

Nette Shultz Car Drop-Off (7:10 - 7:40 am)

- **Drive slowly, alertly, safely, and courteously always.** Show respect to crossing guards and follow their guidance. Do not obstruct crosswalks with your vehicle. No cell phone use while driving.
- Parents dropping students off by car may choose to use either the north driveway off Hanover Dr. or the south driveway off Emerson Ln. Students in all grade levels can be dropped off at either location. All students will enter through the front school entrance.
- Pull up to farthest drop-off spot and come to a full stop. Have children ready to exit your vehicle quickly with their belongings. A safety patrol student or staff member will open your door and help your child out of your vehicle. Do not allow your child to exit your vehicle except at one of these designated spots.
- Students may never be dropped off in the parking lots or in the middle of a driveway or street. Do not drop off in the striped no-parking zones near crosswalks and intersections.
- Do not park in an accessible parking space (handicap parking) without the legally required placard or license plate. Many of our families depend on these spaces being available.
- Car drop-off ends promptly at 7:40 am when the tardy bell rings. After 7:40, parents must park and walk their children to the office to be signed in as tardy.
- All students walk to their classrooms at 7:25. Students eating breakfast in the cafeteria should arrive to school at 7:10 so they can be in class on time.
