

Second Grade

Counting and Number Sense Strategies

Lesson Name: Counting Money in Kidspiration

TEKS: 2.3D, Obj. 2

Technology TEKS: 1A, 1B, 1C, 2A, 3A, 7A; 7B, 10D

Objective: Students will use Kidspiration to show various amounts of money, as per teacher's verbal or written directions.

Activity Directions:

- Open Kidspiration.
- Navigate to the symbol palette with coins on it. (Use blue arrows to go forward one at a time, or click the green down arrow to go to the math section.)
- Teacher directs the students to drag coins out to show various amounts. Begin either with the number (28¢) or with type and number of coins. (2 quarters and 1 nickel.)
- Teacher checks visually.
