## Customize Startup Tabs in Google Chrome

You may have noticed a recent change when you open Google Chrome. Instead of the SSO login and Denton ISD website opening, you will see a blank New Tab window.

This is great news, because now you can set all the websites you use each day to open automatically when you open a new Chrome window - TAC, Canvas, Seesaw, etc. Whatever you need!

\*Note: This change is for Staff only. Students' Chrome will still open to the SSO login page

Follow these steps to get yours set up quickly:

4.

1. Open all the websites you want in your lineup

- 2. Click the three dots in the top right corner; then click <u>Settings</u>
- 3. In the "On startup" section, select the <u>Open a specific page or set of pages</u> option

On startup			
۲	Open the New Tab page		
0	Continue where you left off		
0	Open a specific page or set of pages		
		Add a new page	
Click <u>Use current pages</u>		Use current pages	

You can click three dots next to any page to edit or remove a site from the

5. Your personalized startup pages are now saved and ready to use!
