (Subgrupo de Responsabilidad Educativa).

MOBILITY – Movilidad (solamente en el Perfil de la escuela)**.-** Se considera que un estudiante es móvil si ha estado en una escuela menos de un 83% del transcurso del año escolar (es decir, si ha estado ausente de una escuela en particular al menos seis semanas).

$$\frac{\text{número de estudiantes móviles en 2009-10}}{\text{número de estudiantes que asistieron a la escuela durante cualquier periodo del año escolar 2009-10}}$$

Esta tasa se calcula a nivel de escuela o plantel escolar. La tasa de movilidad reportada en la sección del perfil del reporte escolar bajo la columna "distrito" se ha calculado con el número de estudiantes móviles al nivel del plantel escolar. Es decir, la tasa refleja la movilidad de escuela a escuela dentro del mismo distrito escolar o afuera de éste. Vea *Campus Groups* (Grupos de Escuela). *(Fuente: PEIMS, junio 2010)*

N/A – N/A.- Este símbolo significa que la información no existe o que no es pertinente.

NUMBER OF STUDENTS PER TEACHER – Número de estudiantes por maestro.- Se refiere al número total de estudiantes dividido entre el número total de maestros que trabajan tiempo completo (FTE). *(Fuente: PEIMS, octubre 2010)*

PAIRED SCHOOLS – Pareja de escuelas.- Para determinar su clasificación *(accountability purposes),* las escuelas que reportan información de inscripciones y asistencia pero que no cubren los grados en los que se administran los exámenes mandados por el estado (por ejemplo, escuelas de kinder al 2º grado) se "parean" con escuelas que reciben a sus estudiantes cuando pasen a otro nivel en una relación "interactiva" *(feeder)*. Por ejemplo, si asumimos que la Primaria Travis (K-2º) "alimenta" a sus estudiantes a La Primaria Navarro (3º a 5º grado) el distrito "parea" estas dos escuelas para su clasificación *(rating)*. Esto quiere decir que el desempeño en la prueba TAKS de la primaria Navarro se usa para calificar a la primaria de Travis y es reportada en el reporte del AEIS para la Primaria Travis. Vea el capítulo 6 en el Manual de Responsabilidad del 2011 *(2011 Accountability Manual)*.

PBM SPECIAL EDUCATION MONITORING RESULTS STATUS – PBM Estatus de educación especial bajo inspección de resultados.- Este título *aparece* en la portada del reporte AEIS

para distritos con un estatus de educación especial bajo inspección *(special education monitoring status)*. Para una explicación sobre cada categoría vea el apéndice G.

PERFORMANCE OF MOBILE STUDENTS – Progreso académico de estudiantes móviles *(solamente para el Progreso)*.- Esta medida muestra el desempeño de los estudiantes quienes fueron excluidos del subgrupo de responsabilidad del distrito escolar *(district accountability subset)* debido a la movilidad entre distritos entre octubre y la temporada de exanimación. Esta cifra es calculada para cada materia de la prueba TAKS así:

$$\frac{\text{número de estudiantes móviles que aprobaron cada prueba}}{\text{número de estudiantes móviles examinados}}$$

Los resultados para los estudiantes móviles pueden encontrarse en la página: http://ritter.tea.state.tx.us/perfreport/aeis/2011/state.html. Baje la pantalla hasta que vea *Performance of Mobile Students* (después de TAKS) y oprima clic en este vínculo *(link)*.

Este índice muestra el desempeño por materia y agrega todos los grados examinados *(summed across all grades tested)*. Para poder comparar estos datos, el Progreso Académico de Estudiantes Móviles es reportado para los años 2011 y 2010. En estos dos años se usaron las nuevas definiciones para raza y origen étnico.

Este índice no está disponible por región, distrito o plantel escolar. Vea también *Mobile,* Móvil. *(Fuente: TEA Student Assessment Division)*

PROFESSIONAL STAFF – Personal Profesional.- Esta es la suma total de maestros, personal profesional suplementario, administradores de escuela que trabajan el equivalente a tiempo completo (FTE). En el Perfil del distrito éste incluye a los administradores a nivel central. El personal se agrupa según las categorías de tipo de personal asignadas por el PEIMS. Cada tipo de personal profesional aparece como porcentaje del personal total (profesional y para-profesional) que trabaja el equivalente a tiempo completo. Vea el apéndice A. *(Fuente: PEIMS, octubre 2010)*

PROGRESS OF PRIOR YEAR TAKS FAILERS– Progreso académico de los reprobados en la prueba TAKS del año anterior -. El progreso reportado bajo estas dos medidas compara el progreso de los estudiantes quienes reprobaron la prueba TAKS de ELA o matemáticas en el año anterior con los resultados del año siguiente.

(1) *Percent of Failers Passing TAKS (Sum of Grades 4 - 11)- Porcentaje de reprobados que aprobaron la prueba TAKS* (Total del 4º al 11º grado).-.- De los estudiantes que reprobaron la prueba TAKS, incluyendo TAKS con acomodos (*Accommodated*) y TAKS-Modificada (*Modified*), del año previo, esta medida muestra el porcentaje que pasaron el examen este año:

Para el 2011, los valores reportados para lectura /ELA y matemáticas se calculan así:

$$\frac{\text{número de estudiantes correspondientes } \textit{(matched)} \text{ que reprobaron en 2010 y aprobaron en el 2011}}{\text{número de estudiantes que reprobaron en 2010}}$$

(2) *Average Vertical Scale Growth-(VSG) (Sum of Grades 4 – 11) Promedio en la escala vertical de crecimiento (Suma de los grados 4 – 11)*.- Para los estudiantes quienes

reprobaron la prueba TAKS el año anterior, esta medida muestra el crecimiento promedio (o cambio) entre el año anterior y el actual, basado en la escala vertical de crecimiento.

Para el 2011, los valores reportados para lectura/ELA y matemáticas se calculan así:

$$\frac{\text{suma de valores individuales del TGI para estudiantes que reprobaron en el 2010}}{\text{número total de estudiantes con valores VSG que reprobaron en el 2010}}$$

Para el 2011, los estudiantes incluidos en estas medidas son aquellos quienes:

- tomaron la prueba TAKS 2011 de lectura /ELA y/o matemáticas del 4º al 11º grado durante la primavera. El progreso se calcula para los examinados en el tercer grado ya que es la primera vez que toman la prueba TAKS;
- son parte del subgrupo de responsabilidad educativa del 2011*(Accountability Subset);*
- se puede establecer una correspondencia con los registros de la prueba TAKS primavera 2010—en cualquier parte del estado—y encontrar su previa calificación para lectura /ELA y/o matemáticas;
- reprobaron la administración de la prueba TAKS 2010 de lectura /ELA y/o matemáticas.

Los reportes para estos dos índices *por grado* se encuentran para cada distrito y escuela en la red Internet, dentro del reporte del AEIS que aparece en la página de la División de Reportaje Académico *(Division of Performance Reporting)*. Para ver estos reportes, vea la versión HTML de la escuela o el distrito de la página del AEIS (http://ritter.tea.state.tx.us/perfreport/aeis/2011/). Oprima el vínculo *(link)* bajo la línea que presenta el *Progress of Prior Year TAAS Failers* (Progreso del Año Previo para los reprobados en el TAAS); esta generará un reporte del progreso de los fracasados del año anterior por grado. También encontrará estos datos en a Sección III de los reportes. Puede ver también el *Vertical Scale Growth* (Escala vertical de crecimiento) en este Glosario*,*y para más detalles vea el apéndice E en el Manual de Responsabilidad del 2011 *(2011 Accountability Manual). (Fuente: TEA Student Assessment Division)*

Nota: Al momento de volver a procesar la información de TAKS 2010 — lo cual se hizo para cumplir con las versiones de la prueba y los orígenes étnicos del 2011 — se descubrió un error en el análisis del progreso de los reprobados en TAKS del año anterior que se reportó en el AEIS del 2009-10. Esto se relaciona específicamente con el uso inapropiado de los ajustes de la escala vertical debido a los cambios en la misma entre 2009 y 2010. Para la publicación del AEIS 2010-11, todos los subgrupos del 2010 del progreso de reprobados en TAKS se volvieron a recrear, incluyendo el promedio y los subgrupos asociados con este índice. En adición, los reportes AEIS 2019-10 que se publicaron en diciembre 2010 se han actualizado para que reflejen la información para este índice.

RECOMMENDED HIGH SCHOOL PROGRAM – Programa recomendado de preparatoria.-Vea *RHSP/DAP Graduates* (Graduados del Programa RHSP/DAP).

RETENTION RATES BY GRADE – Índice de retención por grado.- El índice de retención presentado en la sección Perfil, muestra el porcentaje de estudiantes en las escuelas públicas de Texas que se inscribieron (en el otoño de 2010-11) en el mismo grado en el que estaban inscritos durante el periodo de las últimas seis semanas del año anterior (2009-10). Dicho índice se calcula de la siguiente manera:

$$\frac{\text{número total de estudiantes que no avanzaron al siguiente grado}}{\text{número total de estudiantes que avanzaron al siguiente grado + los que no avanzaron}}$$

Observe que los índices de retención para estudiantes en educación especial se calculan y se reportan aparte de los índices correspondientes a los estudiantes que no están en educación especial debido a que la manera en que se lleva a cabo dicha retención varía considerablemente entre estos dos tipos de estudiantado.

El Reporte de los AEIS solamente muestra estos índices para los grados de K al 8º. Puede hallar las tasas de retención para todos los grados en el reporte de Retención por grado en las Escuelas Públicas del Estado de Texas, 2009-10 *(Grade-Level Retention in Texas Public Schools, 2009-10)*, de la Agencia TEA. *(Fuente: PEIMS, octubre 2010, junio 2010)*

RHSP/DAP GRADUATES – RHSP/DAP para graduados.- Este índice reporta el porcentaje de estudiantes graduados los cuales cumplieron con los requisitos para los cursos del Programa de preparatoria recomendado *(Recommended High School Program)* por la Mesa Directiva de Educación de Texas *(Texas State Board of Education)* o el Programa de logros distinguidos *(Distinguished Achievement Program)*. Se calcula de la siguiente manera:

$$\frac{\text{número de graduados reportados bajo los códigos para el RHSP/DAP } \textit{(Recommended High School Program/ Distinguished Achievement Program)}}{\text{número de estudiantes graduados}}$$

Los graduados RHSP son estudiantes reportados bajo los códigos 15, 19, 22, 25 ó 28; los graduados DAP son estudiantes reportados bajo los códigos 17, 20, 23, 26 ó 29. Si quiere para más información, vea: *PEIMS Data Standards,* Estándares para los datos del PEIMS.

Las escuelas y los distritos pueden calificar para el Reconocimiento Dorado del Progreso *(Gold Performance Acknowledgment)* basado en la tasa del RHSP/DAP*;* vea El Manual del Sistema de Responsabilidad Educativa del 2011 *(2011 Accountability Manual)*. Vea *Graduates* (Graduados). *(Fuente: PEIMS, octubre 2010, octubre 2009)*

SAT/ACT RESULTS – Resultados del SAT/ACT.- Este incluye el examen SAT de la Mesa Directiva Universitaria *(College Board)* y los del ACT *(ACT Inc.'s and ACT Assessment)* de la compañía ACT incorporada. Ambas compañías proveen anualmente a la agencia información sobre la participación y el progreso académico en estos exámenes de los estudiantes recientemente graduados de todas las escuelas públicas de Texas. Solamente se obtiene un récord por cada estudiante. Si algún estudiante tomó más de una vez cualquiera de estos exámenes ya sea el ACT o el SAT, la agencia recibe solamente el récord del examen más reciente.

Para crear este índice se calcularon tres tasas:

1) *Tested—Examinados*.- Este es el porcentaje de graduados que tomaron cualquiera de los dos exámenes para ser admitidos en la universidad:

$$\frac{\text{número de los que tomaron el SAT o el ACT}}{\text{número de estudiantes graduados que no están en educación especial}}$$

Note que los "graduados" en el denominador de la ecuación (1) no incluye estudiantes graduados en educación especial; sin embargo, graduados en educación especial que

tomaron ya sea el SAT o el ACT están incluidos en el numerador. El desempeño de los estudiantes de educación especial se incluye tanto en el numerador como en el denominador de cualesquiera de las otras ecuaciones. Vea *Graduates*.

2) *At/Above Criterion—A nivel o más alto de la calificación criterio*.- Este muestra el porcentaje de graduados examinados que aprobaron al nivel o mejoraron la calificación criterio (1110 en el SAT combinando las secciones de la lectura crítica y matemáticas o 24 en el ACT compuesto):

$$\frac{\text{número de estudiantes aprobados al nivel o mejoraron la calificación criterio}}{\text{número de estudiantes examinados}}$$

3) *Mean Score—Calificación promedio*.- Este indicador muestra la calificación promedio en SAT, combinando lectura crítica y matemáticas y la calificación promedio en el ACT compuesto, calculada de la siguiente manera:

$$\frac{\textit{(Total score)}\ \text{calificación total de los estudiantes que tomaron el SAT(en matemáticas y lectura crítica)}}{\text{número de estudiantes que tomaron el SAT}}$$

y

$$\frac{\textit{(Total composite score)}\ \text{calificación total compuesta de estudiantes que tomaron el ACT}}{\text{número de estudiantes que tomaron el ACT}}$$

A pesar de que se ha agregado una sección de redacción al SAT, la calificación criterio continúa basándose solamente en matemáticas y lectura crítica.

Las escuelas y los distritos pueden calificar para el Reconocimiento Dorado del Progreso Académico *(Gold Performance Acknowledgment)* basándose en los resultados y participación en el SAT/ACT. Para más detalles vea el Manual de Responsabilidad 2011 *(Accountability Manual)* y también la calificación criterio *(Criterion Score)*. *(Fuente:* La Mesa Directiva Universitaria, agosto 2010, enero 2010, *(The College Board); ACT, Inc. (ACT) octubre 2010, octubre 2009; y PEIMS, octubre 2010, octubre 2009)*

SCHOOL TYPE – Tipo de escuela.- Con el propósito de crear los Grupos de escuelas, las escuelas se dividen en cuatro categorías según los grados (del más alto al más bajo) en los cuales hay alumnos inscritos en la escuela (*in membership)*: primaria, secundaria *(incluyendo años intermedios como Middle—including Junior High)*, preparatoria *(Secondary)* y primaria/preparatoria (K-12º). En general, las primarias son PK-5 o PK-6; las secundarias son del 6º al 8º y la preparatoria son del 9º al 12º grado. Las escuelas que no corresponden exactamente con este rango de grados se agrupan con el tipo de escuela que más se asemeje en términos de grados. Para detalles exactos en las combinaciones de los grados bajos y los altos incluidos en cada tipo vea "2011 School Type Chart" (Tabla del 2011 de los tipos de escuelas) en:

http://ritter.tea.state.tx.us/perfreport/account/2011/schtype_chart.html

SECTION III: BILINGUAL EDUCATION/ENGLISH AS A SECOND LANGUAGE – Sección III: Educación bilingüe/Inglés como segundo idioma.- *(solamente a nivel de distrito): Vea el*

reporte de Educación bilingüe/Inglés como segundo idioma (*Bilingual Education/English as a Second Language Report*).

SPECIAL EDUCATION – Educación especial.- Se refiere a los estudiantes beneficiarios de servicios de educación especial debido a alguna discapacidad. Decisiones sobre los métodos de evaluación para estos estudiantes se hacen por medio del Comité ARD (Admisión, Evaluación y Despedida—*Admission, Review, and Dismissal (ARD))*. El comité está compuesto de los padres o tutores legales, maestro/a, administrador y otros partícipes e interesados en el porvenir del estudiante. En el año 2010-11, se le pudo haber dado la prueba TAKS, o alguna de las pruebas TAKS de educación especial: *TAKS (Accommodated)* , TAKS-M (modificada), TAKS-Alt (alternativa). Los resultados de todas estas pruebas se incluyen en los reportes AEIS como parte del desempeño en TAKS. Los resultados del desempeño a nivel de las escuelas y los distritos para las pruebas *TAKS Modified* y *TAKS-Alt* también se muestran por separado en los reportes AEIS.

Otros índices incluidos en los cálculos de progreso académico de los estudiantes en educación especial son: finalización de cursos avanzados o de registro dual *(advanced course/dual enrollment completion),* asistencia *(attendance rate)*, deserción escolar anual *(dropout rate)*, finalización *(completion rate)*, programas recomendados de preparatoria RHSP/DAP (*recommended high school program)*, tasa acumulativa de estudiantes aprobados en la prueba TAKS de egreso *(exit-level prueba TAKS cumulative pass rate)* y la iniciativa para el éxito estudiantil de Texas (TSI). En este reporte no hay información que presenta por separado el desempeño de alumnos de educación especial que tomaron exámenes para admisión y colocación avanzada (AP) en una universidad, ni para los que tomaron el de Bachillerato Internacional (IB). Note que en la sección perfil del reporte, los índices de retención se presentan por separado para estudiantes en educación especial y los de educación no-especial *(non-special)*. Vea Pruebas TAKS de educación especial *(TAKS Special Education Assessments)* y *TAKS Participation Report (Reporte de la participación en TAKS*) *(Fuente: PEIMS octubre 2010, octubre 2009; y TEA Student Assessment Division)*

SPECIAL EDUCATION COMPLIANCE STATUS – Estatus de cumplimiento de educación especial.- Vea *PBM Special Education Monitoring Results Status* (PBM estatus de los resultados de la monitoria a educación especial).

STAFF EXCLUSIONS – Exclusiones para el personal.- Estas cifras cuentan individuos que imparten a estudiantes de las escuelas públicas, pero no están incluidos en los totales de tiempo completo *(FTE totals)* u otra estadística del personal. Hay dos tipos de estos registros: individuos que participan de un acuerdo de servicios compartidos *(shared services arrangement)* e individuos bajo contrato con el distrito para proveer servicios de instrucción. El trabajo del personal bajo un acuerdo de servicios compartidos *(Shared Services Arrangement (SSA) Staff)* en las escuelas localizadas en el distrito aparte del distrito que los emplea, o la organización (en PEIMS) asignada bajo el código 751, el cual indica que están empleados por un agente fiscal de SSA. Solo la porción del total del tiempo completo de una persona asociada con la escuela en otro distrito (o con una organización bajo el código 751) es contada como SSA. Personal SSA se agrupa en tres categorías: personal profesional (incluyendo maestros, administradores y apoyo profesional); asistentes educativos *(Educational Aides)* y personal auxiliar. Observe que el personal auxiliar SSA está categorizado por el tipo de fondos con los que son pagados. Personal de enseñanza bajo

contrato (Perfiles a nivel del distrito y de escuelas) (*Contracted Instructional Staff (District and Campus Profiles)* se refiere a los registros de instructores por los que el distrito ha n iniciado el acuerdo contractual con entidades u organizaciones externas. Por medio de tal contrato, la organización externa está obligada a suplir personal de instrucción para el distrito. Estos nunca son empleados que se reportan al distrito escolar. *(Fuente: PEIMS, octubre 2010)*

STANDARDIZED LOCAL TAX BASE (COMPTROLLER VALUATION) – Base de impuesto locales estandarizada (Avalúo realizado por el contralor) *(solamente en el Perfil del distrito)*.- El contralor lleva a cabo un estudio anual para evaluar uniformemente los valores de la propiedad en cada distrito escolar. Los valores de las tasaciones locales pueden variar de las del contralor. La base de impuesto local (o el valor gravable de propiedad utilizado para establecer impuestos) es estandarizada ya que se pueden comparar los valores a través del estado. Estos han sido certificados por la División del Contralor del Impuesto al Valor de la Propiedad *(Comptroller's Property Tax Division—Comptroller Valuation)*. Note que los valores reportados son los finales para el año fiscal de 2010 *(tax year)*. Esta no es la medida del valor de propiedad usado para los cálculos de los fondos escolares.

- *Value (after exemptions)*-Valor (después de las exenciones).- Se refiere al valor en el mercado de la propiedad de un distrito, menos ciertas exenciones y deducciones. El valor después de las exenciones refleja deducciones mandadas por el estado como exenciones por vivir en predio, exenciones de veteranos discapacitados, el límite máximo *(ceiling)* de impuestos escolares y exenciones de impuestos para ciudadanos mayores de 65 años o discapacitados y otras exenciones mandadas por el estado.

- *Value per Pupil*- Valor por alumno.- Esta es la base de impuesto local estandarizada o valor gravable de la propiedad dividido por el número total de alumnos. Este porcentaje por alumno se le conoce como una definición riqueza *(wealth)*. Note que los valores reportados son los finales para el año fiscal de 2010 *(tax year)*. A nivel estatal, esta cantidad por alumno es generada al dividir el total de estudiantes en distritos con el valor de propiedad. Ciertos distritos no tienen valor de propiedad gravable y sus estudiantes no están incluidos.

- *Value by Category*- Valor por categoría.- Muestra la agrupación de categorías individuales de propiedad gravable como un porcentaje del valor re-evaluado de propiedad gravable *antes* de aplicar las exenciones. Por lo tanto, el total de los valores o categoría exceden el valor usado en los cálculos por estudiante. Note que los valores reportados son los finales para el año fiscal de 2010 *(tax year)*.
  - *Business*- Negocios –
    propiedad real: comercial e industrial;
    propiedad real personal y tangible: servicios públicos; y
    propiedad personal: comercial e industrial.
  - *Residential*- Residencial. –propiedad real: residencial unidad familia nuclear (single family), residenciales multi-familares y de inventario.
  - *Land*- Tierra. – propiedad real: lotes baldío y terrenos (tracts); acres al valor del mercado, y mejoras (improvements) de granjas y ranchos; acres al valor de productividad.
  - *Oil and Gas*- Gas y Petróleo. – propiedad real: petróleo, gas, y otros minerales.
  - Otros –propiedad personal tangible: otro; y propiedad personal intangible.

(Fuente: Contralor de Finanzas Públicas del Estado de Texas (Texas Comptroller of Public Accounts), julio 2011)

STUDENT ENROLLMENT BY PROGRAM – Inscripción de estudiantes por programa.- Los estudiantes se identifican según los programas de enseñanza de los cuales son beneficiarios, como pueden ser educación especial, planeación profesional y tecnológica *(Career and Technology Education)*, bilingüe/ESL *(Bilingual/ESL Education)* o programas para alumnos dotados y talentosos *(Gifted and Talented Education)*. Puede ser que estos porcentajes no sumen a 100% ya que es posible que un estudiante esté inscrito en varios programas a la vez. *(Fuente: PEIMS, octubre 2010)*

STUDENT SUCCESS INITIATIVE – Iniciativa para el Éxito Estudiantil.- Para el año escolar 2010-2011, estudiantes en 5º grado necesitaban pasar ambas porciones de lectura y matemáticas en la prueba TAKS para ser avanzados al 6º grado; y estudiantes en 8º grado necesitaban pasar ambas porciones de lectura y matemáticas en la prueba TAKS para ser avanzados al 9º grado. Los estudiantes tuvieron tres oportunidades de pasar la prueba TAKS la prueba requerida. Aparte de promover (avanzar) estudiantes basados en el hecho de que aprobaron la prueba, algunos estudiantes fueron avanzados basados en la recomendación unánime del comité de colocación o promoción de grados escolares *(grade placement committee (GPC));* para ser avanzado debe de haber consenso de los miembros del GPC que la capacidad dicho estudiante es igual que la de otros en el grado al que fue avanzado después de recibir instrucción acelerada. El reporte del AEIS muestra cuatro medidas para cada grado en la iniciativa y cada materia:

(1) *Students Requiring Accelerated Instruction* – Estudiantes que requieren instrucción acelerada.- Esta muestra el porcentaje de estudiantes quienes no pasaron la prueba TAKS durante la primera administración. Los estudiantes quienes no pasaron la prueba TAKS deben de recibir instrucción acelerada/intensiva para prepararlos para tomar y aprobar dicho examen en la segunda administración.

$$\frac{\text{número de estudiantes elegibles quienes no cumplieron con el estándar en la primera administración}}{\text{número de estudiantes elegibles en la primera administración}}$$

El número de estudiantes elegibles se calcula usando los documentos de respuesta (*answered documents)* de las pruebas e incluye a todos los estudiantes que tomaron las mismas, los estudiantes ausentes que debieron de haber tomado el examen y estudiantes cuyos documentos de respuestas se invalidaron por alguna razón (la cifra del denominador "número de estudiantes elegibles" no incluye estudiantes quienes tomaron las pruebas TAKS Modificada o TAKS Alternativa o tienen la exención de educación especial o LEP). Los estudiantes que estuvieron ausentes durante la primera administración o que no tomaron las pruebas por otras razones han sido incluidos en el conteo de estudiantes de los que se requiere que obtengan instrucción acelerada.

(2) *TAKS Cumulative Met Standard* – Medida acumulativa de los que cumplieron con el estándar de TAKS.- Esta muestra el porcentaje cumulativo (y no duplicado) de los estudiantes que tomaron y pasaron la prueba TAKS en la primera y la segunda administración combinadas para cada materia y grado:

$$\frac{\text{número de estudiantes quienes pasaron la prueba TAKS ya sea en cualquiera de las primeras dos administraciones}}{\text{número cumulativo de estudiantes quienes tomaron la prueba TAKS en cualquiera de las primeras dos administraciones}}$$

Este resultado es usado para determinar calificaciones de responsabilidad educativa a nivel de estado. En la mayoría de los casos, este valor no va a ser equivalente al del desempeño de TAKS reportado en la primera parte del reporte AEIS, los resultados "por grado" *("by grade")* están basados en la primera administración solamente.

(3) *TAKS Failers Promoted by Grade Placement Committee (GPC)* – Reprobados en la prueba TAKS y pasados por el comité de colocación de grados escolares (GPC).- Esta cifra muestra el porcentaje de estudiantes que reprobaron todas las administraciones de dichos exámenes pero fueron pasados al siguiente grado por decisión del comité de colocación:

$$\frac{\text{número of estudiantes pasados por el GPC}}{\text{número cumulativo de estudiantes quienes reprobaron todas las administraciones}}$$

(4) *TAKS Met Standard/SDAA II Met ARD Expectations (Failed in previous year) – Cumplió el estándar de SDAA II cumplió expectativas del ARD (Reprobado en el año previo*).- Esta cifra presenta dos cálculos para estudiantes que reprobaron en el 2010.

Para los que fueron avanzados al siguiente grado, el primer cálculo muestra el porcentaje de los que aprobaron la prueba TAKS en el 2011. Utilizando el 5º grado como ejemplo, el cálculo se hizo de la manera siguiente:

$$\frac{\text{número de estudiantes promovidos por el GPC que pasaron la prueba TAKS de lectura de 6º en 2011}}{\text{número de estudiantes quienes fueron promovidos por el GPC y tomó la prueba TAKS de lectura de 6º}}$$

Para los que repitieron el año (*retained*), el segundo cálculo muestra el porcentaje de los que aprobaron la prueba TAKS lectura en 2011. De nuevo, utilizando al 5º grado como ejemplo, el cálculo se hizo de la siguiente manera:

$$\frac{\text{número de estudiantes retenidos que pasaron la prueba TAKS de lectura de 5º en 2011}}{\text{número of estudiantes retenidos y que tomaron la prueba TAKS de lectura de 5º en 2011}}$$

Estos valores incluyen resultados para ambas versiones en español e inglés de la prueba TAKS de 5º grado. Todas las medidas también incluyen los resultados para las pruebas TAKS-M y TAKS-Alt.

Note que el grado más alto en muchas escuelas primarias es el 5º grado. En estos casos solo se reportará el desempeño de los estudiantes de 5º grado que fueron retenidos. El desempeño de los estudiantes que pasaron al 6º grado aparecerá en los reportes de la escuela secundaria (*middle school)*.

Si la escuela o el distrito no tiene algún estudiante fracasado el año anterior, entonces no aparecerá información relacionada con esta medida.

Este indicador también se puede ver en la sección III de los reportes. Para más información vea la *División de Evaluación de Estudiantes SSI (TEA Student Assessment Division SSI)* de la agencia TEA en

http://ritter.tea.state.tx.us/student.assessment/resources/ssi/index.html

(Fuente: Student Assessment Division)

STUDENTS BY GRADE – Estudiantes por grado escolar.- Estos porcentajes se calculan dividiendo el número de estudiantes en cada grado por el número total de estudiantes. *(Fuente: PEIMS, octubre 2010)*

STUDENTS WITH DISCIPLINARY PLACEMENTS – Estudiantes con colocación disciplinaria.- Conteos y porcentajes de estudiantes colocados en programas de educación alternativa bajo el Capítulo 37 de el Código de Educación de Texas (Ley, Disciplina y Orden) *(Texas Education Code (Discipline Law and Order)* se presentan en el reporte del AEIS (para el año escolar de 2009-10). La cuenta de colocaciones disciplinarias se obtuvo del banco de récords del PEIMS. Los distritos reportan las acciones disciplinarias tomadas contra estudiantes quienes han sido excluido del salón de clases por lo menos un día. Aún cuando es posible que un estudiante haya sido excluido varias veces en el transcurso del año escolar, esta medida se cuenta solamente una vez e incluye solamente aquellos incidentes que resultaron en la colocación del estudiante en un programa de educación disciplinaria alternativa o en un programa de educación alternativa de justicia de menores *(juvenile justice alternative education program)*. Esta tasa se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes con una o más colocaciones disciplinarias}}{\text{número de estudiantes que asistieron durante cualquier día en el año escolar}}$$

Para el 2010-11, los siguientes 19 códigos de posibles razones en el récord 425 del PEIMS están incluidos como colocación disciplinaria: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60 y 61. *(Fuente: PEIMS, junio 2010)*

TAKS (TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS) – Pruebas TAKS.- Las pruebas TAKS es un programa integral de exámenes para estudiantes en escuelas públicas en los grados de 3º a 11º. La prueba TAKS está diseñada para medir qué tanto un estudiante ha logrado aprender, comprender y es capaz de aplicar los conceptos y destrezas importantes que se esperan en cada grado evaluado.

Los grados y materias que aparecen en el reporte del AEIS son:

- 3er grado – lectura y matemáticas
- 4º grado – lectura, matemáticas y composición escrita [redacción]
- 5º grado – lectura (primera administración solamente), matemáticas (primera administración solamente) y ciencias
- 6º grado – lectura y matemáticas
- 7º grado – lectura, matemáticas y redacción/composición
- 8º grado – lectura (primera administración solamente), matemáticas (primera administración solamente), ciencias naturales y ciencias sociales

- 9º grado – lectura y matemáticas
- 10º grado – artes del lenguaje en inglés, matemáticas, ciencias naturales y ciencias sociales
- 11º grado – artes del lenguaje en inglés, matemáticas, ciencias naturales y ciencias sociales. Estas pruebas se conocen como las pruebas del nivel de egreso o último nivel *(exit level)*; a los estudiantes se les requiere pasar estas pruebas para ser elegibles para graduarse de la preparatoria.

Cada prueba TAKS está directamente vinculada al currículo de los TEKS. Los TEKS son el currículo estatal mandatorio para los estudiantes de las escuelas públicas de Texas. Estas competencias esenciales enseñadas en cada grado escolar se han desarrollado basadas en el contenido que se aprende en grados anteriores. Para mayor información sobre los TEKS, vea *Texas Essential Knowledge and Skills*

http://www.tea.state.tx.us/index2.aspx?id=6148

Note también:

Spanish TAKS - TAKS en español-. Todas las pruebas TAKS en los grados del 3 al 5 están disponibles en inglés y en español. Los reportes AEIS muestran el desempeño en estas pruebas por separado por grado, pero combinadas cuando se totaliza el desempeño a través de los grados.

Studentes with Disabilities - Estudiantes con discapacidades-. Los estudiantes con discapacidades pueden tomar las pruebas TAKS con acomodos, TAKS modificada o TAKS alternativa; o puede tomar la prueba TAKS regular. Para el 2011, los desempeños en todas estas pruebas se incluyen en todas las medidas de TAKS que se muestran en los reportes AEIS, tanto para el 2011 como para el 2010.

Race and Ethnicity – Origen y origen étnico.- En el año escolar 2009-10 se modificaron las definiciones que se usaban para determinar la raza y el origen étnico. Ese año, para la administración de TAKS 2010, la información de la raza y el origen étnico se recopiló usando las dos definiciones, la anterior y la nueva. Los reportes AEIS de ese año mostraron todos los resultados de TAKS usando solamente la definición anterior. Comenzado con la administración de TAKS del 2011, solo se usará la definición nueva. Para los reportes AEIS del 2010-11, todos los índices de TAKS usarán la nueva definición tanto para el año actual (2011) como para el año anterior (2010). Una sola excepción, el índice de responsabilidad, que se indica a continuación.

Para el 2010-2011, el reporte AEIS muestra los porcentajes de aprobados en la prueba TAKS de varias maneras. A continuación se encuentran las definiciones importantes:

- *TAKS Met 2011 Standard, by Grade* – Cumplió con el estándar de la prueba TAKS, por grado.- El primer índice en este reporte muestra porcentajes de estudiantes que aprobaron la prueba TAKS en cada grado y por materia *(by grade for each subject area)* y por el total de pruebas tomadas *(all tests taken)*. Por favor note lo siguiente:
  - *Student Success Initiative*- Iniciativa para el Éxito Estudiantil.- Solamente se reporta por grado el desempeño de la primera administración del 5ºy 8º grados para lectura y matemáticas. En el reporte AEIS bajo *Student Success Initiative* (Iniciativa para el Éxito

Estudiantil): TAKS Cumulative Met Standard podrá ver los resultados que incluyen la segunda administración.
TAKS-Accommodated, TAKS-M, TAKS-Alt.- El desempeño en TAKS con acomodos, TAKS modificada y TAKS alternativa.- El desempeño en todas las pruebas TAKS se incluye para todas las materias y grados.

- *Race and Ethnicity*- Raza y origen étnico-. El desempeño es desagregado de acuerdo con las nuevas definiciones de raza y origen étnico tanto para el año actual (2011) como para el año anterior (2010).
- *Test Administrations Included*- Administraciones de pruebas que se incluyen.- Estos resultados son los de la primera administración (primavera) del 3º al 10º grado. Los estudiantes en 11º grado generalmente toman el examen de egreso por primera vez en la primavera de su año "junior" (quinto de preparatoria). Sin embargo, bajo ciertas circunstancias, quizás tomen esta prueba por primera vez el año previo en octubre. El desempeño de estos que toman el examen temprano *(early testers)* ha sido incluido bajo los resultados mostrados en el AEIS si tomaron y pasaron todas las cuatro pruebas.
- *All Tests Taken*- Todas las pruebas tomadas.-Así como se ha descrito anteriormente, el número de pruebas tomadas varía por grado. Esto quiere decir que el número de pruebas incluidas bajo la columna de todas las pruebas tomadas *(All Tests Taken)* varía por grado.

- *Sum of All Grades Tested*- Total de todos los grados evaluados.- Se muestran varios índices que totalizan los resultados en TAKS (por materia) a través de los grados.
  - *TAKS Met Standard 2011 (Sum of All Grades Tested-.* Cumplió con el estándar TAKS 2010 (Suma de todos los grados examinados).-El índice de responsabilidad educativa usado para clasificar escuelas y distritos evaluados bajo procesos regulares. Note:
    - El desempeño para el 2011 está desagregado de acuerdo con las nuevas definiciones para raza y origen étnico, pero para el año anterior (2010), se desagregó de acuerdo con las definiciones anteriores. Por esta razón, se muestra un "N/A" para las categorías de raza que no existían e las definiciones anteriores.
    - El desempeño incluye la tasa acumulativa para pasar (cumulative passing rate) de la primera a la segunda administración para los grados 5º y 8º en lectura y matemáticas.
    - El desempeño incluye TAKS con acomodos, TAKS-M y TAKS-Alt para todos los grados y materias.
    - El desempeño incluye todas las versiones en español de TAKS.

    Esta medida se incluye en la sección III de los reportes.
  - *TAKS Commended Performance (Sum of All Grades Tested* - Progreso sobresaliente en la prueba TAKS (Suma total de grados examinados). - Esta medida se refiere al porcentaje de estudiantes que lograron el estándar más alto –sobresaliente- (Commended) en cada una de las materias. Vea TAKS Commended *(Desempeño sobresaliente en TAKS).* Note:
    - El desempeño para el 2011 esta desagregado de acuerdo con las nuevas definiciones para raza y origen étnico, tanto para el año actual (2011) como para el año anterior (2010).

  - El desempeño incluye la tasa acumulativa para pasar (cumulative passing rate) de la primera a la segunda administración para los grados 5º y 8º en lectura y matemáticas.
  - El desempeño incluye TAKS con acomodos, TAKS-M y TAKS-Alt para todos los grados y materias.
  - El desempeño incluye todas las versiones en español de TAKS.
- *TAKS-M Met 2011 Standard (Sum of All Grades Tested)* - Cumplió con el estándar del 2010 en la prueba TAKS-M (Suma de todos los grados evaluados)-. Este indicador muestra el porcentaje de aquellos estudiantes que cumplieron con el estándar de aprobado de TAKS en la prueba TAKS modificada. El desempeño está desagregado de acuerdo con las nuevas definiciones para raza y origen étnico tanto para el año actual (2011) como para el año anterior (2010).
- *TAKS-Alt Met 2011 Standard (Sum of All Grades Tested)* - Cumplió con el estándar del 2010 en la prueba TAKS-M (Suma de todos los grados evaluados)-. Este indicador muestra el porcentaje de aquellos estudiantes que cumplieron con el estándar de aprobado en la prueba alternativa de TAKS. El desempeño está desagregado de acuerdo con las nuevas definiciones para raza y origen étnico tanto para el año actual (2011) como para el año anterior (2010).

Otra información de importancia:

- *Sum of all grades tested* – Suma del total de grados que fueron examinados.- Se refiere a los grados examinados en una escuela en particular. Por ejemplo, el porcentaje de aprobación para el examen de lectura en una escuela primaria que tiene de kindergarten al 5º grado, se calcula así:

$$\frac{\text{número de estudiantes aprobados en la prueba de lectura en 3º, 4º y 5º grado}}{\text{número de estudiantes quienes tomaron la prueba de lectura en 3º, 4º y 5º grado}}$$

- *Rounding of Met Standard Percent* – Redondeo de porcentajes de estándares cumplidos.- El desempeño en la prueba TAKS en el AEIS es una cifra redonda a números íntegros. Por ejemplo, 59.877% se redondea a 60%; 79.4999% se redondea a 79% y 89.5% se redondea a 90%.

- *Masking for Very High and Very Low Performance* – Protección para el progreso muy alto y muy bajo.- Desde el 2004, se aplican nuevas reglas de protección *(masking rules)* a los resultados para la prueba TAKS. En casos en los que el desempeño es de o cerca de 100% del valor mostrado, se muestra como“>99%.” En casos en los que el desempeño es de o cerca de 0%, el valor se muestra“<1%.” Es necesario anotar así los datos que potencialmente revelarían el desempeño de cada estudiante con el fin de cumplir con el estatuto federal FERPA (Acta de Derechos Educativos y de Privacidad para las Familias, *Family Educational Rights and Privacy Act)*. Para más información acerca de las reglas que se utilizaron en los reportes AEIS, vea *“Explanation of AEIS Masking Rules”* Reglas o símbolos que se utilizan para proteger la identidad del estudiante en:

  http://ritter.tea.state.tx.us/perfreport/aeis/2011/masking.html

- *Accountability Subset* – Subgrupo de responsabilidad educativa.- Solo aquellos estudiantes que estaban inscritos el último viernes del previo octubre son parte del subgrupo y han sido incluidos en los cálculos del reporte AEIS. A esto se refiere como el subgrupo de octubre

(October subset) o el Subgrupo de responsabilidad educativa (*Accountability Subset)*. Para un distrito, un estudiante que se trasladó al mismo después del 29 de octubre de 2010 no se incluirá su progreso a nivel del distrito. Para una escuela, un estudiante que se cambió a otra escuela dentro del mismo distrito escolar después del 29 de octubre de 2010 no debe de tener su progreso incluido a nivel de la escuela, pero sí del distrito. Vea *Accountability Subset* (Subgrupo de Responsabilidad Educativa) para obtener más información.

