

WELCOME TO HIGH SCHOOL

Class of 2024

THE DIFFERENCES BETWEEN MIDDLE SCHOOL AND HIGH SCHOOL

Middle

- Grades do not count as credits
- You go to the same classes every day

High

- Grades become credits that are required for graduation
- You will follow a modified block schedule

HOW DO I EARN A CREDIT???

A student earns a credit when he or she successfully completes a course by earning a minimum grade of a 70 and being in attendance 90% of the time.

Students earn a half credit for each successfully completed semester class.

Students must earn a particular number of credits to be promoted from one grade to the next and to graduate.

I understand that this endorsement will determine the types of courses my child will take during their high school education. They have my approval to pursue the endorsement listed above.
