

**Logging in to iStation from home:**

1) The iStation program must be downloaded to the device the student is using. To download the program, please visit <https://www.istation.com/support> and choose the download that corresponds with the device.

2) Students need to click on the SSO application to sign in. **No manual sign in is required.** By clicking on the app, it associates the students account with their school and automatically signs them into the program.

3) Once the student clicks the app on their SSO page, a page will appear with the message "Launching iStation" and the program will open on the device.

Detailed log in instructions and walk-through videos for different kinds of devices can be found [here](#).

## iStation Login Instructions

### ○ Chromebooks

1. Log in to [SSO portal](#)
2. Click iStation app
3. Chromebook app will open
4. Logs student in automatically
5. [Video of steps](#)

**\*Please do not use Chromebook iStation app to log in. Student passwords are no longer chosen by the district and students will not be able to log in using the previous format based on their ID numbers. Their password is randomly assigned when their account is created through the autoroster process. We are unable to disable or change this feature.**

### ○ Desktops

1. Log in to [SSO portal](#)
2. Click iStation app
3. iStation webpage will appear and box titled "Open The Imagination Station" will drop down from the top of the page:

Launch Failed! See below for more information:

### Launching Applications from Chrome

When launching iStation from the Google Chrome browser, you may see a prompt like the sample image on the right asking for your permission to launch the iStation Application.

1. Check "Remember my choice" if you do not want to see this message again.
2. Select "Launch Application" in order to proceed.

[...Read More Details](#)

### Have you Downloaded iStation?

Make sure you have installed [the most recent version](#) of the iStation Application in order to use single sign on.

[Download iStation](#)

4. Click "Open The Imagination Station"
5. iStation app will open and log in student automatically
6. [Video of steps](#)

- **iPads**
  1. Log in to Classlink app
  2. Click iStation app on portal
  3. App on iPad will open
  4. Student logged in automatically

**\*If the iPad does not have the Classlink app installed, please submit a HEAT ticket. The iPad is not enrolled to be managed by the district. If the school or teacher does not want to enroll their iPads, they can download the Classlink and iStation apps and would use the same steps to log in.**