- *All Tests Taken – Total de pruebas tomadas*.- Aún cuando "Total de pruebas tomadas" no es una medida evaluada para adjudicar responsabilidad educativa, ésta es reportada en el reporte del AEIS en ambas formas "por grado" y agregadas bajo "suma de todos los grados." Este valor muestra el porcentaje de estudiantes quienes aprobaron todas las pruebas que tomaron. Por ejemplo, un grupo de 100 estudiantes examinados en lectura o matemáticas en el 3er grado pudo haber tenido los siguientes resultados: 90 estudiantes pasaron lectura y 80 estudiantes pasaron matemáticas. Sin embargo, solo 75 de estos estudiantes pasaron AMBAS lectura y matemáticas. Por esta razón, mientras que el porcentaje de aprobados en lectura será de 90%, y el porcentaje de aprobados en matemáticas será de 80%, el porcentaje de aprobados bajo "Total de pruebas tomadas" será solamente de 75%, no un promedio de 80% y 90%. "Total de pruebas tomadas" es siempre igual o menor que el porcentaje de estudiantes quienes aprobaron cualquiera de las materias individuales de este examen. Mientras más pruebas son tomadas y consideras para esta medida, es más la probabilidad de que el valor de "Total de pruebas tomadas" sea menor que cualquiera de las medidas bajo materias individuales.

Vea el apéndice F y *TAKS Participation* (Participación en la prueba TAKS). (*Fuente: TEA Student Assessment Division*).

TAKS (ACCOMMODATED).- Esta es una prueba igual a la prueba TAKS general pero con cierto acomodos de formato, como tamaño más grande de las letras y menos ítems por página. Esta prueba no contiene ítems intercalados de prueba de campo. Se administra en todos los grados y materias. Se incluye en todos los indicadores de TAKS que se muestran en el AEIS.

TAKS-ALTERNATE (TAKS-ALT).- Esta prueba se basa en estándares académicos alternativos y está diseñada para estudiantes con discapacidades cognitivas significativas. El desempeño en TAKS –Alt se muestra de manera separada en *TAKS-Alt Met 2011 Standard,* totalizada a través de los grados y las materias. A menos que se especifique, para los demás indicadores de TAKS en el AEIS, se incluye el desempeño en todas las pruebas TAKS-Alt. Fíjese que el desempeño del año anterior (2010) para todos los indicadores importantes de las pruebas TAKS se ha recalculado para incluir el desempeño en TAKS-Alt. (*Fuente: TEA Student Assessment Division*).

TAKS COMMENDED PERFORMANCE – TAKS nivel progreso sobresaliente.- Este indicador se refiere al nivel de desempeño más alto en TAKS, establecida por la mesa directiva educativa estatal. Los estudiantes que logran el desempeño sobresaliente han demostrado un entendimiento a fondo del conocimiento y destrezas al nivel de su grado. Este indicador incluye el desempeño en las pruebasTAKS con acomodos, TAKS-M y TAKS Alt.

Para el 2011, el desempeño sobresaliente *(commended performance*) en lectura y matemáticas se evaluó como un nuevo índice básico en el sistema de responsabilidad. Para una explicación más detallada de cómo se usa este índice para determinar las clasificaciones de

responsabilidad, vea el capítulo 2 del Manual de responsabilidad del 2011 (*2011 Accountability Manual).*

Las escuelas y los distritos también pueden cualificar para el reconocimiento dorado del desempeño académico, *Golden Performance Acknowledgment,* basado en su desempeño sobresaliente en TAKS en lectura/artes de lenguaje en inglés, escritura, matemáticas, ciencias sociales y ciencias naturales. Esto incluye el desempeño de las pruebas *TAKS (Accommodated)*. Para una explicación más detallada del reconocimiento dorado del desempeño académico, *Golden Performance Acknowledgment,* vea el capítulo 5 del Manual de responsabilidad del 2011 *(2011 Accountability Manual).*

TAKS EXIT-LEVEL CUMULATIVE PASS RATE *(District Performance only)* **– Tasa acumulativa de aprobados en la prueba TAKS de egreso** *(solamente para el desempeño del distrito).-* La tasa acumulativa de aprobados de la prueba TAKS muestra el porcentaje de estudiantes que tomaron la prueba TAKS de egreso en la primavera del 2010 y eventualmente pasaron todas los exámenes TAKS que tomaron (dentro del mismo distrito) en la primavera del 2011. (Estudiantes que lo reprobaron la primera vez tuvieron otras cuatro oportunidades para re-tomar el(los) examen(es) de nuevo antes de la fecha de graduación.) El propósito de esta medida es el de mostrar el éxito relativo de los distritos en sus esfuerzos para ayudar a todos sus estudiantes a pasar la prueba TAKS de egreso, el cual es un requisito para la graduación en las escuelas públicas en Texas. Se incluye el desempeño en las pruebas *TAKS (Accommodated* ; no se incluye el desempeño en las pruebas TAKS-M y TAKS-Alt.

Los estudiantes examinados *(test takers)* incluidos en *las Tasas acumulativas de la prueba TAKS de egreso* para la clase del 2011:

- Cualquiera de los estudiantes que tomaron la prueba TAKS o *TAKS (Accommodated)* por primera vez en la primavera de 2010.
- Todos los estudiantes de educación especial quienes tomaron alguna prueba TAKS o TAKS con acomodos.
- Todos los estudiantes mencionados anteriormente, ya sea o no que estén bajo el subgrupo de responsabilidad educativa *(accountability subset)* en la primavera del 2010.

Los estudiantes examinados NO incluidos en las Tasas acumulativas de la prueba TAKS de egreso son:

- Aquellos estudiantes quienes tomaron primeramente el examen TAKS de egreso en el Distrito A, pero no aprobaron todas las secciones y se cambiaron al Distrito B y tomaron el examen de nuevo. Estos estudiantes han sido substraídos tanto del numerador como del denominador, aún cuando eventualmente hayan pasado o no todas las pruebas.
- Aquellos estudiantes quienes se mudaron a otro estado o a otro país o perecieron antes de aprobar todas las pruebas de este examen están en el denominador pero no se incluyen en el numerador. Estos estudiantes no se pueden remover del banco de datos porque no están identificados específicamente.
- Aquellos estudiantes quienes desertaron la escuela *(dropped out)* antes de aprobar todas las pruebas de este examen están en el denominador pero no se incluyen en el numerador.

- Aquellos estudiantes quienes se mudaron dentro del estado de Texas en la primavera del 2010 no están incluidos aún cuando tomaron la prueba TAKS y se graduaron en la clase 2011.
- El desempeño para el 2011 y el 2010 está desagregado de acuerdo con las definiciones anteriores para raza y origen étnico. Por esta razón, se muestra en "N/A" para estas categorías de razas que no existían en las definiciones anteriores.

(Fuente: TEA Student Assessment Division)

TAKS MET 2011 STANDARD – Cumplió con el estándar del 2010 para TAKS.- Esto se refiere a la puntuación a escala que los estudiantes tienen que obtener para aprobar la prueba. Para todos los grados y materias en la escala horizontal, se necesita para aprobar una puntuación a escala de igual o mayor que 2100. Para el número real de preguntas en la prueba (puntuación cruda) requeridas para aprobar cada evaluación, vea el apéndice F. La mesa directiva educativa estatal es la que establece el estándar de aprobación del estudiante.

TAKS-MODIFIED (TAKS-M).- Esta prueba alternativa se basa en estándares académicos modificados y está diseñada para estudiantes que reciben los servicios de educación especial que cumplieron con ciertos requisitos de participación. Los resultados de TAKS –M están disponibles en los reportes AEIS del 2010-11 por materia, totalizados a través de los grados en *TAKS-M Met 2011 Standard* (cumplieron con el estándar del 2009 de la prueba *TAKS Modified*). El porcentaje que cumplió con el estándar se calcula de la siguiente manera:

$$\frac{\text{número de estudiantes que aprobaron la prueba TAKS-M [materia] en los grados 3-11}}{\text{número de estudiantes que tomaron la prueba TAKS-M [materia] en los grados 3-11}}$$

A menos que se indique, se incluye el desempeño en las pruebas TAKS-M en los otros índices de TAKS que se muestran en el AEIS. Note que el desempeño del año anterior (2010) para todos los índices importantes de las pruebas TAKS se han recalculado para incluir el desempeño en TAKS-M. Aplica el subgrupo de reglas del sistema de responsabilidad educativa. *(Fuente: TEA Student Assessment Division- División de evaluación estudiantil)*

TAKS PARTICIPATION – Participación en TAKS-. Esta medida indica tanto el porcentaje de estudiantes evaluados como los que no fueron evaluados en cada una de las pruebas del estado, así como el porcentaje de estudiantes incluidos y excluidos al determinar los puntajes en el sistema de responsabilidad educativa. En el 2011 se usaron los resultados de TAKS, TAKS con acomodos, TAKS-M y TAKS-Alt para determinar la clasificación en el sistema de responsabilidad.

No se incluyeron los resultados de la prueba en el sistema de responsabilidad si el estudiante no estaba inscrito en el mismo distrito o escuela para el último viernes del previo mes de octubre. (se muestra como *Mobile*, movilidad).

Hay otros estudiantes que no toman las pruebas. Las razones para no administrar la prueba son:

- *Absent* – Ausentismo-. Puede que los estudiantes estuvieron ausentes durante la administración de cada prueba.

- *LEP Exempt* – Exentos LEP-. Puede que los estudiantes recibieron una exención por ser LEP (Dominio limitado en inglés) para cada prueba y solamente toman la prueba Texas English Language Proficiency Assessment System (TELPAS) del dominio del inglés.
- *Other* – Otro-. Puede que no se calificaron las pruebas debido a enfermedad durante la administración de las mismas u otras irregularidades.

Los porcentajes de los estudiantes que participaron al igual que los no participaron se basan a la medida posible en el total de estudiantes inscritos al momento de las pruebas. A los distritos se les requiere someter un documento de respuestas de TAKS por cada estudiante inscrito en los grados 3 al 11. La metodología que se usa para crear *TAKS Participation* (Participación en TAKS) elimina, lo más posible, duplicidad en el conteo de estudiantes que pueda resultar de múltiples documentos de respuestas. El apéndice E provee una descripción de cada componente de *TAKS Participation* (participación en TAKS). *(Fuente: TEA Student Assessment Division (División de la evaluación estudiantil de TEA).*

TAKS PROGRESS – Progreso en la prueba TAKS *(solamente a nivel de escuela y desempeño de operador charter AEA).*- Esta medida se usa para determinar las clasificaciones bajo procedimientos del sistema de educación alternativa (AEA). El progreso de la prueba TAKS está basada en los exámenes tomados *(tests taken)*. Los estudiantes que toman múltiples pruebas TAKS se incluyeron múltiples veces (por cada prueba TAKS que tomaron). Los estudiantes que tomaron múltiples pruebas TAKS para aprobar el último nivel se incluyeron solamente cuando se cumplió con el estándar de aprobación. Este índice añade todos los resultados el desempeño del 3º al 12º grado y por todas las materias. Se ha calculado de esta manera:

$$\frac{\begin{array}{c}\text{número de exámenes de TAKS que se tomaron } \textit{(tests taken)} \text{ que cumplen con el estándar o que}\\ \text{cumplen con TPM (grados 3 al 10) o cumplen con TGI (grado 11)}\\ \textit{y}\\ \text{número de re-examinados } \textit{(retests)} \text{ en la prueba TAKS de egreso que cumplen con el estándar}\end{array}}{\begin{array}{c}\text{número de exámenes de TAKS que se tomaron } \textit{(tests taken) y}\\ \text{número de exámenes que se volvieron a tomar } \textit{(retests)} \text{ de la prueba TAKS de egreso}\\ \text{que cumplen con el estándar}\end{array}}$$

Esta medida solamente se reporta para el sistema AEIS alternativo, escuelas y operadores charter evaluadas por el sistema alternativo AEA en el 2011. Se han presentado los resultados del año previo ya sea que esta escuela u operador charter haya sido o no evaluada bajo los procesos del AEA el año anterior.

- *AEA Campus*- Escuela AEA.- En los reportes para escuelas registradas bajo educación alternativa, el valor bajo la columna del grupo de escuelas *(Campus Group)* es un guión (-); el valor bajo la columna del distrito *(District)* es un asterisco (*) a menos que sea administrada por un operador charter AEA y la columna del estado *(State)* muestra solamente las sumas agregadas de las escuelas AEA.
- *AEA Charter Operators*- Operadores Charter AEA.- En los reportes para los Operadores Charter AEA, el valor bajo la columna del Estado y la Región (*State, Region)* muestran solamente las agregaciones *(aggregates)* de las escuelas AEA.

Para más información sobre esta medida, vea el capítulo 10 del Manual de responsabilidad del 2011 (*2011 Accountability Manual).*

TAKS SPECIAL EDUCATION ASSESSMENTS – Evaluaciones TAKS para Educación Especial.- El comité ARD determina cuál de las pruebas TAKS recibirá cada estudiantes que recibe los servicios de educación especial, de acuerdo con sus necesidades individuales. La prueba TAKS, la cual incluye la prueba *TAKS (Accommodated)* , se administra a la mayoría de los estudiantes en Texas. Las pruebas *TAKS-M* y *TAKS –Alt* son pruebas alternativas que se pueden administran a aquellos estudiantes que no pueden ser evaluados con TAKS o *TAKS (Accommodated)* y que cumplen con ciertos requisitos específicos de participación.

Vea *TAKS (Accommodated)*, *TAKS-Alt* y *TAKS-M*. Para más información en estas evaluaciones, vea la página de la división de evaluación estudiantil, Student Assessment Division en:

http://www.tea.state.tx.us/index3.aspx?id=3534

TEACHERS BY ETHNICITY AND SEX – Clasificación de maestros por origen étnico y género.- Este es el número de maestros que trabajan tiempo completo (FTE) clasificados de acuerdo con sus correspondientes grupos étnicos y su género. Este porcentaje se deriva del total de maestros quienes trabajan tiempo completo. Comenzando este año, los grupos étnicos se basan en las nuevas definiciones federales para raza y origen étnico las cuales permiten la separación de asiáticos o de las islas del Pacífico y dos o más razas. *(Fuente: PEIMS, octubre de 2010)*

TEACHERS BY HIGHEST DEGREE HELD – Clasificación de maestros por su diploma académico más alto (solamente en el perfil del distrito)**.-** Esta es la distribución de los diplomas/grados académicos de los maestros en el distrito. Indica tanto a los que no tienen título universitario, así como a los que han obtenido una licenciatura, maestría o doctorado y se expresa como porcentaje del total de maestros que trabajan tiempo completo. *(Fuente: PEIMS, octubre 2010)*

TEACHERS BY PROGRAM (population served) – **Clasificación de maestros por programa (población a la que proveen servicios).-** Es el número de los maestro/as que trabajan tiempo completo categorizados por el tipo de población estudiantil a la cual prestan sus servicios: regulares, especiales, compensatorios, de planeación profesional y tecnológica, bilingües/ESL, alumnos dotados y talentosos, así como varios otras poblaciones o grupos misceláneos. Para aquellos maestros que prestan sus servicios a poblaciones compuestas de varios tipos, los valores por maestro/a FTE son asignados para cada tipo de población. Los porcentajes se expresan como el número total de maestros que trabajan tiempo completo. *(Fuente: PEIMS, octubre 2010)*

TEACHERS BY YEARS OF EXPERIENCE – Clasificación de maestros por años de experiencia (solamente para la sección del perfil del distrito)**.-** Es el número de maestros FTE tiempo completo por años de experiencia profesional. La experiencia considerada en estas categorías es la experiencia total del maestro y no su experiencia en el distrito o escuela en cuestión. El número de maestros dentro de cada margen de años de experiencia se expresa como porcentaje del número total de maestros que trabajan el equivalente a tiempo completo. Un maestro que apenas empieza se considera que tiene cero años de experiencia. *(Fuente: PEIMS, octubre de 2010)*

TEXAS GROWTH INDEX (TGI) – Índice de crecimiento de Texas (TGI).- La tasa del TGI no se usó para determinar las clasificaciones de responsabilidad del 2011, y no se incluyó en ningún índice en los reportes AEIS del 2010-11.

TEXAS PROJECTION MEASURE – El Pronóstico TPM.- El TPM no se usó para determinar las clasificaciones de responsabilidad del 2011, y no se incluyó en ningún índice en los reportes AEIS del 2010-11.

TEXAS SUCCESS INITIATIVE (TSI)-HIGHER EDUCATION READINESS COMPONENT –Iniciativa de éxito para Texas–Componente de la preparación para la educación superior.- Esta iniciativa *(The Texas Success Initiative (TSI)* es un programa a diseñado para mejorar los logros de los estudiantes en el ámbito universitario. El mismo requiere que el estudiante sea evaluado en destrezas de lectura, redacción y matemáticas antes de que se inicie en la universidad y a su vez se le dé consejería a base de los resultados en esta evaluación.

Los reportes AEIS muestran el porcentaje de estudiantes que fue exento de tomar una prueba para el TSI porque ya tienen calificaciones lo suficientemente altas en la prueba TAKS de egreso para matemáticas y artes del lenguaje en inglés (ELA), establecidas por la mesa directiva de coordinación educativa universitaria THECB *(the Texas Higher Education Coordinating Board)*. Las calificaciones son consideradas con una escala de 2200 (*scale scores of 2200)* en la prueba TAKS de matemáticas y de artes del lenguaje en inglés, además de una puntuación de 3 o más en la composición escrita *(writing)*. Esta tasa muestra el porcentaje de estudiantes que lograron este nivel de capacidad por materia (ELA y matemáticas) para el 2011 y 2010. Note también que:

- Esta tasa está sujeta a las reglas para los sub grupo del sistema de responsabilidad.
- El desempeño está desagregado de acuerdo con las nuevas definiciones para raza y origen étnico tanto para el año actual (2011) como para el año anterior (2010).
- No se incluye el desempeño en TAKS-M y TAKS-Alt. El estándar de la THECB para la preparación para la universidad en la prueba TAKS del último nivel no aplican a estas pruebas alternativas porque a los estudiantes no se les requiere aprobar la prueba TAKS-M o la TAKS-Alt para graduarse.

Las escuelas y los distritos evaluados para el GPA bajo los procedimientos estándares de responsabilidad pueden cualificar para el reconocimiento dorado del desempeño académico por su desempeño en TSI. Para más información vea el capítulo 5 del Manual del Sistema de Responsabilidad Educativa del 2011. *(Fuente: Division of Student Assessment)*

TOTAL EXPENDITURES BY OBJECT (2009-10) – Gasto total por categoría (2009-10) *(solamente la sección del perfil del distrito)***.-** Los gastos actuales totales se agrupan de acuerdo con la categoría operativa. El gasto total agrupado por categoría operativa se expresa como un porcentaje de los gastos totales. Los valores en la columna 'Por estudiante' *(Per Student)* muestra los gastos actuales por categoría divididas por el número total de estudiantes inscritos *(in membership)* en el año escolar 2009-10. Note que el número presentado no es la cantidad que actualmente se gastó por cada estudiante, sino que es el promedio del total por estudiante *(per-student average of the total)*. Las categorías *(object code)* operativas aparecen en paréntesis:

- *Payroll Costs* – Costos de nómina.- Esto son los salarios netos o gastos de nómina o beneficios de los asalariados (6100).
- *Other Operating Costs* – Otros gastos de funcionamiento.- Estos incluyen servicios proporcionados a los distritos escolares por firmas, individuos u otras organizaciones; gastos de abastos y materiales *(Supplies and Materials)* incluyendo combustible para vehículos, otros materiales de lectura (excluyendo el costo de los textos educativos de gobierno) y abastos para alimentación y otros gastos necesarios para el funcionamiento del distrito (6200-6400).
- *Debt service* – Pago de la deuda.- Estos incluyen todos los gastos relacionados con servicios de deudas incluyendo el retiro de deuda y del bono afianzado *(bond principal)* y todos los gastos en intereses (6500); y
- *Capital Outlay*- Desembolso de capital.- Estos son gastos se refieren a activos fijos como terrenos, edificios y equipo (6600).

Note que estos gastos son reportados como *gastos actuales* y no como *presupuestados*. Por tanto, la información es la correspondiente al año anterior (2009-10). Vea el apéndice B. *(Fuente: PEIMS, marzo 2011)*

TOTAL OPERATING EXPENDITURES BY FUNCTION (2009-10) – Gasto total de funcionamiento clasificados por función (2008-09) *(solamente en el perfil del distrito)***.-** Los gastos actuales totales han sido agrupados por función *(by function of expense)*. Costos *actuales* totales para el mantenimiento y gastos operativos según el tipo de función se expresan como el porcentaje del presupuesto para el funcionamiento del plantel escolar. Los valores en la columna 'Por estudiante' *(Per Student)* muestra los gastos actuales por categoría por función divididas por el número total de estudiantes inscritos *(in membership)* en el año escolar 2009-10. Los gastos por estudiante *(per-student expenditures)* son reportados para el total de gastos por su fuente por varias categorías de agrupaciones de funcionamiento *(various groupings of operating categories)*. Note que el número presentado no es la cantidad que actualmente se gastó por cada estudiante, sino que es el promedio del total por estudiante *(per-student average of the total)*.

Cuando se comparan los promedios para los gastos a nivel del plantel escolar note que los promedios a nivel del estado y distrito incluyen todo tipo de planteles escolares. Por ejemplo, los gastos por un estudiante de preparatoria pueden no ser comparables con otros promedios por que el valor del estado incluye primarias y secundarias, las cuales típicamente tienen menos gastos por estudiante que las preparatorias. Otras variables que pueden afectar comparaciones son las del nivel de experiencia de los maestros y administradores, los tipos de programas de instrucción ofrecidos y las características de los estudiantes. Las categorías de las funciones *(function codes)* aparecen en paréntesis.

- *Instruction* – Instrucción.- Estas son todas las actividades directamente relacionadas con la educación entre estudiantes y profesores/as, incluyendo la enseñanza mediante computadoras (11), y gastos para proveer recursos a los programas de Educación Alternativa Correccional Juvenil de Justicia *(Juvenile Justice Alternative Education Programs)* (95).

- *Instructional Related Services* – Servicios relacionadas con la instrucción.- Estos son gastos para materiales y recursos educativos y de medios de comunicación *(media)*, como centros de recursos y bibliotecas (12); y para el desarrollo del currículo académico y de preparación para el personal de instrucción *(instructional staff development)* (13).
- *Instructional Leadership* – Liderazgo administrativo educativo.- Esto incluye la administración, supervisión, dirección y liderazgo para mejorar la capacidad del personal que provee servicios de enseñanza (21).
- *School Leadership* – Liderazgo Escolar.- Esto incluye la dirección y administración de una escuela (23).
- *Support Services - Student* – Servicios de apoyo – estudiantes.- Esto incluye la consejería y evaluación (31), servicios sociales (32) y servicios de salud (33);
- *Student Transportation* – Servicios de transporte para estudiantes.- Se refiere al transporte de estudiantes durante la ida y vuelta a la escuela (34).
- *Food Services* – Servicios de alimentación.- Estos incluyen servicios para operaciones, el costo de los alimentos y mano de obra (35),
- *Co-curricular Activities* – Actividades co-curriculares.- Estas incluyen actividades patrocinadas por la escuela durante o al final del día escolar las cuales no son esenciales para brindar servicios de instrucción *(instructional services)* (36);
- *Central Administration* – Administración central (solamente en el perfil del distrito).- Esto incluye administrar o gobernar al distrito escolar como una entidad total (41); costos asociados con la compra o venta de créditos de asistencia *(attendance)* ya sean del estado o de otro (s) distrito(s) escolar(es) (92); y solamente para las escuelas "Charter" gastos relacionados con actividades para levantar fondos *(fund raise)* (81).
- *Plant Maintenance and Operations* – Servicios de operación y mantenimiento de las instalaciones.- Estos incluyen mantener la planta y el plantel y áreas circundantes en buenas y efectivas condiciones (51);
- *Security and Monitoring Services* – Servicios de vigilancia.- Estos incluyen mantener el ámbito de los estudiantes y del personal seguros (52).
- *Data Processing Services* – Procesamiento de datos y de bancos informáticos.- Esto incluye servicios de procesamiento de datos, ya sean contratados o empleados *(in-house or contracted)* (53).
- *Other Campus Costs* – Otros gastos del plantel escolar (solamente en el perfil de la escuela).- Éste combina las funciones 35, 36, 51, 52, 53 mencionadas con anterioridad.

Note que estos gastos son reportados como gastos actuales y no como presupuestados. Por tanto, la información es la correspondiente al año anterior (2009-10). También vea el apéndice B. *(Fuente: PEIMS, marzo 2011)*

TOTAL OPERATING EXPENDITURES BY PROGRAM (2009-10) – Gastos totales para funcionamiento por programa educativo (2009-10).- Los gastos actuales totales han sido agrupados por programa *(program of expense)*. Costos *actuales* totales se agrupan según el tipo de programa y se expresan como el porcentaje del gasto actual para el funcionamiento

(actual total operating expenditures). Los valores en la columna 'Por estudiante' *(Per Student)* muestra los gastos actuales por categoría de programas divididas por el número total de estudiantes inscritos en el 2009-2010. Los gastos de operación por estudiante *(Per student operating expenditures)* son reportadas por el total de gastos de funcionamiento por programa para varios grupos por categoría de función *(groupings of operating categories)*. Note que el número presentado no es la cantidad que actualmente se gastó por cada estudiante, sino que es el promedio del total por estudiante *(per-student average of the total)*. Los códigos de los programas *(program codes)* aparecen en paréntesis. La suma de los gastos de funcionamiento por área programática es menos que el total de gastos de funcionamiento por función ya que una porción significativa de los gastos no tiene un área programática asignada y se reporta como "99" lo cual significa "sin distribuir". Esta no se incluye en las categorías mostradas o en la cantidad de total de gastos de funcionamiento del programa. Además las funciones incluidas difieren entre las dos divisiones (por programa o por función).

- *Regular Education* – Educación regular.- Se refiere al costo para la provisión de servicios básicos para la educación/instrucción de los estudiantes no registrados bajo educación especial (11).
- *Gifted & Talented Education* – Programas para alumnos dotados y talentosos.- Este es el costo de asesorar estudiantes como colocación en el programa y servicios de instrucción que van más allá del programa básico educativo diseñado para satisfacer las necesidades de estudiantes dotados en estos programas (21).
- *Career & Technology Education* – Programas educativos de planeación profesional y tecnología.- Este es el costo de evaluar, establecer y proveer servicios educativos y/u otros para preparar estudiantes para empleo *(gainful employment)*, entrenamiento técnico avanzado *(advanced technical training)* o a nivel más simple *(homemaking)*. Esto puede incluir actividades de aprendizaje o entrenamiento para un trabajo (22).
- *Special Education* – Programas de educación especial.- Este es el costo incurrido al evaluar, colocar y proveer servicios educativos y/u otros servicios a estudiantes con discapacidades quienes tienen un Plan Educativo Individualizado-PEI *(Individual Educational Plans (IEP))* aprobado por el Comité ARD *(Admission, Review and Dismissal)*. Estos planes están basados en el nivel de habilidad y/o las necesidades educativas de los estudiantes (23).
- *Accelerated Education* – Programas educativos acelerados.- Este es el costo de usar servicios educativos adicionales a estudiantes a riesgo de dejar sus estudios *(at-risk of dropping out)* (24, 30).
- *Bilingual/ESL Education* – Programas educativos bilingües y ESL (inglés como segundo idioma).- Este es el costo de evaluar, asignar/colocar y proveer servicios educativos y/u otros servicios a estudiantes que están aprendiendo inglés, con la meta de que dominen el idioma inglés, para que sean letrados e instruidos en éste como lengua primaria, en la redacción en inglés y como lengua académica relacionada con los cursos requeridos (25).
- *Other* – Otros.- Este es el costo de proveer servicios a estudiantes separados de las aulas regulares y enviados ya sea al programa de educación alternativa ya sea disciplinario o no (26, 28, 29).

- *High School Allotment* – Asignación de fondos para la preparatoria.- Esto se refiere a $275 por estudiante en la escuela preparatoria que se asignan para ayudar a los distritos en:
  - preparar estudiantes de bajo desempeño para que entren a una institución de enseñanza secundaria;
  - animar a los estudiantes a buscar oportunidades académicas avanzadas
  - proveer oportunidades de tomar cursos más rigurosos;
  - alinear el plan de estudios y las expectativas de la educación secundaria con la post secundaria ;
  - apoyar otras iniciativas prometedoras para completar la preparatoria u otra iniciativa de éxito en los grados 6 al 12 aprobado por el comisionado de educción (32)
- *Athletics/Related Activities* – Atletismo o actividades deportivas.- Este es el costo incurrido al proveer servicios para la participación de estudiantes en actividades para competencias atléticas, incluyendo costos de servicios de entrenador *(coaching)* y también para patrocinadores del equipo, para apoyo del equipo escolar *(drill team)*, porristas *(cheerleaders, pep squad)* o cualquier otra actividad organizada que apoye el atletismo escolar excepto la banda de la escuela (91).

Note que estos gastos han sido reportados como actuales y no *presupuestados.* Por tanto, la información es del año previo (2009-10). También vea el a*péndice B*. *(Fuente: PEIMS, marzo 2011).*

TOTAL REVENUES BY SOURCE (2009-10) – Ingreso total por fuente de ingreso (2008-09) *(solamente en el perfil del distrito)***.-** Los ingresos totales actuales se agrupan por categorías de fuente de ingreso. Los ingresos actuales para las categorías de grupos de objetos *(groups of object categories)* se expresan como un porcentaje del ingreso total. Los valores en la columna 'Por estudiante' *(Per Student)* muestra el total de ingresos divididos por el número total de estudiantes inscritos en el año escolar 2009-10. Los ingresos por estudiante *(per-student revenues)* son reportados para el total de ingresos por su fuente por varias categorías de agrupaciones de ingreso *(various groupings of revenue categories).* Note que el número presentado no es la cantidad que actualmente se percibe por cada estudiante, sino que es el promedio del total por estudiante *(per-student average of the total)*.

Las cantidades reportadas como ingreso en cualquiera de estas categorías son las cantidades que fueron reportadas por distritos para los fondos generales y el total de fondos *(general fund and all funds).* Los códigos para las categorías aparecen en paréntesis.

- *Local Tax* – Impuesto local. – Este es ingreso del distrito procedente de impuestos ad-valorem sobre la propiedad real y personal (categoría de objetivo 5710-5719 menos la función de gastos 91);
- *Other Local and Intermediate* – Otros ingresos locales e intermediarios.- Esto incluye ingreso por servicios a otros distritos, colegiatura y tarifas cobradas a estudiantes, subvenciones del estado, ingreso de actividades relacionadas con el programa académico co-curriculares e iniciativas comerciales, subvenciones de fuentes intermedias (municipio—*county*) y otras fuentes de ingresos locales (categorías de objetivo 5720-5769).

- *State* – Estatal.- Esto incluye las prestaciones per cápita y de programas de fundaciones, el ingreso procedente de otros programas financiados por el estado, ingresos de otras agencias gubernamentales estatales y los beneficios del Sistema de retiro de los maestros *(Teacher Retirement System Benefits)* pagados por el Estado de Texas para los empleados del distrito. (categoría de objetivo, serie 5800). Note que los ingresos del estado también incluye el Fondo estatal de estabilización fiscal (SFSF). La cantidad del SFSF es el ingreso que recibe del Programa para asignar fondos a las escuelas que se distribuyó de acuerdo con Ley de Reinversión y Recuperación de Estados Unidos de 2009 (*American Recovery and Reinvestment Act of 2009)*. La cantidad que recibió el distrito del SFSF se muestra a pie de página al final del reporte del distrito. También se muestra un pie de página similar en los reportes de la región y del estado (ingresos-fondos federal 266 usados con el código 5929).
- *Federal* – Federal.- Este incluye el ingreso recibido directamente del gobierno federal o distribuido por TEA u otros organismos gubernamentales estatales como entidades para la educación y planeación profesional o tecnológica *(career and technology education)*, programas para niños con desventajas educativas (Ley de Consolidación y Mejoramiento Educativo y Ley de Educación Primaria y Secundaria— *(Education Consolidation and Improvement Act, and Elementary and Secondary Education Act)*, y programas de servicio de comida y otros programas federales (categoría de objetivo, serie 5900).

Note que esta tasa es reportada como ingreso actual y por tanto la información es del año anterior (2009-10). Vea el apéndice B. (Fuente: PEIMS, marzo 2011)

TOTAL STAFF – Número total de personal escolar *(solamente en la sección del perfil del distrito)***.-** Es el número de total de personal que incluye personal profesional, (maestro/as, personal profesional suplementario, administradores), personal de asistencia educativa, y (en el reporte del distrito) el personal auxiliar del distrito. El total bajo 'minorías étnicas' *(minority staff)* se calcula sumando todos los grupos del personal empleado tiempo completo FTE que no son de origen anglo-europeo (afro-americano, hispano, indio nativo norteamericano, asiático o de las islas del Pacífico y dos o más razas). Comenzando este año, la raza y origen étnico del personal está basado en las nuevas definiciones federales. El conteo del personal FTE de minoría se expresa como porcentaje del número total de personal FTE. *(Fuente: PEIMS, octubre 2010)*

TOTAL STUDENTS – Número total de estudiantes.- Este es el número total de estudiantes inscritos en escuelas públicas desde el 29 de octubre de 2010 en cualquier grado (pre-primaria al 12º grado). Membresía *(Membership)* es una cifra diferente al de inscripciones, porque no incluye a aquellos estudiantes los cuales obtienen servicios del distrito por menos de dos horas al día. Por ejemplo, el total de estudiantes *(Total Students)* excluye estudiantes quienes asisten a escuelas que no son públicas *(nonpublic school)* pero reciben ciertos servicios del distrito escolar local como terapia del habla *(speech therapy)* por menos de dos horas al día de su distrito escolar local público. *(Fuente: PEIMS, octubre 2010)*

TSI: Vea *Texas Success Initiative.*

TURNOVER RATE FOR TEACHERS – Índice de pérdida o rotación de maestros *(solamente en la sección del perfil del distrito)***.-** Muestra el número FTE de maestros que no estaban empleados por el distrito en el otoño de 2009-10 y que subsecuentemente no estaban

empleados en el otoño de 2010-11, dividido por el número total de maestros FTE en el otoño de 2009-10. Los números de seguro social *(social security)* de los maestros empleados en el distrito en el otoño de 2009-10 se checan para verificar su estatus de empleo en el mismo distrito para el otoño de 2010-11. El personal que continúa empleado por el distrito aunque no está empleado como maestro se incluye en esta tasa de pérdida de maestros. *(Fuente: PEIMS, octubre 2010, octubre 2009)*

VALUE BY CATEGORY – Valor por categoría.- Vea *Standardized Local Tax Base (Comptroller Valuation)* (Base Impositiva Local Estandarizada (Avalúo del Contralor)).

VERTICAL SCALE GROWTH (VSG) – Escala vertical de crecimiento (VSG).-: Este índice muestra el crecimiento en las pruebas TAKS de lectura y matemáticas en los grados 3 al 8. Se usa para determinar el mejoramiento comparable (CI).

Un valor promedio para VSG para cada escuela se determina sumando los valores del VSG a mivel de estudiante al valor de la VSG de la escuela y dividiendo entre el número de estudiantes. En este indicador se incluyeron los estudiantes quienes:

- tomaron la prueba TAKS de lectura y/o de la primavera del 2011, en los grados del 4 al 8.
- son parte del 2011 *Accountability Subset* (Sub-grupo del sistema de responsabilidad del 2011) (vea el capítulo 2 del Manual de responsabilidad del 2011);
- pudieron relacionarse con la administración de TAKS del 2010 — en cualquier lugar en el estado—para encontrar se desempeño del año anterior para lectura y /o matemáticas: y
- fueron promovidos al próximo grado en el 2010.

La VSG promedio se calcula:

$$\text{VSG promedio (lectura)} = \frac{\text{suma de los valores de VSG del estudiante para lectura}}{\text{número total de estudiantes con VSG en lectura}}$$

$$\text{VSG promedio (matemáticas)} = \frac{\text{suma de los valores de VSG del estudiante para matemáticas}}{\text{número total de estudiantes con VSG en matemáticas}}$$

Una vez se determina la VSG, esta se lista con las otras 40 VSG promedio del grupo de comparación de la escuela. Las escuelas se organizan desde la que tiene el promedio más alto hasta la que tiene el promedio de VSG más bajo. Si la escuela objetivo que se está comparando cae en el primer cuartil y se cumplen además todos los criterios, se le otorga un GPA para CI. Este se calcula para cada materia por separado. Los reportes del mejoramiento comparable están disponibles en:

http://ritter.tea.state.tx.us/perfreport/ci/2011/index.html

Ya que la VSG está disponible solamente para los grados del 4 al 8, solamente las escuelas que tienen estudiantes evaluados en los grados del 4 al 8 pueden tener un reporte CI. Los cálculos de la VSG comienzan con 4º grado porque los estudiantes necesitan los resultados del año anterior (grado 3) para mostrar crecimiento.

Para una explicación más detallada de la VSG, vea el apéndice E del Manual de responsabilidad del 2011 (*2011 Accountability Manual*).

Identificación de funciones del PEIMS
(en orden alfabético)

ADMINISTRADORES CENTRALES

027 ..... Superintendente/CAO/CEO/Presidente

ADMINISTRADORES ESCOLARES

003 ..... Asistente del Director

ADMINISTRADORES CENTRALES O DEL PLANTEL ESCOLAR*

004 ..... Asistente del Superintendente
012 ..... Funcionario educativo (instrucción)
020 ..... Director
028 ..... Supervisor de maestros
040 ..... Director de atletismo
043 ..... Administrador/contador
044 ..... Recaudador de impuestos
045 ..... Director de personal
055 ..... Director de Inscripciones (oficina central)
061..... Asistente/Asociado del Director o Director Ejecutivo
062..... Director del Departamento/Componente
063..... Coordinador/Administrador/Supervisor

PERSONAL PROFESIONAL DE APOYO

002 ..... Terapeuta artístico
005 ..... Psicólogo asociado
006 ..... Audiólogo
007 ..... Terapeuta correctivo
008 ..... Consejero
011 ..... Evaluador educativo (diagnosis)
013 ..... Bibliotecario
015 ..... Músico-terapeuta
016 ..... Terapeuta ocupacional
017 ..... Especialista certificado en orientación y movilidad
018 ..... Fisioterapeuta
019 ..... Médico
021 ..... Terapeuta recreativo
022 ..... Enfermera de escuela
023 ..... Psicólogo de escuela (LSSP-licenciado)
024 ..... Trabajador Social
026 ..... Terapista/patólogo del habla
030 ..... Profesor Invitado
032..... Coordinador/centro de aprendizaje relacionado al trabajo
041..... ..... Facilitador para el maestro
042 ..... Evaluador de maestro
054 ..... Jefe de departamento
056 ..... Entrenador de atletismo
058 ..... Otros profesionales de la escuela
064 ..... Especialista/Asesor
065 ..... Agente de servicios fuera de la escuela
079 ..... Otros profesionales de los ESC
080 ..... Otros profesionales que no son de la escuela

MAESTROS

087 ..... Maestro
047 ..... Maestro sustituto

PERSONAL DE ASISTENCIA EDUCATIVA

033 ..... Asistente educativo
036 ..... Intérprete certificado

PERSONAL AUXILIAR

Tiene historial de empleo pero no tiene para responsabilidades específicas.

* Las posiciones de los administradores reportados están categorizadas como oficinas centrales o del plantel escolar, dependiendo de la identificación (ID) de la organización con la cual han sido reportados.

