**COURSE DESCRIPTION:** The course consists of three components: Aerospace Science (40%), Leadership Education (40%), and Wellness/Physical Fitness (20%). The **Aerospace Science 220** portion is a customized course about the world’s cultures. The course is specifically created for the US Army, Marine Corps, Navy, and Air Force Junior ROTC programs. It introduces students to the world’s cultures through the study of world affairs, regional studies, and cultural awareness. The course delves into history, geography, religions, languages, culture, political systems, economics, social issues, environmental concerns, and human rights. It looks at major events and significant figures that have shaped each region. Throughout the course, there are readings, video segments, hands-on activities, other optional activities, technology enrichment, and assessments to guide in the reinforcement of the materials. **Leadership Education 300** provides an essential component of leadership education for today’s high school students. This course it is designed to prepare students for life after high school in the

high-tech, globally oriented, and diverse workplace of the 21st century. **Drill and Ceremonies: Drill Curriculum (Cumulative)** is used to teach the Drill Curriculum (Cumulative) course by providing an in-depth introduction to drill and ceremonies. The course concentrates on the elements of military drill, and describes individual and group precision movements, procedures for saluting, drill, ceremonies, reviews, parades, and development of the command voice. Cadets are provided detailed instruction on ceremonial performances and protocol for civilian and military events and have the opportunity to personally learn drill. The **Wellness/Physical Fitness** portion incorporates the Cadet Health and Wellness Program (CHWP). The CHWP is an exercise program focused upon individual baseline improvements with the goal of achieving a Presidential Physical Fitness standard calculated with age and gender. The goal of the CHWP is to motivate JROTC cadets to lead active, healthy lifestyles beyond program requirements and into their adult lives. Cadets will be given the opportunity to put into practice the wellness concepts that are taught in Leadership Education 1. Students **WILL** wear the Air Force JROTC uniform weekly (Wednesday/Thursday) and the **issued** PT uniform on Fridays.

ALL cadets are required to wear the appropriate uniform each **Wednesday or Thursday, from the start of the school day until released. Failure to wear the uniform as required will result in removal from AFJROTC.** Below are three different scenarios regarding uniform wear grading:

- A. Cadet has an excused absence on uniform day: The cadet may wear the uniform the first day upon return to school for full credit. Two days later, maximum 80%. Three days or more = a zero.
- B. Cadet has an unexcused absence on uniform day: The cadet may wear the uniform the next school day for a maximum grade of 80%. If not completed then, the grade will be a zero.
