Conference periods A4 and B3

Grading Policy and Class Information

Quizzes and other minor grades: 40%

Tests, projects, and other major grades: 60%

Being in class on time, ready to learn, will contribute to your success, and I appreciate your cooperation and your respect. (The school policy regarding tardiness will be followed.)

The purpose of daily activities is to help you learn. If you are absent for any reason, you are responsible for collecting and completing all make-up activities. According to school policy, you will have the number of days missed, plus one, to complete missing assignments. A missing grade may be replaced with a zero after five school days from the original due date.

If you wish to retake a quiz to show that you have learned more, you must first complete *all* the previous activities in that unit; and you must correct your original quiz. Quiz corrections should be done outside of class time. After receiving your original quiz grade, you will have five school days in which to retake the quiz.

If you wish to retake a test to show that you have learned more, you must have first completed *all* the previous activities in that unit, and you must have corrected all quizzes from that unit. Test corrections should be done outside of class time. After receiving your original test grade, you will have five school days in which to retake the test.

There will be very few instances when you will need any electronic device other than a calculator. Please refrain from using your cell phone.

Supplies for AQR:

- Notebook (I strongly recommend a loose-leaf binder with filler paper)
- Pencil and eraser (I strongly recommend a mechanical pencil and separate eraser)

Please be neat in everything you do. That, too, will contribute to your success!

Be respectful, responsible, reliable, and honest.
