

# McNair Elementary Parent & Family Engagement Policy 2023-2024

1212 Hickory Creek Road  
Denton, TX 76210  
(940) 369-3600

## Purpose of the Policy

Because school age children spend 70% of their waking hours (including weekends and holidays) outside of school, parental involvement and engagement is essential to the success of children in school. While volunteering at school is beneficial, and attending parent-teacher conferences, school events, and parent involvement activities are important, “the most significant type of involvement is what parents do at home. By monitoring, supporting and advocating, parents can be engaged in ways that ensure that their children have every opportunity for success.” Involvement encompasses: setting goals with children and fostering achievement of those goals, accessing and using children’s academic scores to ensure they’re on track, frequently viewing the parent portal, developing a relationship with children’s teachers and keeping in touch with them often, and advocating for improvements in the school building and with local, state, and federal officials to ensure schools have the resources they need to provide a world class education to every student.”

## Mission Statement:

Denton ISD: Empowering lifelong learners to be engaged citizens who positively impact their local and global community.

## Parental Involvement Research

Extensive research demonstrates “a positive and convincing relationship between family involvement and benefits for students, including improved academic achievement. This relationship holds across families of all economic, racial/ethnic, and educational backgrounds and for students at all ages. The benefits for students include:

- higher grade point averages and scores on standardized tests or rating scales,
- enrollment in more challenging academic programs,
- more classes passed and credits earned,
- better attendance,
- improved behavior at home and at school, and
- better social skills and adaptation to school.”
