- Consent to serve forms (for new members)-New members complete the consent to serve forms. All members introduced themselves.
- Staff Celebrations
 - We discussed the results of the staff survey. One of the lower areas was staff wanting to be recognized/celebrated more. We decided that at the staff meetings we will make time to celebrate the teams. We will make a "Shout-Out Board." And...we will also celebrate each others birthdays at the staff meetings and also at the student award assemblies. We will also give the teachers a Birthday-Jeans pass to be worn on their b-day. Summer birthdays get to pick a day in the year to use it. Make sure all teachers have completed this document to log their birthday month.