POR FUENTE				
INGRESO TOTAL	Generales y todos	n/a	Código 5000	n/a
Impuesto local	Generales y todos	n/a	5710–5719 (menos los gastos de la función 91)	n/a
Otros ingresos locales e intermediarios	Generales y todos	n/a	5720–5769	n/a
Nivel estatal@	Generales y todos	n/a	5800 (más el código del fondo 266 con el código de objeto 5929)	n/a
Nivel federal	Generales y todos	n/a	5900 (menos el código del fondo 266 con el código de objeto 5929)	n/a
TRANSFERENCIAS PARA IGUALAR NIVELES DE RIQUEZA ESCOLAR††	Generales y todos	91	Todos los códigos bajo los 6000	Todos

* Fondos – Los fondos generales incluyen los códigos de fondos 101 – 199 & 266. El código 420 está incluido en el fondo general sólo para escuelas charter. Todos los fondos incluyen los fondos generales más los códigos en las series 200/300/400, 599, 601, 699 y 701.

** Indica la categoría que aparece tanto en el Perfil del distrito como en el de la escuela. Las categorías que no están marcadas aparecen solo en el perfil del distrito.

*** Indica que la categoría aparece solamente en el Perfil de la escuela.

**** A nivel de escuela, solamente las funciones 11-13, 21, 23, 31-33 y 95 están incluidas en los gastos por programa.

§ Excluye cargos Inter-gubernamentales (series de la función 90) excepto por las funciones 92 & 95.

† La función 91 representa transferencias de colegiaturas de los grados escolares que no se ofrecen, y no se refiere a las Transferencias para igualar la riqueza ínter-escolar *("Equity Transfers.")*

†† La función 91 representa las cantidades de gastos reportadas para cubrir el costo de reducir el valor de la propiedad para igualar los niveles de riqueza escolar a los niveles requeridos *(required equalized wealth level)* y pagos a escuelas charter, respectivamente.

††† Los códigos 6400 incluyen: 6629, 6631, 6639, 6649 y 6659 los cuales aplican solamente a las escuelas charter excluyendo los colegios y universidades sin matrícula restringida (open enrollment). Note que estas categorías no están incluidas en la serie de códigos de los 6600.

@ Los ingresos estatales incluye los Fondos Estatales de Estabilización (*State Fiscal Stabilization Funds*- código 266 con código de objeto 5929), distribuidos bajo Ley de Reinversión y Recuperación de Estados Unidos de 2009 (American Recovery and Reinvestment Act of 2009).

Si necesita más explicaciones sobre estos fondos, funciones, objetos y sobre los códigos de programas, vea el *Financial Resource Guide* en http://www.tea.state.tx.us/index4.aspx?id=1222.

*** Order of columns will vary on lists for other campuses ***

Porcentaje de estudiantes clasificados como afro-americanos

Porcentaje de estudiantes identificados como móviles

Código del tipo de escuela: Primaria (Elementary), Secundaria (Middle), Preparatoria (Secondary) o de Múltiples Niveles

Porcentaje de estudiantes clasificados bajo "desventaja económica"

Escuela a estudiar (identificada por >)

Porcentaje de estudiantes clasificados como hispanos

Porcentaje de estudiantes identificados como LEP (limitaciones en el dominio del inglés)

Porcentaje de estudiantes clasificados como anglo-europeos

Número de identificación de la escuela. Esta lista está ordenada usando este número.

El orden de las columnas se determina de acuerdo con la escuela a estudiar (identificada por ">"). La característica más predominante para esa escuela se coloca en la primera columna, seguida por la segunda más predominante y así sucesivamente.

La mayoría de las preparatorias no tendrán una segunda página porque el Mejoramiento Comparable está solamente disponible para las escuelas con los grados 4, 5, 6, 7 y/u 8.

Mejoramiento Comparable 2010-11

La mayoría de las preparatorias no tendrán una segunda página porque el Mejoramiento Comparable está solamente disponible para las escuelas con los grados del 4 al 8.

GPA: Este reporte muestra si esta escuela logró el GPA para el Mejoramiento Comparable ya sea en lectura/ELA, matemáticas o en ambas.

Note: All Values are based on students matched from 2011 to 2010. An Asterisk indicates less than five students tested.

(1) Número de estudiantes pareados: Estos son los estudiantes en cada escuela para los que hay resultados del TAKS del año escolar actual y el previo.

(2) Calificación a Escala Promedio 2010 (average scale score): Se refiere a la suma de las calificaciones de la escala vertical del año previo de los estudiantes pareados dividido entre el número de estudiantes pareados.

(3) Calificación a Escala Promedio 2011 (average scale score): Se refiere a la suma de las calificaciones de la escala vertical del año actual de los estudiantes pareados dividido entre el número de estudiantes pareados.

(4) Promedio de la escala vertical de crecimiento de los reprobados 2010: Se refiere a la VSG promedio de aquellos estudiantes pareados quienes reprobaron TAKS el año previo. Para cuestiones de información solamente, no para ser usada para responsabilidad educativa.

(5) Promedio VSG 2011: Se refiere a la suma de las diferencias de los valores de la escala vertical de crecimiento entre el año actual y el previo dividida entre el número de estudiantes pareados.

(6) Cuartil 2011: Los valores promedio de la VSG en la columna 6 están ordenados del valor más alto al más bajo de las 40 escuelas en el grupo de comparación. Los cuatro cuartiles o porciones (Q1, Q2, Q3 y Q4) son asignadas. Cada cuartil puede tener más de o menos de 10 escuelas, dependiendo en los valores. Las escuelas en Q1 son las que han demostrado mayor prgreso en TAKS en relación a las escuelas en el grupo.

Esta lista está en orden por número de identificación del plantel escolar

Si una escuela tiene menos de diez estudiantes pareados no se le calcula la VSG y por lo tanto no se incluye en ningún cuartil. En estos casos se muestra una raya (-).

Participación en TAKS 2010-11

Esta sección muestra las tasas de participación en el TAKS, TAKS (Accommodated), TAKS M y/o TAKS-Alt para todos los estudiantes del 3er al 11o grado.

Tested: El porcentaje de estudiantes que tomaron uno o más de cualesquiera de las pruebas TAKS.

Not Tested: El porcentaje de estudiantes (en los grados en los que se administra el examen) quienes no tomaron ninguna prueba.

Absent: El porcentaje de estudiantes quienes estuvieron ausentes durante cada prueba.

Other: El porcentaje de estudiantes cuyos documentos de respuestas fueron codificados bajo una combinación de categorías de "No Examinados" o que se interumpió su proceso de administración de prueba a causa de una enfermedad u otros eventos similares.

LEP Exempt: El porcentaje de estudiantes quienes recibieron exención debido a su dominio limitado del inglés (LEP)en todas las pruebas.

Total Count: Esta cifra representa el número de estudiantes quienes estaban en la escuela durante la administración del TAKS 2011 en la primavera y es aproximadamente equivalente a la tasa de inscripción en los grados examinados. El valor oficial de "inscripciones" en los grados del 3 al 11 no compaginan exactamente con el número de estudiantes examinados porque las inscripciones son contadas en el otoño y los estudiantes son examinados en la primavera.

La sección de Examinados se ha reportado de dos maneras:

By Test Version (Por Versión del Examen)

TAKS (1 or more): Este muestra el porcentaje de estudiantes que tomaron solamente el examen TAKS o una combinación con el TAKS (Accomodated), o con el TAKS-M o el TAKS-Alt.

Not on TAKS: Este muestra el porcentaje de estudiantes quienes fueron examinados con uno o más TAKS (Accommodated), TAKS-M o TAKS-Alt solamente.

By Acct Status (Por estatus de responsabilidad educativa)

Acct System: Este muestra el porcentaje de estudiantes cuyos resultados en TAKS y TAKS (Accommodated), TAKS M o TAKS Alt fueron usados para determinar la calificación de una escuela o un distrito (accountability rating). El desempeño reportado para el reporte del AEIS 2010-11 está basado en el subgrupo de estudiantes no móviles (non-mobile subset).

Non-Acct System: Esta muestra el porcentaje de estudiantes examinados cuyos resultados no han sido usados en el sistema de responsabilidad educativa (RE) (accountability system) por alguna de las siguientes razones:

Mobile: Este incluye estudiantes que se inscribieron en una escuela o un distrito después de octubre (fecha de entrega de datos PEIMS).

Non-Acct Test: Este incluye estudiantes quienes fueron examinados solamente con las pruebas TAKS Alt con un código de prueba alternativa de "1" o "4", en todos las pruebas administradas.

La suma total de los porcentajes puede que no sea exactamente 100 debido a que se redondean los números o a que falta información.

Puntación bruta de las pruebas TAKS de la primavera del 2011

Estándares de progreso académico en la prueba TAKS de lectura (inglés)

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Lectura (inglés)	**3er grado**	Cumple con el estándar	36	22	61%
		Progreso sobresaliente		33	92%
	4º grado	Cumple con el estándar	40	27	68%
		Progreso sobresaliente		37	93%
	5º grado[1]	Cumple con el estándar	42	30	71%
		Progreso sobresaliente		39	93%
	6º grado	Cumple con el estándar	42	30	71%
		Progreso sobresaliente		39	93%
	7º grado	Cumple con el estándar	48	31	65%
		Progreso sobresaliente		44	92%
	8º grado[1]	Cumple con el estándar	48	35	73%
		Progreso sobresaliente		45	94%
	9º grado	Cumple con el estándar	42	27	64%
		Progreso sobresaliente		37	88%

Estándares de progreso académico en la prueba TAKS de lectura (español)

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Lectura (español)	**3er grado**	Cumple con el estándar	36	21	58%
		Progreso sobresaliente		32	89%
	4º grado	Cumple con el estándar	40	26	65%
		Progreso sobresaliente		36	90%
	5º grado[1]	Cumple con el estándar	42	27	64%
		Progreso sobresaliente		37	88%

Estándares de progreso académico en la prueba TAKS de artes del lenguaje en inglés[2]

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Artes de lenguaje	**10º grado**	Cumple con el estándar	73	43	59%
		Progreso sobresaliente		64	88%
	11er grado	Cumple con el estándar	73	42	58%
		Progreso sobresaliente		63	86%

Las cifras y porcentajes en este cuadro están basados en la primera administración en la primavera del 2011 de TAKS y TAKS con acomodos. No se deben de utilizar para anticipar o proyectar el número exacto y el porcentaje correcto requerido para calificar o lograr el estatus de progreso académico sobresaliente (*Commended Performance)* en las futuras administraciones de este examen. Esto es porque estos números pueden diferir relativamente poco de aquellos presentados con anterioridad y para asegurar que la equivalencia de los estándares sea consistente en cada administración de TAKS.

Estándares de progreso académico de la prueba TAKS de matemáticas (inglés)

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Matemáticas (inglés)	**3er grado**	Cumple con el estándar	40	26	65%
		Progreso sobresaliente		37	93%
	4º grado	Cumple con el estándar	42	27	64%
		Progreso sobresaliente		39	93%
	5º grado[1]	Cumple con el estándar	44	28	64%
		Progreso sobresaliente		40	91%
	6º grado	Cumple con el estándar	46	28	61%
		Progreso sobresaliente		42	91%
	7º grado	Cumple con el estándar	48	27	56%
		Progreso sobresaliente		43	90%
	8º grado[1]	Cumple con el estándar	50	29	58%
		Progreso sobresaliente		45	90%
	9º grado	Cumple con el estándar	52	28	54%
		Progreso sobresaliente		44	85%
	10º grado	Cumple con el estándar	56	32	57%
		Progreso sobresaliente		50	89%
	11er grado	Cumple con el estándar	60	31	52%
		Progreso sobresaliente		53	88%

Estándares de progreso académico de la prueba TAKS de matemáticas (español)

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Matemáticas (español)	**3er grado**	Cumple con el estándar	40	28	70%
		Progreso sobresaliente		37	93%
	4º grado	Cumple con el estándar	42	30	71%
		Progreso sobresaliente		38	90%
	5º grado[1]	Cumple con el estándar	44	32	73%
		Progreso sobresaliente		40	91%

Estándares de progreso académico de la prueba TAKS de escritura (español)[3]

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Escritura (español)	**4º grado**	Cumple con el estándar	32	15	47%
		Progreso sobresaliente		26	81%

Las cifras y porcentajes en este cuadro están basados en la primera administración en la primavera del 2011 de TAKS y TAKS con acomodos. No se deben de utilizar para anticipar o proyectar el número exacto y el porcentaje correcto requerido para calificar o lograr el estatus de Progreso Académico sobresaliente (*Commended Performance)* en las futuras administraciones de este examen. Esto es porque estos números pueden diferir relativamente poco de aquellos presentados con anterioridad y para asegurar que la equivalencia de los estándares sea consistente en cada administración del examen TAKS.

Estándares de progreso académico de la prueba TAKS de escritura (inglés) [3]

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Escritura (inglés)	**4º grado**	Cumple con el estándar	32	17	53%
		Progreso sobresaliente		28	88%
	7º grado	Cumple con el estándar	44	22	50%
		Progreso sobresaliente		38	86%

Estándares de progreso académico de la prueba TAKS de ciencias sociales

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Ciencias Sociales	**8º grado**	Cumple con el estándar	48	21	44%
		Progreso sobresaliente		40	83%
	10º grado	Cumple con el estándar	50	25	50%
		Progreso sobresaliente		43	86%
	11er grado	Cumple con el estándar	55	24	44%
		Progreso sobresaliente		47	85%

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Ciencias (inglés)	**5º grado**	Cumple con el estándar	40	30	75%
		Progreso sobresaliente		37	93%
	8º grado	Cumple con el estándar	50	33	66%
		Progreso sobresaliente		44	88%
	10º grado	Cumple con el estándar	55	33	60%
		Progreso sobresaliente		49	89%
	11er grado	Cumple con el estándar	55	29	53%
		Progreso sobresaliente		49	89%

Estándares de progreso académico de la prueba TAKS de ciencias (español)

		Estándar	Puntaje máximo posible	Número correcto	Porcentaje correcto
Ciencias (español)	**5º grado**	Cumple con el estándar	40	31	78%
		Progreso sobresaliente		37	93%

---

[1] Primera administración de los estándares TAKS y TAKS con acomodos.

[2] Se requiere un puntaje *(rating)* de 2 o más para que una composición cumpla con el estándar de "Cumplió con el estándar" (*Met Standard)* en las pruebas de artes del lenguaje en inglés *(English Language Arts)*.

[3] Se requiere un puntaje *(rating)* de 2 o más para que una composición logre el estatus de 'Cumplió con el Estándar' (*Met Standard)* y un puntaje de 3 o más para merecer el estatus de 'Progreso sobresaliente' (*Commended Performance)* en las pruebas de escritura *(writing)* para los grados 4º y 7º.

Las cifras y porcentajes en este cuadro están basados en la primera administración en la primavera del 2011 de TAKS y TAKS con acomodos. No se deben de utilizar para anticipar o proyectar el número exacto y el porcentaje correcto requerido para calificar o lograr el estatus de Progreso Académico sobresaliente (*Commended Performance)* en las futuras administraciones de este examen. Esto es porque estos números pueden diferir relativamente poco de aquellos presentados con anterioridad y para asegurar que la equivalencia de los estándares sea consistente en cada administración del examen TAKS.

Estatus del resultado de la monitoria de Educación Especial PBM

(PBM Special Education Monitoring Results Status)

El sistema que monitorea al programa de educación especial está alineado con otras actividades del monitoreo del desempeño académico *(Performance-Based Monitoring (PBM))* por medio del uso de intervenciones graduales *(graduated interventions*) basándose en los índices de desempeño académico y de eficiencia de los programas del distrito escolar o de escuelas charter. Estos índices son parte del sistema PBMAS *(Performance-Based Monitoring Analysis System (PBMAS))*. Los resultados en general en los índices PBMAS se toman en consideración al determinar los niveles requeridos de intervención. El índice individual PBMAS relacionado con la educación especial reporta varias medidas como lo son: la participación estudiantil; el desempeño en exámenes *(assessment instruments)*; o las tasas de deserción escolar o de graduación; la sobre-identificación de estudiantes en programas de educación especial; la representación no proporcional en cuanto a raza u origen étnico; el dominio limitado del inglés *(limited English proficiency)*; y acciones disciplinarias. Los datos de distritos escolares y escuelas charter de educación especial son revisadas e inspeccionadas regularmente y también las quejas que se reportan con la agencia de educación TEA sobre estos servicios de educación especial. Si desea mayor información o tiene preguntas sobre este estatus, por favor llame a la división *Program Monitoring and Interventions* (División de Monitoreo de Programas e Intervenciones) al número (512) 463-5226. La fecha para el más reciente reporte de dicho estatus es la del reporte del AEIS de 2010-11 de octubre del 2011.

Las definiciones para las categorías bajo las cuales se reporta el estatus de los programas son las siguientes:

- *Local Interventions Implemented*. Intervenciones locales implementadas.- La Agencia Local de Educación (LEA) llevaron a cabo un proceso local de inspección para cierta fecha especificada requerida por la Fase 1A *(Stage 1A)* de dichas intervenciones y retuvieron los documentos y modelos *(templates)* de las intervenciones en la agencia LEA.
- *Completed: Routine Follow-up*. Completados: seguimiento de rutina.- La información de la intervención de la LEA y la documentación cumplieron los requisitos de la TEA para completar dicho proceso. La agencia TEA continuará observando la implantación del plan de mejoramiento continuo *(Continuous Improvement Plan (CIP))*.
- *Completed: Noncompliance Follow-up*. Completadas: seguimiento de los que no cumplieron.- Los datos de la intervención DE LA LEA y la documentación entregada cumplieron con los requisitos de la TEA con respecto al proceso de finalización *(completion of process)*. La agencia TEA continuará el monitoreo de la implantación del plan CIP y una corrección sistémica de las áreas de no cumplimiento *(noncompliance)* identificadas por la inspección.
- *Pending CIP Resubmission*. Re-entrega pendiente del plan de mejoramiento continuo (CIP).- La inspección de la agencia TEA determinó que no se cumplió con los requisitos mínimos en una o más de las áreas del CIP y por tanto fue necesaria una inspección de parte de TEA.
- *Pending TEA On-Site Action*. Acción local de la TEA pendiente.- TEA determinó que: la implementación de la implementación de la LEA del proceso de inspección incluyendo datos precisos, implementación apropiada de los requisitos de intervención y/o la apropiada implementación de CIP no se pudo verificar a través de la documentación, existen

preocupaciones sobre el desempeño o efectividad del programa y/o hace más de un año que no se cumple con los requisitos mínimos de la agencia LEA. Por lo tanto, una intervención local adicional de la TEA se llevará a cabo.

- *TEA On-Site Action Completed: Routine Follow-up*. Acción local de la TEA finalizada: seguimiento de rutina.- La agencia TEA ha finalizado su inspección local del programa de intervención de la LEA. A consecuencia de esto, la LEA ha implementado y/o revisado el plan CIP. La agencia TEA continuará el monitoreo de la implantación del plan de mejoramiento continuo CIP.
- *TEA On-Site Action Completed: Noncompliance Follow-Up*. Acción local de la TEA finalizada: seguimiento de los que no cumplieron.- La agencia TEA ha finalizado su inspección local del programa de la agencia local educativa LEA. A consecuencia de esto, la LEA ha implementado y/o revisado el plan CIP e incluye un plan de acciones para corregir los aspectos del programa que no cumplen los requisitos. La agencia TEA continuará el monitoreo de la implantación del plan de mejoramiento continuo CIP y la corrección sistémica de las áreas de no cumplimiento identificadas por la inspección.
- *Year After TEA On-Site Action: Routine Follow-up*. Un año después de que TEA realizó la acción local: seguimiento de rutina.- La agencia TEA ha finalizado su inspección local del programa de intervención de la LEA durante el año anterior. A consecuencia de esto, la LEA ha implementado y/o revisado el plan CIP que continúo durante el siguiente año. La agencia TEA continuará el monitoreo de la implantación del plan de mejoramiento continuo CIP.
- *Year After TEA On-Site Action: Noncompliance Follow-Up*. Un año después de que TEA realizó la acción local: seguimiento de los que no cumplieron.- La agencia TEA ha finalizado su inspección local del programa de la agencia local educativa LEA durante el año anterior. A consecuencia de esto, la LEA ha implementado y/o revisado el plan CIP e incluye un plan de acciones para corregir los aspectos del programa que no cumplen los requisitos y el plan CIP continúo durante el siguiente año. La agencia TEA continuará el monitoreo de la implantación del plan de mejoramiento continuo CIP y la corrección sistémica de las áreas de no cumplimiento identificadas por la inspección.
- *Year After TEA On-Site Action: Pending Report*. Un año después de que TEA realizó la acción local: reporte pendiente.- TEA ha completado una revisión local del programa LEA. El reporte de los hallazgos en el lugar está pendiente.
- *Year After TEA On-Site Action: Pending CIP Submission*. Un año después de que TEA realizó la acción local del programa LEA. La LEA está desarrollando un CIP que incluye acciones que se tienen que tomar para cumplir con los requisitos del programa.
- *TEA On-Site Action Completed: Oversight/Sanction/Intervention*. Acción local de la TEA finalizada: sanción/intervención/supervisión.- La agencia TEA ha finalizado su inspección local del programa de la agencia local educativa LEA. A consecuencia de esto, se identificó que la agencia local LEA no ha cumplido por un periodo de duración de más de un año; no se implementado apropiadamente el proceso de monitoria de TEA, incluyendo el someter datos precisos e implantación apropiada de los requisitos de intervención, o no se pueden verificar y/o la implantación del plan CIP no ha sido apropiada. Por lo tanto, la agencia TEA ha llevado a cabo un proceso supervisión, intervención y de sanción.

- *Pending Random Data Verification*. Pendiente: verificación al azar de los datos.- No obstante de que ya se le haya asignado una fase de intervención, una agencia LEA puede ser seleccionada al azar para una revisión de su banco de datos para asegurar la integridad de su sistema de monitoreo informático *(monitoring system data)* y la implantación apropiada del programa.
- *Pending Random Process Verification*. Pendiente: proceso de verificación al azar.- No obstante de los resultados de la inspección o de la fase de intervención, una agencia LEA puede ser seleccionada al azar para un proceso de revisión para asegurar la integridad de su la implantación de su sistema de monitoreo *(monitoring system)* incluyendo el reporte de datos y la precisión de los hallazgos.
- *Oversight/Sanction/Intervention*. Supervisión/intervención/ sanción.- La supervisión/ intervención, sanción de TEA fueron implementadas bajo las siguientes circunstancias: (a) la segunda entrega del plan CIP de una agencia LEA en la Fase 1, Fase 2, Fase 3, o bajo intervención de supervisión estatal *(State Supervision Intervention)* no ha sido adecuada; (b) el plan CIP de una agencia LEA a nivel de Intervención Fase 4 no fue desarrollada adecuadamente después de haber finalizado una inspección de cumplimiento localmente (special program compliance review); (c) no-cumplimiento continuo (ongoing noncompliance) con duración de más de un año ha sido identificado; (d) el plan de implantación CIP no se estaba llevando a cabo como es apropiado para cualquier agencia LEA; o (e) la agencia TEA no pudo verificar la implantación apropiada de los procesos de monitoreo aprobados por la agencia TEA, incluyendo la entrega de datos precisos, implantación apropiada de los requisitos para llevar a cabo dicha intervención, y/o implantación apropiada del plan CIP.
- *On-Site Intervention Assigned*. Intervención local asignada.- La agencia TEA ha asignado un equipo de asistencia técnica *(technical assistance team),* un auditor con propósito especial (special purpose monitor), un inspector (conservator), o un equipo de administración *(management team)* para supervisar la corrección de agencias que no han cumplido *(noncompliance)* y/o la implantación del programa y requisitos del proceso de monitoreo *(monitoring requirements)*.
- *LEA Closure*. Clausura de la LEA.- El distrito ha sido cerrado a consecuencia de la sanciones de la agencia TEA.
- *Proposed Charter Non-Renewal*. Escuela Charter Propuesta no-reanudada.- La escuela charter ha sido notificada que la agencia TEA no tiene intención de reanudar la escuela charter.
- *Charter Operations Suspended*. Se suspenden las operaciones de la escuela Charter.- Las operaciones de la escuela charter fueron suspendidas por el Comisionado de Educación o por la mesa directiva de la misma escuela.
- *In Review*. Bajo inspección.- La agencia TEA no ha finalizado la inspección inicial de la información entregada por la agencia LEA.

No se muestra estatus para distritos que no han sido seleccionadas para que se lleve a cabo una intervención de su sistema PBM de monitoreo para la educación especial *(PBM for Special Education)*.

Resumen detallado de la medida de progreso de los estudiantes que están aprendiendo inglés

Componente	Detalles	
Pruebas	TAKS, TAKS con acomodos, TAKS-M y TELPAS	
Materias, grados, idioma de la prueba	Lectura/ELA en los grados 3 al 11 en *inglés (TAKS/TAKS con acomodos/TAKS-M)* Componente de Lectura en grados 3 al 11 *(TELPAS)* Si un estudiante toma cualquier combinación de estas pruebas, se evalúa el mejor resultado. Si un estudiante toma la versión TAKS en español y también toma solamente el TELPAS, solamente se evalúa el resultado en TELPAS.	
Estudiantes	Estudiantes LEP inscritos actualmente y seguidos de cerca* por lo menos durante su segundo año en escuelas de Estados Unidos y examinados en por lo menos una de las pruebas listadas anteriormente (y no se evalúa en ninguna de las pruebas TAKS-Alt). Para las pruebas y estudiantes LEP especificados, se incluyeron los resultados de los estudiantes que reciben servicios de educación especial. ** Un estudiante LEP que es seguido de cerca es un estudiante en su primer o segundo año después de haber salido de su clasificación como LEP, según está codificado en su documento de respuestas de TAKS.*	
Iniciativa del éxito estudiantil	Grados 5 & 8 – incluye los resultados de la primera y segunda administración (TAKS, TAKS con acomodos y TAKS-M).	
Años de la data (administración de la prueba que se usó)	Progreso en TELPAS – 2011 y 2010 TELPAS cumple con estándar – 2011 TAKS y TAKS con acomodos/TAKS-M cumple con estándar - 2011	
Subgrupo para la responsabilidad educativa	El índice del distrito incluye los resultados de las pruebas para los estudiantes inscritos en el distrito en el otoño y examinados en el mismo distrito durante la primavera. El índice de la escuela incluye aquellos estudiantes que estaban inscritos en la escuela para la fecha límite de otoño y examinados en la misma escuela durante la primavera.	
El pronóstico TPM	El pronóstico TPM no está disponible para determinar este indicador en el 2011.	
Criterios de progreso	1) Cumplió con el estándar/criterio en la prueba TAKS/TAKS CON ACOMODOS/TAKS-M O 2) Cumplió con los criterios de TELPAS (Los criterios para el TELPAS varían dependiendo de los años que tiene el estudiante en las escuelas en EE.UU. Y si han participado anteriormente o no del TELPAS. Vea abajo los criterios para TELPAS).	
Criterios para TELPAS **	*Primera vez que participa*	*Ha participado anteriormente*
1er año en escuelas EE.UU.	No se examina.	No se examina.
2o año en escuelas EE.UU.	*Intermedio* o más	Por lo menos un nivel más alto al del año anterior o lograr el nivel de *Avanzado* o más
3er año en escuelas EE.UU.	*Avanzado* o más	*Avanzado* o más
4o año en escuelas EE.UU.	*Avanzado superior*	*Avanzado superior*
Estudiantes LEP que se monitorean durante dos años luego de ya no ser considerado LEP	N/A *(Solo se valúan con TAKS).*	N/A *(Solo se valúan con TAKS).*

** Si en el documento de respuestas el renglón para los años en EE. UU. está en blanco, el estudiante debe lograr Avanzado o más para cumplir con los requisitos del TELPAS.

Para más información (en inglés) sobre el Índice del Progreso de los ELL, vea *Frequently Asked Questions (*Preguntas más frecuentes) en http://www.tea.state.tx.us/perfreport/resources/index.html

Reporte de Educación Bilingüe/Inglés como Segundo Idioma

Estos indicadores que se seleccionaron, y se desegregaron como se muestra, son requisitos obligatorios del AEIS.

BE-Trans. Late Exit *(código 3):* Bilingüe transitorio/salida tardía.

BE-Dual Two-way *(código 4):* Inmersión doble sendero/dos idiomas.

BE-Dual One-way *(código 5):* Inmersión doble sendero/un idioma.

ESL Total: Los resultados agregados de todos los estudiantes LEP actuales reportados con los códigos 2 ó 3 del tipo de programa de ESL.

Name: SAMPLE ISD — #: 555555 — Section III - Page 1

BE Total: Los resultados agregados de todos los estudiantes LEP actuales reportados con los códigos 2, 3, 4 ó 5 del tipo de programa bilingüe.

ESL Content *código 2::* Basado en el contenido de ESL.

BE-Trans. Early Exit *(código 2):* Bilingüe transitorio/salida temprana.

ESL Pull-out *(código 3):* Con clase de ESL suplementaria

LEP With Services: Los resultados de estudiantes actuales LEP que reciben servicios de los modelos de instrucción BE/ESL (código BE = '2', '3', '4' o '5' o ESL código = '2' o '3').

LEP No Services: Los resultados de estudiantes actuales LEP que no reciben servicios de los modelos de instrucción BE/ESL (código BE = "0" y ESL código = "0").

Se incluyeron los estudiantes LEP en aquellos programas en los cuales se reportó que participaron. Si un estudiante se reportó tanto en instrucción bilingüe como en ESL, el estudiante está en los resultados de ambos modelos de instrucción

Vea el *2010-11 PEIMS Data Standards* para las descripciones completas (en inglés) de los diferentes modelos de educación bilingüe y ESL.

Este es un nuevo índice para la sección III para el 2011.

'@' Asian, Pacific Islander and Two or More Races are not available for indicators that use the former race/ethnicity definitions. See the Glossary for more details.
'^' Primary Spring Administration, plus October first-time 11th grade testers who pass all 4 tests in October.
'?' Indicates that the data for this item were statistically improbable, or were reported outside a reasonable range.
'*' Indicates results are masked due to small numbers to protect student confidentiality.
'-' Indicates zero observations reported for this group.
'n/a' Indicates data reporting is not applicable for this group.
'#' The $0.171 includes 214 districts with an Interest and Sinking (I & S) tax rate of $0.000.
Among districts with I & S tax rates, the state average is $0.216.
'@@' Not used for School Funding calculations.
'**' Function 81, for charter schools only, is included in the Central Administration Total Operating Expenditure.
'+' For this district, state revenue includes $6,596,014 from the State Fiscal Stabilization Fund, distributed under the Federal American Recovery and Reinvestment Act.
'***' For more details on this Chapter 44 measure, please go to http://www.tea.state.tx.us/index4.aspx?id=3881.

Denton Independent School District

District Improvement Plan

2010-2011

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with the home and community
Is to provide the best educational opportunities in a challenging yet supportive environment
Where individuals and cultural diversity are respected so that our students become knowledgeable and responsible citizens who are capable of life-long learning and who have developed the necessary skills to contribute productively to a complex and ever-changing world.

Denton Independent School District
Codified Goals

Approved April 8, 2008

I. Vision … In pursuit of excellence, the district will:

a. develop a culture where learning is our first priority

b. remain committed to providing equitable and outstanding opportunities for every student on every campus

c. establish goals for individual campuses that incorporate both measurable and intangible factors

d. develop a budget focused on student and professional learning

II. Teaching & Learning… In pursuit of excellence, the district will:

a. cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all stud

b. expect full curriculum implementation on each campus by instructional leaders

c. establish quality staff development programs and promote professional learning communities

d. strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility

e. stay abreast of and incorporate best practices into teaching, learning and leadership

f. advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates

III. Climate… In pursuit of excellence, the district will:

a. celebrate and respect the diversity in our Denton ISD Community.

b. promote and nourish a safe learning and working environment which is supportive, cooperative, and ensures open communication.

c. establish a high expectation level for success for all students, staff, parents, and community

d. instill in students a love of life-long learning

e. motivate and prepare students to embrace their full responsibilities as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

a. foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students

b. work continuously with the community in planning and facility development

c. utilize citizens' advisory committees to focus on short and long-term tasks

d. provide support services and promote health, wellness and safety for students and families

e. establish and promote programs to develop and enhance parenting skills and participation in the schools

V. Human Resources…In pursuit of excellence, the district will:

a. develop and expect a consistently high level of, and respect for, professional performance by all staff

b. recruit, select, and employ teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions

c. maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence

d. encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area

e. promote health and wellness in the workforce

VI. Growth & Change…In pursuit of excellence, the district will:

a. review and adjust policies and procedures effectively to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community

b. create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community

c. be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures

d. work continuously with our community to adjust and enhance district goals as appropriate

2010-2011 Technology Division Annual Goals

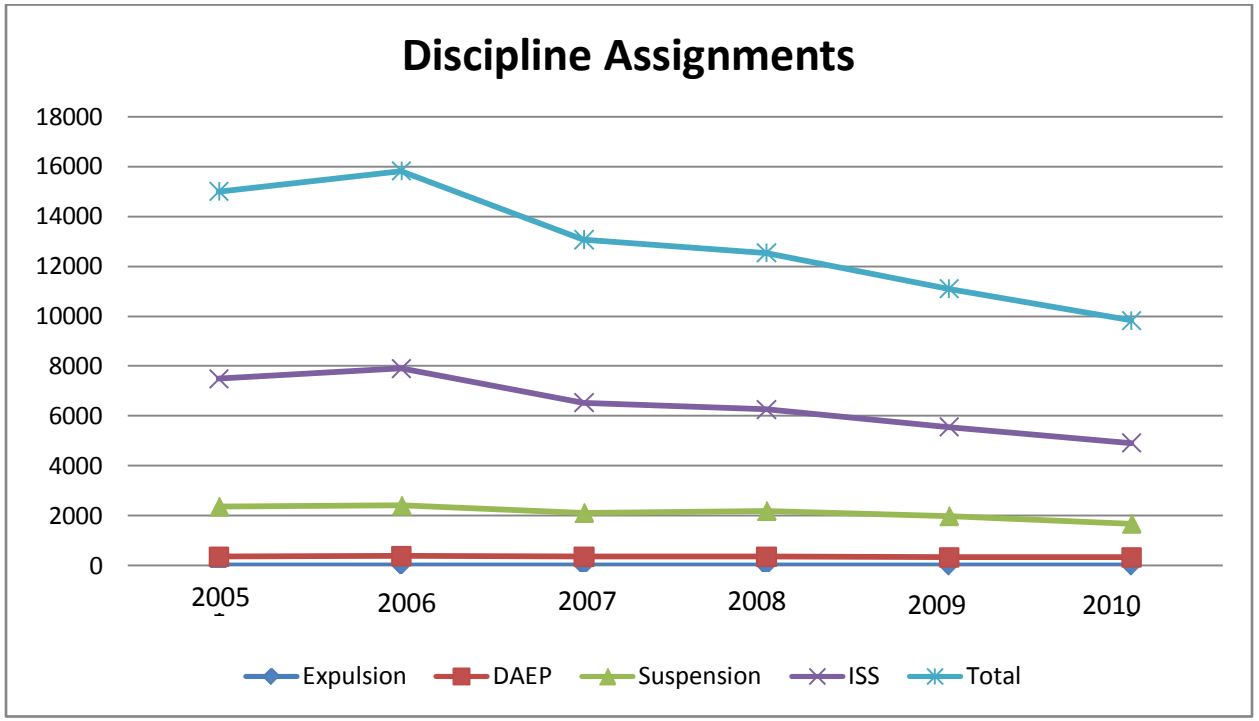
The annual goals for the 2010-2011 Technology Department directly affect the academic performance of our DISD students as well as provide new efficiencies for campuses and departments to maximize budgeted funds. The support and intervention of the Technology department provides scaffolding for all areas of DISD staff and board members. Our productivity, invention and intervention continue to provide pathways for the DISD community to become innovative leaders in learning while utilizing 21st Century technology as a tool to maximize our efforts in our work with the children of this district.

The parents of DISD have access to a plethora of tools through technology that provide them with real time access to their students' academic, disciplinary and campus performance that they can use as they work with their students on a day to day basis. Through the Technology departments Computers 4 Kids program, computers are given to students and their families for home use. To qualify for the Computers 4 Kids program, students must be recommended by campus administration. This outreach program helps to ensure that all students have access to 21st Century technology. The Technology department provides access to student grades, attendance and disciplinary performance through Parent Connection on our district website. Parents are kept up to date on current events on the campus and in the classroom through School Messenger, district and campus websites and e-alerts that are created through School wires. To address current and future safety concerns the district has installed security cameras on campuses and in buses to keep students safe in case of an emergency.

The staffs of DISD are supported by technology through the immersion in staff development at our annual TIA (Technology Integration Academy) and professional trainings that focus campuses on software and hardware that the curriculum department and technology department endorse. Principals and district administrators are trained on current technology topics monthly during district Leading Edge and Lunch and Learn for Superintendents Cabinet meetings and through monthly written communication in our News You Can Use publication. Through the collaborative efforts of the Texas Education Agency and Denton ISD, we have launched Project Share as a learning based platform that allows all staff members to collaborate, communicate and exchange ideas. Through each of these collective efforts the staff has embarked on emerging and existing technologies in Web 2.0 tools including Wiki's, blogs and information websites as well as initiating new learning platforms through Moodle and UniServity. Moodle and UniServity provide access to online learning for students and staff to learn topics in alternative modalities that compliment the classroom but don't take the focus away from the student and the teacher. Teachers have also been given updates to old technologies that they already possess through training on Classroom Performance Systems, Interactive Whiteboards and Eduphoria AWARE and Forethought. Technology has supported the collective efforts of the district's curriculum department by providing support and training for activities associated with Professional Learning Communities and creating and distributing common assessments.

Through all of the efforts stated above, the students of DISD are benefiting from a new and improved robust learning environment that promotes valuable 21st Century Skills for a global workforce. The technology department continues to cautiously introduce new software and technologies that are research based, relevant and enhance the vision of the district.

Discipline Placement Assignments and Enrollment Trends



Year	Enrollment	Expulsions	DAEP	Suspension	ISS	Total
2005	16758	2	352	2021	5123	7498
2006	18224	14	372	2028	5495	7909
2007	19677	5	357	1760	4410	6532
2008	20723	3	369	1827	4068	6267
2009	21941	5	336	1650	3556	5547
2010	22617	1	336	1348	3227	4912

The table and graph above illustrate the enrollment of the Denton Independent School District for the period between the 2004-05 school year and the 2009-10 school year. In addition, the table and graph above illustrate the number of discipline assignments removing a student form the regular instructional setting to a disciplinary instructional setting. The graph indicates a decrease in the amount of incidents resulting in a student being removed from the regular instructional setting while at the same time the enrollment of the Denton ISD is increasing.

10th	107	108	90%	78%	81%	79%
11th	104	105	84%	82%	94%	83%
12th	65	77	91%	82%	91%	83%

Assessment Program Strengths:

- There were gains in grades K, 2, 3, 5, 7, 9 and 11 when compared to previous year's results
- In grades 2-12 ELLs performed above the state level.

Assessment Program Needs:

- Grade K was 7% below the state standard and Grade 1 was 5% below the state standard
- Grades 4, 6, 8, and 10 decreased in their percentage points, but all grades were above the state percentage.

ELLs Scoring at Advanced and Advanced High on the TELPAS Reading 2009 and 2010						
Grade	**# of students tested 08-09**	**# of students tested 09-10**	**District Percentage at Advanced and Advanced High 08-09**	**Statewide Percentage at Advanced and Advanced High 08-09**	**District Percentage at Advanced and Advanced High 09-10**	**Statewide Percentage at Advanced and Advanced High 09-10**
2nd	396	373	58%	58%	64%	61%
3rd	393	385	77%	70%	78%	73%
4th	270	309	83%	76%	80%	76%
5th	228	191	85%	83%	89%	83%
6th	213	205	89%	80%	84%	83%
7th	198	196	88%	81%	94%	82%
8th	185	160	90%	78%	89%	81%
9th	172	186	85%	70%	86%	70%
10th	107	109	90%	77%	82%	78%
11th	104	106	84%	81%	94%	84%
12th	65	77	97%	82%	91%	82%

Assessment Program Strengths:

- For the past two years the percent of students scoring at Advanced and Advanced High was above the state average at all grade levels.
- TELPAS Reading data shows a range of 64% to 94% of ELLs at an Advanced and Advanced High Rating in grades 2-12.

