So, if you need a short summary of basic, let's get the year started email here you go. I'm going to have to recreate the football schedules with the correct locations.

Welcome to Navo Boys Athletics!

We're glad you'll be here. We look forward to working with you and your son to help him grow and mature into someone who knows the value of character, sacrifice and hard work.

In middle school in Denton ISD we offer football, basketball, Cross-Country and Track. In order to be in athletics you need to participate in at least one UIL sport during the year. In order to ensure this happens we have this simple rule- if you are not playing football you will run on the CC team which follows football and is before basketball. The reason is simple- the remaining sports (basketball & track) are cut sports so if they don't make those teams at least they will have participated in a sport during the year. If you have any questions please let me know.

As we get closer to school and everyone is registered, I'll be able to email everyone through the school system email with dates, schedules, and more information.

A couple of things:

- A. Football in middle school in Texas cannot practice before the first day of school. So it is imperative that if your son will be in 7th grade that I have their physical, medical history forms and Rank One completed.
 - B. If they are going to be in 8th grade and have last years physical you don't need to get one unless you were not in athletics last year. You still need to have your yearly Rank One online forms filled out. If you are coming from another school I will need your physical form. Also, for them to start the first day all of their online forms need to be completed in Rank One (<https://dentonisd.rankonesport.com/New/NewInstructionsPage.aspx>) as well.
 - C. If the physical and online forms are not completed your son will be removed from athletics. These are state mandates and I have no choice in this.
2. Cross-country will only practice during the period so they will not have to come in before school for practice.
 3. Basketball tryouts will not occur until after football season has concluded.
"I want to try out for basketball but I don't want to run CC." Then you would not be in athletics. You would still be allowed to try out for basketball and if you make the team then we would change your schedule at the semester into athletics.
 4. We will have another online ordering portal for our athletic gear August 1st to 12th. The link and information will be on our website soon.

The best way to reach me: ktelschow@dentonisd.org

We are looking forward to a great year! See you soon!

Coach Telschow
