Parent conferences: We will continue to brainstorm ways to still have our parent conferences.

School start and end time

This is now official, the new Elementary school day will be from 7:40-3:00. This is 20 minutes of additional school time. Here are a few ideas to update the schedule for next year. Since we are increasing the student school day. The following ideas were discussed.

Open the doors at 7:15. Teacher's at the door at 7:25. Tardy bell at 7:40.

- Increase special areas by 5 minutes. This will move specials from 45 minutes to 50 minutes. Several campuses already have 50 minutes of special area time. However, this would interfere with club time. The last special area would end at 2:30.
- An additional recess. The students would have two recesses. One that is mandatory..meaning all students get to participate unless the student is in the office for an office referral...then the other recess would be called study hall. Students not needing to attend study hall may have an alternate activity that could be outside playing.
- Two teams wanted more instructional time.
- K-2 add the recess.
- If we needed to add movement time, added it to special areas.
- 4th, grade liked the additional recess or study hall.
- One size fits all would not work. Grade levels could use some flexibility.

Feedback: Please leave any thoughts and feedback below for ways to use the additional 20 minutes.

- That it somehow be added to intervention time especially in 4th and 5th for students who are *Bothers*. Currently those students receive 50 minutes of intervention weekly each for reading and math.
- We like extra Special Area time!
- What about adding a Spanish Special Area, or computer lab, or STEAM lab in the rotation? Thinking creatively...
- Need additional intervention time. Can we use the additional time for 20 minutes for a required recess then the additional time for study hall.

Teacher report time

As soon as I hear from HR on how this will be impacted, I will update the group. I was wanting to mention it here...but as of Monday the 23rd, I have not heard anything.

Feedback: Please leave any feedback or questions you have below about the Campus Parent and Family Engagement Policy.

- The new one is generic.
- The CLT members agreed on updating the old one to have the same components as the new one. We will use the campus specific policy.

The CLT Meeting concluded at 4:05 pm.