Assessment Program Needs:

- Grades 4, 6, 8, 10 and 12 all dropped in their percentage points, but were above the state average.

ELLs Progressing at Least One Language Proficiency Level in TELPAS from 2009-2010 *Number of Students Tested Were Matched by TEA for 2008-2009 and 2009-2010			
Grade	**Number Of Matched Students* 09-10**	**Gain at least one proficiency level a year 09-10**	**Statewide gain at least one proficiency level a year 09-10**
3rd	357	72%	66%
4th	184	68%	65%
5th	125	76%	79%
6th	117	64%	61%
7th	146	80%	66%
8th	108	77%	67%
9th	120	74%	60%
10th	63	65%	59%
11th	84	83%	63%
12th	60	80%	57%
All Students 3rd-12th	687	73%	66%

Assessment Program Strengths:

- Grade 3-4, and 6-12 were above the state performance, some by as much as 20%
- All Students 3rd-12th were 7% above the state score

Assessment Program Needs:

- Grade 5 was 3% below the state score

.

Assessment Program Commitments:

- Provide professional learning opportunities on the TELPAS Rating of English proficiency levels and the ELPS (English Language Proficiency Standards) in the four language domains.
- Supporting classrooms teachers to differentiate instruction according to the English proficiency level of the student by providing linguistic accommodations.
- Mentoring of newly-certified bilingual/ESL classroom teachers by the coordinators.
- Continue to provide ESL certification classes to general education teachers.
- Beginning Dual Language in all bilingual kindergarten classes and adding a grade level a year will increase English proficiency for those students.

PBMAS is a district-level data driven analysis system developed by TEA to evaluate school districts' performance and Bilingual/ESL program effectiveness.

2010 PBMAS Standards	**60%**		**70%**		**55%**		**70%**		**70%**

Performance Level Color Legend: Green: 0, met standard
Yellow: 1, below standard
Orange: 2, below standard
Red: 3, below standard

Assessment Program Needs:

Bilingual and ESL Science Performance

- Bilingual Spanish Science TAKS passing rate was 16.5% points below the PBMAS state standard of 55%. The district received a performance level of NA because the special analysis determination process showed that we did not meet minimum size requirements for the indicator in the current year or over the most recent two years.

- ESL English Science TAKS passing rate was 7.6% points below the PBMAS standard of 55%. The district received a performance level of RI because students met the required improvement. (The actual change is great than or equal to the Required Improvement when the formula is applied)

LEP (not in BE/ESL) Math and Science Performance (Parent Denials)

- The special analysis determination process resulted in an assigned performance level of NA (Not Assigned). This performance level was assigned because the student group did not meet minimum size requirements for the indicator in the current year or over most recent two years**.**

Assessment Program Strengths

- This year we are not in a stage of intervention. The district will not have to submit required activities to TEA.

- The bilingual and ESL students are meeting the TAKS passing standards in math, reading, social studies, and writing.

- Improvements were made in the Bilingual Spanish and ESL English Science scores.

- Bilingual English TAKS passing rate in grades 3-5 are meeting all TAKS indicators.

- LEP year after exit English TAKS passing rate surpasses the PBMAS standards in science, math, social studies, and reading.

- The LEP RHSP/DAP Diploma rate improved by 34.4 points and moved from a level 2 to 0 because of the hard work of the counselors, teachers and administrators.

Assessment Program Commitments:

- Even though the district is not in a stage of intervention this year, the district's Core Analysis Team (C.A.T.) consisting of teachers, counselors, administrators, community members and parents will continue to meet to discuss how to improve science scores and to look at the new parent denial indicator to find ways to improve student performance in the areas of math and science.

Strengthen Second Grade Biliteracy:

- Continue focusing on Deepening Comprehension in the L1 to positively impact text reading development in both languages.
- Infuse cross-language connections and strategic use of the language through English and Spanish literacy development.

Strengthen Kindergarten & First Grade Phonemic Awareness, Guided, and Shared Reading Instruction:

- Provide classroom support, through Bilingual/ESL Coordinators, in phonological awareness through various balanced literacy activities (reading, writing, and oral language) and continue the collaboration between Bilingual and DLL teachers.
- Provide Pre-K Spanish phonological awareness and literacy learning centers professional development to strengthen K readiness.

Assessment Program Strengths:

Grades Kindergarten-Second Grade:

- On the 2009-2010 End of Year SELI results, the percent of students scoring at Stage 2-3 (on-level/progressing) is above 91%.
- The 2009-2010 End of Year SELI results show significant growth in all the literacy components from the beginning of the year results

Assessment Program Commitments:

- Provide the Heggerty Phonological Awareness Professional Development
- Provide professional learning opportunities to implement Dual Language K-1 to produce bilingual, biliterate, and bicultural students.
- Strengthen the reading comprehension of the bilingual students by focusing on the L1 to facilitate the transfer of content to the L2 by providing professional learning opportunities for the teachers.
- Continue to provide additional Spanish non-fiction science texts and instructional resources for all bilingual campuses.
- Provide classroom support for teachers through DLL teachers and BE/ESL coordinators.

DENTON ISD
Dyslexia Program
December6, 2010
Carmen Lipscomb, Program Supervisor

Program Status

- The program currently employs 20 Dyslexia therapists.
- Five hundred forty eight (548) Dyslexia students are served by therapists in grades 2-12. This number reflects a 19% increase in the number of students being served.
- Ten (10) therapists serve one campus; nine (9) therapists serve two campuses and one (1) therapist serves three campuses.
- The district employs a half-time Dyslexia diagnostician who assesses students in grades 2-12.
- Because the testing schedule is more than a half-time diagnostician can complete, the program also employs a contracted services Dyslexia diagnostician who assesses students in grades 2-12.
- The diagnosticians tested 328 students referred from 8/1/09 to 05/30/10. This number reflects a 17% increase in the number of students assessed for the Dyslexia program.
- One hundred forty two (142) students completed the program and were exited from Dyslexia classes in May 2010.

Early Literacy Inventory (ELI) Data and Needs Assessment 2010

Performance need:

- **To increase the district text reading level average of struggling kindergarten, first and second grade students from Stage 1 (At-risk)) to Stage 3 (On-Level) by May 2011.**

Performance goals and actions:

- Conduct 6 Continuing Contact professional development sessions with Reading Recovery Specialists (K-2 Reading Intervention) focusing on accelerating literacy acquisition for struggling K-2 students.
- Increase coaching and problem-solving observations for Reading Recovery Specialists working with struggling readers to at least 2 annually.
- Provide professional development for K-5 Reading Intervention teachers with Pat Johnson, literacy consultant and author of, Catching Readers before They Fall.
- Provide professional development for new DISD teachers on the instructional framework of *Workshop* to enhance implementation of Reader's Workshop.
- Provide professional development series for primary grade teachers on the instructional strategies of CAFÉ-Comprehension, Accuracy, Fluency and Expanding Vocabulary.
- Provide the SALSA and LASSO III professional development series with two sessions focused on reading comprehension strategies for nonfiction text structures.
- Increase the reading-writing connection by supporting *Write…from the Beginning (WFTB)* district-wide implementation by conducting follow-up sessions for campus trainers and teachers, aligning Language Arts Scope and Sequence and ELI/SELI to WFTB and develop assessment tool for principals to monitor campus implementation.

Performance need:

- **To remain a reliable, valid and informative literacy assessment, the ELI format and materials need revision and updating.**

Performance goals and actions:

- Utilize Eduphoria AWARE for district-wide date entry, retrieval and storage

- Data entry on AWARE began fall 2010 for Beginning-of-Year ELI/SELI

- Conduct district-wide survey to determine current status of ELI/SELI implementation and future needs
- Revise ELI/SELI to reflect 2009-2010 English/Spanish Language Arts and Reading TEKS
  - Revisions were made summer 2010 by grade level representatives from the district Elementary Leadership Team
- Review ELI/SELI Text Reading Task for second grade to determine further assessment measures for reading comprehension development

EVALUATION OF SERVICES FOR STUDENTS WITH DISABILITIES

(Taken from the Executive Summary)

FOUR THEMES AND KEY FINDINGS

I. COMMON VISION

Findings

- Separate system
- Lack of shared ownership
- Inconsistent and widely variable services and practices
- Communication and collaboration barriers
- Lack of training and knowledge about student centered decision making process

II. SYSTEMS OF SUPPORT

Findings

- Multiple sites creates barrier to communication and coordination
- Lack of communication impedes work
- Lack of communication fosters inconsistent practices
- Organizational chart lacks clarity and sufficient depth for assistance
- Records housed and maintained create accessibility issues
- Inappropriate expenditures, mistrust and lack of locus
- Student folders noncompliant

III. SUFFICIENCY, EFFICIENCY AND APPROPRIATENESS OF STAFFING

Findings

- Sufficiently staff but not when in comparison to six comparison districts
- Appraisal personnel have lower caseloads than the six comparison districts
- Coaching duties reduce availability of support
- Scheduling of services for students is not always based on individual student needs
- Training offered viewed as effective and necessary
- Training in curriculum and strategies for inclusion not offered or not available

IV. QUALITY INSTRUCTIONAL PRACTICES FOR ALL LEARNERS

Findings

- None or minimal collaborative planning evident in co-taught or support facilitated classrooms
- Use of TEKs in special education classroom planning was inconsistent
- Planning and schedule coordination between general and special education is limited
- Comprehensive general education curriculum implemented in only some special education classrooms
- Special education teachers do not appear to have a firm foundation in district curriculum and do not appear to understand responsibility to follow curriculum
- Standing belief that some are better served in specialized pull-out program
- High degree of textbook-based, worksheet driven practices and whole-group lecture-driven practices observed
- General education teachers seemed knowledgeable of accommodations and modification and could provide documentation
- Primary accommodation noted and observed was to read aloud materials and/or tests
- Desire to know what technology is available and location
- Rules and classroom expectations not posted

2010 District Profile of State Performance Indicators
2010 EIC Needs Assessment

State Performance Indicator	State Target	State Rate	LEA Rate	Met State Target?	TEA Letter 11/16/10
1. Percent of youth with IEPs graduating from high school with a regular diploma **(Graduation)**	70%	70%	84%	Yes	
2. Percent of youth with IEPs dropping out of high school **(Drop Out)**	**12%**	12.50%	1.50%	Yes	
3A: Percent of districts that have a disability subgroup that meets the State's minimum "n" size (50) that meet the State's AYP objectives for progress for disability subgroup **(AYP)**	100%	70%		Yes	
3B: Participation rate for children with IEPs	Reading 95% Math 95%	Reading 99% Math 99%	Reading 99% Math 99.3%	Reading Yes Math Yes	
3C: Proficiency rate for children with IEPs against grade level, modified, and alternate achievement standards	Reading 67% Math 95%	Reading 73% Math 64%	Reading 79.% Math 68.5%	Reading Yes Math Yes	
4A: Percent of districts that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs **(Suspenion/Expulsion Rates)**	0%	0.09%		YES	
4B: Percent of districts that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year of children with IEPs by race and ethnicity	Reporting Timeline TBD by the USDE OSEP				
5A: Percent of children with IEPs aged 6 through 21, served inside the regular class 80% or more of the day **(LRE 6-21)**	66%	67%	62.10%	No	
5B: Percent of children with IEPs aged 6 – 21, served inside the regular class less than 40% of the day	11%	12%	12.10%	No	
5C: Percent of children with IEPs aged 6 – 21, served in separate schools, residential facilities, or homebound/hospital placements	1%	1%	50.00%	Yes	
6: Percent of children aged 3 through 5 with IEPs attending (a) regular early childhood program and receiving the majority of special education and related services in the regular early childhood program; and (b) separate special education class, separate school or residential facility. **(LRE 3-5)**	Reporting Timeline TBD by the USDE OSEP				
7A: Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved, positive social-emotional skills (including social relations)	Reporting Timeline TBD by the USDE OSEP				
7B: Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved acquisition and use of knowledge and skills	Reporting Timeline TBD by the USDE OSEP				

2010 District Profile of State Performance Indicators
2010 EIC Needs Assessment

7C: Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved use of appropriate behaviors to meet their needs	Reporting Timeline TBD by the USDE OSEP				
8: Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities **(Parent Participation)**	75%	75%	Due to small #s, district level data reported at regional level	Due to small #s, district level data reported at regional level	
9: Percent of districts with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate	0%	0%		Yes	
10: Percent of districts with disproportionate representation of racial and ethnic groups in specific disability categories that is the result of inappropriate identification	0%	0%		Yes	
11: Percent of children who were evaluated within 60 days of receiving parental consent for initial evaluation or, if the State establishes a timeframe within which the evaluation must be conducted, within that timeframe **(Timelines)**	100%	94%		No	94%
12: Percent of children referred by Part C prior to age 3, who are found eligible for Part B, and who have an IEP developed and implemented by their third birthdays **(Child Find)**	100%	89%		No	92%
13: Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student's transition services needs **(Transition)**	Reporting Timeline TBD by the USDE OSEP				100%
14: Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were: **(Post school Outcomes)** A. Enrolled in higher education within one year of leaving high school. B. Enrolled in higher education or competitively employed within one year of leaving high school C. Enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school	Reporting Timeline TBD by the USDE OSEP

District Improvement Plan Summary

2009-2010

2009-2010 Staff Development Highlights

2009-2010 Bilingual/ESL Staff Development:

- ✓ Provided 200 K-12 grade teachers a staff development on ESL methodology to prepare them for the ESL ExCET. Over 400 general education teachers have received their ESL certification through the "Grow Your Own ESL Certified Teacher Initiative." Follow-up sessions for participants with classroom support. Teachers are funded for the cost of the test and adding the certification to their certificate. Held the first annual summer ELL Conference for K-12 grade teachers focusing on best practices.
- ✓ Conducted a Science Academy for 5th grade bilingual teachers in collaboration with the science coordinator. Teachers received science resources in both languages.
- ✓ Conducted live video conferences for teacher staff development.
- ✓ Effectively implemented the fourth year of the Two-Way Dual Program at Wilson Elementary and provided a staff development and guide for future campus dual language implementation.
- ✓ Provided "For Girls Only" and "GOL!" "Guys Operating as Leaders" Conference to prevent dropout, empower students to become academically successful and become future leaders. Over 250 MS ELLs attended the conference.

Bilingual/ESL Compliance Staff Development:

Provide staff development to bilingual paraprofessionals in the following areas:

- ✓ Validity & Reliability in Administering the OLPT- Woodcock-Muñoz
- ✓ LPAC Process

Provide continuous campus support for the appropriate program placement and assessments of LEP students by the LPAC committee through the following staff developments:

- ✓ LPAC Process & Documentation
- ✓ Using Assessment Results to Create ELL Intervention Strategies
- ✓ Determining Language of Assessment
- ✓ Referring an ELL to Special Education
- ✓ Role of the LPAC Parent
- ✓ LEP Report
- ✓ Woodcock Muñoz ELL Identification Assessments
- ✓ TELPAS, PBMAS, LAT

Elementary Staff Development:

- ✓ Thinking Maps
- ✓ Brain Based Strategies
- ✓ Differentiated Instruction
- ✓ Critical Friends Group Summer Institute

Secondary Staff Development

- ✓ Initiated the Academic Vocabulary and Building Background Knowledge
- ✓ Year 1 of Dana Center, University of Texas at Austin, Leadership and Algebra teachers
- ✓ Math Technology Integration
- ✓ TEXTEAMS- Problem solving and Proportional Reasoning
- ✓ Writers' Workshop
- ✓ Young Adult Literature
- ✓ Science Journals
- ✓ Science Safety and HAZCOM Training

Leadership Professional Learning through monthly LEADing Edge

- ✓ Professional Learning Communities

- ✓ Increasing "Instructional Quality" (IQ) in Every Classroom:
  - o Differentiation in the Classroom
  - o Appropriate Assessment in the Classroom
  - o Higher Order Thinking Skills in the Classroom
  - o Using FUSE (SIOP) in the Classroom
  - o Identifying Student Engagement in the Classroom

Elementary Curriculum Summary Report 2009-2010

Outstanding Achievements from 2008-2009 Goals:

Language Arts:

- Coordinators conducted (5) sessions for classroom teachers and (2) sessions for campus administrators on the new ELAR TEKS.
- Session participants received an ELAR vertical alignment document.

Science:

- The 3-5 Science Coordinator conducted district-wide 5th Grade Bilingual Science Academy to address identified areas of weakness on the end of Elementary Science TAKS test.
- "Riding the Rails" training was offered to 3rd grade teachers. Participating teachers could implement the newly acquired training in their classrooms and provide students with an additional field experience.
- Developed K-5 Science Academies designed to address Earth and Physical Science TAKS objectives.

Math:

- Implemented a K-5 Mathematics textbook entitled Envision.
- The Elementary Math Coordinator provided ongoing support for the new campus-based Elementary Math Intervention Specialists' positions.

Social Studies:

- Participants received training and Primary Source kits for use in their classrooms.

Professional Learning:

- Conducted regularly scheduled Elementary Leadership Team sessions so that campus representatives could participate in specialized training and share that new learning with campus staff.
- Utilized a professional learning community model for "Cluster Meetings" with elementary campus principals to foster a collegial environment where DISD professionals come together to build a vibrant learning community through planning, sharing, and reflective practice.
- Provided training on the use of Thinking Maps, a powerful instructional tool, to 19 of 20 elementary schools.
- Designed and implemented a system-wide model for teaching vocabulary for all students in all core contents K-5.
- Redesigned the Elementary Staff Development Model to reflect feedback provided through surveys so that campuses would have the opportunity to personalize sessions and meet individual campus needs.

Student Achievement:

- Supported elementary campus student achievement efforts enabling,17 of 20 campuses to attain a Recognized or Exemplary rating.

Areas in Need of Improvement:

- Design and implement additional targeted staff development designed to address the needs of teachers new to Denton ISD. The sessions would be designed to inculcate "The Denton Way" and ensure district-wide continuity. The intent of the CORE Plan is to eliminate any unintended gaps for teachers and students.
- Minimize the "knowing/doing" gap by providing additional follow-up strategies for Denton ISD Staff Development sessions to ensure implementation occurs at a high level by all trained participants.
- Refine the Denton ISD Elementary Scope and Sequence so that the new TEKS are placed in the appropriate six weeks to insure student

success.

How 2009-2010 Goals Will Improve Student Achievement:

Dr. Robert J. Marzano has conducted research and meta-analysis of best practices across all areas of education, presenting educators with a continuous body of cutting-edge research that has spanned decades. The "Vision" document distills some of his most important research into key findings that will facilitate dramatic school improvements. The premise is that until districts and schools become tightly coupled regarding student achievement, they cannot consider themselves serious about school reform. District and school leaders must ensure that specific interventions are enacted in every classroom, in every school. Research and theory point to at least three critical interventions or commitments that should occur to achieve serious school reform. Robert Marzano's Vision Document entitled *Getting Serious About School Reform* identifies three critical commitments and how they affect every classroom student. The three commitments identified in this work are:

1) Develop a System of Individual Student Feedback at the District, School, and Classroom Levels
2) Ensure Effective Teaching in Every Classroom
3) Build Background Knowledge for All Students (Particularly Those With Educationally Challenging Backgrounds)

The goals of the Elementary Curriculum and Staff Development Department will focus on each of the commitments outlined in Marzano's work by following the multiphase process of each intervention. Therefore, if teachers implement changes and new instructional strategies, it is expected that student achievement will increase.

How Goals Support the DISD Board Goals:

Vision:

- In pursuit of excellence, the district will develop a culture where learning is our first priority. We demonstrate our commitment to this Vision by placing students at the center of all department decisions reflecting a culture where learning is sharply focused.

Teaching and Learning:

- In pursuit of excellence, the district will cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students. Elementary Curriculum supports this DISD Board goal curriculum development work and field work on campuses as needed or requested.

Climate:

- In pursuit of excellence, the district will establish a high expectation level for success for all students, staff, parents, and community. Elementary Curriculum actively demonstrates support of this DISD Board goal through campus support of student achievement efforts that resulted in 17 of 20 campuses achieving a Recognized or Exemplary rating from TEA.

Parent and Community Involvement:

- In pursuit of excellence, the district will foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students. The Elementary Curriculum Department supports this DISD Board goal through activities such as Family Fun Science Night, DISD Elementary Science Fair, and Hawkeye Readers.

Human Resources:

- In pursuit of excellence, the district will recruit, select, and employ teachers in every classroom because of substantive experience in the discipline they teach, rather than auxiliary functions. The Elementary Curriculum Department supports this Board goal by screening, interviewing, and recommending specialists for campus vacancies in areas such as Reading Recovery and DLL.

Growth and Change:

- In pursuit of excellence, the district will work continuously with our community to adjust and enhance district goals as appropriate. The Elementary Curriculum Department supports this goal by participating in the design and development of new facilities and the selection of the curriculum materials provided for the schools.

Outstanding Achievements from 2009-2010 Goals

Math:

- Met or exceeded goal for TAKS Mathematics at grades 7 and 8
- Revised by math teachers the Scope and Sequence documents for the following courses: 6th grade Mathematics
- Provided small group professional development sessions, *Pinpointing Student Learning*, focusing on critical thinking and *Thinking Maps* and instructional strategies to middle school Title I mathematics teachers
- Facilitated Direct Vocabulary Instruction on academic vocabulary training for all secondary mathematics teachers
- Improved communication and process for placement into advanced math courses in middle school
- Worked cooperatively with ESL/Bilingual department to provide small group professional development sessions focusing on 6th grade mathematics and meeting the needs of struggling learners
- Implemented the Dana Center's Partnership for High Achievement with district Algebra 1 teachers
    - Developed and implemented common lessons and criteria
    - Revised scope and sequence to reflect common lessons

Science:

- Completion of Hazardous Communication training by 100% of the secondary science teachers
- Developed professional learning series of workshops for middle school science teachers with the help of ESL/Bilingual to incorporate the new ELPs standards in the science curriculum
- Developed and implemented new curriculum for sixth grade science due to the implementation of the new TEKS by the SBOE.
- Developed cooperative learning workshop for all secondary science teachers and an additional workshop for secondary teachers to continue their professional learning.

English Language Arts and World Languages:

- Administered Qualitative Reading Inventory to over 100 students at Calhoun Middle School
- Trained 25 teachers to informally assess a student's reading ability
- Developed and presented a campus literacy plan to McMath Middle School
- Taught 15 teachers strategies to use in order to address literacy needs of their students in classes other than reading
- Provided the opportunity for English teachers to become involved with Uniservity and have teachers at all three high schools in both English I and English II using Uniservity with their students.
- Continued opportunities for World Language teachers and students to use Uniservity in their classrooms

Social Studies:

- Exceeded district goal for Social Studies TAKS commended rates in grades 8, 10, and 11.
- Developed Document-Based Questions grade 8 Enhanced U.S. History, grade 7 Enhanced Texas History, and grade 9 Pre-AP World Geography.
- Planned and conducted mini-staff development sessions for Middle School DBQ and Social Studies TEKS Revisions.
- Revised by the social studies teachers the scope and sequence documents for the following courses: World Geography and World History.

Instructional Support Teachers (IST):

- Added secondary science IST, allowing personal collaboration with a total of 65 first- and second-year teachers, up from 33 teachers last year with only an ELA and mathematics IST
- Created a common set of data collection and record keeping tools to provide consistency. .
- Initiated direct support with 100% of first- and second-year teachers in mathematics, English language arts, World Languages, science, and social studies as well as co-teachers in inclusion classrooms.
- ELA/World Languages IST in fifth year of service now serves 13 first-year teachers and 15 second-year teachers. 92% of the first year ELA/World Languages teachers from last year have been retained in the district
- Mathematics IST in second year of service now serves 9 first-year teachers and 11 second-year teachers. 100% of first year math teachers from last year have been retained in the district.
- Science IST in first year of service now serves 10 first-year teachers and 10 second-year teachers

Areas in Need of Improvement:

- Improve the transition from 8th grade mathematics to Algebra I
- Improve the transition from 5th grade mathematics to 6th grade mathematics
- Revision of the scope and sequence in secondary science to reflect the implementation of the new TEKS approved by the SBOE.
- Monitor ESL students in sheltered and mainstream social studies classrooms.
- Continue focus on content writing using primary sources in sheltered and mainstream social studies classrooms as well as Document Based Question (DBQ) in Advanced Placement World History and United States History.

- Add an Instructional Support Teacher for social studies
- Revision of the scope and sequence in secondary English Language Arts to reflect the implementation of the new ELA TEKS approved by the SBOE
- Coordinate all efforts to train and retain effective beginning teachers by instituting a Teacher Induction Roundtable to eliminate gaps in teacher training and avoid duplication of effort.
- Facilitate communication among all individuals involved in Denton ISD teacher induction of beginning teachers
- Implementation of instructional strategies and curricular changes attained through the staff development series in all core content areas at all grade levels
- Develop ways to continue to provide professional development sessions that meet the diverse needs of teachers and staff
- Continue work in strategy implementation to improve reading and writing achievement so that students at all schools meet goals
- Targeting at risk students for TAKS acceleration in all core areas
- Meeting the instructional needs of the most at risk students and improving their level of academic achievement

How 2009-2010 Goals Will Improve Student Achievement:

The single factor that has the highest level of impacting an increase in student achievement is the individual teacher. The latest research shows that about 13% of the variance in student achievement in a given subject area is due to what the teacher does and about 7% is due to what the school does (Bosker 1992; Luyten 1994;Marzano 2000). The goals of the Curriculum and Staff Development Department focus on high-quality, focused, interdisciplinary staff development training that will support teachers in developing higher-level thinking skills in their instructional process. Therefore, if teachers implement changes and new instructional strategies, it is expected that we will see an increase in student achievement.

How Goals Support the DISD Board Goals:

The goals of the Secondary Curriculum and Staff Development Department align with the following Board Goals:

- Teaching and Learning: Cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students
- Teaching and Learning: Expect full curriculum implementation on each campus by instructional leaders
- Teaching and Learning: Establish quality staff development programs and promote professional learning communities
- Teaching and Learning: Stay abreast of and incorporate best practices into teaching, learning, and leadership
- Human Resources: Develop and expect a consistently high level of, and respect for, professional performance by all staff

SUMMARY
Attendance/Dropout Summary Report

Outstanding Achievements 2009-2010 Goals: VI b. Create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community

- Overall rate of attendance for the 2009-2010 school year was 95.9%.
- Dropout rate for Denton ISD for the 2008-2009 school years was .5%.
- Forty-five students in grades 7 thru 12 were counted as dropouts.
- Graduation rate for 2008-2009 was 91.8%; adding in the continuers and it was 98.4% and adding those who took and passed the G.E.D. the rate was 98.7%.
- The campus registrars along with the campus administrators have done an outstanding job in identifying and locating the no-shows. They have to be and are proactive at identifying the potential dropouts early.
- The addition of GradeSpeed in 206-2007 at all levels for attendance was a positive.
- The Attendance Office services included training of campus personnel, weekly updates on students who were sent warning letters, weekly updates on students who were filed on, three week violation reports, address verification, campus visits, home visits, weekly court appearances, continued follow-up on students with court ordered attendance and dropout retrieval.
- The attendance office provides the campuses with a weekly attendance chart.
- The attendance officers conduct a monthly course for parents and students who are court ordered to attend.
- High school campuses continued to use the Odyssey Ware site to assist students to make up lost credits for those students who are in danger of not graduating and/or dropping out.
- High schools are using Fred Moore High School as a ninth grade recovery campus.

Areas in Need of Improvement: IV a. foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students

Improving daily attendance and developing recovery programs for students will be two factors that will affect the accountability standard for district dropout rates and district completion rates.

- Continue to improve early identification of students who are in violation of compulsory attendance laws at the elementary and middle school levels.

- Continue to improve the rate of warning letters sent to students who are in danger of being in violation of compulsory attendance.
- Continue to develop optional programs and strategies to give students the opportunity to complete their high school education rather than obtain a GED.
- Develop parent education programs for parents of pre-school children that will give parents skills to help their children be successful upon beginning a public school program, both in teaching good academic skills and in teaching the importance of good attendance.
- Develop parent information forums where parents can talk one-on-one with the attendance officers to go over their child's attendance reports, notes sent to the campuses for absences, notes on their child's progress from counselors and teachers, and a review of campus and district procedures for attendance accounting and what constitutes a violation of the Compulsory Attendance Law.
- Develop transitional program at the middle school level (6^{th} grade) and the high school level (9^{th} grade) to provide accelerated learning opportunities for those students who have been identified as lacking the skills to be successful upon entering the sixth grade or the ninth grade.

How 2009-2010 Goals Will Improve Student Achievement:

There are many factors that contribute to the degree of achievement that is necessary for students to meet the ultimate goal of earning a high school diploma. One of the factors that is paramount to the continual success of students as they progress from elementary school to middle school, from middle school to high school and ultimately to earning a high school diploma is their attendance.

Identifying patterns of excessive absenteeism in the early stages of students' school career and then coordinating whatever resources are needed to correct the contributing factors will help ensure success when the students enter high school.

How Goals Support the DISD Board Goals:

Vision:

Identifying factors that contribute to attendance issues on a campus and developing action plans to find solutions to increase student attendance will help campuses develop a positive learning environment.

Teaching & Learning :

Development of a consistent and strong, district-wide curriculum that supports all students will be enhanced through educating and enforcing students and parents on acceptable attendance patterns.

Climate:

Development of an integrated counseling program to provide services at all levels in the transitions from elementary to middle school to high school will be beneficial in helping student establish and maintain acceptable attendance patterns.

Parent and Community Involvement:

The more effective a campus is with early identification and action concerning attendance issues, the more parent involvement there will be. Early identification will also enable the Attendance Office and the campuses to provide parents with the tools necessary to keep their children in school.

Growth & Change:

To meet the challenges of growth, the district must address the patterns of unacceptable attendance and find solutions to increase attendance and increase percentage wise the number of students that complete their high school education with a diploma.

College Admissions Testing Summary Report

Outstanding Achievements from 2009-2010 Goals:

- The performance of DISD students on the SAT decreased slightly from the 2008 to 2009 and both the state and national average remained the same level from 2007 to 2008. The average score was 1028 in 2008, and 1011 in 2009. DISD students improved significantly on the ACT from 20.11 in 2006, 20.5 in 2007 to 20.8 in 2008.

Areas in Need of Improvement:

- Need to provide SAT/PSAT prep classes at our high schools as part of our regular course offerings
- Continue to partner with individuals or groups providing SAT preparation courses inside and outside the school day utilizing the SAT on-line preparation materials
- Increase student performance on PSAT and National Merit Competition

How 2009-2010 Goals Will Improve Student Achievement:

- SAT preparations courses to improve SAT performance
- Partner with College Board to offer practice tests and analysis sessions for students
- Increased enrollments in advanced courses will lead to increased SAT scores
- Staff development activities will be geared to increase inclusion of SAT objectives in our regular and advanced curriculum
- Partnership with the College Board will provide staff development to teachers regarding strengths and weakness of the curriculum.

How Goals Support the DISD Board Goals:

Vision … In pursuit of excellence, the district will:

- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors

Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students

Climate… In pursuit of excellence, the district will:

- establish a high expectation level for success for all students, staff, parents, and community

Fine Arts Summary Report 2010

Outstanding Achievements from 2009-2010 Goals:

- Provided quality, focused, interdisciplinary staff development training opportunities; each fine arts group included at least one three-hour training connecting their fine arts subject area with another academic area
- Provided financial support for elementary music teachers to attend Kodaly Certification summer training at the University of North Texas and receive Kodaly certification levels
- Establish an elementary art Professional Learning Community (PLC)
- Provided materials and staff development training for the "All Aboard the Music and Math Connections" curriculum for four early childhood programs (Gonzalez, Ann Windle, Stephens, and Cross Oaks)
- Middle school and high school fine arts students consistently advanced to region, area, and state competition levels and a record number of groups achieved superior and/or excellent ratings in UIL events
- School district and city named to list of "Best Communities for Music Education in America" for fifth time in 2010

Areas in Need of Improvement:

- Explore establishment of an elementary music PLC group at the request of elementary music teachers
- Provide increased fine arts staff development training to include interdisciplinary connections with other subject areas
- Improve fine arts curriculum alignment between 5th and 6th grade and 8th and 9th grade transitions
- Explore funding for addition of non-traditional fine arts programs in the curriculum to further meet the needs of all students

How 2010-2011 Goals Will Improve Student Achievement:

Research continues to emphasize the importance of fine arts instruction in educating the "whole child." Strategic planning and interdisciplinary professional development training opportunities provide the district's fine arts teachers with concrete techniques for supporting and reinforcing classroom instruction. The fine arts department, through the hiring process, promotes and expects a uniformly high level of professional performance in the fine arts teaching staff. Collaborative projects involving the Greater Denton Arts Council (GDAC) and the two local universities provides enhanced resources for student growth and development in all district fine arts programs. An annual "Fine Arts Board Report" provides specific data on the quality and success of the district's fine arts students and programs.

How Goals Support the DISD Board Goals:

I. **Vision … In pursuit of excellence, the district will:**

- develop a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

The focus of the Fine Arts department is on continuous improvement in all programs. There is a commitment to strengthen existing programs and explore new and innovative arts opportunities for all students. The department plans for growth, development, and evaluation, both in the classroom and extra-curricular components for our program offerings. The fine arts budget targets professional development and student improvement in art, dance, music, and theatre arts through annual needs assessment and budget planning with input from the fine arts teachers. The Fine Arts department communicates student success through the DISD Fine Arts website and through board recognitions for state and national honors. Fine Arts students serve as ambassadors for Denton ISD through local, state, national, and international performance opportunities.

II. **Teaching & Learning… In pursuit of excellence, the district will:**

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs and promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster, and support an advanced digital learning environment

The Fine Arts department is committed to providing high-quality staff development training in support of a balanced arts curriculum aimed at educating the "whole child." Through professional development opportunities offered in the district and at the state level, fine arts teachers implement a "best practices" model in all instructional activities. Teachers focus on excellence in individual student achievement, as well as in small-group and large-group ensemble experiences. Technology is provided and utilized appropriately in fine arts classrooms.

III. **Climate**… **In pursuit of excellence, the district will:**

- celebrate and respect the diversity in our Denton ISD Community
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning

The Fine Arts department provides outstanding arts opportunities for all students. Fine arts activities celebrate the multi-cultural aspects and global ties to our community, state, nation, and world. The district's fine arts programs emphasize excellence in both competitive and non-competitive arts environments. Students are taught and encouraged to continually develop fine arts skills that will allow them to participate in fine arts activities at the local, regional, state, and national levels regardless of their future career choices.

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students

The success of the district's fine arts programs is directly related to parent and community support for our programs. Through partnerships between the district, the Greater Denton Arts Council (GDAC), the University of North Texas, and Texas Woman's University, our teachers and students benefit from world-class fine arts resources.

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, and employ teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area

The Fine Arts department collaborates regularly with the Human Resources department to place university observers and student teachers in our district. Many of these future, quality arts teachers are eventually employed by the district. In addition, the departments work together to recruit and retain fully certified and highly-qualified fine arts teachers. Once hired, fine arts teachers are provided with quality staff development training and are encouraged to pursue advanced degrees to enhance their teaching credentials.

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- demonstrate effective and efficient management of district resources

The Fine Arts department continually seeks to expand our programs and involve more students in fine arts enrichment experiences in order to provide a high-quality, well-rounded education for all students. The fine arts programs continually seek greater efficiency in securing and utilizing funding to support their activities. The department looks for opportunities to emphasize the multi-cultural, global aspects of the arts and offer them to the students in Denton ISD.

2010 Technology Division Summary of Annual Goals

The annual goals for the 2010-2011 Technology Department directly affect the academic performance of our DISD students as well as provide new efficiencies for campuses and departments to maximize budgeted funds. The support and intervention of the Technology department provides scaffolding for all areas of DISD staff and board members. Our productivity, invention and intervention continue to provide pathways for the DISD community to become innovative leaders in learning while utilizing 21st Century technology as a tool to maximize our efforts in our work with the children of this district.

The parents of DISD have access to a plethora of tools through technology that provide them with real time access to their students' academic, disciplinary and campus performance that they can use as they work with their students on a day to day basis. Through the Technology departments Computers 4 Kids program, computers are given to students and their families for home use. To qualify for the Computers 4 Kids program, students must be recommended by campus administration. This outreach program helps to ensure that all students have access to 21st Century technology. The Technology department provides access to student grades, attendance and disciplinary performance through Parent Connection on our district website. Parents are kept up to date on current events on the campus and in the classroom through School Messenger, district and campus websites and e-alerts that are created through School wires. To address current and future safety concerns the district has installed security cameras on campuses and in buses to keep students safe in case of an emergency.

The staffs of DISD are supported by technology through the immersion in staff development at our annual TIA (Technology Integration Academy) and professional trainings that focus campuses on software and hardware that the curriculum department and technology department endorse. Principals and district administrators are trained on current technology topics monthly during district Leading Edge and Lunch and Learn for Superintendents Cabinet meetings and through monthly written communication in our News You Can Use publication. Through the collaborative efforts of the Texas Education Agency and Denton ISD, we have launched Project Share as a learning based platform that allows all staff members to collaborate, communicate and exchange ideas. Through each of these collective efforts the staff has embarked on emerging and existing technologies in Web 2.0 tools including Wiki's, blogs and information websites as well as initiating new learning platforms through Moodle and UniServity. Moodle and UniServity provide access to online learning for students and staff to learn topics in alternative modalities that compliment the classroom but don't take the focus away from the student and the teacher. Teachers have also been given updates to old technologies that they already possess through training on Classroom Performance Systems, Interactive Whiteboards and Eduphoria AWARE and Forethought. Technology has supported the collective efforts of the district's curriculum department by providing support and training for activities associated with Professional Learning Communities and creating and distributing common assessments.

Through all of the efforts stated above, the students of DISD are benefiting from a new and improved robust learning environment that promotes valuable 21st Century Skills for a global workforce. The technology department continues to cautiously introduce new software and technologies that are research based, relevant and enhance the vision of the district.

Discipline Summary Report 2010-2011

Outstanding Achievements from 2009-2010 Goals:

- Number of district wide expulsions to JJAEP remains constant while the number of Persistent Misbehavior Codes from DAEP increased.
  2005-2006 (14), 2006-2007 (5) 2007-2008 (3), 2008-2009 (5), 2009-2010 (1)
- Percentage of non-Code 21 reports noted in PBMAS is lower than state standards.
- All reductions occurred during a time of increasing enrollment.
- Students spend less than .20 % of instruction time out of class for disciplinary reasons.
- Decrease in over 1900 days students are assigned to ISS from 5495 in 2005-06 to 4410 in 2006-07, to 4068 in 2007-2008, to 3556 in 2008-09, to 3227 in 2009-10 while enrollment increased from 18,224 in 2005-06 to 19,677 in 2006-07, to 20,723 in 2007-08, to 21,941 in 2008-09, to 22,617 in 2009-20
  (Please see attached graph and chart)

Areas in Need of Improvement:

- Need standardized staff development for classroom management

How 2010-2011 Goals Will Improve Student Achievement:

- Fewer discipline problems means more time to focus on instruction.
- Staff development activities will be geared to useful, meaningful techniques to improve classroom management.
- Fewer ISS and OSS assignments mean more time on instructional tasks for students.

