

Primary Care Physician (PCP) Codes are becoming more prominent for TRS this year. Last year was the first year that TRS decided to incorporate PCP selection with their ActiveCare 1HD Plan offering in the Houston area. This year, they are incorporating this requirement within the following four plan options:

- ActiveCare Primary
- ActiveCare Primary+

The ActiveCare HD and ActiveCare 2 plans do not require a PCP selection.

Since more elections will require a PCP selection this year, we have provided a PCP Informational video and document to help guide your employees through this process in their enrollment walkthrough.

Video Tutorial

How To Select a TRS Medical Plan and Enter Primary Care Physician (PCP) Codes in THEbenefitsHUB

This video can also be found on the TRS Medical page in the Enrollment Walkthrough.