How Goals Support the DISD Board Goals:

I. Vision … In pursuit of excellence, the district will:

- develop a culture where learning is our first priority

III. Climate… In pursuit of excellence, the district will:

- promote and nourish a safe learning and working environment which is supportive, cooperative, and ensures open communication.
- establish a high expectation level for success for all students, staff, parents, and community

2010 CAREER & TECHNICAL EDUCATION SUMMARY

Denton ISD

1) **We survived "barely"!**
   - **TEA changed over 600 CTE courses into fewer than 200 and changed names, TEKS and learning outcomes. We had just under two months before making recommendations to the board and implementation into the course catalog. Needless to say there was quite a bit of "cuss & discuss" from the design team and you can imagine how the CTE instructors felt. These changes came without training, books or funds for instructional support. Oh, and don't forget the impact on counselors, the ARD process, aligned advanced credit and just knowing where you are in the whole educational process.**

2) **How did we do??**

   - **Denton ISD became the model within the State and presented at the local conferences, CTE state conference, the school board conference and at the national level. Ref: CTE Chart and CTE ARD Guidance Book**
   - **Our accountability scoring for 2010 (PBMAS) reflects all zeros and only one "1" in non-traditional enrollment (zero = best score)**

	Denton	State Standard
o **CTE Dropout Rate**	**0.3 %**	**3.0%**
o **CTE RHSP/DAP Diploma Rate**	**92.5**	**70.0**
o **CTE Graduation Rate**	**96.4**	**75.0**
o **Overall CTE TAKS Performance**		

- **Math** **93.3**
- **ELA** **97.9**
- **Science** **95.0**
- **Social Studies** **99.6**

Outstanding Achievements from 2009-2010 Goals:

TAKS and TELPAS Performance Gains:

- The district met the TEA's Performance Based Monitored Analysis System that evaluates the bilingual/ESL programs by their TAKS performance.
- Bilingual and ESL students surpassed the PBMAS TAKS passing standards in math, reading, social studies, and writing.
- Students who exited the Bilingual or ESL program within the past two years scored between 80% and 96.2% TAKS passing rate in all areas.
- Met AYP in all content areas in TAKS for ELLs, under the LEP indicator and progress/attainment of the English language of the TELPAS accountability system.

Staff Development:

- Bilingual kindergarten teachers participated in a two-day professional development on critical components of the enriched dual language program.
- K-12 grade teachers attended staff development on ESL methodology and strategies to prepare for the ESL ExCET. Over 500 general education teachers have received their ESL certification through the "Grow Your Own ESL Certified Teacher Initiative." Teachers are funded for the cost of the test and adding the certification to their certificate.
- In order to strengthen the Spanish reading and facilitate the English reading comprehension, 3rd-5th grade teachers received Deepening Comprehension reading strategies training.

Instructional Support:

- Published the quarterly B.E.S.T. (BE/ESL Educators Shining Together) newsletter highlighting student and teacher accomplishments and instructional best strategies.

Preventions/Programs:

- 100% of the bilingual principals agreed to implement a consistent and enriched one-way dual language program starting in kindergarten during the 2010-2011 school year.
- Effectively implemented the fifth year of the Two-Way Dual Program at Wilson Elementary and provided a staff development and a district guide for future campus dual language implementation. TAKS student performance in 3rd grade was exemplary for both the Spanish and English speaking students in the dual language program.
- Successful Saturday school (SURF Camp) for over 150 bilingual students in grades 3-5 to accelerate the learning in the areas of reading, math, and science.
- Mentored approximately 50 high school ESL students using the Path to Scholarship® curriculum which guides students through the process of identifying life goals, charting a career path, writing the scholarship essay and the steps needed to prepare to attend college.
- Three-hundred pre-kindergarten & kindergarten students had the opportunity to attend summer school to participate in an enriched program targeting reading, math, and science.
- Ninety high school ESL students earned and retrieved lost credits during ESL High School Summer School.

Assessment:

- Developed and revised Spanish benchmarks and instructional resources for language arts, science, social studies, and math for 3rd-5th bilingual students.

Parent Communication:

- District-wide English to Spanish translations were provided aimed at increasing communication with the Spanish speaking parents.
- First annual district-wide Parent Conference held at Ryan H.S. for English and Spanish speakers. Over 200 parents were engaged in the Saturday event.
- Spanish parent sessions focusing on ways to work with their children at home to help them be successful in school had an overwhelming attendance.

Areas of Needed Improvement:

- The Spanish Bilingual, English ESL and Parent Denial Science TAKS Passing Rate were below the standard of 55%.
- Continue to provide staff development, curriculum and instructional resources that focus on Spanish instruction and implementation of the ELPS.
- Implementation of a consistent district-wide bilingual/ESL program to ensure ELLs are receiving appropriate services by a certified bilingual/ESL teacher.
- Campuses are in need of Spanish interventions for ELLs in grades 3-5.
- Provide further staff development for the bilingual teachers in the language of instruction for the transitional bilingual program.

How 2009-2010 Goals Will Improve Student Achievement

The steady growth of the ELL student population demands continued implementation of best educational practices. Professional development will continue to be offered at all levels to better equip administrators, teachers and paraprofessionals to work with ELLs. The aim will be to make content more comprehensible and develop students' academic English to raise student achievement as indicated in the TELPAS and PBMAS/TAKS. Updating and aligning the curriculum will promote a district-wide cohesiveness that will benefit all students; especially, those with high mobility.

How Goals Support the DISD Board Goals:

I. Vision … In pursuit of excellence, the district will:

- develop a culture where learning is our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus

Every initiative in the department is driven by the needs of our ELLs as the first priority. The programs are committed to provide the best educational opportunities to acquire and develop competency in the English language, also bearing in mind the value of each student's rich cultural heritage and language background.

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students
- establish quality staff development programs and promote professional learning communities
- stay abreast of and incorporate best practices into teaching, learning and leadership

Committed to provide research based staff development on best teaching practices in order to meet the affective, linguistic, and cognitive needs of our ELLs and provide campus level support to ensure implementation of best practices and an aligned bilingual/ESL program. In addition, we must ensure all federal and state mandates are followed and proper documentation on researched intervention plans are created for each ELL to ensure their success in the program and throughout their academic career.

III. Climate… In pursuit of excellence, the district will:

- establish a high expectation level for success for all students, staff, parents, and community
- motivate and prepare students to embrace their full responsibilities as active citizens of their community, nation, and world

The department partners with the campus to assist with monitoring of student achievement and progress and provide interventions and support as needed. Daily facilitates and encourages consistent and frequent parent communications by the campuses.

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students

Our PBMAS Core Analysis Team composed of parents, community and higher education entities forms a partnership to find solutions for the improvement of ELL student performance.

V. Human Resources…In pursuit of excellence, the district will:

- review and adjust policies and procedures effectively to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community

Collaborate with the Human Resources Department to recruit Highly Qualified Bilingual/ESL Teachers.

VI. Growth & Change…In pursuit of excellence, the district will:

- review and adjust policies and procedures effectively to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community

The department supports this goal by adding bilingual/ESL programs to campuses based on needs and selecting supplementary instructional materials to serve our diverse population.

DIVISION OF CURRICULUM AND INSTRUCTION
Special Education Department

Education Improvement Council
Department Improvement Plan/Summary
December 2010

Goals:

- Meet state and federal compliance for timely initial evaluation timelines (SPP 11)
- Meet state and federal compliance with ECI transition timelines (SPP 12)
- Meet state and federal compliance with Secondary Transition IEP Requirements (SPP 13)
- Complete Residential Facility Monitoring Corrective Action Plan to secure compliance
- Collaborate with Curriculum and Instruction staff to provide quality professional development for teachers of students with disabilities

Additional Focus:

- Monitor students with disabilities participation in state assessment system (i.e. TAKS Accommodated, TAKS Modified, TAKS Alternate)
- Monitor subgroup representation and disproportionality in special education
- Monitor special education placement in Discretionary Discipline placements (DAEP, ISS, OSS)
- Review service and supports throughout district to ensure availability
- Create systems for communication for consistency
- Reduce TEA Complaints and Due Process filings
- Meet regularly with special education leadership team and special education support staff

Gifted and Talented Services
District Improvement Plan
2010 Summary
Presented to the EIC on January 10, 2011

Goals of the GT Program for 2010-2011

Program:

- A GT Task Force is being created that will look into the assessment process and the assessments we are currently using.
- Continue to raise the gifted standard.
- Successful staff development will be presented for classroom teachers, EXPO teachers, administrators, and counselors that will create more knowledgeable classroom teachers who will better meet the needs of the gifted students in their classrooms and will help each campus keep the need for gifted education as a focal point.

Student Achievement:

- The G/T curriculum will teach students to take a deeper look at the curriculum and to see it from various perspectives. This will help lead to higher levels of achievement along with more scholarly behaviors.
- The emphasis on depth and complexity and scholarly behaviors will create life-long learners.
- A more consistent spiral of teaching research skills and more emphasis placed upon research skills will lead to intellectual curiosity and knowledge building.

Program Success

This year we are building on the previous years' EXPO curriculum by incorporating Sandra Kaplan's model of depth and complexity with the Texas Performance Standards Project's rubric and combining those two with different models, strategies, and units that benefit gifted and talented students. Some of the models and strategies are differentiation, scholarly behaviors, and multiple intelligences which encourage learning about rigorous concepts appropriate to our gifted and talented students' intelligence and interest levels. Along with the rigor, our curriculum also allows us to address the unique social/emotional needs of our students.

Accomplishments:

- Successful staff development presented for classroom teachers, EXPO teachers, administrators, and counselors

- Denton Association of Gifted and Talented, or DAGT, a parent support group, has begun meeting and has created their by-laws.
- Parent Information Night for prospective EXPO parents was held in four elementary schools and one middle school throughout Denton ISD.

Special District Performance Recognitions

EXPO Recognitions:

- Robotics has started or soon will be starting at the following elementary and middle schools; Nelson, Paloma, Stephens, W.S. Ryan, Wilson, and Navo.
- W.S. Ryan EXPO was awarded a $2,000 grant from the Denton Public School Foundation for the Robotics program.
- Providence received a Denton Public School Foundation $1,000 grant for a Proud Patriot Perspectives, a newspaper that the EXPO students will run at Providence which will utilize the Kaplan Icons.
- 100% of EXPO students at Hawk Elementary in 3rd grade had commended performance on both reading and math TAKS last spring.
- 100% of EXPO students in 4th grade at Hawk Elementary had commended performance on writing and 93% of 4th grade EXPO had commended performance on math TAKS.
- 91% of EXPO students in 5th grade at Hawk Elementary had commended performance on reading and math TAKS.
- A Crownover EXPO 7th grader won the Denton school district spelling bee.

Special Regional, State, and National Performance Recognitions

EXPO Recognitions:

- Hodge 4th and 5th grade students were invited to participate in the opening celebration for Red Ribbon Week. This was the third year that they traveled to Austin to interact in a legislative simulation and helped to write a bill that was accepted by the legislature.
- 349 students from our 6 middle schools qualified to take the SAT/ACT test through the Duke Talent Search.
- 2 middle school G/T teachers presented at the state gifted conference.
- Savannah third grade EXPO students were selected to present their IIM Research project at the state gifted conference.
- Navo's 8th grade EXPO is entering the 2nd year in the ATC STEM Pilot Program. We will continue to write/develop units this year including a rocket unit. A major component of the pilot program is robotics.

- Wilson had a team of 6 EXPO students in grades 3-5 that won 3rd place at the North Texas Regional FLL Robotics Tournament last spring for their research presentation.
- On Wilson's Robotics 2 teams this year, there are 6 EXPO students from grades 4 and 5. At this year's qualifying tournament, both teams qualified to move on to the North Texas Regional FLL Robotics Tournament. One team won first place for robot design and programming. The other qualified with their research presentation.
- 5th grade students at Hawk Elementary came in 3rd place for our region in The Stock Market Game last spring.
- Providence has 12 Rising Stars/ Destination Imagination teams with over 75 students participating.
- Navo's EXPO also has one Destination Imagination team that is sponsored by Mrs. Bradley and lead by a parent volunteer. The last few years our team has won 1st place in the regional tournament which qualified them for the state competition.
- A Wilson 4th grade EXPO student organized his own Relay for Life team and raised $800 for the American Cancer Society.
- Seven students from W.S. Ryan EXPO were nominated for the National Young Scholars Program, and 4 of those students attended and completed workshops for NYSP over the summer.
- Ginnings had one student who was accepted and participated in the NATIONAL Young Leaders Conference. They went to Washington DC.

Curriculum/Innovative Programs

The new curriculum combines the model of depth and complexity with the Texas Performance Standards Project, a project of the Texas Education Agency's Advanced Academics department. In this curriculum, a strong emphasis is placed on research, which is a critical element in gifted education. To emphasize the research element, we have adopted the Independent Investigations Model, or IIM. This will ensure that each grade level will build upon the previous grade level to enhance the level of research skills of the gifted student. Along with the new curriculum, we are also expecting our students to demonstrate "Scholarly Behaviors." These behaviors go along with our depth and complexity model by Dr. Sandra Kaplan. This year we are also working on incorporating into our units elements of differentiation, multiple intelligences, and other strategies to strengthen and deepen our curriculum.

On several campuses, we are starting an "errs" program which allows the EXPO Specialist to develop the gt program by inviting in students who regularly test to be included in gt, but never quite make it. This program will help these students by showing them ways to strengthen both their creativity and thinking abilities.

A new program that we are starting this year is one that we are calling push in. The push in program allows the EXPO Specialist to engage both students and teachers. With students, the EXPO Specialist might be involved with small group teaching of

intellectual strategies or developing creative thinking. With teachers, the EXPO Specialist might be involved in mentoring, lesson planning, or modeling of gifted strategies in the regular education classroom.

With both the "errs" program and the push in program, the amount of time that the EXPO Specialist can be available for the programs varies from campus to campus due to present load of EXPO students, the testing load of that campus, and any other duties that the EXPO teacher may have, so both programs are in the developmental stages throughout the district.

Personnel

In the EXPO program, we currently have 2,113 EXPO students (9.2% of the district population). We have 22 elementary teachers and 11 middle school teachers (1.3% of the district's teachers), all of whom have at least the minimum 30 clock hours of training as required by TEA to serve gifted students. Many have gone beyond and earned endorsements or certifications to their teaching certificates.

Staff Development

30 hours of gifted education has been offered to any staff member in the district. These workshops are presented in the summer by EXPO Specialists and according to the Eduphoria surveys and feedback from participants, the workshops have been very successful and participants are implementing strategies learned from these trainings in their classrooms. This will help the regular classroom teachers meet the needs of their gifted students. A 6 hour update workshop is also offered for those teachers who want to hone their teaching styles, learn about the latest in gifted and talented strategies, and to meet the state requirement of a yearly 6 hour update.

According to the Gifted and Talented State Plan and to Debbie Smith, TEA's Director of Gifted and Talented, the teacher of record who is in charge of a gifted and talented student is required to have the 30 hours of gifted education.

One of the district staff development days during the 2010-2011 school year was spent breaking down the Torrance Test of Creative Thinking, or the TTCT. The district's EXPO teachers were taught the TTCT by John Kauffman, Ph D, who is the presenter of the TTCT for Scholastic Testing Service.

Staff Development was presented by Chris Shade, Director of Federal Programs, and I in order to help a campus better identify students for referral to the EXPO program.

The EXPO Specialists are also involved in a book study, *Removing the Mask* by Ruby Payne, and have conducted research based on the topic of underrepresented populations in gifted and talented programs to further our own understandings of how to better identify students from those populations within the district.

Areas in Need of Improvement

Gifted Population:

- The GT Task Force will be looking into the assessments used and whether or not we should put into place other assessments or tools that will help us better identify the gifted students in all of our schools or to continue to use those currently in place that were new in the last two years. The gifted population should mirror the population of their school and the district.
- EXPO teachers are sent to training and share with the other EXPO teachers when opportunities are available.

Staff Development:

- All district administrators and counselors are required by the state to have a minimum of 6 hours of Nature and Needs of Gifted Children. We will continue to provide that training and to monitor each administrator and counselor to ensure this. The more knowledge of gifted children these key individuals have, the better our gifted children will be served throughout the year.
- Any teacher of record with a gifted and talented student in their classroom will need to have the 30 hours of gifted training so that they can better understand the needs of their gifted students in order to best meet their needs while in their classrooms and to be in compliance with the GT State plan.
    - We will continue to offer 30 hours of gifted training every summer.
    - With this training, the regular classroom teachers will recognize the characteristics of gifted children, be able to refer students for testing, and also be able to use strategies and methods that best serve the gifted student.

Curriculum:

- We will continue to add to and improve our existing curriculum to meet the needs of our students.

DISD Board Goals

Vision:

In the EXPO program, we are dedicated to meeting all of the needs of the student with student learning being our first priority. We will always remain committed to providing appropriately challenging opportunities for every EXPO student in Denton ISD.

Teaching and Learning:

We are creating and using a consistent, strong, district-wide balanced curriculum based on best practices and the specific and unique needs of our gifted students. Full implementation is expected at each campus. Staff development will continue to be offered to the EXPO teachers and to classroom teachers to ensure that they incorporate best practices into their teaching, learning, and leadership.

Climate:

The EXPO classrooms are very diverse and that diversity is respected. Our teachers provide a safe learning environment that encourages students to take risks and to be themselves and because of this safe environment the EXPO classroom may be the one and only place for them to go and truly be themselves. The curriculum is a good example of our high expectations for our students both academically and emotionally. The expectation of scholarly behaviors will prepare our students to embrace their full responsibilities as citizens in a global community as well as having a love of life-long learning.

Parent and Community Involvement:

The EXPO teachers foster a positive and welcoming environment for parents to ensure the most successful experience possible for their students. Five Parent Information meetings were held at the beginning of the year to disperse information regarding the EXPO program. Each campus EXPO Specialist also held a meeting specifically designed for EXPO parents. A parent support group, DAGT, has been organized this year to support the needs of our gifted population. DAGT has already created their by-laws and has done a book study on the needs of gifted children. The GT TASK Force has asked for volunteer members to come from the community as well as from the parents of our EXPO students.

Human Resources:

The EXPO staff is held to very high expectations in all areas. In order to hold the students to high expectations, the teachers are expected to perform at a high level. Teaching a gifted class is a very difficult job due to the nature of the students and the testing involved in the identification of those students. Exceptional teachers are needed in order to be successful in this position. EXPO teachers are encouraged to obtain the state gifted certification.

Growth, Change, and Fiscal Responsibility:

Over the past few years, the EXPO program has reviewed and adjusted our testing policies and procedures to effectively address the challenges of rapid growth and changing demographic characteristics of Denton ISD. The review and adjustment of our curriculum also addresses these challenges. Within our curriculum, we have put in place an affective component, the Scholarly Behaviors that will help with the specific social and emotional needs of the gifted students.

Appendix

Total number of EXPO students per year

	Caucasian	Hispanic	African American	Asian/Pacific Islander	Native American	Total
2006 - 2007	1461	309	114	94	21	1999

Summary Statement

Health Services-Employee Wellness

2010

The Registered Nurses of Denton ISD continued to maintain a high level of health services, including comprehensive assessments and screenings, for the staff and students we serve.

Student Health:

- Documented Student Visits: **86,309** (Average of 480 students per day)
  Injury: 20557
  Health related 63234
  Scheduled 2518
  Of the 86, 309 visits to the health room, **51,362** visits resulted in the student returning to class, maintaining instruction for the student and ADA funding for our district. Without an RN on campus, most students would have called parents resulting in a loss of instruction and decrease in attendance.
  Students with Documented Medical Issues:
  Asthma 3509
  Diabetes 56
  Seizure Disorders 208
  Life Threatening Allergies with Epi-Pen on hand 429
  Documented staff visits: 164
- Medications and Treatments: **49,167**
  Average of 273 medications and treatments administered without error each school day
- State Required Screenings:
  Type II Diabetes Risk Assessment **7461** students screened resulting in **165** referrals to health care providers for students identified as being at risk to develop Type II Diabetes
  Vision **10158** students screened resulting in **732** referrals for additional vision screening and treatment

Hearing **10418** students screened resulting in **126** referrals for additional screening
Scoliosis **3230** students screened resulting in **126** referrals for additional screening

- Referral for Service based on screening results: **1032** students who failed a routine screening were referred for additional screening and treatment if indicated, supporting student success in the classroom.
- Communication with parent or Guardian:23,471
- Number of Students seen by the nurse who remained at school: 51,362 , a number just more than twice the enrollment of Denton ISD

Classroom Instruction based on student need, gender and grade level

- Personal hygiene and handwshing
- Dental care and hygiene
- Pediculosis Prevention
- STDs, Growth and Development
- CPR , AED and First Aid
- Nutrition, Exercise and Obesity Prevention
- Child Life Specialist presentations for students returning after an extended period of time due to illness or injury
- Development of PALS (Protect A Life) program for students who have life threatening allergies .Students with a life threatening allergy are paired up with a buddy who is taught to recognize the signs and symptoms of a problem and get an adult immediately. This success program is in place a Borman.

The Campus RNs worked with the school counselor, at-risk counselor, district social worker and communities in schools representatives to indentify, provide care, support and referrals for students and staff.

Employee Services and Instruction:

- Transportation-CPR, Diabetes
- Virginia Gallian Child Care Center- CPR and First Aid
- Administrators, Teachers and Coaches
  CPR, AED, First Aid
  Anaphylaxis Emergency Training

Unlicensed Diabetic Care Assistant – All campuses exceed state requirement for number of personnel trained

Employee Health

- Seasonal Flu Vaccines:
- Wellness Day Attendance:

Wellness Center:

- Jazzercise Classes – Tuesdays and Thursdays

Areas of Needed Improvement:

- Improved Staffing based on the National Association of School Nursing Ratios of 1 RN for every 750 regular education students
- Improved Staffing based on the National Association of School Nursing Ratios of 1 RN for every 250 special education students
- Increase the available pool of substitute RNs
- Increase utilization of the Employee Wellness Center and our fitness equipment – A Card Access reader would allow employees to utilize the wonderful fitness equipment provided to Denton ISD over a year ago.

Counseling Department Summary Report

Outstanding Achievements from 2009-2010 Goals:

- Data from Counselor Log Summaries show that Counselors continue to improve their time in the four components of the program: High Schools have now hit their target in each of the 4 components; Middle Schools are on target in Responsive Services &Individual Planning. Elementary is on target in Responsive Services and made significant increases in the Guidance area. (4 Components include Guidance; Responsive Services; Individual Planning; System Support)
- Denton ISD Counseling Services, in collaboration with ESL/BL department, sponsored the Path to Scholarships training last spring. June McBride, national founder of PTS, trained 27 teachers, counselors and administrators who are providing service to students to targeted groups of students on each middle school and high school. 41 high school students participated in the spring PTS workshop associated with the training.
- Denton ISD established a partnership with Texas Virtual School Network in the late spring of 2010.
- Counseling Department provided training in Child Abuse awareness for District Administrators and Counselors.
- For four years in a row, Denton ISD Counselors have sponsored a $500 scholarship for a Denton ISD graduate who plans to go into a counseling related field.
- Behavioral RtI Core Team was established and led by Counseling Department; Training in Oregon July 2010
- Counseling Department organized a Transition program for teachers and parents at Ann Windle. We will expand this year to Gonzalez School.
- Denton ISD Counseling Services has placed curriculum materials on each elementary and middle school campus to provide counselors with research based, bully and violence prevention/character building materials. Training was also provided.
- Social Services provided school supplies to 350 Denton ISD families.
- Parent Education efforts expanded to include parent meetings for the Attendance/Student Support Division, and increased consultation to campus based parenting programs.
- 786 identified homeless students receive transportation; lunch; and ongoing social services.
- Social Services enrolled 3 additional campuses in the Food 4 Kids program (total 10 campuses) that provides food for the weekend for low income children. Our partnership with Communities in Schools, North Texas, is a critical support.
- 33 DISD students received services through the General Education homebound instruction program.
- 44 DISD students received homebound instruction through the Teen Parent program.
- 59 teen parents graduated from DISD during the 2009-2010 school year.
- Our “Therapist Pool” of private practice counselors donated private counseling services to 37 families who would otherwise not have been able to afford counseling.

- EAP assistance (consultation, counseling, and/or coordination) was provided to more than 121 employees through the Staff Assistance Program.
- District Counseling Services provides system support for campuses through "Flight Team" deployment to individual campuses needing support in times of crisis.
- Counseling Services provided the following training for Counselors in 2009-10:
    - August 2009—Service provider Update: UBH and Sparks Facility (Elementary)
    - October 2009—Medicaid; Differential Diagnosis (shared with Nurses)
    - December 2009—Resiliency Training for Counselors
    - February 2009—Darkness to Light (Child Advocacy) and "Grief and Loss"
    - March 2010—Path to Scholarships/June McBride (shared with BL/ESL)
    - July 2010—Building Healthy Relationships (Motivation/Parenting/Transitions & Suicide Prevention)
    - Monthly meetings during the year for elementary, middle, and high school counselors also provide mini-trainings and policy/guideline updates and opportunities for counselors to share materials, strategies and case consultation.

Areas in Need of Improvement:

- All level of counselors are reporting significant time spent in Non-Counseling duties, ranging from 7.2% at the Elementary and Middle School levels to 9.9% at the High Schools.
  Improvement of the ratio of counselors to students is critical in order to maximize use of counseling services.
- While improving, we still need to increase the critical analysis and use of data related to Denton ISD counseling programs in order to more accurately align campus counseling goals to district goals for growth of a college going culture.
- District wide bully prevention training for Administrators and Counselors needs to be updated.

How 2010--2011 Goals Will Improve Student Achievement:

- Professional school counselors are the critical link in reducing dropout rates, improving academic performance and increasing participation in postsecondary education.
  (Texas Counseling Association research summary linking implementation of Comprehensive developmental Guidance and Counseling programs to student success.)

How Goals Support the DISD Board Goals:

Vision … In pursuit of excellence, the district will:

- remain committed to providing equitable and outstanding opportunities for every student on every campus

- establish goals for individual campuses that incorporate both measurable and intangible factors

Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessment that supports all students
- establish quality staff development programs and promote professional learning communities

Climate… **In pursuit of excellence, the district will:**

- celebrate and respect diversity in our Denton ISD Community
- promote and nourish a safe learning and working environment which is supportive, cooperative, ethical, and ensures open communication
- establish a high expectation level for success for all students …
- motivate and prepare students to embrace their full responsibilities …

Parent and Community Involvement …

- provide support services and promote health, wellness and safety for students and families
- Establish and promote programs to develop and enhance parenting skills and participation in the schools

Human Resources

- Promote health and wellness in the workforce

Growth, Change …

- Create and continuously modify strategies to mitigate increasing stresses on our children, our schools and our community

Adult& Community Education, and Extended School Day Programs Summary Report 2009-2010

Outstanding Achievements 2009-2010:

- Fully implemented state mandated new student assessments for our ESL & GED classes.
- Received over $270,000 dollars in Adult Ed. program performance monies.
- Met all required federal/state performance measures for 2009-2010.
- ESL students won 2nd & 3rd places in the Plano Book festival's essay contest in 2009-20010 school years for 2009-2010.
- Passed TEA/ Texas LEARN state audit for Adult Education programs for 2008-2009.
- Provide job prep classes such as: resume class, job search, and job interviewing class.
- Developed a ESD pre-school program to be implemented in 2010-11 at Cross Oaks & Gonzalez School
- The Extended School Day program increased outreach collaborations with community agencies & Universities practicum projects such as:
  - TWU reading practicum, TWU Teacher games & activities practicum, Peterbilt Company "How Trucks Are Assemble", Denton Courthouse Museum " History of Ranchers & Farmers", Guyer H.S. Student Council presentation on " Bike Safety", UNT Marine Corp" Obstacle Course and Fitness" presentation, Department of Public Safety presentation "On Safety and Being a State Trooper".

Areas in Need of Improvement:

- Will continue to expand Community Ed. programs by offering more self-help and workforce skills classes each year.
- Will add Extended School Day sites to all new elementary schools within Denton ISD .
- Will pilot an extended school program at one middle school campus.
- Will continue to implementation of state-wide standardized assessments for Adult Ed. Programs.

How 2010-2011 Goals Will Improve Student Achievement:

- Increased participation in Extended School Day enrichment programs will help promote active learners and encourage students to become more engaged in school activities. Program/Enrichment activities include: academic activities, computer literacy, recreational/leisure programs, university partnerships (reading, language art, etc.), programs and fine arts activities.
- Continue offering Adult & Community Ed. classes that help students achieve both their personal and professional goals and promote lifelong learning.

How Goals Support the DISD Board Goals:

- ***Parent and Community Involvement*:** Adult & Community Ed. and Extended School Day programs encourage participation in programs that promote lifelong learning.
- ***Teaching & Learning*:** Continued emphasis on improving teacher's effectiveness will increase student involvement and student success in our program as well as out of the school environment.
- ***Human Resources*:** Our diverse workforce is committed to providing the best learning environment for our students. Denton ISD employees, staff and students from both local universities and other community members staff our after-hours programs.

DIVISION OF HUMAN RESOURCES
SUMMARY REPORT
2010/2011

BOARD GOALS FOR PERSONNEL

- Develop and expect a consistently high level of, and respect for, professional performance by all staff.
- Recruit, select, and employ every teacher in every classroom because of their substantive experience in the discipline they teach, rather than in auxiliary functions.
- Maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence.
- Encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area.
- Promote health and wellness in the workforce.

ACCOMPLISHMENTS/ACHIEVEMENTS

- Completed an ongoing aggressive recruiting campaign.
- Maintained 100% staffing rate among administrators, professional support and paraprofessional staff.
- Maintained 95% staffing rate among operational employees.
- Outsourced some duty functions within the Division of Operations (Maintenance and Custodial).
- Continued compliance with NCLB staff requirements.
- Maintained a minimum ($1750) salary pay differential between bachelor's and master's degrees and between master's and doctorate's degrees.
- Implemented the "Employee Access Center" Process
- Implemented SafeSchools Online Training Program with a completion rate of 80% for the first year.
- Working towards technology integration of Pentamation with the following systems:
  - On-line Application System.
  - web-based, research based, talent assessment/screener for teacher applicants.
  - web-based, talent assessment/screener instrument for campus administrator applicants.
  - web-based employee online training tool (SafeSchools)
  - web-based sub attendance management system (ASEOP).
  - Summer School and Transfer Applications linked to SearchSoft Applicant Tracking process.
- Continued compliance with the State required finger printing for SBEC certified employees.
- Continued compliance with the District annual background checks required by the State.
- Continued compliance with Senate Bill 9 pertaining to employee background checks and fingerprinting.
- Continued review of employee salaries/stipends.
- Implementation of a new Teacher Evaluation System (PDAS)

DIVISION OF HUMAN RESOURCES
SUMMARY REPORT
2010/2011

AREAS OF NEED AND CONCERN

- Annual adjustment of salary schedules and pay structures
- Professional development of administrators/supervisors in effective employee supervision and documentation
- Continued Staff Development with online training tools/instruments
- Development of a flexible online records management system (eForms)
- Maintaining student and staff safety
- Continuous pre-employment criminal history background investigation and fingerprinting
- Cultural diversity and awareness training for all employees
- Assessment and Preparation for Staff Reductions

IMPACT ON STUDENT ACHIEVEMENT

- Highly qualified, competitively compensated instructional and non-instructional staff directly impacts student learning and achievement.

SUPPORT OF BOARD GOALS

- The Board Goals are the very essence of the function of the personnel office.

Compliance Documents

2010-2011 Compliance WIGs
Denton Independent School District

Federal Programs Compliance

WIG 1 – Ideal State (Goal):
Provide all children with a fair, equal, and significant opportunity to obtain a high-quality education in order to reach proficiency on the State academic achievement standards (TEKS) and state academic assessments (TAKS).

Objective:
Ensure 100% compliance on NCLB Initial Compliance Review Indicators.

Lead (Action Steps)	Resources	Fund Source		FTE	Evidence of Implementation	Evidence of Impact	Title I Components	
		Title I, A	SCE				SW	TA
Develop Title I program plan in consultation with teachers, and other appropriate school personnel, and with parents of children on the campus. **Person(s) Responsible:** Principal, EIC, CLT, Director of Federal Programs **Completion Date:** 4/11, 6/10, 10/10, 4/11 **Benchmark Timeline:** [X] Initial (Beginning) [ ] Interim (Formative) [ ] Final (Summative)		[X]	[ ]		Agenda(s), sign-in sheet(s)	State academic assessments	[X] CNA [X] RS [X] IHQ [X] OPD [X] AHQ [X] PI [X] T [X] A [X] AA [X] C	[ ] RMS [ ] P [ ] SBR [ ] C [ ] IHQ [ ] PD [ ] PI [ ] PCI

Bilingual Compliance

WIG 3 – Ideal State (Goal):
Identify and provide services to migrant students who are failing or at risk of failing to meet the State's content and performance standards and whose education has been interrupted during the regular school year.

Objective:
Identify migrant students who enroll late and withdraw early and provide supplemental services to each student when no other school district services are available.
Identify migrant students who are missing significant amounts of instruction time by enrolling late and/or having excessive absences.
Provide information to help migrant parents access heath resources and heath care.
Provide supplemental information to parents on how to collaborate with school staff and how to access resources in order to provide timely attention and appropriate interventions to their children.

Denton Independent School District

Health Services Compliance

WIG 1 – Ideal State (Goal):
Identify and Implement ways to improve the overall health and fitness of our staff i and students in a cost effective manner to decrease lost work and student instructional time.

Objective:
By providing accurate information for employees, employees will make healthy life style choices. These choices will be reflected in an overall healthier staff, decreased illness and decereased need for the utilization of substitute staff. Decreased use of substitute staff will increase student instruction time by the educator responsible for the student. The students, in addition, will see adults who choose to do so, modeling healthy life style choices.

School Counseling Compliance

WIG 1 – Ideal State (Goal):
Each Campus employing a full time Counselor must implement a comprehensive school guidance and counseling program in compliance with SB 518 and Board Policy FFEA Legal and FFE Legal

Objective:
All Denton ISD students shall benefit from the services of a Comprehensive, Developmental Guidance and Counseling Program which is implemented by professional school counselors and supported by campus administration and staff.

Lead (Action Steps)	Resources	Fund Source		FTE	Evidence of Implementation	Evidence of Impact	Title I Components	
		Title I, A	SCE				SW	TA
All School Counselors assume responsibilities for working with school faculty, staff, administrators, students, parents and community to plan, implement and evaluate a campus developmental guidance and counseling program including the 4 components: Guidance; Responsive Services; Individual Planning; System Support. The Guidance Plan must: • Address special needs of student at risk of dropping out, becoming substance abusers, participating in gang activities or committing suicide; • Include parent consultation and referrals as appropriate; • Involve consultation with staff, parents, and community to support student success; and coordinate people and resources; • Interpret and use assessment data to help students make educational and career plans • Include counselor led guidance or consultation to teachers who may provide guidance activities **Person(s) Responsible:** School Counselors initiate and collaborate with those listed above.	Counseling Program Development Guide available online at TEA website, Curriculum Section at http://www.tea.state.tx.us/index2.aspx?id=4207 Additional resources available from ASCA including School Counselor Competencies http://www.schoolcounselor.org/files/SCCompetencies.pdf and National Model information at http://ascanationalmodel.org/ Denton ISD Office of Counseling Services is available to support campus implementation and evaluation.	[ ]	[ ]		• Counseling Needs Assessment conducted at the end or beginning of each school year; • Long Range (3 to 5) year annual guidance program plan developed (based on campus improvement goals and counseling needs assessment) and evaluated annually to drive campus annual plan. • Oct.1--annual plan for campus guidance program submitted to director of counseling; • Counselor Assignment sheet signed by principal and counselor • Nov.1--Counselor Accountability Project submitted to Director of	Counselor plans; projects; and summary logs are evaluated by Director of Counseling and Assistant Superintendent for evidence of campus implementation. On Site visits by central office staff. Counselor participation in regularly scheduled Counselor meetings and staff development training. Data analysis: • Summary Logs showing movement toward targets in the four components of counseling program • Reduction in office referrals • School Climate improvement as measured in annual needs assessments • Improved attendance • Reduction of drop out rates and increase in promotion/graduation rates	[ ] CNA [ ] RS [ ] IHQ [ ] OPD [ ] AHQ [ ] PI [ ] T [ ] A [ ] AA [ ] C	[ ] RMS [ ] P [ ] SBR [ ] C [ ] IHQ [ ] PD [ ] PI [ ] PCI

School Counseling Compliance

WIG 2 – Ideal State (Goal):
A principal shall designate a guidance counselor, teacher, or other appropriate individual to develop and administer a personal graduation plan (PGP) for each student enrolled in a junior high, middle, or high school who
has failed one or more TAKS/EOC exams or who is otherwise designated at-risk of not graduating on time. Board Policy EIF Legal

Objective:
Every student considered at risk of not graduating with his or her class will have a PGP developed and reviewed annually with parents, students, and teachers and counselor in order to support goals leading to high school graduation.

A principal shall designate a guidance counselor, teacher, or other appropriate individual to develop and administer a personal gradu-ation plan (PGP) for each student enrolled in a junior high, middle, or high school who: • Is not likely to receive a high school diploma before the fifth school year following the student's enrrollment in grade level nine,as determined by the District. A PGP must: • Identify educational goals for the student • Include diagnostic information, appropriate monitoring and intervention, and other evaluation strategies. • Include an intensive instruction program described in EHCB • Address participation of the student's parent or guardian, in-cluding consideration of the parent's or guardian's educational expectations for the student, and • Provide innovative methods to promote the student's advancement, including flexible scheduling, alternative learning environments, online instruction, and other interventions that are proven to accelerate the learning process and have been scientifically validated to improve learning and cognitive ability. In addition, the PGP for each student entering 9th grade should identify a course of study that promotes college and work force readiness, career planning and transition from secondary to post secondary education. A student's IEP developed under EHBAB may be used as that student's PGP	District and Campus PGP forms and software At risk data including list of students failing one or more TAKS or EOC exams Board Policy EIC	[ ]	[ ]		Assignment of PGP responsibility to guidance counselor, teacher, or other appropriate individuals; Development of annual list of students at risk of not graduating with their class. 2010-2011 District Improvement Plan
Denton Independent School District

Bilingual/ESL

WIG 1 – Ideal State (Goal):
Enhance and increase the knowledge of bilingual/ESL teachers through staff development aiming to impact and improve ELL achievement and their acquisition of academic English language in order to reach proficiency on the state academic achievement standards (TEKS) and state academic assessments (TAKS,TELPAS & SELI/ELI) .

Objective:
Ensure Bilingual/ESL teachers are equipped with the knowledge and skills necessary to linguistically accommodate and make content comprehensible for ELLs to ensure the district meets and surpass the performance under the ELL Progress measure.

Lead (Action Steps)	Resources	Fund Source		FTE	Evidence of Implementation	Evidence of Impact	Title I Components	
		Title I, A	SCE				SW	TA
Provide Summer SIOP and ongoing training to recently ESL certified teachers and teachers interested in gaining skills for making content comprehensible for ELLs. **Person(s) Responsible:** BE / ESL Coordinators **Completion Date:** June - October 2010 **Benchmark Timeline:** [ ] Initial (Beginning) [ ] Interim (Formative) [ ] Final (Summative)	99 Ideas and Activities for Teaching ELLs with the SIOP® Model Title III Funds	[ ]	[ ]		Formal & Informal Classroom Observations (Walk-through checklist, notetaking) , Eduphoria-sign-in sheet(s) & surveys,	Benchmarks & State academic assessment outcomes-TAKS ELI, SELI & TELPAS	[ ] CNA [ ] RS [ ] IHQ [ ] OPD [ ] AHQ [ ] PI [ ] T [ ] A [ ] AA [ ] C	[ ] RMS [ ] P [ ] SBR [ ] C [ ] IHQ [ ] PD [ ] PI [ ] PCI
Continue to offer the summer ELL specialized professional development to provide effective strategies that help ELLs understand academic content and develop proficiency in the English language. **Person(s) Responsible:** Director & Coordinators of BE/ ESL Programs **Completion Date:** Aug. 2010 **Benchmark Timeline:** [ ] Initial (Beginning) [ ] Interim (Formative) [ ] Final (Summative)	ELPS BE/ESL Block Funds	[ ]	[ ]		Formal & Informal Classroom Observations (Walk-through checklist, notetaking) , Eduphoria-sign-in sheet(s) & surveys,	Student Assessment Outcomes-TELPAS	[ ] CNA [ ] RS [ ] IHQ [ ] OPD [ ] AHQ [ ] PI [ ] T [ ] A [ ] AA [ ] C	[ ] RMS [ ] P [ ] SBR [ ] C [ ] IHQ [ ] PD [ ] PI [ ] PCI

Compensatory Education Homebound Instruction

WIG 1 – Ideal State (Goal):
100% of all eligible students are provided Compensatory Education Home Instruction at home or hospital bedside when a valid medical necessity for confinement, during the pregnancy, prenatal, or postpartum periods, prevents the student from attending classes on a district campus where they are enrolled.

Objective:
Section 9 of the 2010-2011 Student Attendance Accounting Handbook states that Compensatory Education Home Instruction (CEHI) is the mandatory support service component districts offer in Pregnancy Related Services (PRS) in order to receive weighted ADA funding while the student is coded in PRS.

2010-2011 District Improvement Plan
Denton Independent School District

Elementary Curriculum

WIG 3 – Ideal State (Goal):
Recognizing that the single most influential component of an effective school is the individual teachers within that school, the Elementary Curriculum Department will infuse effective instructional practices based on research into all professional development sessions with teachers and administrators.

Objective:
All professional development sessions will incorporate effective instructional practice as defined by Marzano in his work, "The Art and Science of Teaching" and "The Highly Engaged Classroom" during the Spring of 2011 through the spring 2012.

Lead (Action Steps)	Resources	Fund Source		FTE	Evidence of Implementation	Evidence of Impact	Title I Components

2010-2011 District Improvement Plan
Denton Independent School District

Health Services

WIG 1 – Ideal State (Goal):
Identify and Implement ways to improve the overall health and fitness of our staff i and students in a cost effective manner to decrease lost work and student instructional time.

Objective:
By providing accurate information for employees, employees will make healthy life style choices. These choices will be reflected in an overall healthier staff, decreased illness and decereased need for the utilization of substitute staff. Decreased use of substitute staff will increase student instruction time by the educator responsible for the student. The students, in addition, will see adults who choose to do so, modeling healthy life style choices.

2010-2011 District Improvement Plan
Denton Independent School District

Health Services

WIG 3 – Ideal State (Goal):
Support academic student success by utilizing the nursing process to provide attention to the health needs of the individual student resulting in a return to the classroom as quickly and safely as possible reducing lost instructional time. Students will be traiged and appropriate care will be administerd quickly and professionally. First Aid, CPR and Emergency Care training will be provided to staff as required.

Objective:
DISD nurses will support student success by assisitng students who can return to the classroom as quickly and safely as possible. The students who need to go home are sent home promptly. Emeregency care will be administered.

2010-2011 District Improvement Plan
Denton Independent School District

Teen Parent Program

WIG 1 – Ideal State (Goal):
To provide an integrated program of educational and support services designed to improve school attendance, increase graduation rates, and enhance parenting skills for 100% of all identified Denton ISD students, male or female, who are pregnant or who are parents, as determined by the Life Skills Program and who are at risk of dropping out of school.

Objective:
Texas Education Code 29.085 and 42.152 : General Appropriations Act 79th Texas Legislature, Section 111, Rider 55. (Far Fund Code:394) Life Skills Grant; DISD at risk data;dropout prevention data

District Totals	**5**	**56**	**11**	**8**	**6**	**4**	**3134**	**1**	**1**	**10**	**11**	**55**

The District shall attempt to ensure student safety through supervision of students in all school buildings, at all school-sponsored events or activities, and on all school grounds through special attention to the following:

1. Maintaining a reasonably safe school environment. [See CK, CLB]
2. Observing safe practices in those areas of instruction or extracurricular activities that offer special hazards. [See CKB]
3. Developing age-appropriate safety programs and activities for students at each grade level.
4. Emphasizing safety education to students enrolled in laboratory courses in science, industrial arts, health, and physical education. [See CK]
5. Providing first aid for students in case of accident or sudden illness. [See FFAC]
6. Annually reviewing the adequacy of emergency procedures at each campus in the District and providing for staff training in such procedures. [See CKC]
7. Implementing appropriate crisis management procedures when emergencies occur. [See CKC]

The Superintendent and the principals shall develop plans and procedures for acquainting students with safe conduct and behavior in a variety of conditions and circumstances, including play and recreation, fire, severe weather, use of bicycles and automobiles, and use of school transportation. Teachers and administrators shall promote these procedures among students as appropriate.

In the event of an accident or unusual occurrence at school or school-related activities that results in injury to a student, a District accident report shall be completed and a copy sent to the Indoor Air Quality/Environmental Safety Committee for tracking and remediation purposes.

The District may develop and implement a sexual harassment policy to be included in the District improvement plan. The District shall adopt and implement a dating violence policy to be included in the District improvement plan. *Education Code 37.083, 37.0831* [See BQ]

Sexual abuse of a student by an employee, when there is a connection between the physical sexual activity and the employee's duties and obligations as a District employee, violates a student's constitutional right to bodily integrity. Sexual abuse may include fondling, sexual assault, or sexual intercourse. *U.S. Const. Amend. 14; Doe v. Taylor ISD, 15 F.3d 443 (5th Cir. 1994)*

Sexual harassment of students may constitute discrimination on the basis of sex in violation of Title IX. *20 U.S.C. 1681; 34 CFR 106.11; Franklin v. Gwinnett County Schools, 503 U.S. 60 (1992)* [See FB regarding Title IX]

DEFINITION OF SEXUAL HARASSMENT

Sexual harassment of students is conduct that is so severe, pervasive, and objectively offensive that it can be said to deprive the victim of access to the educational opportunities or benefits provided by the school. Sexual harassment does not include simple acts of teasing and name-calling among school children, however, even when the comments target differences in gender. *Davis v. Monroe County Bd. of Educ., 526 U.S. 629 (1999)*

EMPLOYEE- STUDENT SEXUAL HARASSMENT

A District official who has authority to address alleged harassment by employees on the District's behalf shall take corrective measures to address the harassment or abuse. *Gebser v. Lago Vista ISD, 118 S.Ct. 1989 524 U.S. 274 (1998); Doe v. Taylor ISD, 15 F.3d 443 (5th Cir. 1994)*

STUDENT-STUDENT SEXUAL HARASSMENT

The District must reasonably respond to known student-on-student harassment where the harasser is under the District's disciplinary authority. *Davis v. Monroe County Bd. of Educ., 526 U.S. 629 (1999)*

Note: This policy addresses discrimination, harassment, and retaliation involving District students. For provisions regarding discrimination, harassment, and retaliation involving District employees, see DIA. For reporting requirements related to child abuse and neglect, see FFG. For provisions regarding bullying, see FFI.

STATEMENT OF NONDISCRIMINATION

The District prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law. The District prohibits dating violence, as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy.

DISCRIMINATION

Discrimination against a student is defined as conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or on any other basis prohibited by law, that adversely affects the student.

PROHIBITED HARASSMENT

Prohibited harassment of a student is defined as physical, verbal, or nonverbal conduct based on the student's race, color, religion, gender, national origin, disability, or any other basis prohibited by law that is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Prohibited harassment includes dating violence as defined by this policy.

EXAMPLES

Examples of prohibited harassment may include offensive or derogatory language directed at another person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes, name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

SEXUAL HARASSMENT BY AN EMPLOYEE

Sexual harassment of a student by a District employee includes both welcome and unwelcome sexual advances; requests for sex-

ual favors; sexually motivated physical, verbal, or nonverbal conduct; or other conduct or communication of a sexual nature when:

1. A District employee causes the student to believe that the student must submit to the conduct in order to participate in a school program or activity, or that the employee will make an educational decision based on whether or not the student submits to the conduct; or

2. The conduct is so severe, persistent, or pervasive that it:

   a. Affects the student's ability to participate in or benefit from an educational program or activity, or otherwise adversely affects the student's educational opportunities; or

   b. Creates an intimidating, threatening, hostile, or abusive educational environment.

Romantic or inappropriate social relationships between students and District employees are prohibited. Any sexual relationship between a student and a District employee is always prohibited, even if consensual. [See DF]

BY OTHERS

Sexual harassment of a student, including harassment committed by another student, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;

2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or

3. Otherwise adversely affects the student's educational opportunities.

EXAMPLES

Examples of sexual harassment of a student may include sexual advances; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Necessary or permissible physical contact such as assisting a child by taking the child's hand, comforting a child with a hug, or other physical contact not reasonably construed as sexual in nature is not sexual harassment.

DATING VIOLENCE

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense.

For purposes of this policy, dating violence is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

EXAMPLES

Examples of dating violence against a student may include physical or sexual assaults; name-calling; put-downs; or threats directed at the student, the student's family members, or members of the student's household. Additional examples may include destroying property belonging to the student, threatening to commit suicide or homicide if the student ends the relationship, attempting to isolate the student from friends and family, stalking, threatening a student's spouse or current dating partner, or encouraging others to engage in these behaviors.

RETALIATION

The District prohibits retaliation against a student alleged to have experienced discrimination or harassment, including dating violence, or another student who, in good faith, makes a report, serves as a witness, or otherwise participates in an investigation.

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding discrimination or harassment, including dating violence, is subject to appropriate discipline.

EXAMPLES

Examples of retaliation include threats, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances, such as negative comments that are justified by a student's performance in the classroom.

PROHIBITED CONDUCT

In this policy, the term "prohibited conduct" includes discrimination, harassment, dating violence, and retaliation as defined by this poli-

cy, even if the behavior does not rise to the level of unlawful conduct.

REPORTING PROCEDURES

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, counselor, principal, or other District employee.

Alternatively, a student may report prohibited conduct directly to one of the District officials below:

DEFINITION OF DISTRICT OFFICIALS

For the purposes of this policy, District officials are the Title IX coordinator, the ADA/Section 504 coordinator, and the Superintendent.

TITLE IX COORDINATOR

Reports of discrimination based on sex, including sexual harassment, may be directed to the Title IX coordinator. The District designates the following person to coordinate its efforts to comply with Title IX of the Education Amendments of 1972, as amended:

Name: Jamie Wilson

Position: Deputy Superintendent

Address: 1307 North Locust Street, Denton, TX 76201

Telephone: (940) 369-0000

ADA / SECTION 504 COORDINATOR

Reports of discrimination based on disability may be directed to the ADA/Section 504 coordinator. The District designates the following person to coordinate its efforts to comply with Title II of the Americans with Disabilities Act of 1990, as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended:

Name: Jamie Wilson

Position: Deputy Superintendent

Address: 1307 North Locust Street, Denton, TX 76201

Telephone: (940) 369-0000

SUPERINTENDENT

The Superintendent shall serve as coordinator for purposes of District compliance with all other antidiscrimination laws.

ALTERNATIVE REPORTING PROCEDURES

A student shall not be required to report prohibited conduct to the person alleged to have committed the conduct. Reports concerning prohibited conduct, including reports against the Title IX coordinator or ADA/Section 504 coordinator, may be directed to the Superintendent.

A report against the Superintendent may be made directly to the Board. If a report is made directly to the Board, the Board shall appoint an appropriate person to conduct an investigation.

TIMELY REPORTING

Reports of prohibited conduct shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to promptly report may impair the District's ability to investigate and address the prohibited conduct.

NOTICE OF REPORT

Any District employee who receives notice that a student has or may have experienced prohibited conduct shall immediately notify the appropriate District official listed above and take any other steps required by this policy.

NOTICE TO PARENTS

The District official or designee shall promptly notify the parents of any student alleged to have experienced prohibited conduct by a District employee or another adult.

INVESTIGATION OF THE REPORT

The District may request, but shall not insist upon, a written report. If a report is made orally, the District official shall reduce the report to written form.

Upon receipt or notice of a report, the District official shall determine whether the allegations, if proven, would constitute prohibited conduct as defined by this policy. If so, the District official shall immediately authorize or undertake an investigation, regardless of whether a criminal or regulatory investigation regarding the same or similar allegations is pending.

If appropriate, the District shall promptly take interim action calculated to prevent prohibited conduct during the course of an investigation.

The investigation may be conducted by the District official or a designee, such as the campus principal, or by a third party designated by the District, such as an attorney. When appropriate, the campus principal shall be involved in or informed of the investigation.

The investigation may consist of personal interviews with the person making the report, the person against whom the report is filed, and others with knowledge of the circumstances surrounding the allegations. The investigation may also include analysis of other information or documents related to the allegations.

CONCLUDING THE INVESTIGATION

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the report; however, the investigator shall take additional time if necessary to complete a thorough investigation.

The investigator shall prepare a written report of the investigation. The report shall be filed with the District official overseeing the investigation.

DISTRICT ACTION

If the results of an investigation indicate that prohibited conduct occurred, the District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct.

The District may take action based on the results of an investigation, even if the conduct did not rise to the level of prohibited or unlawful conduct.

CONFIDENTIALITY

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation and comply with applicable law.

APPEAL

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level. A student shall be informed of his or her right to file a complaint with the United States Department of Education Office for Civil Rights.

RECORDS RETENTION

Retention of records shall be in accordance with FB(LOCAL) and CPC(LOCAL).

ACCESS TO POLICY

Information regarding this policy shall be distributed annually to District employees and included in the student handbook. Copies of the policy shall be readily available at each campus and the District's administrative offices.

Note: This policy addresses bullying of District students. For provisions regarding discrimination, harassment, and retaliation involving District students, see FFH. For reporting requirements related to child abuse and neglect, see FFG.

BULLYING PROHIBITED

The District prohibits bullying as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy.

DEFINITION

Bullying occurs when a student or group of students engages in written or verbal expression or physical conduct that:

1. Will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property; or
2. Is sufficiently severe, persistent, or pervasive that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

EXAMPLES

Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, and ostracism.

TIMELY REPORTING

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to promptly report may impair the District's ability to investigate and address the prohibited conduct.

REPORTING PROCEDURES

Any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, counselor, principal, or other District employee. A report may be made orally or in writing.

NOTICE OF REPORT

Any District employee who receives notice that a student has or may have experienced bullying shall immediately notify the campus principal or designee.

INVESTIGATION OF REPORT

If a report is made orally, the campus principal or designee shall reduce the report to written form.

The campus principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, and if so proceed under that policy instead.

The campus principal or designee shall conduct an appropriate investigation based on the allegations in the report. The campus principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

CONCLUDING THE INVESTIGATION

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the report; however, the campus principal or designee shall take additional time if necessary to complete a thorough investigation.

The campus principal or designee shall prepare a written report of the investigation, including a determination of whether bullying occurred, and send a copy to the Superintendent or designee.

DISTRICT ACTION

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary or corrective action reasonably calculated to address the conduct in accordance with the District's Student Code of Conduct. [For information on student transfers due to bullying, see FDB.]

The District may take action based on the results of an investigation, even if the District concludes that the conduct did not rise to the level of bullying under this policy.

CONFIDENTIALITY

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

APPEAL

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

RECORDS RETENTION

Retention of records shall be in accordance with CPC(LOCAL).

ACCESS TO POLICY

Information regarding this policy shall be distributed annually to District employees and included in the student handbook. Copies of the policy shall be readily available at each campus and the District's administrative offices.

FIRST AMENDMENT

The District shall take no action respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Board for a redress of grievances. *U.S. Const. Amend. I*

FREEDOM OF SPEECH

Students do not shed their constitutional rights to freedom of speech or expression at the schoolhouse gate. At school and school events, students have First Amendment rights, applied in light of the special characteristics of the school environment.

Student expression that is protected by the First Amendment may not be prohibited absent a showing that the expression will materially and substantially interfere with the operation of the school or the rights of others.

Tinker v. Des Moines Indep. Cmty. Sch. Dist., 393 U.S. 503 (1969)
[See also FNCI]

The special characteristics of the school environment and the governmental interest in stopping student drug abuse allow the District to restrict student expression that it reasonably regards as promoting illegal drug use. *Morse v. Frederick, 551 U.S. 393 (2007)*

When a student threatens violence against a student body, such specific threatening speech to a school or its population is unprotected by the First Amendment: school officials may punish such speech without first collecting evidence sufficient to prove a reasonable belief that disruption would occur as a result of the speech. *Ponce v. Socorro Indep. Sch. Dist., 508 F.3d 765 (5th Cir. 2007)*

The inculcation of fundamental values necessary to the maintenance of a democratic society is part of the work of the school. The First Amendment does not prevent school officials from determining that particular student expression is vulgar and lewd, and therefore contrary to the school's basic educational mission. *Bethel Sch. Dist. No. 403 v. Fraser, 478 U.S. 675 (1986)*

PRAYER AT SCHOOL ACTIVITIES

A public school student has an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A student shall not be required, encouraged, or coerced to engage in or refrain from such prayer or meditation during any school activity. *Education Code 25.901*

Nothing in the Constitution as interpreted by the U.S. Supreme Court prohibits any public school student from voluntarily praying at any time before, during, or after the school day. But the religious

liberty protected by the Constitution is abridged when the District affirmatively sponsors the particular religious practice of prayer.

The District shall not adopt a policy that establishes an improper majoritarian election on religion and has the purpose and creates the perception of encouraging the delivery of prayer at a series of important school events.

Santa Fe Indep. Sch. Dist. v. Doe, 530 U.S. 290 (2000) (addressing school-sponsored, student-led prayer delivered over the public address system at high school football games) [For invocations and benedictions at commencement, see FMH]

FEDERAL FUNDS

As a condition of receiving certain federal funds, the District shall certify in writing to TEA that no policy of the District prevents, or otherwise denies participation in, constitutionally protected prayer in public schools, as detailed in the guidance from the United States secretary of education regarding constitutionally protected prayer. The certification shall be provided by October 1 of each year.

By November 1 of each year, TEA shall report to the secretary a list of districts that have not filed the certification or against which complaints have been made to TEA that the district is not in compliance with the paragraph above. The secretary may issue and secure compliance with rules or orders with respect to a district that fails to certify, or is found to have certified in bad faith, that no policy of the district prevents, or otherwise denies participation in, constitutionally protected prayer in public schools.

No Child Left Behind Act of 2001, 20 U.S.C. 7904

EXPRESSION OF RELIGIOUS VIEWPOINTS

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject. *Education Code 25.151*

POLICIES

The District shall adopt and implement a local policy regarding a limited public forum and voluntary student expression of religious viewpoints. If the District voluntarily adopts and follows the model policy governing voluntary religious expression in public schools at Education Code 25.156, the District is in compliance with the provisions of Education Code Chapter 25, Subchapter E covered by the model policy.

The District shall adopt a policy that includes the establishment of a limited public forum for student speakers at all school events at

which a student is to publicly speak. The policy regarding the limited public forum must also require the District to:

1. Provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject;
2. Provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation ceremonies;
3. Ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and
4. State, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the District.

Student expression on an otherwise permissible subject may not be excluded from the limited public forum because the subject is expressed from a religious viewpoint.

DISCLAIMER

The disclaimer required by item 4, above, must be provided at all graduation ceremonies. The District must continue to provide the disclaimer at any other event in which a student speaks publicly for as long as a need exists to dispel confusion over the District's nonsponsorship of the student's speech.

Education Code 25.152, 25.155

CLASS ASSIGNMENTS

Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Homework and classroom assignments must be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the District. Students may not be penalized or rewarded on account of the religious content of their work. *Education Code 25.153*

[For information on the study of religion, see EMI. For information on student religious groups and activities, see FNAB.]

PATRIOTIC OBSERVANCES

The District may officially encourage students to express love for the United States by reciting historical documents or singing official anthems that contain religious references; such patriotic or ceremonial occasions do not constitute a school-sponsored religious exercise. *Engel v. Vitale, 370 U.S. 421 (1962)*

The District shall not, however, compel students to participate in patriotic observances. *West Virginia State Bd. of Educ. v. Barnette, 319 U.S. 624 (1943) (holding unconstitutional a requirement that students salute the United States flag and recite the Pledge of Allegiance)*

STUDENT EXPRESSION OF RELIGIOUS VIEWPOINTS

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

STUDENT SPEAKERS AT NONGRADUATION EVENTS

The District hereby creates a limited public forum for student speakers at secondary school events at which a student is to publicly speak. Personal convictions and expressions of opinion, whether as a secular or political point-of-view or as an expression of religious viewpoint, when given before a general public event and before a captive and diverse audience, are not considered permissible nor given sanction by this policy. The subject and substance of the student's speech shall be germane and appropriate to the occasion. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion.

For purposes of this policy, a "school event" is a school-sponsored event or activity that does not constitute part of the required instruction for a segment of the school's curriculum, regardless of whether the event takes place during or after the school day.

For purposes of this policy, "to publicly speak" means to address an audience at a school event using the student's own words. A student is not using his or her own words when the student is reading or performing from an approved script, is delivering a message that has been approved in advance or otherwise supervised by school officials, or is making brief introductions or announcements.

INTRODUCTORY SPEAKERS

Student speakers shall be given a limited public forum to introduce:

High school and middle school

1. Athletic events.
2. Fine Arts programs or events.

The forum shall be limited in the manner provided by this section on nongraduation events.

ELIGIBILITY AND SELECTION

Students are eligible to use the limited public forum if they:

1. Are in the highest two grade levels of the school,
2. Volunteer, and
3. Are not in or have not been in a disciplinary placement during the school year. Disciplinary placement is defined as, but not limited to in-school suspension, suspension, discretionary or

mandatory expulsion or assignment to the District's alternative educational programs.

Eligible students who wish to volunteer shall submit their names to the campus principal during the first full week of instruction each semester. Students are not eligible to volunteer if they are in a disciplinary placement during any part of the school year. If there are no student volunteers, the District shall seek volunteers again at the beginning of the next semester.

The names of the students who volunteer to speak shall be randomly drawn until all names have been selected; the names shall be listed in the order drawn.

ASSIGNMENT OF INTRODUCTORY SPEAKERS

Each selected student shall be matched chronologically to the single event for which the student shall give the introduction. The list of student speakers shall be chronologically repeated as needed, in the same order. If no students volunteer or if the selected speaker declines or becomes ineligible, no student introduction will be made at the event.

The District shall repeat the selection process at the beginning of each semester.

CONTENT OF STUDENT INTRODUCTIONS

The subject of the student introductions shall relate to the purpose of introducing the designated event. The student must stay on the subject. The student may not engage in speech that:

- Is obscene, vulgar, offensively lewd, or indecent;
- Creates reasonable cause to believe that the speech would result in material and substantial interference with school activities or the rights of others;
- Promotes illegal drug use;
- Violates the intellectual property rights, privacy rights, or other rights of another person;
- Contains defamatory statements about public figures or others; or
- Advocates imminent lawless action and is likely to incite or produce such action.

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious

viewpoint expressed by the student on an otherwise permissible subject.

DISCLAIMER

For as long as there is a need to dispel confusion over the fact that the District does not sponsor the student's speech, at each event in which a student shall deliver an introduction, a disclaimer shall be stated in written or oral form, or both, such as, "The student giving the introduction for this event is a volunteering student selected on neutral criteria to introduce the event. The content of the introduction is the private expression of the student and does not reflect the endorsement, sponsorship, position, or expression of the District."

OTHER STUDENT SPEAKERS

Certain students who have attained special positions of honor in the school and may have traditionally addressed school audiences from time to time as a tangential component of their achieved positions of honor, such as the captains of various sports teams, student council officers, class officers, homecoming kings and queens, prom kings and queens, and the like, and have attained their positions based on neutral criteria. Nothing in this policy eliminates the continuation of the practice of having these students address school audiences in the normal course of their respective positions. The District shall create a limited public forum for the speakers and shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against a student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

STUDENT SPEAKERS AT GRADUATION CEREMONIES

OPENING AND CLOSING REMARKS

The District hereby creates a limited public forum consisting of an opportunity for a student to speak to begin graduation ceremonies and another student to speak to end graduation ceremonies. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion.

The forum shall be limited in the manner provided by this section on student speakers at graduation.

ELIGIBILITY

Only students who are graduating and who hold one of the following positions of honor based on neutral criteria shall be eligible to use the limited public forum:

1. Valedictorian
2. Salutatorian
3. Student council officers
4. Class officers of the graduating class

5. Any other senior as designated by the Superintendent or designee

A student who shall otherwise have a speaking role in the graduation ceremonies is ineligible to give the opening and closing remarks. Students who are eligible shall be notified and given an opportunity to volunteer. Students are not eligible to volunteer if they were in a disciplinary placement during any part of the school year.

The names of the eligible students who volunteer shall be randomly drawn. The student whose name is drawn first shall give the opening and the student whose name is drawn second shall give the closing.

CONTENT OF OPENING AND CLOSING REMARKS

The topic of the opening and closing remarks shall be related to the purpose of the graduation ceremony and to the purpose of marking the opening and closing of the event; honoring the occasion, the participants, and those in attendance; bringing the audience to order; and focusing the audience on the purpose of the event.

OTHER STUDENT SPEAKERS

In addition to the students giving the opening and closing remarks, the valedictorian(s), salutatorian(s), student council officers, class officers of the graduating class, and any other graduating senior as designated by the Superintendent or designee may have speaking roles at graduation ceremonies. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion and to the position held by the speaker. For this purpose, the District creates a limited public forum for these students to deliver the addresses. The subject of the addresses shall be related to the purpose of the graduation ceremony, marking and honoring the occasion, honoring the participants and those in attendance, and the student's perspective on purpose, achievement, life, school, graduation, and looking forward to the future.

The student shall stay on the subject, and the student shall not engage in speech that:

- Is obscene, vulgar, offensively lewd, or indecent;
- Creates reasonable cause to believe that the speech would result in material and substantial interference with school activities or the rights of others;
- Promotes illegal drug use;
- Violates the intellectual property rights, privacy rights, or other rights of another person;

- Contains defamatory statements about public figures or others; or
- Advocates imminent lawless action and is likely to incite or produce such action.

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

DISCLAIMER

A written disclaimer shall be printed in the graduation program that states, "The students who shall be speaking at the graduation ceremony were selected based on neutral criteria to deliver messages of the students' own choices. The content of each student speaker's message is the private expression of the individual student and does not reflect the endorsement, sponsorship, position, or expression of the District."

RELIGIOUS EXPRESSION IN CLASS ASSIGNMENTS

A student may express his or her beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of the student's submission. Homework and classroom work shall be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the school. A student shall not be penalized or rewarded because of religious content.

FREEDOM TO ORGANIZE RELIGIOUS GROUPS AND ACTIVITIES

Students may organize prayer groups, religious clubs, "see you at the pole" gatherings, and other religious gatherings before, during, and after school to the same extent that students are permitted to organize other noncurricular student activities and groups. [See FNAB] Religious groups shall be given the same access to school facilities for assembling as is given to other noncurricular groups, without discrimination based on the religious content of the group's expression. If student groups that meet for nonreligious activities are permitted to advertise or announce the groups' meetings, for example, by advertising in a student newspaper, putting up posters, making announcements on a student activities bulletin board or public address system, or handing out leaflets, school authorities shall not discriminate against groups that meet for prayer or other religious speech. School authorities may disclaim sponsorship of noncurricular groups and events, provided the disclaimer is administered in a manner that does not favor or disfavor groups that meet to engage in prayer or other religious speech.

DISCIPLINE MANAGEMENT PROGRAM

Each school district shall adopt and implement a discipline management program to be included in the district improvement plan under Section 11.252. [See BQ] The plan must provide for prevention of and education concerning unwanted physical or verbal aggression, sexual harassment, and other forms of bullying in school, on school grounds, and in school vehicles. *Education Code 37.083(a)*

STUDENT HANDBOOK — STUDENT CODE OF CONDUCT

The District's rules of conduct and discipline, maintained in the student handbook and/or the Board-adopted Student Code of Conduct, are established to achieve and maintain order in the schools, and to teach respect toward others and responsible behavior. [See FO series]

EXTRACURRICULAR ACTIVITIES: STANDARDS OF BEHAVIOR

With the approval of the principal and Superintendent, a sponsor or a coach of an extracurricular activity may develop and enforce standards of behavior that are higher than the District-developed Student Code of Conduct and may condition membership or participation in the activity on adherence to those standards. [See FO]

PROHIBITED HARASSMENT

A student shall not engage in prohibited harassment, including sexual harassment, of:

1. Another student, as defined at FFH.
2. A District employee, as defined at DIA.

While subject to the disciplinary control of the District, a student shall not engage in prohibited harassment, including sexual harassment, of another person, including a Board member, vendor, contractor, volunteer, or parent.

A student who violates this prohibition shall be subject to appropriate discipline in accordance with the Student Code of Conduct.

BEHAVIORAL STANDARDS

The following specific policies address student conduct in the areas of:

1. Use of District technology resources — CQ
2. Attendance — FEC
3. Bullying — FFI
4. School-sponsored publications — FMA
5. Appropriate attire and grooming — FNCA
6. Damage to school property — FNCB
7. Prohibited organizations and hazing — FNCC
8. Tobacco use — FNCD
9. Use of personal telecommunications devices and other electronic devices — FNCE
10. Drug and alcohol use — FNCF
11. Weapons — FNCG
12. Assault — FNCH
13. Disruptions — FNCI, GKA

MEMBERSHIP AND SOLICITATION

MISDEMEANOR OFFENSE

A person commits a Class C misdemeanor if the person:

1. Is a member of, pledges to become a member of, joins, or solicits another person to join or pledge to become a member of a public school fraternity, sorority, secret society, or gang; or

2. Is not enrolled in a public school and solicits another person to attend a meeting of a public school fraternity, sorority, secret society, or gang or a meeting at which membership in one of those groups is encouraged.

Education Code 37.121(a), (c)

DAEP PLACEMENT

A board or an educator shall recommend placing in a disciplinary alternative education program any student who commits the offenses described above. *Education Code 37.121(b)*

FELONY OFFENSE

A person commits a felony if the person, with intent to coerce, induce, or solicit a child to actively participate in the activities of a criminal street gang, threatens the child or a member of the child's family with imminent bodily injury or causes the child or a member of the child's family bodily injury. *Penal Code 71.022*

PERSONAL HAZING OFFENSE

A person commits an offense if the person:

1. Engages in hazing.

2. Solicits, encourages, directs, aids, or attempts to aid another in engaging in hazing.

3. Has firsthand knowledge of the planning of a specific hazing incident involving a student in an educational institution, or firsthand knowledge that a specific hazing incident has occurred, and knowingly fails to report that knowledge in writing to the principal, Superintendent, or designee.

Education Code 37.152(a)

DEFINITIONS

PUBLIC SCHOOL FRATERNITY, SORORITY, SECRET SOCIETY, OR GANG

A "public school fraternity, sorority, secret society, or gang" means an organization composed wholly or in part of students of public primary or secondary schools that seeks to perpetuate itself by taking in additional members from the students enrolled in school on the basis of the decision of its membership rather than on the free choice of a student in the school who is qualified by the rules of the school to fill the special aims of the organization. The term does not include an agency for public welfare, including Boy Scouts, Hi-Y, Girl Reserves, DeMolay, Rainbow Girls, Pan-American Clubs, scholarship societies, or other similar educational organizations sponsored by state or national education authorities. *Education Code 37.121(d)*

HAZING

"Hazing" means any intentional, knowing, or reckless act occurring on or off the campus of an educational institution directed against a student, by one person alone or acting with others, that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. The term includes:

1. Any type of physical brutality, such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activity.
2. Any type of physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
3. Any activity involving consumption of a food, liquid, alcoholic beverage, liquor, drug, or other substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
4. Any activity that intimidates or threatens the student with ostracism, that subjects the student to extreme mental stress, shame, or humiliation, or that adversely affects the mental health or dignity of the student or discourages the student from entering or remaining registered in an educational institution, or that may reasonably be expected to cause a student to leave the organization or the institution rather than submit to acts described above.
5. Any activity that induces, causes, or requires the student to perform a duty or task that involves a violation of the Penal Code.

EDUCATIONAL INSTITUTION

"Educational institution" for purposes of this policy includes a public high school.

STUDENT

"Student" means any person who:

1. Is registered in or in attendance at an educational institution;
2. Has been accepted for admission at the educational institution where the hazing incident occurs; or
3. Intends to attend an educational institution during any of its regular sessions after a period of scheduled vacation.

Education Code 37.151

INFORMATION REGARDING GANG-FREE ZONES

The Superintendent shall ensure that the student handbook for each campus includes information on gang-free zones and the consequences of engaging in organized criminal activity within those zones. *Education Code 37.110*

POSSESSION OF WEAPONS

A student shall be expelled from school if the student possesses, uses, or exhibits any firearm, illegal knife, club, or prohibited weapon, on school property or while attending a school-sponsored or school-related activity on or off school property. *Education Code 37.007(a)(1)* [See also FOD]

EXPULSION OFFENSE

EXCEPTION

A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs:

1. At an approved target range facility that is not located on a school campus; and
2. While participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department or a shooting sports sanctioning organization working with the department.

This section does not authorize a student to bring a firearm on school property to participate in or prepare for a school-sponsored shooting sports competition or a shooting sports educational activity.

Education Code 37.007(k)

FEDERAL FIREARMS PROVISION

EXPULSION OFFENSE

In accordance with the Gun-Free Schools Act, the District shall expel from the student's regular program, for a period of one year, any student who is determined to have brought a firearm, as defined by federal law, to any District school. *20 U.S.C. 7151; Education Code 37.007(e)* [See FOD]

DEFINITIONS

FIREARM

For purposes of state law, "firearm" shall mean any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use. *Penal Code 46.01(3)*

ILLEGAL KNIFE

"Illegal knife" is, as defined by law, a knife with a blade over 5-1/2 inches; hand instrument designed to cut or stab another by being thrown; dagger, including a dirk, stiletto, and poniard; bowie knife; sword; or spear, or is as defined by local policy. *Penal Code 46.01(6); Education Code 37.007(a)(1)(B)*

CLUB

A "club" is an instrument specially designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument, including a blackjack, nightstick, mace, and tomahawk. *Penal Code 46.01(1)*

OTHER PROHIBITED WEAPONS

A prohibited weapon is:

1. An explosive weapon (any explosive or incendiary bomb, grenade, rocket, or mine that is designed, made, or adapted for

the purpose of inflicting serious bodily injury, death, or substantial property damage, or for the principal purpose of causing such a loud report as to cause undue public alarm or terror, and includes a device designed, made, or adapted for delivery or shooting an explosive weapon). *Penal Code 46.01(2)*

2. A machine gun (any firearm that is capable of shooting more than two shots automatically, without manual reloading, by a single function of the trigger). *Penal Code 46.01(9)*

3. A short-barrel firearm (rifle with a barrel length of less than 16 inches or a shotgun with a barrel length of less than 18 inches, or any weapon made from a rifle or shotgun that, as altered, has an overall length of less than 26 inches). *Penal Code 46.01(10)*

4. A firearm silencer (any device designed, made, or adapted to muffle the report of a firearm). *Penal Code 46.01(4)*

5. A switchblade knife (any knife with a blade that folds, closes, or retracts into the handle or sheath and that opens automatically by pressing a button or other device on the handle, or opens or releases from the handle or shaft by the force of gravity or centrifugal force, but not a knife that has a spring, detent, or other mechanism designed to create a bias toward closure and that requires exertion applied to the blade by hand, wrist, or arm to overcome the bias toward closure and open the knife). *Penal Code 46.01(11)*

6. Knuckles (any instrument consisting of finger rings or guards made of a hard substance that is designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with a fist enclosed in the knuckles). *Penal Code 46.01(8)*

7. Armor-piercing ammunition (handgun ammunition that is designed primarily for the purpose of penetrating metal or body armor and to be used primarily in pistols and revolvers). *Penal Code 46.01(12)*

8. A chemical dispensing device (a device, other than a small chemical dispenser sold commercially for personal protection, that is designed, made, or adapted for the purpose of dispensing a chemical capable of causing an adverse psychological or physiological effect on a human being). *Penal Code 46.01(14)*

9. A zip gun (a device or combination of devices that was not originally a firearm and is adapted to expel a projectile

through a smooth-bore or rifled-bore barrel by using the energy generated by an explosion or burning substance). *Penal Code 46.01(16)*

10. A tire deflation device (a device, including a caltrop or spike strip, that, when driven over, impedes or stops the movement of a wheeled vehicle by puncturing one or more of the vehicle's tires; it does not include a traffic control device that is designed to puncture one or more of a vehicle's tires when driven over in a specific direction, and has a clearly visible sign posted in close proximity to the traffic control device that prohibits entry or warns motor vehicle operators of the traffic control device). *Penal Code 46.01(17)*

Penal Code 46.05(a)

ASSAULT PROHIBITED

Students are prohibited from assaulting anyone on school property or at any school-related event. *Education Code 37.006; Penal Code 22.01*

DEFINITIONS

Simple assault is defined as:

SIMPLE ASSAULT

1. Intentionally, knowingly, or recklessly causing bodily injury to another. *Education Code 37.006(a)(2)(B)*; *Penal Code 22.01(a)(1)*
2. Intentionally or knowingly threatening another with imminent bodily injury. *Penal Code 22.01(a)(2)*
3. Intentionally or knowingly causing physical contact with another when the person knows or should reasonably believe that the other will regard the contact as offensive or provocative. *Penal Code 22.01(a)(3)*

AGGRAVATED ASSAULT

Aggravated assault is defined as causing serious bodily injury to another or using or exhibiting a deadly weapon during commission of the assault. *Education Code 37.007(a)(2)(A); Penal Code 22.02(a)*

SEXUAL ASSAULT

Sexual assault is defined as intentionally or knowingly causing physical sexual contact or sexual penetration of another person without that person's consent. Sexual assault is without consent of the other person if the actor compels the other person to submit or participate by use of physical force or violence, or threat of force or violence, and the other person believes the actor has the present ability to execute the threat; or the other person cannot consent. *Education Code 37.007(a)(2)(A); Penal Code 22.011*

AGGRAVATED SEXUAL ASSAULT

Aggravated sexual assault is defined as sexual assault in which the actor:

1. Causes serious bodily injury or attempts to cause the death of the victim or another person in the course of the same criminal episode; or
2. By acts or words, places the victim in fear that any person will become the victim of an offense under Penal Code 20A.02(a)(3), (4), (7), or (8) (smuggling of persons) or that death, serious bodily injury, or kidnapping will be imminently inflicted on any person; or
3. By acts or words occurring in the presence of the victim, threatens to cause any person to become the victim of an offense under Penal Code 20A.02(a)(3), (4), (7), or (8) (smuggling of persons) or to cause death, serious bodily injury, or kidnapping; or

4. Uses or exhibits a deadly weapon in the course of the same criminal episode; or

5. Acts in concert with another, who commits a sexual assault directed toward the same victim and occurs during the same criminal episode; or

6. Assaults a victim who is younger than 14 years of age or is an elderly or a disabled individual.

Education Code 37.007(a)(2)(A); Penal Code 22.021

DISRUPTION OF LAWFUL ASSEMBLY

A person commits a Class B misdemeanor if the person, alone or in concert with others, intentionally engages in disruptive activity on the campus or property of any school in the District.

DEFINITION

"Disruptive activity" means:

1. Obstructing or restraining the passage of persons in an exit, entrance, or hallway of any building without the authorization of the administration of the school.

2. Seizing control of any building or portion of a building to interfere with any administrative, educational, research, or other authorized activity.

3. Preventing or attempting to prevent by force or violence or the threat of violence any lawful assembly authorized by the school administration so that a person attempting to participate in the assembly is unable to participate due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.

4. Disrupting by force or violence or the threat of force or violence a lawful assembly in progress.

5. Obstructing or restraining the passage of any person at an exit or entrance to the campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person to or from the property or campus without the authorization of the administration of the school.

FREE SPEECH

This provision shall not be construed to infringe upon any right of free speech or expression guaranteed by the constitutions of the United States or the state of Texas.

Education Code 37.123

DISRUPTION OF CLASSES

A person commits a Class C misdemeanor if the person, on school property or on public property within 500 feet of school property, alone or in concert with others, intentionally disrupts the conduct of classes or other school activities. It is an exception to the application of the offense that, at the time the person engaged in the prohibited conduct, the person was a student in the sixth grade or a lower grade level.

DEFINITIONS

"Disrupting the conduct of classes or other school activities" includes:

1. Emitting noise of an intensity that prevents or hinders classroom instruction.

2. Enticing or attempting to entice a student away from a class or other school activity that the student is required to attend.

3. Preventing or attempting to prevent a student from attending a class or other school activity that the student is required to attend.

4. Entering a classroom without the consent of either the principal or the teacher and, through either acts of misconduct or use of loud or profane language, disrupting class activities.

"School property" includes a public school campus or school grounds on which a public school is located, and any grounds or buildings used by a school for an assembly or other school-sponsored activity.

"Public property" includes a street, highway, alley, public park, or sidewalk.

Education Code 37.124

Annual Performance Report
2010 - 2011

The Denton ISD has participated in the Safe and Drug-Free Schools (SDFSC) Federal program since its inception. State funding and our local entitlement for the program ended in 2009 and the Office of Safe and Drug-Free Schools and it's programs were moved into a new **Office of Safe and Healthy Students** within the Office of Elementary and Secondary Education (OESE). This change was effective on September 26, 2011, and will provide new opportunities for staff from OESE and OSDFS to work together to improve school environments and support children's learning, health, and well-being. Denton ISD has continued its support of this effort. The program supervisor is Larry Mankoff who can be contacted by calling (940) 369-0595 or emailing him at lmankoff@dentonisd.org. This initiative continues to be called the DISD Safe and Drug-Free Schools and Communities) program.

The purpose of the Safe and Drug-Free Schools and Communities program is to foster a safe and drug-free learning environment that supports student academic achievement. Global and strategic program efforts target prevention and intervention concerns in and around all grade levels of DISD. Prevention efforts include the prevention of the illegal use of alcohol, tobacco, and other drugs as well as violence both in the home, neighborhood, and school community. Intervention efforts target both identified students who have struggled with these issues as well as trends seen in year-end assessments. It is the general premise of this effort to look at the global child and the impact on social and environmental issues that might interfere with the student's ability to be successful in the classroom.

It should also be noted that state legislation directs much of the activity for local programming. House bills 283, 121, and 1041 bullying, dating violence, and sexual abuse of children that are considered issues related to the Safe and Drug-Free Schools efforts and are supported throughout the Department of Counseling Services as directed by Melanie Lewis.

Policies and Procedures in response to student violence is supported both in local, legal (state), and within the Student Code of Conduct. The following policies are recounted in the Student Code of Conduct along with consequences for behaviors related to such acts.

FFI(LOCAL)	STUDENT WELFARE FREEDOM FROM BULLY ING (LOCAL)
FFH(LOCAL)	DATING VIOLENCE
FFH(LOCAL)	SEXUAL ABUSE
FNCI(LEGAL)	STUDENT CONDUCT: DISRUPTIONS

DISD addresses substance abuse, acts of violence, and other social-emotional distractions from the focus of education with the following strategies:

Elementary Campuses:
All campus counselors provide units on bullying and personal safety to students throughout the year in every grade level. Curriculum includes "We Help Ourselves (WHO), and "KoolKids" delivered in cooperation with the community agency, Friends of the Family. Additional "best practice" programs used throughout the elementary grade levels include "Steps to Respect", "Be Cool", and "Bully Busters". All of these programs address relationship aggression and skill building for bully prevention and violent behavior. We also require all instructional staff to integrate DAVE (Drug and Violence Education) lessons into their lesson plans a minimum of 2 times a semester.

Secondary Campuses:
Denton ISD currently employs Student Assistance Counselors on all secondary campuses. These counselors have specific training in a broad range of student concerns including developmental and psycho/social issues, substance abuse and violent behavior. At the middle schools, these counselors deliver the Project Alert curriculum to all 6th and 7th grade students. 8th grade students get booster lessons in drug and violence issues using materials outside of Project Alert (Botvin Life Skills, United Streaming, etc.). Supplemental "life skills" materials are provided in areas of bullying, relationship/dating violence, sexual abuse, social skill development, character education, and suicide prevention. The curriculum "Real Kids Getting Real" is also a part of the prevention effort in the middle schools. Individual, group, and crisis counseling is provided by both Student Assistance and School Counselors. Also through the nonprofit organization, Phoenix House, we have dedicated drug prevention/intervention counselors working with our students referred to the discipline alternative campus, the Davis School. This person acts as a liaison with our Student Assistance Counselors and works to transition students who are dealing with substance abuse problems back to their home campus.

DISD also has had a Student Resource Officer (SRO) program since 1989. Currently we have an SRO on all secondary campuses. The SROs work closely with the Student Assistance and Campus Counselors, campus staff, and administration with student, parent, and staff issues. They also provide an immediate law enforcement response to any criminal behavior with the campus community.

How are the activities evaluated?
Evaluation and effectiveness for this programming is measured through the DISD annual PEIMS report and the ChooseToCare Student Drug Use and Campus Safety Surveys. While some areas have seen slight movement in the '10 – '11 school year, there are some targets that allow for program focus in the ensuing school year. There are 32

questions to this survey. The following are a representative sample and contribute to our annual needs assessment for this program.

Drug use in my school is not a problem:

'07 - '08	31%
'08 - '09	41%
'09 – '10	39.99%
'10 – '11	40.99%

Drug use in my school has deeply affected me or someone I know:

'07 – '08	12.6%
'08 – '09	12.2%
'09 – '10	12.36%
'10 – '11	11.22%

What are the most popular drugs on your campus?

	Alcohol	Cigarettes	Marijuana
'07 – '08	14.3%	10.52%	24.9%
'08 – '09	12.47%	11.09%	22.3%
'09 – '10	11.48%	9.48%	25.87%
'10 – '11	11.18%	7.14%	28.18%

In general, do you feel safe from physical violence at school?

	Yes	**No**
'07 – '08	77.11%	22.89%
'08 – '09	79.97%	20.03%
'09 – '10	81.29%	18.71%
'10 – '11	81.61%	18.39%

In general, what grade would you give the safety of your school?

"A"	"B"	"C"	"F"

’07 – ’08	17.9%	50.33%	22.72%	3.52%
’08 – ’09	27.87%	48.39%	18.10%	1.97%
‘09 – ’10	26.39%	47.74%	19.16%	2.39%
’10 – ’11	26.52%	47.76%	19.18%	2.59%

Campus Improvement Plan
for
Blanton Elementary School

Denton Independent School District

Mission Statement

Denton Independent School District's Mission Statement

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with home and community, is to provide the best educational opportunities in a challenging yet supportive environment where individuals and cultural diversity are respected, so that our students become knowledgeable and responsible citizens, capable of life-long learning and demonstrate the necessary skills to contribute productively in a complex and ever-changing world.

Blanton Elementary School's Mission Statement

We at Blanton Elementary School, as compassionate professionals, will inspire and empower children to become safe, respectful and caring learners.

Board Goals

Denton Independent School District's Board Goals

I. Vision … In pursuit of excellence, the district will:

- cultivate a network of professional learning communities addressing the educational needs of every child in our district
- develop and maintain a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- develop academic skills and interpersonal relationships necessary for student success in college, the workplace and for life.
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs that promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster and support an advanced digital learning environment

III. Climate… In pursuit of excellence, the district will:

- celebrate, respect, and promote the value of diversity in our Denton ISD Community.
- encourage and nourish a safe learning and compassionate working environment which ensures open and transparent communication and is supportive, cooperative, and ethical.
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning
- motivate and prepare students to embrace their full responsibilities and obligations as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students
- work continuously with the community in planning and facility development
- utilize citizens' advisory committees to focus on short and long-term tasks
- provide support services and promote health, wellness and safety for students and families
- establish and promote programs to develop and enhance parenting skills and participation in the schools
- promote child advocacy across the state and nation

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, employ and retain teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area
- promote health and wellness in our workforce

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community
- be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- work continuously with our community to adjust and enhance district goals as appropriate
- demonstrate effective and efficient management of district resources
- provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements.

Blanton Elementary School Campus Improvement Plan

2011-12 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Blanton Elementary School conducted a comprehensive needs assessment for the 2011-12 school year. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Demographics:

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources:

- Enrollment
- Attendence
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Droupout and GED rates
- Course/Class Assignments
- College/University/Dual Credit/Advanced Placement Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. – Victoria Bernhardt

List the actual data sources reviewed below.

- E-School
- Attendance reports
- Staffing plans

See page 7 of the guide for probing questions related to demographics.

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Proactive with training (SIOP; ELPS)
- Teachers willing to get ESL Certified
- PLCs/RtI team
- LASSO/SALSA trained teachers

Needs

- Communication with non-English
- speaking parents
- Additional support of ELLs; numbers
- have doubled in past 2 years
- Focus on students denying Bilingual

Summary of Needs

- Support of ELLs, especially those qualifying for Bilingual but denying program
- Continue with ESL endorsements, goal 100%

Student Achievement

Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Potential Data Sources:

- State Assessment Data
- LEPAS and AMAO Results
- SAT/ACT/PSAT Results
- Advanced Course/Dual Enrollment Data
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State and AYP Data Tables
- Texas Success Initiative (TSI) Data
- Course/Class Grades
- Graduation, Completion, Droupout, and GED Rates; Diploma Types
- Promotion/Retention Rates
- Classroom and Program Assessments and Other Data
- Student Work

Data Sources Reviewed

We want to gather and analyze data that will help us understand the system that produces the results we are getting. We also want to move our district continuous improvement efforts from random acts of improvement to focused improvement that centers on our ultimate purpose: improving learning for all students. – Victoria Bernhardt

List the actual data sources reviewed below.

- TAKS
- TELPAS
- Course/Class Grades
- Student Work
- State and AYP Data Tables

See page 8 of the guide for probing questions related to Student Achievement

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- TAKS Standarization
- AWARE Program
- PLC Campus
- Care Team/RTI
- Spec. Ed. is good

Needs

- Continue focus on WIGS - low SES
- Growing numbers of ELL students
- STAAR information

Summary of Needs

- Data indicates that the school/district needs to remain focused on the at risk factors
- At risk includes ELL's and Eco Dis
- Provide targeted interventions as soon as possible
- Maintain PLC work through the RtI process

School Culture and Climate

School culture refers to the organization's values, beliefs, transitions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system

Potential Data Sources

- Surveys
- Questionnaires
- Focus Groups
- Interviews
- Feedback Data
- Classroom and School Walkthrough Data
- Parent Conferences, Meetings, etc.

Data Sources Reviewed

Culture is the underground stream of norms, values, beliefs, traditions, and rituals that build up over time as people work together, solve problems, and confront challenges. This set of informal expectations and values shapes how people think, feel, and act in schools. – Author unknown.

List the actual data sources reviewed below.

- Surveys
- Focus Groups
- Interviews
- Feedback data
- Classroom data
- Conferences
- Newsletters
- emails

See page 9 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Writing Screeners
- Common Assessments
- Pre-assessments
- student data folders
- Campus 'tights'
- Behavior Matrix
- PLC work
- Vertical Goal Team work
- Knight Time

Needs

- Additional math assessments/data
- change order of math scope & sequence
- Concentrate on writing common assess.

Summary of Needs

- Develop additional math assessment for data other than Kathy Richardson
- Concentrate on writing common assessments in all content areas
- Use pre-assessment information to individualize/differentitate

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns

Potential Data Sources

- Teacher Certification/Qualification Data
- Paraprofessional and Other Staff Qualifications
- Staff Effectiveness in Relation to Student Achievement
- PDAS and/or Other Staff Effectiveness Data
- Staff Mobility/Stability
- Special Programs Qualifications; e.g., Bilingual/ESL/, Special Education, etc.
- Professional Development Data
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED rates
- Course/Class Completions, Grades, and Other Data
- Recruitment and Retention Strategies and Other Data

Data Sources Reviewed

An empowered organization is one in which individuals have the knowledge, skill, desire, and opportunity to personally success in a way that leads to collective organizational success. –Stephen Covey

List the actual data sources reviewed below.

- SBEC
- Staffing Plans
- PRIDE
- CIP

See page 10 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- High teacher retention rate (90%)
- Increase in teacher certifications
- Graduate school; ESL certifications
- Campus Staff Development/Growth
- PLC commitments
- Collaboration for staff development
- Data Driven/CIP aligned

Needs

- Continue ESL endoresments due to
- growth in ELL students

Summary of Needs

- Growing ELL population - - need to have more teachers ESL per grade level

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence, Pacing Guides; and/or Other Focus Documents
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and processes
- Common benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. – Fenwick English

List the actual data sources reviewed below.

- Standards-based curriculum materials
- Scope and Sequence
- Technology
- Horizontal/vertical teams
- Student specifice/differentiated strategies
- Common assessments/benchmarks
- class/school schedules
- high yield strategies
- Plan/Do/Study/Act model

See page 11 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Benchmarks and data
- math manipulatives/reading resources
- Literacy Library
- Technology-smart boards
- PLC and staff support
- data and research driven school
-

Needs

- format and editing benchmarks
- enough manipulatives/textbooks for all
- 1 smart board per grade level
- indepth technology training for all tchrs
- Write from the Beginning training
- Continued use of K-5 writing rubrics
- More training in Daily 5/Café

Summary of Needs

- High quality benchmarks
- Technology Training for all teachers
- Manipulatives for all students
- Write from the Beginning Training
- Continue development of K-5 writing rubrics
- Daily 5/Café additional training

Family and Community Involvement

Family and Community Involvement refers to how these stakeholders and informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievements for all students

Potential Data Sources:

- Family and Community Participation Counts by Type of Activity
- Parent Volunteer Information
- Parent Activity Evaluations and Feedback
- Parent and Community Partnership Data
- Mobility/Stability
- Demographic Data
- Community Service Agencies and Support Services

Data Sources Reviewed

The family is changing, not disappearing. WE have to broaden our understanding of it, look for the new metaphors. – Mary Catherine Bateson

List the actual data sources reviewed below.

- PEIMS
- AEIS data
- Parent Surveys

See page 12 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Translator
- ESL teachers in all grade levels
- Flyers are translated

Needs

- Sources for translating emails
- Source for translating newsletters
-

Summary of Needs

- Growing population of ELLs - - method for translating information (newsletters, etc.)

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Potential Data Sources:

- School Structure or Make-Up, e.g., Teaming, Looping, etc
- Decision Making Processes
- Master Schedule
- Leadership: Formal and Informal
- Supervision Structure
- Support Structures: Mentor Teachers
- Duty Rosters
- Schedule for Student Support Services, e.g., Counseling, Social Work, Library, etc.
- School Map and Physical Environment
- Program Support services, e.g., Extracurricular Activities, After School Programs, etc.
- Communication: Formal and Informal

Data Sources Reviewed

Create the kind of climate in your organization where personal growth is expected, recognized and rewarded. – Author Unknown

List the actual data sources reviewed below.

- Common Assessments
- CCAP data
- Daily Progress Monitoring/St. data folders
- TAKS

See page 13 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Outside the box thinking
- departmentalization
- Grade level class study buddies
- Data collection
- Collaboration time (PLC)
- Quality Professional Development
- Co curriculur aligned lessons

Needs

- Consistent services for spec. ed. students

Summary of Needs

- Inclusion seems to look different each year
- Need continuum of services - - CM, Resource, Inclusion

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Potential Data Sources

- Technology Infrastructure, Networks, etc.
- Technology Hardware and Software
- Classroom Technology Needs by Area, Class, Department, etc.
- STaR Chart
- Professional Development/Teacher Preparation Needs in Technology
- Leadership and Administrative Support Structures for Technology Implementation
- Resource Allocations
- Technology Policies and Procedures
- Technology Plan
- Assessment of Technology Skills for Students, Staff and Other Stakeholders

Data Sources Reviewed

The traditional way we "do school" will change as students have more access to the worlds around them. If we are producing globally competitive students, we have to adopt to the world they will encounter. – Superintendent

List the actual data sources reviewed below.

- Technology Infrastructure, Networks
- Technology Hardware/software
- Star Chart
- Professional Development
- Technology Policies (AUP)

See page 14 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- PTA Support with Smart Boards
- Development of a Commun. Task Force
- Digital Projectors; document cameras
- Access to CPS units, flip videos, cameras
- Plenty of software

Needs

- Time set aside for implementation
- Technology standards added to Eduph.
- Laptops on Wheels
- Mountinig Smart Boards
- Student email accounts

Summary of Needs

- Time set aside to implement strategies learned in staff development
- Technology standards added to Eduphoria
- Finalize rubric for campus website standards

Comprehensive Needs Assessment Summary of Priority Needs
Blanton

Demographics:
Support of ELLs, especially those qualifying for Bilingual but denying program
Continue with ESL endorsements, goal 100%

Student Achievement:
Data indicates that the school/district needs to remain focused on the at risk factors
At risk includes ELL's and Eco Dis
Provide targeted interventions as soon as possible
Maintain PLC work through the RtI process

School Culture and Climate:
Develop additional math assessment for data other than Kathy Richardson
Concentrate on writing common assessments in all content areas
Use pre-assessment information to individualize/differentitate

Teacher Quality:
Growing ELL population - - need to have more teachers ESL per grade level

Curriculum, Instruction and Assessment:
High quality benchmarks
Technology Training for all teachers
Manipulatives for all students
Write from the Beginning Training
Continue development of K-5 writing rubrics
Daily 5/Café additional training

Family and Community Involvement:

Finalize rubric for campus website standards

Board Summary
Campus Improvement Plans
2011-12

Blanton Elementary School

Wildy Important Goals for 2011-12
WIG 1: Increase the use of authentic formative assessments to guide daily instruction from 1 assessment for each content area per semester to 1 assessment for each content area per six week period as evidenced by grade level artifacts through May, 2012.
WIG 2: Collaborate in Professional Learning Communities to foster a safe environment that inspires collaboration and fosters a sense of caring and belonging by increasing the number of responses at level 3 or 4 from 97.8% in August 2011 to 99% in May 2012 on the Staff Self Esteem Survey.
WIG 3: Collaborate in Professional Learning Communities to increase the use of technology tools and strategies that: 1) Routinely engage students in authentic learning as seen through weekly lesson plans 2) Increase quality home/school communication through the implementation of teachers' websites by moving from 60% to 100% that are valued at a level 2 or above on the Blanton Rubric by May, 2012.

Campus Improvement Plan
Blanton Elementary School

WIG 1

Increase the use of authentic formative assessments to guide daily instruction from 1 assessment for each content area per semester to 1 assessment for each content area per six week period as evidenced by grade level artifacts through May, 2012.

Borman Elementary School

Denton Independent School District

Mission Statement

Denton Independent School District's Mission Statement

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with home and community, is to provide the best educational opportunities in a challenging yet supportive environment where individuals and cultural diversity are respected, so that our students become knowledgeable and responsible citizens, capable of life-long learning and demonstrate the necessary skills to contribute productively in a complex and ever-changing world.

Borman Elementary School's Mission Statement

At Borman Elementary, we make it evident that learning for ALL is our core purpose to ensure future success.

Board Goals

Denton Independent School District's Board Goals

I. Vision … In pursuit of excellence, the district will:

- cultivate a network of professional learning communities addressing the educational needs of every child in our district
- develop and maintain a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- develop academic skills and interpersonal relationships necessary for student success in college, the workplace and for life.
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs that promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster and support an advanced digital learning environment

III. Climate… In pursuit of excellence, the district will:

- celebrate, respect, and promote the value of diversity in our Denton ISD Community.
- encourage and nourish a safe learning and compassionate working environment which ensures open and transparent communication and is supportive, cooperative, and ethical.
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning
- motivate and prepare students to embrace their full responsibilities and obligations as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students
- work continuously with the community in planning and facility development
- utilize citizens' advisory committees to focus on short and long-term tasks
- provide support services and promote health, wellness and safety for students and families
- establish and promote programs to develop and enhance parenting skills and participation in the schools
- promote child advocacy across the state and nation

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, employ and retain teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area
- promote health and wellness in our workforce

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community
- be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- work continuously with our community to adjust and enhance district goals as appropriate
- demonstrate effective and efficient management of district resources
- provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements.

Borman Elementary School Campus Improvement Plan

2011-12 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Borman Elementary School conducted a comprehensive needs assessment for the 2011-12 school year. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Demographics:

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources:

- Enrollment
- Attendence
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Droupout and GED rates
- Course/Class Assignments
- College/University/Dual Credit/Advanced Placement Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. – Victoria Bernhardt

List the actual data sources reviewed below.

- AEIS Indicators
- Denton ISD Website
- NCLB report
- Attendance Report
- Teacher Absence Report
- Class Rosters

See page 7 of the guide for probing questions related to demographics.

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Good teacher-student ratios
- good representation of all groups in EXPO
- low enrollment

Needs

- increase enrollment

Summary of Needs

- Demographics Need 1
- Need 2
- Need 3

Student Achievement

Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Potential Data Sources:

- State Assessment Data
- LEPAS and AMAO Results
- SAT/ACT/PSAT Results
- Advanced Course/Dual Enrollment Data
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State and AYP Data Tables
- Texas Success Initiative (TSI) Data
- Course/Class Grades
- Graduation, Completion, Droupout, and GED Rates; Diploma Types
- Promotion/Retention Rates
- Classroom and Program Assessments and Other Data
- Student Work

Data Sources Reviewed

We want to gather and analyze data that will help us understand the system that produces the results we are getting. We also want to move our district continuous improvement efforts from random acts of improvement to focused improvement that centers on our ultimate purpose: improving learning for all students. – Victoria Bernhardt

List the actual data sources reviewed below.

- AWARE
- TELPAS reports
- TAKS tests
- District/Campus Assessments
- Report Cards
- ELI/SELI reports
- Retention Lists

See page 8 of the guide for probing questions related to Student Achievement

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Team Data analysis are pre-scheduled
- Intervention groups
- Positive learning environment
- Implementation and alignment of TEKS

Needs

- Training on lesson design
- Teacher training on Common Assessments
- Critical thinking skills training
- commended rate targets for high performers

Summary of Needs

- Borman needs to continue to work on common assessments to improve our commended rate for students in all subjects. We will do this through lesson design training to build in some rigor in our instruction.

School Culture and Climate

School culture refers to the organization's values, beliefs, transitions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system

Potential Data Sources

- Surveys
- Questionnaires
- Focus Groups
- Interviews
- Feedback Data
- Classroom and School Walkthrough Data
- Parent Conferences, Meetings, etc.

Data Sources Reviewed

Culture is the underground stream of norms, values, beliefs, traditions, and rituals that build up over time as people work together, solve problems, and confront challenges. This set of informal expectations and values shapes how people think, feel, and act in schools. – Author unknown.

List the actual data sources reviewed below.

- Walkthroughs
- Parent survey
- Teacher Survey
- CLT feedback-minutes
- Student discipline referrals
- Personnel files

See page 9 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Overall positive learning environment
- Good discipline support from office
- Effective mentoring programs for students
- Many performances and community involvment activities

Needs

- Vison needs to be re-established
- Teacher mentoring program

Summary of Needs

- A teacher mentoring program that provides consistnecy and aligned focus. The focus should be on isntruction and classroom management.

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns

Potential Data Sources

- Teacher Certification/Qualification Data
- Paraprofessional and Other Staff Qualifications
- Staff Effectiveness in Relation to Student Achievement
- PDAS and/or Other Staff Effectiveness Data
- Staff Mobility/Stability
- Special Programs Qualifications; e.g., Bilingual/ESL/, Special Education, etc.
- Professional Development Data
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED rates
- Course/Class Completions, Grades, and Other Data
- Recruitment and Retention Strategies and Other Data

Data Sources Reviewed

An empowered organization is one in which individuals have the knowledge, skill, desire, and opportunity to personally success in a way that leads to collective organizational success. –Stephen Covey

List the actual data sources reviewed below.

- NCLB Report
- PLC documentation
- Data Days minutes and spreadsheets
- Mentor-mentee schedules
- Benchmarks Assessments

See page 10 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Teacher's knowledge of data
- Interventions based on data
- School-wide positive environment
- Implementation and alignment of TEKS

Needs

- Common assessments training
- Lesson design training
- critical thinking skills training
- commended rate targets for high achievers

Summary of Needs

- Teachers need training on lesson design and delivery that is targeted on specific TEKS.
- High achieving students needs need to be assessed and targeted.

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence, Pacing Guides; and/or Other Focus Documents
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and processes
- Common benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. – Fenwick English

List the actual data sources reviewed below.

- Benchmark spreadheets
- Scope and sequence
- Classworks
- Delivery and design (walkthroughs)

See page 11 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Pre-scheduled data analysis days
- Interventions plannes based on data
- positive school climate
- Implementation and alignement of TEKS

Needs

- Classwork schedules need to be improved
- After school tutoring needs to be intentional
- Rigor needs to added to instruction
- Student mentors need training

Summary of Needs

- Rigor needs to improved to raise the commended rate at Borman.

Family and Community Involvement

Family and Community Involvement refers to how these stakeholders and informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievements for all students

Potential Data Sources:

- Family and Community Participation Counts by Type of Activity
- Parent Volunteer Information
- Parent Activity Evaluations and Feedback
- Parent and Community Partnership Data
- Mobility/Stability
- Demographic Data
- Community Service Agencies and Support Services

Data Sources Reviewed

The family is changing, not disappearing. WE have to broaden our understanding of it, look for the new metaphors. – Mary Catherine Bateson

List the actual data sources reviewed below.

- CIS report
- Parent Survey
- Parent Attendance at school functions
- Demographic data
- Parent Volunteer hours
- Mentor hours

See page 12 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Family Literacy Night
- Family Math Night
- Family Science Night
- Black History Program
- Cinco de Mayo Program
- Spring Carnival
- Large Mentor Program
- UNT After school program
- Robson Ranch volunteers

Needs

- more parents involved in decision-making

Summary of Needs

- Borman needs more parent participation in school activities.

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Potential Data Sources:

- School Structure or Make-Up, e.g., Teaming, Looping, etc
- Decision Making Processes
- Master Schedule
- Leadership: Formal and Informal
- Supervision Structure
- Support Structures: Mentor Teachers
- Duty Rosters
- Schedule for Student Support Services, e.g., Counseling, Social Work, Library, etc.
- School Map and Physical Environment
- Program Support services, e.g., Extracurricular Activities, After School Programs, etc.
- Communication: Formal and Informal

Data Sources Reviewed

Create the kind of climate in your organization where personal growth is expected, recognized and rewarded. – Author Unknown

List the actual data sources reviewed below.

- Teacher interviews (formal and informal)
- Parent interviews
- Parent surveys
- Master schedule
- Data days minutes
- Intervention action plans

See page 13 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Intervention time is daily
- CLT membership
- Bilingual Dept. is supportive
- Positive school environment

Needs

- Intervention time needs to be tweaked

Summary of Needs

- Intervention times need to be more consistent,both during and afteschool.

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Potential Data Sources

- Technology Infrastructure, Networks, etc.
- Technology Hardware and Software
- Classroom Technology Needs by Area, Class, Department, etc.
- STaR Chart
- Professional Development/Teacher Preparation Needs in Technology
- Leadership and Administrative Support Structures for Technology Implementation
- Resource Allocations
- Technology Policies and Procedures
- Technology Plan
- Assessment of Technology Skills for Students, Staff and Other Stakeholders

Data Sources Reviewed

The traditional way we "do school" will change as students have more access to the worlds around them. If we are producing globally competitive students, we have to adopt to the world they will encounter. – Superintendent

List the actual data sources reviewed below.

- Classroom technology needs form
- Professional development surveys
- Resource allocation forms
- Technology Policies and Procedures Campus Handbook

See page 14 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Training avaialble to teachers
- Integration across curriculum
- Computer Lab scheduling options for teachers
-

Needs

- Technology Survey for teachers
- Technology training for parents
- Labs availabitiy for parents
- A way to determine proficiency of students

Summary of Needs

- Teacher survey feelings and needs about the technology that is avaialble to them and a way to measure the proficiency of both teacher and students.

Denton ISD

Mission Statement

Denton ISD's Mission Statement

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with home and community, is to provide the best educational opportunities in a challenging yet supportive environment where individuals and cultural diversity are respected, so that our students become knowledgeable and responsible citizens, capable of life-long learning and demonstrate the necessary skills to contribute productively in a complex and ever-changing world.

Cross Oaks Elementary's Mission Statement

We empower individuals to learn and grow.

Board Goals

Denton ISD's Board Goals

I. Vision … In pursuit of excellence, the district will:

- cultivate a network of professional learning communities addressing the educational needs of every child in our district
- develop and maintain a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- develop academic skills and interpersonal relationships necessary for student success in college, the workplace and for life.
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs that promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster and support an advanced digital learning environment

III. Climate… In pursuit of excellence, the district will:

- celebrate, respect, and promote the value of diversity in our Denton ISD Community.
- encourage and nourish a safe learning and compassionate working environment which ensures open and transparent communication and is supportive, cooperative, and ethical.
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning
- motivate and prepare students to embrace their full responsibilities and obligations as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students
- work continuously with the community in planning and facility development
- utilize citizens' advisory committees to focus on short and long-term tasks
- provide support services and promote health, wellness and safety for students and families
- establish and promote programs to develop and enhance parenting skills and participation in the schools
- promote child advocacy across the state and nation

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, employ and retain teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area
- promote health and wellness in our workforce

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community
- be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- work continuously with our community to adjust and enhance district goals as appropriate
- demonstrate effective and efficient management of district resources
- provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements.

Cross Oaks Elementary Campus Improvement Plan

2011-12 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Cross Oaks Elementary conducted a comprehensive needs assessment for the 2011-12 school year. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Demographics:

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources:

- Enrollment
- Attendence
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Droupout and GED rates
- Course/Class Assignments
- College/University/Dual Credit/Advanced Placement Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. – Victoria Bernhardt

List the actual data sources reviewed below.

- AWARE

See page 7 of the guide for probing questions related to demographics.

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Special education referral process is functioning well
-

Needs

- High proportion of Hispanic males in special education.
- Staff demographic does not mirror student demographic

Summary of Needs

- Examine staffing procedures to attempt to diversify the staff.
- Review RtI process in regards to interventions and procedures.

Student Achievement

Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Potential Data Sources:

- State Assessment Data
- LEPAS and AMAO Results
- SAT/ACT/PSAT Results
- Advanced Course/Dual Enrollment Data
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State and AYP Data Tables
- Texas Success Initiative (TSI) Data
- Course/Class Grades
- Graduation, Completion, Droupout, and GED Rates; Diploma Types
- Promotion/Retention Rates
- Classroom and Program Assessments and Other Data
- Student Work

Data Sources Reviewed

We want to gather and analyze data that will help us understand the system that produces the results we are getting. We also want to move our district continuous improvement efforts from random acts of improvement to focused improvement that centers on our ultimate purpose: improving learning for all students. – Victoria Bernhardt

List the actual data sources reviewed below.

- Staff survey
- Kathy Richardson assessment data
- ELI data
- TAKS Return 2011
- Denton ISD benchmark data

See page 8 of the guide for probing questions related to Student Achievement

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Staff has time and ability to disaggregate data (AWARE)
- Intervention groups organized based on data
- 100% ESL/LEP students passed Math TAKS
- Most areas of TAKS accountability in exemplary range.

Needs

- Kathy Richardson results not available in AWARE
- Primary grade teachers sometimes focus only on whole group numbers
- Low commended rate among all groups in Writing TAKS
- Low passing rate among all subgroups in Science TAKS
- 64% ESL/LEP students passed Reading TAKS
- Low ELI passing rates for incoming 3rd graders in all subgroups
- 62% of surveyed staff stated some students are not benefiting from intervention

Summary of Needs

- Examine reading intervention at grades K-2.
- Increase awareness at all grade levels of campus subgroups and their impact.
- Insure all grade levels are consistent and diligent regarding intervention time.
- Examine Tier 1 interventions across all grade levels.
- Re-assess math intervention across all grade levels.

School Culture and Climate

School culture refers to the organization's values, beliefs, transitions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system

Potential Data Sources

- Surveys
- Questionnaires
- Focus Groups
- Interviews
- Feedback Data
- Classroom and School Walkthrough Data
- Parent Conferences, Meetings, etc.

Data Sources Reviewed

Culture is the underground stream of norms, values, beliefs, traditions, and rituals that build up over time as people work together, solve problems, and confront challenges. This set of informal expectations and values shapes how people think, feel, and act in schools. – Author unknown.

List the actual data sources reviewed below.

- Staff survey
- Student survey
- Teacher interviews
- Student interviews
- Discipline referrals

See page 9 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- 90% of students and 100% of staff had neutral or positive attitudes towards Cross Oaks
- Staff are happy to be here
- Physical agression referrals decline with age
- 93% of students and 100% of staff feel safe most of the time
-

Needs

- 10% of students had poor attitudes towards Cross Oaks
- 12% of students did not feel comfortable asking their teacher for help
- Most referrals stem from transitional time
- Concerns about bullying are present
- Link between student conferences and RtI

Summary of Needs

- Develop a means of monitoring correlation between overall climate and bullying.
- Develop a campus wide behavior management system to provide organizational consistency.
- Examine ways to connect and support students to foster a sense of belonging.

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns

Potential Data Sources

- Teacher Certification/Qualification Data
- Paraprofessional and Other Staff Qualifications
- Staff Effectiveness in Relation to Student Achievement
- PDAS and/or Other Staff Effectiveness Data
- Staff Mobility/Stability
- Special Programs Qualifications; e.g., Bilingual/ESL/, Special Education, etc.
- Professional Development Data
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED rates
- Course/Class Completions, Grades, and Other Data
- Recruitment and Retention Strategies and Other Data

Data Sources Reviewed

An empowered organization is one in which individuals have the knowledge, skill, desire, and opportunity to personally success in a way that leads to collective organizational success. –Stephen Covey

List the actual data sources reviewed below.

- Staff survey
- Absence from duty forms

See page 10 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Effective feedback on job performance
- Variety of staff development
-

Needs

- Follow-up on professional development
- Focused goal for the variety of staff development (cohesion)
- High staff absence rate (12.87%)

Summary of Needs

- Examine cohesion of professional development attended by staff.
- Gauge whether staff development was based on student need or compliance (district/state mandates).
- Examine ways to increase staff attendance.

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence, Pacing Guides; and/or Other Focus Documents
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and processes
- Common benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. – Fenwick English

List the actual data sources reviewed below.

- Intervention groupings
- Grade level common assessments
- Grade level common assessment data
- PLC agendas
- PLC notes
- RtI documents
- Subpopulation grouping lists
- Subpopulation benchmark data
- Unpacking the TEKS documents
- Inclusion notes

See page 11 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Student data used to guide instruction and intervention
- Common assessment used to collect student data
- Benchmark data is disaggregated and used to guide intervention
- TEKS based district scope and sequence is followed
- Grade levels working to indentify essential math TEKS
- Instructional and intervention strategies are adjusted to meet student needs

Needs

- Common and consistent methods for collecting student learning data
- Common and consistent methods for collecting student intervention data
- Method of tracking intervention effectiveness over time and across multiple interventions
- Additional RtI training for staff and refining of procedures/expectations
- Common assessment often do not provide data which can easily guide instruction and intervention
- Vertical alignment component to help refine expectations for teaching essential TEKS
- Training on student data collection strategies and instruments

Summary of Needs

- Examine RtI expectations, processes, and interventions.
- Examine ways to develop consistent, common methods for collecting student data on student learning and interventions.
- Explore professional development opportunities in the area of common assessments.
- Plan implementation of curricular vertical teams.

Family and Community Involvement

Family and Community Involvement refers to how these stakeholders and informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievements for all students

Potential Data Sources:

- Family and Community Participation Counts by Type of Activity
- Parent Volunteer Information
- Parent Activity Evaluations and Feedback
- Parent and Community Partnership Data
- Mobility/Stability
- Demographic Data
- Community Service Agencies and Support Services

Data Sources Reviewed

The family is changing, not disappearing. WE have to broaden our understanding of it, look for the new metaphors. – Mary Catherine Bateson

List the actual data sources reviewed below.

- Volunteer records
- Parent and community survey
- Community partnership data

See page 12 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- High percentage of grandparent and male volunteers
- Variety of afterschool activities
- School uses multiple means of communication
- PTA is supported and included in campus decision making process

Needs

- Effective school to home communication
- Programs to increase parent/community involvement
- Utilize and maximize current programs available
- Promotion of group specific programs/clubs

Summary of Needs

- Look for ways to increase volunteer support with a goal of increasing enrichment opportunities for students.
- Examine ways to improve campus/PTA online presence.
- Examine current avenues of communication distribution
- Examine ways to cultivate relationships with local businesses.

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Potential Data Sources:

- School Structure or Make-Up, e.g., Teaming, Looping, etc
- Decision Making Processes
- Master Schedule
- Leadership: Formal and Informal
- Supervision Structure
- Support Structures: Mentor Teachers
- Duty Rosters
- Schedule for Student Support Services, e.g., Counseling, Social Work, Library, etc.
- School Map and Physical Environment
- Program Support services, e.g., Extracurricular Activities, After School Programs, etc.
- Communication: Formal and Informal

Data Sources Reviewed

Create the kind of climate in your organization where personal growth is expected, recognized and rewarded. – Author Unknown

List the actual data sources reviewed below.

- Parent/community survey
- Staff survey
- Informal staff conversations
- Informal parent conversations
- District curriculum assessments

See page 13 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- PLC planning time
- WISE Time intervention
- Staff quality
- Parents with consistent school involvement have positive perception of the school
- Staff inclusion in policy development

Needs

- Unclear channels to report concerns
- Increase parent/community involvement

Summary of Needs

- Define a structured channel for staff to report concerns.
- Examine ways to improve parent/community perceptions regarding their value in identifying campus problems and solutions.

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Potential Data Sources

- Technology Infrastructure, Networks, etc.
- Technology Hardware and Software
- Classroom Technology Needs by Area, Class, Department, etc.
- STaR Chart
- Professional Development/Teacher Preparation Needs in Technology
- Leadership and Administrative Support Structures for Technology Implementation
- Resource Allocations
- Technology Policies and Procedures
- Technology Plan
- Assessment of Technology Skills for Students, Staff and Other Stakeholders

Data Sources Reviewed

The traditional way we "do school" will change as students have more access to the worlds around them. If we are producing globally competitive students, we have to adopt to the world they will encounter. – Superintendent

List the actual data sources reviewed below.

- Staff survey
- STaR chart
- Campus technology inventory
- Computer lab calendar
-
-
-
-

See page 14 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Teacher confidence
- Availability of technology
- Language arts/technology integration
-

Needs

- Expectations for technology use are uncertain
- Lack of integration of technology into the subjects of math and science
- Communication between campus and district technology department is difficult
- Student and parent access to technology is limited

Summary of Needs

- Develop clear expectations for technology use on campus.
- Examine professional development focusing on the integration of technology into math and science.
- Create a clear line of communication with the technology department.
- Examine ways to increase availability of technology to students and parents (i.e. opening up the computer labs one night a week).

Comprehensive Needs Assessment Summary of Priority Needs
Cross Oaks Elementary

Demographics:
Examine staffing procedures to attempt to diversify the staff.
Review RtI process in regards to interventions and procedures.

School Culture and Climate:
Develop a means of monitoring correlation between overall climate and bullying.
Develop a campus wide behavior management system to provide organizational consistency.
Examine ways to connect and support students to foster a sense of belonging.

Curriculum, Instruction and Assessment:
Examine RtI expectations, processes, and interventions.
Examine ways to develop consistent, common methods for collecting student data on student learning and interventions.
Explore professional development opportunities in the area of common assessments.
Plan implementation of curricular vertical teams.

School Content and Organization:
Define a structured channel for staff to report concerns.
Examine ways to improve parent/community perceptions regarding their value in identifying campus problems and solutions.

Student Achievement:
Examine reading intervention at grades K-2.
Increase awareness at all grade levels of campus subgroups and their impact.
Insure all grade levels are consistent and diligent regarding intervention time.
Examine Tier 1 interventions across all grade levels.
Re-assess math intervention across all grade levels.

Teacher Quality:
Examine cohesion of professional development attended by staff.
Gauge whether staff development was based on student need or compliance (district/state mandates).
Examine ways to increase staff attendance.

Family and Community Involvement:
Look for ways to increase volunteer support with a goal of increasing enrichment opportunities for students.
Examine ways to improve campus/PTA online presence.
Examine current avenues of communication distribution
Examine ways to cultivate relationships with local businesses.

Technology:
Develop clear expectations for technology use on campus.
Examine professional development focusing on the integration of technology into math and science.
Create a clear line of communication with the technology department.
Examine ways to increase availability of technology to students and parents (i.e. opening up the computer labs one night a week).

Board Summary
Campus Improvement Plans
2011-12

Cross Oaks Elementary

Wildy Important Goals for 2011-12
WIG 1: 100% of grade levels will utilize math common assessments by the September 16, 2011. Grade level common assessments will continue on at least a monthly basis through May, 2012.
WIG 2: Improve school to parent/community relationship by communicating information with 100% consistency across grade levels by January, 2012.

Campus Improvement Plan
Cross Oaks Elementary

WIG 1

100% of grade levels will utilize math common assessments by the September 16, 2011. Grade level common assessments will continue on at least a monthly basis through May, 2012.

Denton Independent School District

School Counseling Compliance

WIG 1 – Ideal State (Goal):
Each Campus employing a full time Counselor must implement a comprehensive school guidance and counseling program in compliance with SB 518 and Board Policy FFEA Legal and FFE Legal; EJ Legal and Local; EHBK

Lead (Action Steps)	Resources	Fund Source		FTE	Evidence of Implementation	Evidence of Impact	Title I Components	
		Title I, A	SCE				SW	TA
1. All School Counselors assume responsibilities for working with school faculty, staff, administrators, students, parents and community to plan, implement and evaluate a campus developmental guidance and counseling program including the 4 components: Guidance; Responsive Services; Individual Planning; System Support. The Guidance Plan must: • Address special needs of student at risk of dropping out, becoming substance abusers, participating in gang activities or committing suicide; • Include parent consultation and referrals as appropriate; • Involve consultation with staff, parents, and community to support student success; and coordinate people and resources; • Interpret and use assessment data to help students make educational and career plans • Include counselor led guidance or consultation to teachers who may provide guidance activities **Person(s) Responsible:** School Counselors initiate and collaborate with those listed above. Principal supports the development and implementation of the comprehensive, developmental school counseling model.	Counseling Program Development Guide available online at TEA website, Curriculum Section at http://www.tea.state.tx.us/index2.aspx?id=4207 Additional resources available from ASCA including School Counselor Competencies http://www.schoolcounselor.org/files/SCCompetencies.pdf and National Model information at http://ascanationalmodel.org/ including ASCA Audit form O Drive Counseling Services Folder: Forms include -- Vanderbilt Scales for screening -- At Risk Assessment -- Parent notification of At-Risk status (English and Spanish) -- and Other forms Eduphoria/Aware contains RTI, 504, PGP forms Counselor annual needs assessment should include review of Campus data for trends in State Testing Programs, AEIS reports, Campus Accountability Reports, enrollment data, student attendance and discipline; Special Ed; BL/ESL; 504 lists; and E-School Plus at risk lists. Counselor Accountability Project should target specific groups of students to receive planned series of counseling services strategically designed to improve the student's ability to be successful in the school setting. Denton ISD Office of Counseling Services is available to support campus implementation and evaluation.	[ ]	[ ]		• Counseling Needs Assessment conducted at the end or beginning of each school year; • Long Range (3 to 5) year annual guidance program plan developed (based on campus improvement goals and counseling needs assessment) and evaluated annually to drive campus annual plan. • Oct.1--annual plan for campus guidance program submitted to director of counseling; • Counselor Assignment sheet signed by principal and counselor • Oct.1--Counselor Accountability Project submitted to Director of Counseling after consultation with campus administration; • January--Mid-year review of counselor project and plan;	On Site visits by central office staff. Counselor participation in regularly scheduled Counselor meetings and staff development training. Data analysis: • Summary Logs showing movement toward targets in the four components of counseling program • Reduction in office referrals • Improved School Climate improvement as measured in annual needs assessments • Improved attendance • Reduction of drop out rates and increasein promotion & graduation rates • Increased education of staff and parents regarding at risk factors (abuse, bullying, drugs &	[ ] CNA [ ] RS [ ] IHQ [ ] OPD [ ] AHQ [ ] PI [ ] T [ ] A [ ] AA [ ] C	[ ] RMS [ ] P [ ] SBR [ ] C [ ] IHQ [ ] PD [ ] PI [ ] PCI

Campus Improvement Plan
for
Evers Park Elementary School

Denton Independent School District

Mission Statement

Denton Independent School District's Mission Statement

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with home and community, is to provide the best educational opportunities in a challenging yet supportive environment where individuals and cultural diversity are respected, so that our students become knowledgeable and responsible citizens, capable of life-long learning and demonstrate the necessary skills to contribute productively in a complex and ever-changing world.

Evers Park Elementary School's Mission Statement

The mission of Evers Park Elementary is to serve our children in a safe and nurturing environment that fosters life-long learning. All members of our school community will work collaboratively to ensure success for all students.

To accomplish our mission we will become a school that:

- · Unites to achieve a common purpose and clear goals
- · Works collaboratively to ensure student success
- · Engages in ongoing professional conversation
- · Shows a personal commitment to student achievement
- · Celebrates our student and staff successes

To accomplish our vision we commit to the following practices:

- · We will mentor and support each other in our professional learning
- · We will have a positive attitude and have fun
- · We will base decisions on student needs
- · We will engage in student focused communication that is open, honest, and respectful
- · We will promote our children, staff, and school throughout the community

Board Goals

Denton Independent School District's Board Goals

I. Vision … In pursuit of excellence, the district will:

- cultivate a network of professional learning communities addressing the educational needs of every child in our district
- develop and maintain a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- develop academic skills and interpersonal relationships necessary for student success in college, the workplace and for life.
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs that promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster and support an advanced digital learning environment

III. Climate… In pursuit of excellence, the district will:

- celebrate, respect, and promote the value of diversity in our Denton ISD Community.
- encourage and nourish a safe learning and compassionate working environment which ensures open and transparent communication and is supportive, cooperative, and ethical.
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning
- motivate and prepare students to embrace their full responsibilities and obligations as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students
- work continuously with the community in planning and facility development
- utilize citizens' advisory committees to focus on short and long-term tasks
- provide support services and promote health, wellness and safety for students and families
- establish and promote programs to develop and enhance parenting skills and participation in the schools
- promote child advocacy across the state and nation

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, employ and retain teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area
- promote health and wellness in our workforce

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community
- be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- work continuously with our community to adjust and enhance district goals as appropriate
- demonstrate effective and efficient management of district resources
- provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements.

Evers Park Elementary School Campus Improvement Plan

2011-12 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Evers Park Elementary School conducted a comprehensive needs assessment for the 2011-12 school year. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Demographics:

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources:

- Enrollment
- Attendence
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Droupout and GED rates
- Course/Class Assignments
- College/University/Dual Credit/Advanced Placement Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. – Victoria Bernhardt

List the actual data sources reviewed below.

- eSchool
- AEIS
- LEP Report
- SpEd Records
- Communities In School
- Teacher response

See page 7 of the guide for probing questions related to demographics.

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths	Needs
• Most SpEd referrals were "good" referrals • Many at risk students receive additional support through CIS program	• SpEd students are high need students • Af. American & Low SES seem higher risk • Understanding of RTI documentation

Summary of Needs

- Determine best way to serve high need SpEd students (Inclusion & Special Program)
- Strategies to work with Af. American & Low SES

Student Achievement

Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Potential Data Sources:

- State Assessment Data
- LEPAS and AMAO Results
- SAT/ACT/PSAT Results
- Advanced Course/Dual Enrollment Data
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State and AYP Data Tables
- Texas Success Initiative (TSI) Data
- Course/Class Grades
- Graduation, Completion, Droupout, and GED Rates; Diploma Types
- Promotion/Retention Rates
- Classroom and Program Assessments and Other Data
- Student Work

Data Sources Reviewed

We want to gather and analyze data that will help us understand the system that produces the results we are getting. We also want to move our district continuous improvement efforts from random acts of improvement to focused improvement that centers on our ultimate purpose: improving learning for all students. – Victoria Bernhardt

List the actual data sources reviewed below.

- ELI / SELI
- Kathy Richardson Assessment
- TAKS
- AWARE
- Grade Level Common Assessments

See page 8 of the guide for probing questions related to Student Achievement

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Passing Rate in 4th grade Writing TAKS
- Initial work this year in creating common assessments by grade levels
- Pattern of improvement in TAKS scores during last few years.
- Kindergarten team met Kathy Richardson goals.

Needs

- Increase in Commended rates and "4" writing samples on state assessment
- Af. American - Math has been consistently a low point (TAKS & benchmarks)
- Bilingual student TAKS language decision making does not make sense. (Rdg in English but math in Spanish)

Summary of Needs

- Find options for math intervention for at risk students (similar to Rd. Recovery, STAR, Dyslexia)
- Campus learning for developing high rigor common assessments

School Culture and Climate

School culture refers to the organization's values, beliefs, transitions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system

Potential Data Sources

- Surveys
- Questionnaires
- Focus Groups
- Interviews
- Feedback Data
- Classroom and School Walkthrough Data
- Parent Conferences, Meetings, etc.

Data Sources Reviewed

Culture is the underground stream of norms, values, beliefs, traditions, and rituals that build up over time as people work together, solve problems, and confront challenges. This set of informal expectations and values shapes how people think, feel, and act in schools. – Author unknown.

List the actual data sources reviewed below.

- Parent Feedback
- Teacher Feedback
- Learning Walk Data
- Discipline Referrals
- PLC Meeting Agendas / Products

See page 9 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Use of Prime Time helped teams in addressing all students as "their students"
- Campus developed new mission, vision and values that were revisited during year
- Parent comments stating they love Evers and are happy with their child's learning.
- PTA provides support to campus (students & staff)
- Significant growth in developing PLC mindset and practice
- Consistency in campus administration

Needs

- Physical environment of building has an "old" and "dingy" feel / embarrased by building / feels "second hand"
- Some parent comments that teachers lack respect when speaking to students/parents
- PTA relies heavily on small group of involved parents. Need larger participation
- Discipline referrals indicate some incidents of bullying
- Wide range of classroom management practices and discipline expectations from class to class.
- Consistency in campus administration

Summary of Needs

- Common vocabulary & understanding of behavioral expectations throughout building
- Bullying concerns addressed
- Improvement of physical building (cleanliness & maintenance)

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns

Potential Data Sources

- Teacher Certification/Qualification Data
- Paraprofessional and Other Staff Qualifications
- Staff Effectiveness in Relation to Student Achievement
- PDAS and/or Other Staff Effectiveness Data
- Staff Mobility/Stability
- Special Programs Qualifications; e.g., Bilingual/ESL/, Special Education, etc.
- Professional Development Data
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED rates
- Course/Class Completions, Grades, and Other Data
- Recruitment and Retention Strategies and Other Data

Data Sources Reviewed

An empowered organization is one in which individuals have the knowledge, skill, desire, and opportunity to personally success in a way that leads to collective organizational success. –Stephen Covey

List the actual data sources reviewed below.

- PRIDE
- Staff Absence Documentation
- First year teachers' students showed progress and growth
- Learning Walk Data

See page 10 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Campus staff members attended PLC Institute and presented learning to staff
- Learning Walk data showed an increase in students being able to identify learning objectives
- Paired with UNT PDS student teacher program
- Most campus staff showed good attendance rate

Needs

- No campus staff attended SALSA or LASSO training this year / Need emphasis on continued professional development of staff
- Continued PLC learning for campus
- Isolated teacher attendance problems created concerns with student learning

Summary of Needs

- Increase in and emphasis on campus professional learning (Ex: PLC, SALSA, LASSO, Inclusion)

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence, Pacing Guides; and/or Other Focus Documents
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and processes
- Common benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. – Fenwick English

List the actual data sources reviewed below.

- Unpacking of TEKS
- Common assessment data
- District benchmark data
- Learning Walk Data

See page 11 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Better teacher understanding of TEKS and depth of needed instruction
- Teachers use of data to determine individual intervention with students
- Learning Walk data showed an increase in students being able to identify learning objectives

Needs

- Level of questioning observed during Learning Walks often at lower knowledge levels
- Stronger knowledge of how to use common assessment data
- Student engagement not consistent through Learning Walks

Summary of Needs

- Instructional practices to raise rigor of questioning and student engagement

Family and Community Involvement

Family and Community Involvement refers to how these stakeholders and informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievements for all students

Potential Data Sources:

- Family and Community Participation Counts by Type of Activity
- Parent Volunteer Information
- Parent Activity Evaluations and Feedback
- Parent and Community Partnership Data
- Mobility/Stability
- Demographic Data
- Community Service Agencies and Support Services

Data Sources Reviewed

The family is changing, not disappearing. WE have to broaden our understanding of it, look for the new metaphors. – Mary Catherine Bateson

List the actual data sources reviewed below.

- PTA/Campus Calendar
- Community In Schools Data
- Parent & Teacher feedback

See page 12 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Academic - Family Fun Science Night, Fiesta Math Night, Fine Arts Night
- Social - PTA Meetings, Performances, Carnival
- Strong PTA Board
- Food for Kids provides weekend meals for students
- Campus information sent home to families is done in English & Spanish
- CIS program provides free afterschool program for "at risk" students
- Families attend campus events

Needs

- Partnerships in community to provide incentives/recognition for student success
- Increase in parent PTA volunteer support
- Additional counseling for social services and family support
- Parent information nights (TAKS, grade level information, counseling & resources)

Summary of Needs

- Various student incentives (academic, attendance, character)
- Parent informational events (campus & individual classroom)

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Potential Data Sources:

- School Structure or Make-Up, e.g., Teaming, Looping, etc
- Decision Making Processes
- Master Schedule
- Leadership: Formal and Informal
- Supervision Structure
- Support Structures: Mentor Teachers
- Duty Rosters
- Schedule for Student Support Services, e.g., Counseling, Social Work, Library, etc.
- School Map and Physical Environment
- Program Support services, e.g., Extracurricular Activities, After School Programs, etc.
- Communication: Formal and Informal

Data Sources Reviewed

Create the kind of climate in your organization where personal growth is expected, recognized and rewarded. – Author Unknown

List the actual data sources reviewed below.

- Campus Schedule
- PLC Meeting Agendas
- PTA Board Feedback
- Teacher Feedback

See page 13 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Daily Prime Time Intervention
- Intervention programs - Dyslexia, STAR, ESL, Lit. Groups, Rd. Rec

Needs

- More flexibility needed within daily schedule for grade levels to meet student needs
- Better use of CLT/Team Leaders in campus decision making

Summary of Needs

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Potential Data Sources

- Technology Infrastructure, Networks, etc.
- Technology Hardware and Software
- Classroom Technology Needs by Area, Class, Department, etc.
- STaR Chart
- Professional Development/Teacher Preparation Needs in Technology
- Leadership and Administrative Support Structures for Technology Implementation
- Resource Allocations
- Technology Policies and Procedures
- Technology Plan
- Assessment of Technology Skills for Students, Staff and Other Stakeholders

Data Sources Reviewed

The traditional way we "do school" will change as students have more access to the worlds around them. If we are producing globally competitive students, we have to adopt to the world they will encounter. – Superintendent

List the actual data sources reviewed below.

- Library Technology Checkout
- Learning Walk Data
- Computer Lab Schedule
- Teacher Feedback

See page 14 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Technology equipment available (projectors & document cameras)
- Two computer labs, student computers in classrooms

Needs

- Higher use and better focused use of Classworks for at risk students
- Increase in student generated products using technology

Summary of Needs

- Additional training in development of Individual Learning Paths in Classworks

Comprehensive Needs Assessment Summary of Priority Needs
Evers Park Elementary

Demographics:
Determine best way to serve high need SpEd students (Inclusion & Special Program)
Strategies to work with Af. American & Low SES

School Culture and Climate:
Common vocabulary & understanding of behavioral expectations throughout building
Bullying concerns addressed
Improvement of physical building (cleanliness & maintenance)

Curriculum, Instruction and Assessment:
Instructional practices to raise rigor of questioning and student engagement

School Content and Organization:

Student Achievement:
Find options for math intervention for at risk students (similar to Rd. Recovery, STAR, Dyslexia)
Campus learning for developing high rigor common assessments

Teacher Quality:
Increase in and emphasis on campus professional learning (Ex: PLC, SALSA, LASSO, Inclusion)

Family and Community Involvement:

Parent informational events (campus & individual classroom)

Technology:
Additional training in development of Individual Learning Paths in Classworks

Board Summary
Campus Improvement Plans
2011-12

Evers Park Elementary School

Wildy Important Goals for 2011-12
WIG 1: Development of Professional Learning Community practices within campus that will promote higher levels of student success through student engagement, differentiated instruction, intervention, enrichment, collaborative practices, common assessment and professional communication. Through PLC work of common assessments, collaborative planning, increased student engagement and focused intervention student success will improve in the following areas: 100% of classroom teachers will collaboratively create, administer and analyze the data of at least three common assessments in both reading and math by May 2012. We will decrease the number of "At Risk" students on the Kathy Richardson assessment by 25% from the beginning of the year results to the end of the year results.
WIG 2: Develop CHAMPS management philosophy (Voice Levels, Common Vocabulary, Common Expectations) and a student success focused culture throughout campus to decrease student discipline referrals, increase student engagement and increase staff satisfaction of student management indicated in SAAP. Greater than 70% of staff will indicate satisfaction of student management by end of 2011-2012 school year as reflected in end of year survey.

Campus Improvement Plan
Evers Park Elementary School

WIG 1

Development of Professional Learning Community practices within campus that will promote higher levels of student success through student engagement, differentiated instruction, intervention, enrichment, collaborative practices, common assessment and professional communication.

Through PLC work of common assessments, collaborative planning, increased student engagement and focused intervention student success will improve in the following areas:
100% of classroom teachers will collaboratively create, administer and analyze the data of at least three common assessments in both reading and math by May 2012.
We will decrease the number of "At Risk" students on the Kathy Richardson assessment by 25% from the beginning of the year results to the end of the year results.

Campus Improvement Plan
Evers Park Elementary School

WIG 2

Develop CHAMPS management philosophy (Voice Levels, Common Vocabulary, Common Expectations) and a student success focused culture throughout campus to decrease student discipline referrals, increase student engagement and increase staff satisfaction of student management indicated in SAAP.

Greater than 70% of staff will indicate satisfaction of student management by end of 2011-2012 school year as reflected in end of year survey.

for
Ginnings Elementary School

Denton Independent School District

Mission Statement

Denton Independent School District's Mission Statement

…in pursuit of excellence…

The mission of the Denton Public Schools, in partnership with home and community, is to provide the best educational opportunities in a challenging yet supportive environment where individuals and cultural diversity are respected, so that our students become knowledgeable and responsible citizens, capable of life-long learning and demonstrate the necessary skills to contribute productively in a complex and ever-changing world.

Ginnings Elementary School's Mission Statement

The mission of Ginnings Elementary is to work together to provide a safe environment that empowers all to be successful life-long learners. OUR VISION We believe that the most promising strategy for achieving the mission of Ginnings Elementary is to develop our capacity to function as a Professional Learning Community. We envision a school in which staff: unite to achieve a common purpose and clear goals; work together in collaborative teams; seek and implement best practices for improving student achievement on a continuous basis; monitor each student's progress on a continuing basis; demonstrate a personal commitment to the academic success and general well-being of all students COMMITMENTS In order to achieve the vision of a school that functions as a Professional Learning Community, Ginnings staff have made the following collective commitments: Align and utilize state TEKS and DISD Curriculum Resources for Instruction; Use data analysis to target specific instructional areas of need; Engage in meaningful, job-embedded staff development to enhance professional skills; Provide parents with resources, strategies, and information to help children succeed; Utilize a variety of programs and instructional strategies to promote the academic, physical, social, and emotional success for all students; Develop and implement local common assessments using a variety of formats including, but not limited to state testing format, oral assessments, performance-based assessments, and running records; Share ownership of all students' academic and social learning.

Board Goals

Denton Independent School District's Board Goals

I. Vision … In pursuit of excellence, the district will:

- cultivate a network of professional learning communities addressing the educational needs of every child in our district
- develop and maintain a culture where learning remains our first priority
- remain committed to providing equitable and outstanding opportunities for every student on every campus
- establish goals for individual campuses that incorporate both measurable and intangible factors
- develop a budget focused on student and professional learning
- effectively communicate achievements and recognitions to the Denton ISD community
- prepare our students to be successful in a global society while instilling an appreciation for community service

II. Teaching & Learning… In pursuit of excellence, the district will:

- cultivate a consistent, strong, district-wide balanced curriculum based on ongoing needs assessments that supports all students
- establish high expectations with a curriculum that fosters inquiry and critical thinking
- develop academic skills and interpersonal relationships necessary for student success in college, the workplace and for life.
- expect full curriculum implementation on each campus by instructional leaders
- establish quality staff development programs that promote professional learning communities
- strive to deliver all academic programs through teachers possessing advanced degrees and demonstrable competence in their areas of professional responsibility
- stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- advocate and practice true accountability based on measurement of individual student progress over time, regardless of external mandates
- actively pursue, foster and support an advanced digital learning environment

III. Climate… In pursuit of excellence, the district will:

- celebrate, respect, and promote the value of diversity in our Denton ISD Community.
- encourage and nourish a safe learning and compassionate working environment which ensures open and transparent communication and is supportive, cooperative, and ethical.
- establish a high expectation level for success for all students, staff, parents, and community
- instill in students a love of life-long learning
- motivate and prepare students to embrace their full responsibilities and obligations as active citizens of their community, nation, and world

IV. Parent and Community Involvement…In pursuit of excellence, the district will:

- foster a positive and welcoming environment that encourages parent and community partnerships to achieve success for all our students
- work continuously with the community in planning and facility development
- utilize citizens' advisory committees to focus on short and long-term tasks
- provide support services and promote health, wellness and safety for students and families
- establish and promote programs to develop and enhance parenting skills and participation in the schools
- promote child advocacy across the state and nation

V. Human Resources…In pursuit of excellence, the district will:

- develop and expect a consistently high level of, and respect for, professional performance by all staff
- recruit, select, employ and retain teachers in every classroom because of substantive experience in the discipline they teach, rather than in auxiliary functions
- maintain a diverse workforce with respect to qualifications, expertise, and commitment to excellence
- encourage all teachers and staff to pursue advanced professional development and degrees within their specialty area
- promote health and wellness in our workforce

VI. Growth, Change & Fiscal Responsibility…In pursuit of excellence, the district will:

- review and adjust policies and procedures as appropriate to address the challenges of rapid growth and changing demographic characteristics while maintaining and enhancing our strong sense of community
- create and continuously modify strategies to mitigate increasing stresses on our children, our schools, and our community
- be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures
- work continuously with our community to adjust and enhance district goals as appropriate
- demonstrate effective and efficient management of district resources
- provide leadership and/or oversight to ensure District meets all fiscal, legal and regulatory requirements.

Ginnings Elementary School Campus Improvement Plan

2011-12 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Ginnings Elementary School conducted a comprehensive needs assessment for the 2011-12 school year. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Demographics:

Demographics refer to the characteristics or make-up of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs and services to meet their needs.

Potential Data Sources:

- Enrollment
- Attendence
- Ethnicity
- Gender
- Mobility/Stability
- Special Program Participation
- At-Risk by Category
- Teacher-Student Ratios
- Graduation, Completion, Droupout and GED rates
- Course/Class Assignments
- College/University/Dual Credit/Advanced Placement Enrollment

Data Sources Reviewed

Demographic data are very important for us to understand as they are part of our educational system over which we have no control, but from which we can observe trends and learn for purposes of prediction and planning. – Victoria Bernhardt

List the actual data sources reviewed below.

- AEIS reports (2006-2010)
- PEIMS (eSchool)
- Office referral history (2009-present)
- at risk tracking
- LEP report, lunch report
- entry/withdrawal report
- summary by sex and students served under 504
- students enrolled in EXPO
- overall enrollment
- student discipline report

See page 7 of the guide for probing questions related to demographics.

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Diverse student groups
- Families support education (reflected in attendance rates)
- Decrease in transiency
- Variety of sub. pops. In EXPO
- Using current data to drive instructional decisions
- Backpack club to support food needs of students

Needs

- Staff adjustment due to demographic changes of student population
- Having the staff background might help us to more appropriately meet student needs
- May need to better identify the best ways our diverse students learn
- Focus of health, food, and the ability of brain functioning of students
- Differentiated instruction both in presentation and culturally
- Stronger focus on higher ed. for diverse students?
- Higher order thinking skills focus
- Strengthening content foundation

Summary of Needs

- More closely identified staff dynamic to make student make up
- Learning inventories for our students with emphasis on diverse student needs
- Health, food and brain function training, focus, and support for students and families
- Differentiated instruction in all tiers of instruction
- College readiness instruction
- Higher order thinking skill instructional focus in all content by all teachers
- Strengthen tier I instruction

Student Achievement

Student Achievement data refers to the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level and course of study.

Potential Data Sources:

- State Assessment Data
- LEPAS and AMAO Results
- SAT/ACT/PSAT Results
- Advanced Course/Dual Enrollment Data
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State and AYP Data Tables
- Texas Success Initiative (TSI) Data
- Course/Class Grades
- Graduation, Completion, Droupout, and GED Rates; Diploma Types
- Promotion/Retention Rates
- Classroom and Program Assessments and Other Data
- Student Work

Data Sources Reviewed

We want to gather and analyze data that will help us understand the system that produces the results we are getting. We also want to move our district continuous improvement efforts from random acts of improvement to focused improvement that centers on our ultimate purpose: improving learning for all students. – Victoria Bernhardt

List the actual data sources reviewed below.

- At-risk sheets
- Kathy Richardson results
- TAKS results
- AEIS report

See page 8 of the guide for probing questions related to Student Achievement

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- co-teaching, small group instruction
- Common and district assessments
- modifications and accommodations
- Simulation testing
- Brain Gym, adaptive equipment
- PLCs, intervention groupings, small groups, sharing of best practices
- Small staff to student ratio, Paraprofessional support
- Interventionists
- Thinking Maps, WftB

Needs

- Small student to teacher ratio
- Utilize the individual student data to develop individual plans for mastery
- All staff training regarding special education
- Differentiated instruction to meet learning needs
- Need to strengthen our Tier I instruction
- Focus on cultural diversity and specific needs within sub. pops.

Summary of Needs

- Consistent implementation of best practices to strengthen conceptual development of math objectives
- Extend Thinking Maps from vocabulary and relationships level to the writing level of development in all content
- Continue building volume of student reading in both fiction and nonfiction text
- Continued implementation of Comprehension Toolkit, CAFÉ, Daily Five, National Geographic non-fiction readers, Journeys adoptions related to reading improvement
- Continued use of supplemental materials such as Partner Games, Calendar Math, targeted higher order thinking questions to support rigor for new assessment and college readiness
- Creation of appropriate assessments to provide data related to sub. pop. needs so we can strengthen tier I instruction

School Culture and Climate

School culture refers to the organization's values, beliefs, transitions, and customs which shape the personality and climate of the organization. It determines how parents, community, staff and students feel about the school and affects how people interact within the system

Potential Data Sources

- Surveys
- Questionnaires
- Focus Groups
- Interviews
- Feedback Data
- Classroom and School Walkthrough Data
- Parent Conferences, Meetings, etc.

Data Sources Reviewed

Culture is the underground stream of norms, values, beliefs, traditions, and rituals that build up over time as people work together, solve problems, and confront challenges. This set of informal expectations and values shapes how people think, feel, and act in schools. – Author unknown.

List the actual data sources reviewed below.

- Surveys
- Conference information
- Teacher feedback
- Family surveys
- Staff Members/Interviews/Team Input
- Parent Party Surveys
- Parent Involvement Data-volunteers/parents at all events
- Communication Logs submitted by teachers each 6 weeks
- Total PTA Membership

See page 9 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Parent surveys reflect achievement of campus mission (empowering students to be academically successful)
- Students describe our school's climate as safe and welcoming
- Due to classroom management and communication, discipline problems have decreased this year
- Voice messaging system
- CHAMPS training in June 2011
- Assessments and WIGS (alignment)
- Collaboration with community members (ex: The Bridge)
- Staff involvement in events

Needs

- Stronger participation with surveys
- Increased parent involvement in PTA
- Increased parent involvement in school activities
- Improved communication regarding school in general

Summary of Needs

- Surveys after all campus events
- Brainstorming of ideas to get improved information from families
- School wide discipline plan (CHAMPS will be started in 2011)
- Connecting all staff with all students (continued focus on PLC model that is growing at Ginnings)
- Implement additional student involvement opportunities for extra curriculars (ex: GOL program collaboration with secondary)
- Additional mentors and tutors for our students

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention refers to the school organization's level of high-quality, highly-effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns

Potential Data Sources

- Teacher Certification/Qualification Data
- Paraprofessional and Other Staff Qualifications
- Staff Effectiveness in Relation to Student Achievement
- PDAS and/or Other Staff Effectiveness Data
- Staff Mobility/Stability
- Special Programs Qualifications; e.g., Bilingual/ESL/, Special Education, etc.
- Professional Development Data
- Teacher-Student Ratios
- Graduation, Completion, Dropout, and GED rates
- Course/Class Completions, Grades, and Other Data
- Recruitment and Retention Strategies and Other Data

Data Sources Reviewed

An empowered organization is one in which individuals have the knowledge, skill, desire, and opportunity to personally success in a way that leads to collective organizational success. –Stephen Covey

List the actual data sources reviewed below.

- AWARE
- Eduphoria
- Workshops
- Staff members

See page 10 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- PLCs
- Working collaboratively
- Grade level and campus goals
- Collaborative sharing of goals
- Bilingual staff members
- Staff seeing to learn languages to support students (Rosetta Stone DPSF Grant)
- Staff development (ex: PLC conference)
- Ongoing morale building activities and events

Needs

- Help in improving skills
- Work smarter not harder
- Openness to different ideas for teaching strategies
- Streamlining of instructional programs

Summary of Needs

- Continue to move forward with PLCs and grade level/campus goals.
- Make sure we help those that are new to our campus or who don't understand.
- Always listen to new ideas and be willing to do away with things that are not working.
- Ensuring staff development is integrated and utilized

Curriculum, Instruction and Assessment

The curriculum/curricula collectively describes the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the TEKS and other standards, incorporating instruction and assessment processes.

Potential Data Sources

- Standards-Based Curriculum Resources and Materials
- Scope and Sequence, Pacing Guides; and/or Other Focus Documents
- Foundation Course/Class Materials
- Enrichment Course/Class Materials
- Technology
- Instructional Design/Delivery; High-Yield Strategies
- Lesson Study/Delivery Processes
- Collaborative Horizontal and Vertical Team Alignment Processes
- Student-Specific/Differentiated Strategies and processes
- Common benchmark Assessments and/or Other Assessments
- Class, School, and Special Program Schedules

Data Sources Reviewed

There are three kinds of curricula; they must be considered together and improved together: written curriculum, taught curriculum, and tested curriculum. – Fenwick English

List the actual data sources reviewed below.

- District Benchmarks
- Common & District Assessments
- TAKS data
- Kathy Richardson
- ELI/SELI
- WftB
- SRI
- AWARE Data
- Observation Surveys
- Rigby, Running Records, DRA

See page 11 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Assessments aligned to the TEKS
- District and common assessments linked to the district scope and sequence/TEKS
- Broad spectrum of assessments provides sampling of student performance on state objectives

Needs

- Cohesive team of interventions
- Inplementation of cooperative learning structures
- Revisit/implement coaching structure
- Team building activities
- Training on Active Participation strategies
- Student journaling, HOTS/questioning
- Differentiation
- Stronger correlation between reading and writing results
- Training on creating common assessments and reverse planning
- Provide targeted assessments where mastery was not demonstrated

Summary of Needs

- Training on active participation strategies
- Coaching model
- Cohesive team of interventionists
- Cooperative learning structures
- Team building activities
- Training on creating common assessments
- Training on reverse planning or "front loading" instruction
- Focus on writing instruction in all content areas to assist in strengthening reading
- Targeting assessments where mastery was not demonstrated
- Assessments that include open-ended questions and students' reflections of their own work

Family and Community Involvement

Family and Community Involvement refers to how these stakeholders and informed, invested and involved as partners in supporting the school community to maintain high expectations and high achievements for all students

Potential Data Sources:

- Family and Community Participation Counts by Type of Activity
- Parent Volunteer Information
- Parent Activity Evaluations and Feedback
- Parent and Community Partnership Data
- Mobility/Stability
- Demographic Data
- Community Service Agencies and Support Services

Data Sources Reviewed

The family is changing, not disappearing. WE have to broaden our understanding of it, look for the new metaphors. – Mary Catherine Bateson

List the actual data sources reviewed below.

- Parent Parties data
- Fiesta Math Night data
- Family Fun Science Night data
- Parent/Teacher conference data
- Literacy Night data
- Parent Orientation information
- PTA & CLT membership
- Student and Staff Perception Surveys
- Friends of the Family/The Bridge/School Adopters
- Calendar of Events

See page 12 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Variety of involvement opportunities for families and community members
- Range of time frames for events
- Staff involvement in school events
- Parent and student surveys
- Active PTA
- Interesting and helpful topics addressed at school events
- Advertisement of events
- Staff planning for events
- Student give aways/collaboration with community members for donations
- Community presentations for students and parents/Community Involvement/Rockin' Readers

Needs

- Limited student and parent attendance
- Transportation to and from events
- Meals/refreshments at events
- Student/parent incentives for attendance
- Increased parent participation on PTA
- Parent CLT member not present at meetings
- Increased advertisement of events

Summary of Needs

- We need to look at how we can increase student and parent participation for all events
- Working with the Transportation Department to see how we could facilitate easier transportation to and from campus events
- Continue to use all advertising methods available for upcoming events
- Incentives for attendance such as home educational resources and refreshments
- Volunteer sheet spreadsheet from PTA for teachers
- Guidance lessons collaborated with parent volunteer support for Spanish translations
- Extend volunteer reading support to include volunteer math support

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

Potential Data Sources:

- School Structure or Make-Up, e.g., Teaming, Looping, etc
- Decision Making Processes
- Master Schedule
- Leadership: Formal and Informal
- Supervision Structure
- Support Structures: Mentor Teachers
- Duty Rosters
- Schedule for Student Support Services, e.g., Counseling, Social Work, Library, etc.
- School Map and Physical Environment
- Program Support services, e.g., Extracurricular Activities, After School Programs, etc.
- Communication: Formal and Informal

Data Sources Reviewed

Create the kind of climate in your organization where personal growth is expected, recognized and rewarded. – Author Unknown

List the actual data sources reviewed below.

- Parent surveys
- Parent communication this year
- Reading Recovery and Bilingual Aide schedule
- Team make up/leadership roles/informal communication
- Campus committees

See page 13 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Intervention time
- One-on-one tutorials as needed for some students
- Communication through team leads and CLT
- Specific committees to address specific needs
- Parents responses are positive
- Parents welcome contributing input related to the school and their child's education, and this is sought

Needs

- More accurate information on perceptions from staff, students, and parents
- Higher percentage of response on student, staff, parent, and community surveys
- More consistent support in the bilingual classrooms
- More support for reading in 1st grade
- More math support in the lower grades
- Stronger communication within vertical teams
- Improved behavior management in the cafeteria
- Project a positive perception about staff to our entire school community

Summary of Needs

- Closer communication between committees to ensure all decision making bodies are part of solutions to identified problems
- Improved perception data
- Ensure that students' instructional needs are being met in all content areas
- Improved interventionist support in lower grade levels
- Reciprical teaching
- District literacy support
- Learning Walks

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning, and connect to real-world experiences, including post-secondary opportunities.

Potential Data Sources

- Technology Infrastructure, Networks, etc.
- Technology Hardware and Software
- Classroom Technology Needs by Area, Class, Department, etc.
- STaR Chart
- Professional Development/Teacher Preparation Needs in Technology
- Leadership and Administrative Support Structures for Technology Implementation
- Resource Allocations
- Technology Policies and Procedures
- Technology Plan
- Assessment of Technology Skills for Students, Staff and Other Stakeholders

Data Sources Reviewed

The traditional way we "do school" will change as students have more access to the worlds around them. If we are producing globally competitive students, we have to adopt to the world they will encounter. – Superintendent

List the actual data sources reviewed below.

- Staff development history
- Teacher feedback
- STAR Chart
- Infrastructure report

See page 14 of the guide for probing questions related to School Culture and Climate

Findings/Analysis

"The real voyage of discovery consists not in seeking new landscapes, but in seeing with new eyes."

Look for patterns in the data that reveals trends or insights about the district/school. A brief statement for each of the dimensions helps introduce or frame the discussion of trends which emerge in the data, particularly across data sources. Identify below statements about the strengths, as well as the priority need areas of the district/school.

Strengths

- Staff development from the district Technology Department
- Career & Skype Collaboration (Microsoft)
- Technology such as: Mobis, Promethean Boards, computer lab usage
- Increased grant writing
- In class computer access for students
- Distance learning within the campus and world wide

Needs

- Increased use of technology tools
- Follow up regarding technology needs and implementation
- Learning walks via Skype

Summary of Needs

- Family technology access
- Technology integration from a specialist such as our campus Librarian
- Ensure there is a time frame available for technology lessons in the computer lab
- School wires webpage training
- Consistency of technology use and integration across the campus

Comprehensive Needs Assessment Summary of Priority Needs

Demographics:

More closely identified staff dynamic to make student make up
Learning inventories for our students with emphasis on diverse student needs
Health, food and brain function training, focus, and support for students and families
Differentiated instruction in all tiers of instruction
College readiness instruction
Higher order thinking skill instructional focus in all content by all teachers
Strengthen tier I instruction

Student Achievement:

Consistent implementation of best practices to strengthen conceptual development of math objectives
Extend Thinking Maps from vocabulary and relationships level to the writing level of development in all content
Continue building volume of student reading in both fiction and nonfiction text
Continued implementation of Comprehension Toolkit, CAFÉ, Daily Five, National Geographic non-fiction readers, Journeys adoptions related to reading improvement
Continued use of supplemental materials such as Partner Games, Calendar Math, targeted higher order thinking questions to support rigor for new assessment and college readiness
Creation of appropriate assessments to provide data related to sub. pop. needs so we can strengthen tier I instruction

School Culture and Climate:

Surveys after all campus events
Brainstorming of ideas to get improved information from families
School wide discipline plan (CHAMPS will be started in 2011)
Connecting all staff with all students (continued focus on PLC model that is growing at Ginnings)
Implement additional student involvement opportunities for extra curriculars (ex: GOL program collaboration with secondary)
Additional mentors and tutors for our students

Teacher Quality:

Continue to move forward with PLCs and grade level/campus goals.
Make sure we help those that are new to our campus or who don't understand.
Always listen to new ideas and be willing to do away with things that are not working.
Ensuring staff development is integrated and utilized

Curriculum, Instruction and Assessment:

Training on active participation strategies
Coaching model
Cohesive team of interventionists
Cooperative learning structures
Team building activities
Training on creating common assessments
Training on reverse planning or "front loading" instruction
Focus on writing instruction in all content areas to assist in strengthening reading
Targeting assessments where mastery was not demonstrated
Assessments that include open-ended questions and students' reflections of their own work

Family and Community Involvement:

We need to look at how we can increase student and parent participation for all events
Working with the Transportation Department to see how we could facilitate easier transportation to and from campus events
Continue to use all advertising methods available for upcoming events
Incentives for attendance such as home educational resources and refreshments
Volunteer sheet spreadsheet from PTA for teachers
Guidance lessons collaborated with parent volunteer support for Spanish translations
Extend volunteer reading support to include volunteer math support

School Content and Organization:
Closer communication between committees to ensure all decision making bodies are part of solutions to identified problems
Improved perception data
Ensure that students' instructional needs are being met in all content areas
